6. Executive Director Update

Executive Director Emmons advised the committee that CLEET now has the funding to get the parking lot redone. Mr. Emmons also advised the committee on the budget that he does not have much on it right now but will know more after May when CLEET gets their budget for the year. He has heard that the governor may take 5% budget cut and if that happens CLEET will not have much money, CLEET only received \$65,000 last year so taking 5% would be a big cut.

Mr. Emmons also advised the committee of a new online training that he was providing to law enforcement but he thinks that private security could possibly take as well. It is a one hour class that he will provide at 2pm and at 7pm on certain days and the individual can go on the website to see when the classes will be taking place. He may also hold a two hour class at some point but for now just one hour classes. It is all done on the computer by power points; the only thing required is the ability to hear and if the individual has a microphone that would allow them to answer questions but the microphone is not required. On the CLEET website under trainings it will say live online class and you click to enroll, there are two steps to enroll; first through the CLEET website and then through the training.com website. It is not designed for a group but for one on one or peer to peer training, like a webinar but even more personal because it can be interactive.

Mr. Emmons also stated that they have two training set up again that the private security sector can take again, one is set in Broken Arrow and the other will possibly be at the Moore-Norman Tech again or possible in OKC area.

Mr. Emmons gave an overview for the bail enforcement process taking place. The rules were approved by the council and have gone to the governor's office who is meeting today to approve the proposed rules. After today that will finalize what action CLEET has to take with the bail enforcement by July 1. Mr. Emmons made mention that Mr. James Wilson has been writing the application for the bail enforcement. Mr. Maltos asked about the training requirement and Mr. Wilson explained that the training is 1-4 for armed and 1-2 and then the 40 hour additional training specific for bail enforcement. Mr. Wilson said the statute makes reference to agencies but under what licenses CLEET can issue and agency is not one of the licenses. Mr. Maltos is concerned with the no agency requirement and only the individual's licenses and having the \$5,000 or \$10,000 bond requirement, because if the individual kicks

in the wrong door that bond will not cover and it will be left to the persons who door was kicked in.

Action Taken: No action was taken.

Section 5901, the Armored Car Industry Reciprocity Act of 1993.”

Mr. Louis Maltos asked if this applies to prisoner guards as well, if licensed in another state say TX; he asked can they transport a prisoner from TX to OK.
