DECLARATION OF COST SHARE EXTENSION

Under the provisions of the Conservation District Act (Title 27A of the Oklahoma Statutes, Section 3-1-101 et. seq.), **Karl Jett**, as Chairman of the Oklahoma Conservation Commission (Commission) and **Trey Lam**, as Executive Director for the Commission, declare and authorize an extension of time for the Commission's Program Year (PY) 2015 Cost-Share Program to be fully ratified by the Commission in their July 2015 Commission meeting. This declaration extends the PY2015 deadline from June 30, 2015 to August 31, 2015. This declaration shall be announced and provided to all the conservation districts immediately upon signature of the above authorities.

Reasons for the Extension.

The significant amount of spring rains and flooding received statewide has detrimentally prevented cost-share participants that have been acting in good faith from being able to complete their cost-share practices by the June 30th deadline. As a consequence, many of these participants will be adversely impacted if the deadline is not extended. It is the directive of the Conservation District Act and specifically the Conservation Cost-Share Program for the Commission to provide monies to eligible persons for the purpose of implementing conservation and/or best management practices. By extending this deadline for an addition sixty (60) days because of the circumstances, the Commission shall be providing the best and most reasonable service to the participants, the program, and the state.

Effective Date.

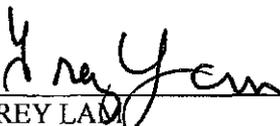

This Declaration shall become effective on the 3rd day of June 2015, which is the date of the last signatory to this declaration.

Blue Thumb Pictorial Report

June 2015

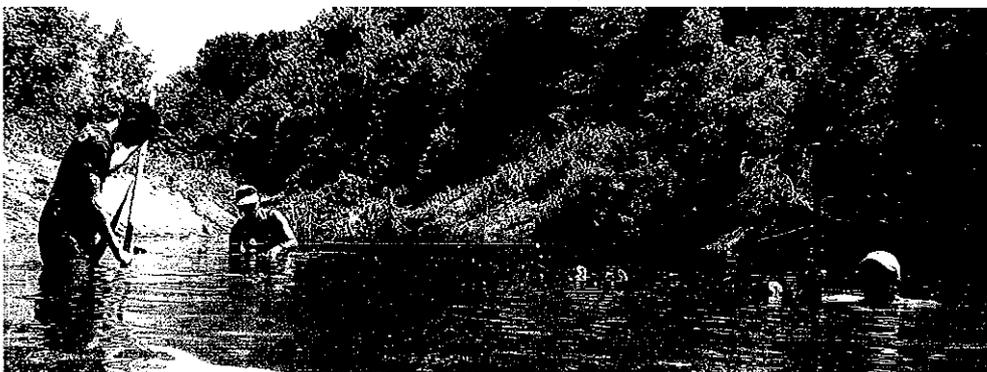

The first of five legislative field days kicked off in Tulsa (June 12) with a good showing at Crow Creek. The Oklahoma Conservation Commission and local conservation districts are working to help Oklahoma's elected

officials understand our role in making Oklahoma a healthy and productive state. Crow Creek was also featured at a dynamic "TulsaNOW!" Forum where nearly 100 people learned about new watershed education efforts on the stream.

New volunteers who trained June 15 & 16 at the Tishomingo Blue Thumb training event for new volunteers. Not only does this get us "up and running" in a location of the state where it was time to hold another training, this event supports the new and exciting "Pennington Creek watershed education" effort that is new this year. Both Pennington Creek (Johnston County) and Crow Creek (Tulsa County) are receiving mega-doses of citizen education on protecting streams and rivers.

Right—Candice bacteria sampling.

Blue Thumb's first fish collection of 2016 took place in Oklahoma County at Chisholm Creek. High waters in several areas of the state (and the nation in fact) are making fish collections tricky to plan and execute.

The whole Blue Thumb staff (plus trusty volunteer Jim Leach, with death grip on gar) attended the North American Native Fish Association's annual conference in Tahlequah. High water across the state added to the challenge in finding fish.

Blue Thumb volunteer Ariel McAffrey, Crutch Creek in Oklahoma County, is also serving as our Blue Thumb intern this summer. Welcome aboard, Ariel!

Participants at SWOSU's summer TEACH-TRK-STEM camp got an introduction to fish ecology and species diversity in Little Deep Creek, Gustaf County.

Okmulgee County high school students enjoy a summer camp outing to the Deep Fork NWR where they studied the creatures in the wetlands.

Summer camp workshop for elementary school teachers in Idabel, where they learned what lives in their stream!
