

Psychology of Child Abuse/Sexual Predators

Training workshop presented

by Dr. Grissom

Please join us for a **FREE 1 DAY TRAINING WORKSHOP** provided on the behalf of the Oklahoma Commission on Children and Youth (OCCY) and in partnership with Dr. Stephen E. Grissom Ph.D. This phenomenal training opportunity will be hosted by Moore-Norman Technology Center, located at 13301 S. Pennsylvania, Oklahoma City, OK 73170.

APRIL 1,

8TH, 29TH, & MAY 8, 2016

9:00 – 4:00

Workshop description:

This workshop presents organizing principles and casual pathways found in child abuse situations. The roles of control and violence, fantasy, and emotional manipulation are detailed in order to understand the abuser “work product”- the victim’s psychological damage and behavioral patterns, including differing attempts to cope such as psychological defenses, substances abuse, and victimizing. Implications for interviewing and analyzing victim’s behavior are discussed.

Brief Bio:

Stephen E. Grissom is a licensed psychologist and is currently a full time faculty member at Northeastern State University-Broken Arrow campus.

Continuing Education Units (CEU’s) including LPC, LMFT, OKDHS and CLEET certification are available for those who qualify.
