ELIGIBILITY REQUIREMENTS
- Crime must be reported to law enforcement officials within 72 hours of the incident (may be waived for good cause).
- File this claim within one year of incident or death of victim (deadline may be waived in certain cases and for good cause).
- Victim was not the offender or accomplice and compensation would not benefit the offender or accomplice.
- There is economic loss after collateral resources have been deducted.
- Victim and claimant cooperated fully with the appropriate law enforcement agencies.
- The victim did not contribute in any way to the injury or death upon which the claim is based.

SECTION A Victim Information (Person who was injured, killed, or was in the direct threat of violence)

1) A Victim (defined as the person deceased, injured, or an eyewitness in the direct threat of violence, who suffered physical or psychological injuries or death as a result of the crime).

2) A dependent of a victim who died as a result of the crime

3) A person authorized to act on behalf of the victim or dependent

Section B Complete only if the victim is: deceased, a child, or an incapacitated adult
Authorized claimants can be: 1) the parent of a minor child; 2) a dependent of a victim who has died because of a crime; 3) a person authorized to act on behalf of the victim or a dependent; or 4) a person legally responsible for payment of expenses which have arisen because of a criminal act (example: person responsible for payment of funeral expenses).

SECTION C Contact person should be different than the victim and claimant information
This information should be provided in the event we are unable to contact the claimant by mail or telephone. The contact person should be someone you trust to give you a message, someone who knows your whereabouts, and someone who knows you were a victim of a crime. If a tribal victims' assistance program is helping with the claim, the program contact person may be listed in this section.

SECTION D - F Check all that apply and complete all blanks. If you are unable to answer a question, put N/A.

SECTION G Employment Information: Employed people who miss work after being a victim of a violent crime may qualify for reimbursement of lost wages for the period of time he/she was recovering from the injuries (physical or psychological), provided the crime prevented the person from working and the disability can be verified by a physician or mental health professional and by the victim's employer. There can be no compensation for loss of wages if the victim was paid for the time off, regardless of the source of payment. Loss of support for dependents of a deceased victim can be compensated if there is documentation that collateral sources (i.e., Social Security and Life Insurance) are less than the net income provided by the victim prior to his/her death. If the victim was self-employed when the crime occurred or if taxes were not withheld by the employer, tax returns for the past three years will be required before work loss or loss of support can be considered. Work loss is computed based on the disability time specified by the physician or mental health professional and the employer.

SECTION H Complete if the victim has dependents.

SECTION I Expenses Being Claimed: This area helps us to determine what documentation will be needed in order to make a decision on your claim. **Information about the Victim's Injuries**: List the injuries suffered as a result of the crime and attach all itemized medical statements. SECTION J Complete this information about the offender, if known. If unknown, please indicate.

The maximum allowable for burial related expenses, including gifting, is $7,500. The maximum allowable for healing services is $3,000 for the injured victim. The maximum for healing services for each family member after a homicide is also $3,000. If requesting reimbursement for healing or burial ceremonies, please contact the Victims Compensation Program at 1-800-745-6099 for more information.

Future Economic Loss - Needed services which cannot be obtained without prior approval by the Victims Compensation Board or payment in advance from the victim. To submit a request for future economic loss, include an itemized list of the expenses you expect to incur, along with an explanation regarding the expense. For future dental work or surgery necessary to repair damage from the criminal incident, ask the attending physician to write an accurate estimate which clearly states the work to be performed and the cost. The attending physician should relate, in writing, the need for medical treatment due to injuries sustained during the crime.

Income Loss / Economic Loss - Loss of income from work the victim would have performed if he/she had not been injured. Work loss must be verified by the employer and the attending physician. Caregiver work loss can be awarded up to $3,000, if the work loss is verified by the caregiver’s employer. Caregiver work loss may only be awarded up to $3,000 for persons who have unreimbursed wage loss due to caring for an injured victim of crime.

Dependent Care / Loss of Support - In the event of the death of a victim, the Board may consider providing reimbursement for loss of support to a dependent based on the victim’s net income at the time of death, less any collateral sources such as: Life insurance and uninsured motorist coverage (over $50,000), social security, workers compensation, or 3rd party reimbursements.

Medical/Dental/Rehabilitation - Includes products, services, and accommodations for medical care directly related to the crime (Examples: doctor exams, medical equipment, dental work, hospital expenses and prescriptions; physical therapy, rehabilitative occupational training and other remedial treatment and care). Medical related fees owed to service providers may be paid up to 80%, with a 20% required write off by the medical service provider.

Counseling for Victims / Mental Health - Counseling expenses may be paid up to 80%, with a 20% required write-off by the mental health service provider. The maximum compensable amount for the victim’s counseling is $3,000. This limit may be waived by the Board in extenuating circumstances.

Grief Counseling – Crisis counseling that is initiated within three years of the crime is compensable, up to $3,000 for each family member of a homicide victim, provided the counselor is a qualified mental health professional. *Medical and pharmaceutical treatment for a family member of a homicide victim are not compensable*.

Replacement Services - Expenses reasonably incurred and paid by the claimant to obtain ordinary and necessary services in place of those the victim would have performed for the benefit of self or family, if the victim had not been injured or died (e.g. mowing, cleaning, cooking, child care). Reimbursement for lost, stolen or damaged property losses are not covered under the Act.

Crime Scene Cleanup and Impound Fees - Crime scene cleanup is compensable up to $2,000. Up to $750 may be paid for vehicle impound fees, provided the victim/claimant is responsible for paying those fees that are associated with a violent crime occurring in a vehicle, and provided the vehicle was held for evidentiary purposes.

The sum of all payments made to individual claimants and service providers on behalf of one victim may not exceed $20,000.00. In addition to the initial award of $20,000.00, an additional $20,000.00 may be available for work loss or loss of support. In no event shall the sum of all payments exceed $40,000.00.
