On JULY 12, the Citizen Potawatomi Nation Family Violence Program is  
proud to host a free professional  
training from Break the Cycle.

This training will be a 101 session on Teen Dating Violence. It will be  
facilitated by Kelley Hampton,  
Technical Assistance Specialist and Morgan Lynn, Technical Assistance  
Attorney at Break the Cycle. This  
will be geared toward professionals who work with youth or victims of  
domestic/dating violence.

Please register soon, as this training is less than two weeks away. I  
would appreciate any email  
forwarding of this training.

I look forward to seeing you there!
