COMMENTS:

Change for the 05/07/2015-05/06/2016 contract period:  
All pricing remains as originally contracted with the exception that the Service Labor Rate is increased 4% to \$108.00.  
This is the first increase in 3 years and reflects the higher cost of providing service to the more technically complicated Tier 4 Diesel Emissions compliant equipment. The new equipment requires more specialized and more costly diagnostic equipment. Additionally it requires that service technicians receive further specialized training.

Final = The price is final after adjustments  
Hard = Apply adjustments regardless of other adjustments  
Skip = Skip adjustments if any other adjustments have been applied
