January 15, 2015

Re: SW196 Agriculture, Trees and Brush Maintenance Equipment

SW196 was competitively bid and subsequently awarded on January 15, 2015 for a period of one year, January 15, 2015 through January 14, 2015 with 2 options to renew.

This contract is available to be used by any government entity in the State of Oklahoma including cities and school districts and counties and can also be used by other states if their statutes allow for using another state's contract.

The original solicitation documents are located on the Central Purchasing website. There is no participating addendum required for other State's entities to use the contract however, there is a participation form located on the website that entities other than Oklahoma State agencies are to fill out and return to the contracting Officer when purchases are made from the contract. This helps with tracking spend of the contract.

Joyce Leivas

A handwritten signature in cursive script that reads 'Joyce Leivas'.

Contracting Officer, Central Purchasing
