H. PRICE AND COST

The State of Oklahoma is requesting pricing for Mowers and Hand Held equipment. The pricing matrix is a percentage off the Manufacturer's list price. Vendors can submit actual pricing schedules for their equipment though, with the percentage discount already figured, as long as the discount is clearly stated as well as the pricing minus the discount. Also, please provide the current manufacturer's price list used as a basis for the pricing schedules if you submit pricing with the discount already figured in. Attachments have been provided in Microsoft Word and Adobe PDF.

The State of Oklahoma has been a leader in the push for State use of CNG-powered vehicles. If you have products that are fueled by means other than gas or diesel fuel, and that are considered environmentally friendly, please include them in your response.

Manufacturers responding please include a listing of Distributors/Dealers for the State of Oklahoma to include Name of business, Address, contact names, phone numbers, fax numbers, email addresses and websites.

Vendors may submit specifications for all equipment bid, as well as options available. Please submit these specifications on a cd or dvd or flash drive. It is preferred that vendors have a website where customers can go and view the products. The Central Purchasing Statewide Contract website will be updated as necessary.

The manufacturer's price list date that you are being asked to provide is considered the "starting point" of the contract and is to be used as a measurement of price increases throughout the contract. (i.e. at the end of the contract year, the purchases will be compared to annotate any price changes that were made.) You will be expected to provide brochures and descriptive literature to those customers who request it and the contracting officer responsible for the maintenance of the contract. Although you will not be required to send actual pricing sheets as the prices are updated, you will be required to notify the contracting officer when there are price changes and a note will be made to the website where your contract will be located.

The Vendor will be expected to notify the Contracting Officer of any changes in the Company status, such as mergers, sell offs, discontinuation of equipment, addition of equipment lines and changes in the contact information for the contract. It is imperative that the Contracting Officer be able to contact someone at all times during business hours, especially when helping an entity make a decision on equipment they want to purchase.

With the age of technology, customers are more likely to use the internet to research the equipment they are interested in buying. We will put a link to your website on the contract website. Please provide a guide to the use of your website if you require a name and password to access current pricing, if listed, at no subscription cost to the State of Oklahoma. Also, please provide any additional enhancements such as any special ordering features available to users or a site with pricing specific to the Oklahoma contract even though we are not requiring you to offer a direct link to the Oklahoma-specific contract pricing or your current price lists.

Website: www.ventrac.com

Log-in required? Yes X No

Government entities who will be buying from this contract will be expected to provide their accounting offices with a pricing sheet or pricing sheet reference date at the time they prepare their payment method. This pricing sheet will clearly state the Price Book/Catalog Number and Date. This sheet is to be attached to the quote provided by the Vendor. The quote will reference the Statewide contract number being used for the purchase. All set up charges, testing, and freight charges are to be included in the quote as separate line items.

Discounts offered will remain the same or can be increased throughout the contract period. Multiple Unit discounts are encouraged.

Subj: VALUE ADDED TO STATEWIDE CONTRACT

One key attribute that makes Ventrac stand out above other equipment solutions is the unique engineered design. Ventrac has an articulating and oscillating frame, as well as a low center of gravity that makes it a highly sought after slope mowing machine. With the ability to mow slopes up to 30 degrees, the Ventrac brand has become the choice of professional golf courses, commercial landscape and snow contractors, as well as the elite estate owner.

The versatility of Ventrac equipment is as appealing to the snow professional, as it is to the commercial landscape contractor or homeowner. Operators can switch between the front mounted attachments quickly and easily to give them the ability to mow, aerate, spread salt, collect leaves, grind stumps and more. There are over 30 commercial grade attachments available to provide inexpensive solutions to handle many tasks.

Ventrac equipment is manufactured in the USA under strict quality control for commercial markets and is sold worldwide. Ventrac is built for longevity – the equipment is built to the highest commercial standards so it can hold up to years of hard use, and is reliable for when it's needed most.

Ventrac offers a Bi-Fuel ready tractor (4500Z) that can operate with gasoline or propane at the flip of a switch. Propane not only offers customers fuel savings and increased engine life, but also offers a fuel that is cleaner burning and greatly reduces emissions compared to gasoline. Ventrac also offers a digitally fuel injected engine option (4500P) that gives operators up to a 25% increased fuel efficiency while operating on gasoline.

Sincerely,

Michael D. Noel
Contract Specialist

December 8, 2014

To: Office of Management and Enterprise Services

Subj: TRAINING ON STATEWIDE CONTRACT

Ventrac's contract specialist will educate Ventrac's Director of Sales and the Regional Sales Team, whom will then train the Ventrac dealership network and sales force in regards to the benefits and details of the Oklahoma Statewide Contract. All relevant sales personnel will be educated in contract procedures and benefits so they in turn may properly assist customers. The training will be done in person at the Ventrac dealerships, as well as additional training via email.

The Oklahoma Statewide Contract will be added to the Ventrac prospective booklet quoting system which will make it easily accessible for Ventrac sales representatives to quote products using the Oklahoma State Contract.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael D. Noel', is written over a horizontal line.

Michael D. Noel

VENTRAC

V-PLUS WARRANTY

All new Ventrac tractors and attachments purchased in the United States and Canada are covered by Ventrac's V-Plus Warranty, so you can purchase with confidence! Under the V-Plus, we will repair, replace, or adjust any part manufactured by Venture Products, Inc. that is defective in material and/or workmanship.

3-Year Residential Limited Warranty

3000/4000 series tractors and attachments

- 3 years with **unlimited** hours

2-Year Commercial Limited Warranty

3000/4000 series tractors and attachments

- 2 years with **unlimited** hours

Engine Warranty*

Covered by engine manufacturer

- Briggs 3/LC = 2-year w/ 3rd major parts only
- Briggs V-twins = 3-year
- Kawasaki V-twins = 3-year
- Kubota 3 cylinder = 2-year or 2000 hours** with 3rd year major parts only or 3000 hours**

**Please refer to the engine manufacturer's warranty statement included in your owner's manual.*

*** Whichever occurs first*

Exclusions

ET200 (turbine only) - limited to 2 years
HG150 (generator only) - limited to 1 year
Rental equipment - limited to 180 days
Replacement parts - limited to 90 days

Limitations and Conditions

Ventrac equipment, including defective parts, must be returned to your authorized Ventrac dealer within the warranty period. The warranty extends to the cost to repair or replace (as determined by V.P.I.) the defective part. The expense of pickup and delivery of equipment, service call drive time or any transportation expense incurred for warranty repair is the responsibility of the owner. Proof of purchase may be required. Warranty work must be completed by an authorized Ventrac dealer.

This warranty extends only to Ventrac turf equipment operated under normal conditions and properly serviced and maintained. The warranty does not cover repair of damage due to normal use, wear and tear, maintenance services, repair of damage related to abuse, neglect, accident or use of the turf equipment which is not in accordance with operating instructions in the operator's manual, or damage resulting from repair of Ventrac turf equipment by person or persons other than an authorized Ventrac service dealer or the installation of parts other than genuine Ventrac parts or Ventrac recommended parts.
