Check your local and state laws, as well as AAP and NHTSA recommendations, for car seat usage;  
Engineered & rigorously crash tested to meet or exceed US standard FMVSS 213

### **Chicco Fit2™ 2-Year Rear-Facing Infant & Toddler Car Seat – Legato**

The Fit2™ is a first-of-its-kind rear-facing car seat designed with two unique positions to accommodate infants and toddlers, making it easy to stay rear-facing for the first two years.

#### **Stage One: Infant Position 0 - 12 Months**

More reclined seating with removable head/body support for newborns and infants from 4 - 35 lb. and up to 35"

#### **Stage Two: Toddler Position 9 - 24 Months**

More upright, spacious seating, adjustability and extended leg room to accommodate growing toddlers from 15 - 35 lb. and up to 35" *without taking up extra space in the vehicle!*

#### Product Highlights

Built-in, stage-position lever lifts easily to convert the base from stage one to stage two with one motion  
Seven-position headrest and padded, no-rethread harness accommodate growth throughout both stages

Easy installation with ReclineSure® leveling foot, RideRight® bubble levels and SuperCinch® LATCH tightener

Compatible with Chicco strollers for travel system use (strollers sold separately)

Premium Italian fabrics are comfortable, sophisticated and machine-washable

Easy one-hand adjustment for carry handle, harness tightener and headrest

Includes removable head and body supports for newborns and smaller infants

From the makers of the number-one-rated KeyFit® Infant Car Seat

#### Product Description

The Fit2 is a first-of-its-kind rear-facing Car Seat designed with two unique positions to accommodate infants and toddlers, making it easy to stay rear-facing for the first two years. A built in stage-position lever lifts easily to convert the Car Seat base from Stage 1 to Stage 2 with one motion, creating more upright, spacious seating for growing toddlers.

In Stage 1, the Fit2 functions like a traditional rear-facing infant seat, offering more reclined seating with removable head and body support to accommodate newborns and smaller infants from 0 to 12 months. In Stage 2, the Fit2 easily transitions to offer a more mature seating position and extended leg room for toddlers from 9 to 24 months - without taking up extra space in the vehicle! A 7-position headrest and padded no-rethread harness provide adjustability to accommodate growth throughout both stages.

Just like number 1-rated Chicco KeyFit, the Fit2 base is designed with easiest-to-install functionality. A one-hand Recline Sure leveling foot and two RideRight bubble levels help achieve and verify proper angle in the vehicle seat. Premium LATCH connectors and a force-multiplying Super Cinch tightener help achieve a secure fit with a fraction of the effort! Plus, an integrated stabilizer bar increases surface contact between the base and vehicle seat, providing added support and leverage for a secure install.

The Fit2 is designed for use from 4-35 pounds in Stage 1/Infant Position, and from 15-35 pounds in Stage

2/Toddler Position, and up to 35 inches.

### **Cosco Light 'N Comfy DX Infant Car Seat**

#### Product Description

Travel easily with your baby in the Cosco Light 'N Comfy DX Infant Car Seat. Designed to be lightweight and easy to carry, the Light 'N Comfy DX keeps your child safe from 4-22 pounds with a secure 5-point harness and Side Impact Protection. With 4 harness heights, you can adjust the harness to the best fit for a tiny traveler and easily keep your baby snugly in the seat as they grow. The Light 'N Comfy DX includes an infant insert that provides a snugger fit for small babies. The extra-lightweight design of the seat makes it easier to remove from the base and carry while outside of the car. With a baby in the car, messes happen. Now, thanks to the easy-to-clean Car Seat Pad, there's no need to stress. The Pad comes in a wide range of styles and colors, all of which remove from the seat and are both machine washable and dryer safe. A thorough wash is just a machine cycle away. If your chosen vehicle happens to be an airplane, the Light 'N Comfy DX has got you covered. Certified for use on aircraft, it gives your child a familiar seat during the flight.

#### Features

Rear-facing 4-22 pounds; Lightweight and easy to carry; Seat pad is machine washable and dryer safe  
Infant insert provides a snugger fit for small babies; Side Impact Protection  
5-point harness with up-front adjustment; 4 harness heights and 3 buckle locations make the seat easy to customize for your growing child  
Includes retractable canopy; Latch equipped with Latch storage  
Certified for use on aircraft; Meets or exceeds Federal and ASTM Safety Standards

### **Chicco Fit2 Rear-Facing Infant & Toddler Car Seat Base**

The Fit2 Base is designed for use with the Fit2 Car Seat (sold separately), a first-of-its-kind rear-facing car seat with two unique positions to accommodate infants and toddlers, making it easy to stay rear-facing for the first two years. A built in stage-position lever lifts easily to convert the base from Stage 1 to Stage 2 with one motion, creating more upright, spacious seating for growing toddlers. In Stage 1, the Fit2 functions like a traditional rear-facing infant car seat (sold separately), offering more reclined seating to accommodate newborns and smaller infants from 0 to 12 months. In Stage 2, the Fit2 easily transitions into a rear-facing toddler car seat, offering a more mature seating position and extended leg room for toddlers from 9 to 24 months - without taking up extra space in the vehicle! From the makers of the number 1-rated KeyFit, the Fit2 Base is designed with smart functionality that makes it the easiest to install simply, accurately, and securely, every time. A one-hand-operated ReclineSure leveling foot and two RideRight bubble level-indicators help achieve and verify proper angle in the vehicle seat. Premium LATCH connectors and a force-multiplying SuperCinch tightener help achieve a secure fit with a fraction of the effort! Plus, an integrated stabilizer bar increases surface contact between the base and vehicle seat, providing added support and leverage for a secure install. The Base is also designed with easy belt routing and integrated lock-offs for alternate installation with a vehicle seatbelt. An enclosed underside helps protect vehicle seats from damage. The Fit2 is designed for use from 4-35 pounds in Stage 1/Infant Position, and from 15-35 pounds in Stage/2 Toddler Position, and up to 35 inch.

### **Maxi-Cosi Nxt Infant Car Seat**

## Product Description

The Maxi-Cosi Mico Nxt infant car seat is the next generation of the Mico infant seat that parents around the world already know and love. One of the lightest infant car seat in its class and featuring an ergonomic handle, the Mico Nxt is easy to carry wherever you go. The Mico Nxt features cozy fabrics for your baby and a new base release handle, making it easier to remove the seat from the base when it's time to take your journey outside of the car. Transferring from the stay-in-car base to a Maxi-Cosi, Baby Jogger, or other premium stroller is a breeze, making the Mico Nxt infant seat a great solution for parents looking for a complete travel system they can use from birth. The included Cozi-Dozi head insert is perfect for the extra support needed by infants. The comfortable fabric and padded 5-point harness covers keep baby secure and cozy during the ride. Side Impact Protection is built right into the seat for a safer ride, and each Mico Nxt comes complete with a multi-position sun canopy allowing you to protect baby's sensitive eyes from bright lights.

### **Britax BOB B-Safe 35 Infant Car Seat**

## Product Highlights

Keep your little one snug, comfortable and safe with the SafeCell Impact Protection safety system that exceeds federal safety standards

Load the base with ease thanks to the SafeCenter LATCH center-pull straps that tighten quickly

Steel frame provides strength where you need it the most, and the impact-absorbing base compresses to reduce the effects of a rough collision

Deep, foam-lined shell serves to shield your little one from side impact, and its contoured shape takes up minimal space in your vehicle

Removable pad cushions your baby's head

Handle is ergonomic for comfortable support while carrying the sleek black car seat

Using an adapter, the car seat can attach to any BOB stroller for Click & Go compatibility (adapter and stroller sold separately)

Extra-large canopy provides optimal protection from harsh weather

On/off lower anchors easily lock into place and release with just the push of a button, and built-in lock-offs offer a snug seat belt installation

Spring-assisted recline allows simple angle adjustment

Harness button easily loosens the straps

Suitable for children weighing 4 - 35 lb.

## What's Included

Britax BOB B-Safe 35 Infant Car Seat  
Base

## Product Description

The BOB B-Safe 35 by Britax combines unmatched protection with distinctive BOB style. So BOB owners rejoice - Britax, the number 1 brand in safety technology, has an infant car seat just for you. And with just an adapter (sold separately), you can create the perfect BOB travel system for your family. These features include a steel frame for all-out strength and a base that compresses to absorb energy during a

collision. The BOB B-Safe 35 also has top side impact protection for your baby. Since this type of accident is common and tends to result in the most severe injuries, this car seat has a deep shell lined with energy-absorbing foam to shield your little one from side collisions. However, up to 75 percent of seats are incorrectly installed. This unsettling percentage is why Britax designs seats with the easiest installation possible to grant you peace of mind when you hit the road with your child. Safely install the BOB B-Safe 35's base using the center-pull straps and quick lower anchors. And just press a button to detach.

### Features

SafeCell Impact Protection is an integrated system of safety components that works to protect your child beyond federal safety standards.

Side impact protection features a deep foam-lined shell to shield your child.

Impact-absorbing base compresses to reduce the rough force of a collision.

Impact-stabilizing steel frame offers superior strength where you need it most at the connection point to the vehicle.

SafeCenter Latch Installation has center-pull straps that tighten quickly and easily.

## **Chicco KeyFit Zip 30 Infant Car Seat**

### Product Description

The number rated KeyFit® 30 Zip is engineered with innovative features that make it the easiest Infant Car Seat to install simply, accurately and securely, every time. The stay-in-car base features a ReclineSure® spring-loaded leveling foot and two RideRight® bubble level-indicators to achieve and verify proper angle in the vehicle seat. Premium Latch connectors and a one-pull SuperCinch® force-multiplying tightener help achieve a tight and secure fit with a fraction of the effort! The base is also designed with easy belt routing and integrated lock-offs for alternate installation with vehicle seatbelt. An enclosed underside helps protect vehicle seats from damage. To accommodate newborns, the Car Seat Carrier includes ergonomic, reversible head and body supports with mesh or cozy fabric that can be removed easily as baby grows. A five-point harness with one-pull tightener helps keep baby secure and the carrier shell is lined with EPS energy-absorbing foam for improved impact protection. For cool and comfortable shade from the sun, the zip-off canopy is designed with a breathable mesh window and extra zip-on visor. A stylish zip-around boot helps keep baby cozy all year long. KeyFit® 30 Zip is also easy to clean with a quick-remove seat pad for machine washing. For on-the-go convenience, KeyFit® 30 Zip is designed for travel system (sold separately) use with compatible strollers (sold separately) from Chicco. The carrier secures easily to the base and strollers (sold separately) with a reassuring audible click. A two-position, ergonomic carry-handle and one-hand release make it just as easy to remove. This product conforms to Federal Motor Vehicle Safety Standard 213 and is FAA approved for use on aircraft.

### Features

The number rated Infant Car Seat in America!

ReclineSure® leveling foot and two RideRight® bubble level-indicators help achieve and verify proper base angle in the vehicle seat

SuperCinch® one-pull Latch tightener helps achieve a tight and secure fit with a fraction of the effort!

Removable, reversible newborn head and body supports with mesh or cozy fabric

## **Peg Perego Primo Viaggio 4-35 Infant Car Seat**

### Product Description

Peg Perego Primo Viaggio 4-35 Infant Car Seat takes the Peg Perego experience in child restraint systems to a new and improved level of safety and design. This car seat will accommodate a baby from 4 to 35 pounds and up to 32 inches tall. The adjustable side impact protection is easy to adjust to six vertical positions with no re-threading required, to always protect babies head and shoulders at any growth stage. An Energy Absorbing EPS lined shell enhances protection and is perforated to guarantee maximum air circulation. The Dual Stage Cushion System includes two cushions. The first stage cushion for newborns for 4 pounds and up offers extra support on baby's neck and bottom. The second stage cushion correctly supports your growing baby. Both cushions help in keeping babies head properly positioned and are made of our Fresco Jersey soft and breathable fabric to ensure an all season comfort. Well fitted upholstery features the best of Italian textile and tailoring tradition. The Primo Viaggio offers a 5 point harness and comes with a large adjustable hood that protects baby from the elements. It is

travel system compatible and attaches easily to any Peg Perego stroller without adapters. It can be used without the included base for your convenience when traveling in taxis or airplanes. Additional base sold separately. Made in Italy.

### Features

Rear-facing infant car seat for babies 4 to 35 lbs and up to 32 in. tall. Includes a base with integrated anti-rebound bar.

Dual Stage Cushion System helps keep baby's head properly positioned. First stage for babies 4 lbs. and up offers extra neck & bottom support. Second stage correctly supports growing baby. Made of Fresco Jersey breathable fabric.

Side Impact Protection adjusts to six different positions with no rethreading required, protecting baby's head and shoulders at any growth stage.

Patent handle and seat design have color coded belt paths to help in-belt routing if base is not in use.

Short compact handle makes it easy to move seat in and out of the car.

Innovative shell design optimizes baby's safety and comfort. The well-fitted upholstery features the best of Italian textile and tailoring traditions.

## **Safety 1st onBoard 35 Air+ Infant Car Seat**

### Product Description

Provide your child a safer ride with the onBoard 35 Air+ Infant Car Seat from Safety 1st. With Air Protect + your child is surrounded in safety and comfort. Air Protect + combines the advanced protection of our Air Protect cushion system for better head protection with patented GCell HX foam designed with hexagonal shapes for superior protection along the sides. Together they provide full body side impact protection.

The updated base offers 5 different angles to choose from, making it easy to get the right fit for your family's car, which helps you give your baby a safer ride. A harness specially designed to fit smaller babies gives a snug fit, while the additional leg room on the onBoard 35 Air+ easily accommodates the growing baby in a rear-facing position from a tiny 4 on up to a tall 35 pounds.

Keeping the seat clean is easier than ever thanks to a machine washable seat pad. Remove the pad and toss it in the machine for a thorough cleaning when needed. This lightweight car seat features an updated Carry Curve handle with comfort grip and a cozy infant insert to keep tiny travelers snug, letting you and your baby meet every "oooh!" and "so cute!" in comfort.

### Features

Designed for infants 4-35 pounds and up to 32" in height. Rear-facing 4-35 pounds.

Air Protect + combines the advanced protection of our Air Protect cushion system with patented GCell HX patented foam with hexagonal shapes for superior protection around the torso. Together they provide full body side impact protection.

Machine washable seat pad. 5-position base for best fit to car. Carry Curve Handle with comfort grip makes this lightweight seat even easier to carry. Infant insert keeps tiny travelers snug.

Additional leg room for baby's comfort. 4 harness heights and 3 buckle locations to accommodate your growing child. 5-point harness with up front adjustment.

LATCH equipped with LATCH storage. Meets or exceeds Federal and AS™ Safety Standards.

## **Safety 1st Amble Quad Travel System with OnBoard 22 Infant Car Seat**

### Product Description

You'll enjoy every step of your adventures out with baby using the Amble Quad Travel System featuring the Onboard™ 22 Infant Car Seat. With a stay-in-car base and lightweight frame, it's easy to get the infant seat in and out of your car without waking your baby. Going for a stroll? Thanks to QuickClick™ the Car Seat attaches to the stroller with one simple click. The Stroller has a large storage basket for your on-the-go gear and a convenient parent tray with 2 cup holders and a storage area ideal for cell phone, keys or other items you want to keep close at hand. No one wants to struggle with a complicated fold when dealing with a fussy baby, and the easy lift and fold ensures that the stroller folds up quickly with one hand and with little effort.

### Features

Stroller: Lift to fold in one easy motion; Large basket for storage; QuickClick™: Infant seat attaches to stroller with one simple click.

Stroller: Lined canopy with peek-a-boo window; Parent tray with 2 cup holders and storage; 5-point harness converts to 3 point as your child grows; Holds child up to 50 pounds.

Infant Car Seat: Rear-facing 4-22 pounds; Adjustable base; Front adjust harness.

Infant Car Seat: Infant head support; Lightweight and easy to carry.

### **Graco Milestone All-In-One Convertible Car Seat**

#### Product Description

Graco's Milestone All-in-1 Car Seat grows with your child. It's three seats in one, for comfort at every stage! It's a rear-facing (5 - 40 lbs.) and a forward-facing (20-65 lbs.) car seat, and belt-positioning booster (30 -100 lbs.). Thanks to the Simply Safe Adjust Harness System, you'll adjust the harness and headrest together, for an always-right fit. The 4-position recline keeps your child comfortable, while the InRight LATCH system makes installation easy with a one-second attachment. The seat is side-impact tested and SafeSeat Engineered, giving you peace of mind. With loads of safety features, Graco's Milestone is an obvious car seat choice!

#### Features

3-in-1 seat transforms - Rear-facing infant car seat from 5-40 lbs, Forward-facing car seat from 20-65 lbs, Belt-positioning booster from 30-100 lbs

Simply Safe Adjust Harness System adjusts the height of your harness and headrest, in one motion, to ensure that your child is always properly secured.

4-position recline helps keep your growing child comfy, in rear- and forward-facing modes.

Graco's exclusive InRight LATCH attachment provides an easy, one-second attachment with an audio click cue to help ensure secure installation.

In addition to meeting or exceeding all applicable US safety standards, the Milestone car seat has been side impact tested for occupant retention solely with the built-in 5-point harness system.

### **Evenflo Chase LX Harnessed Booster Car Seat**

#### Product Description

Extended use from birth to harnessed booster mode. The Evenflo® Chase® LX Harnessed Booster features an innovative headrest design that allows the vehicle belt to self-adjust to your child's height while in booster mode. Enhanced side walls and head support provide comfort and safety for the child. Sporty style elements appeal to children, as will the integrated cup holders with flexible stripe design. The seat accommodates children ranging from 22-110 pounds. This combination booster provides an exceptional value for a seat with such a wide array of innovative features.

#### Features

Extended Use - Converts from 5-point harness to vehicle seat belt use as child grows.

Removable head pillow maximizes child's comfort.

Integrated cup holders for convenience.

Side Impact Tested! Meets or exceeds all applicable Federal Safety Standards and Evenflo's Side Impact Test Standard.  
Equipped for Latch and tether systems.

### **RECARO Performance SPORT Combination Harness to Booster Car Seat**

#### Product Description

Introducing RECARO's Performance Series with the HERO harness system - a new, exclusive & innovative safety feature by RECARO. HERO ensures the highest level of protection and comfort by positioning the shoulder pads to appropriately fit the child's neck, head and shoulders while resisting harness twisting & ensuring proper chest clip positioning. The Performance Series includes RECARO's Safety Stripe System, a racing-inspired stripe that's clearly visible on the outer edge of the 5-point harness. The stripe is designed to alert parents that a twist could occur, or has begun, thus preventing a safety hazard. Additional all-new features include added mesh for breathability, improved comfort pad with memory foam, enhanced cup holders and stylish trim details. The Performance SPORT Combination Harness to Booster Car Seat has twist-resistant straps and a 5-Point harness system that accommodates children 20 - 65 pounds in harness mode and 30 - 120 pounds in booster mode. The Performance SPORT incorporates RECARO Side Impact Protection technology inspired by 4 decades of racing seat safety.

Cup holders

## **Graco Affix Backless Booster Car Seat with Latch System**

### Product Description

The Affix Backless Booster with Latch System helps safely transport your "big kid" from 40 to 100 pounds and up to 57 inches tall. It provides a secure connection to your vehicle seat with its one-hand front-adjust latch system, making self-buckling easier for your independent child. While the purpose of the Latch in the Affix Youth Booster is to secure the Booster to the vehicle seat while the Booster is unoccupied and help facilitate independent buckling, you will secure your child in the Booster Seat with the vehicle lap/shoulder belt. Since the Latch system only secures the booster seat to the vehicle in this application and is not used for installation, it may be used regardless of the weight of the child (up to the maximum weight recommendation of the seat).

## Features

Helps safely transport your "big kid" from 40 - 100 pounds.  
One-hand front-adjust Latch system secures booster to vehicle seat; Keeps booster steady for easy self-buckling; Secure connection keeps booster seat properly in place while seat is unoccupied.  
Engineered & crash tested to meet or exceed US standard FMVSS 213 Side Impact Tested; New Car Assessment Program (NCAP)-peak Crash Force approximately 2X Car Seat Standard; Extreme Car Interior Temperatures.  
Integrated cup holder keeps your child's drink or snacks at hand; Hide away storage compartment to store your child's favorite things.  
Removable, machine washable soft goods are easy to clean.

## **Clek Ozzi Backless Booster Seat**

### Product Description

The Clek Ozzi Backless Booster Seat is a LATCH-ing backless booster car seat designed and engineered to help keep your precious cargo safe. With its integrated rigid-LATCH system, the Ozzi securely fastens to your vehicle's lower anchors providing comfortable, secure seating and consistent belt fit for kids on the

go. Just like the seat in your car, Ozzi is built with an additional thick layer of padding to eliminate numb-bum and is tailored in plush automotive grade fabrics to match your vehicle's interior.

### Features

Rigid-LATCH connectors attach securely to your vehicle's lower anchors in seconds, providing additional booster seat stability in a collision

Comfort-Cube construction provides an additional layer of padding to protect against numb-bum

Light weight and can be easily transported from vehicle to vehicle

Sleekly designed seat cover to match your vehicle interior can be removed and hand-washed

9-year expiration

Recommended for children 40 - 120 lbs.
