Infanttech Zooby Car and Home Video Baby Monitor – Unicorn

Product Description

Awards

- 2013 JPMA Innovation Award Finalist, 2014 & 2105 Baby Maternity TOP CHOICE Award, 2016 Mom's Choice Award, 2016 Tillywig Parents' Favorite Product Award

Zooby is soft, sweet, and safe. The zooby car and home baby monitor is the most versatile monitor on the market. Designed specifically for use in the car, a parent can view a rear facing infant and even a

forward facing toddler as they are driving. This 4.3 inch monitor has a split screen function which allows parents to view multiple children at the same time. It was designed to help parents minimize the need to turn around while driving! It is the only crash test approved car monitor on the market. With its portable features, it can be used on the go and at home. The adorable monitor is 100% wireless, includes night vision, rechargeable batteries, and all accessories necessary to use anywhere. When parents are on vacation or visiting relatives, it is easy to take the zooby from the car or baby bag and use it indoors. This monitor is perfect for the parents that want it all from a monitor. Extra camera sold separately for split screen function.

Features

100% Wireless - Only baby monitor you can use in the nursery, in the car, and when travelling to a relative or friend's home

Crash tested

100% Wireless

Rechargeable Batteries

Yada Tiny Traveler Wireless Car Video Monitor

Product Description

The Yada Digital Tiny Traveler is intended to aid in helping drivers traveling with a baby remain focused on driving safely and still have the security of being able to glance at the baby in the back seat. A driver's main focus should always be on the road and surroundings, with operating the vehicle safely. The Digital Tiny Traveler allows the driver to monitor the baby's activities without having to turn around and take their eyes off the road.

Features

Glance at your baby without having to turn around.

See your baby clearly at night.

See forward or rear facing seat with 3 mounting options.

Easy set up - plug and play.

Clear 4.3" Monitor that mounts on windshield.

iBaby M2 Pro Baby Monitor

Product Description

The iBaby M2 Pro takes a photo when motion sensors are activated, so when your baby makes a move you'll be alerted and see what happened. The newly designed free iBaby app makes it easier than ever to set up mom, dad, grandma, and grandpa as viewers anywhere.

Features

720p Video Resolution with Zoom. Motion and Sound Alert Notifications. 2-way Audio, No External Speakers Required

Snap and Share Photos with Family and Social Sites. Add Unlimited Users with Full Privacy Control.

Play Lullabies and Record Your Voice. Less Than 60 Seconds Installation

Compatible with: iPhone 5, HTC, Samsung Note, Samsung Galaxy, Nexus and most common, iPad mini, iPad (2nd generation), iPod touch (4th generation).

Mimo Baby Monitor Starter Kit - 0-3 Months

Product Description

It happens all the time. You know your baby is sleeping soundly, but you can't shake that uneasy feeling. That's why we developed the Mimo baby monitor, a wearable monitor that allows you to keep an eye on your baby even when you're not right there next to them.

Mimo gives parents the reassurance that their baby is sleeping soundly so they too can get some sleep. Parents can see their baby's breathing, skin temperature, activity, body position, and also listen to audio through the app (iPhone or Android) installed on their smartphone. After the quick and easy initial set-up, parents and caretakers can monitor their baby anywhere and even set custom notifications.

The Mimo Baby Monitor is baby safe! Mimo kimonos are 100% organic cotton, the respiration sensors are non-contact, and Kimonos are all machine washable. The Mimo Turtle is water resistant, chew safe, and too big to be a choking hazard. Mimo uses baby safe Bluetooth Smart Low Energy (BTLE) to communicate, which is equivalent to having a traditional audio monitor in the room. The Mimo baby monitor starter kit includes 3 Kimonos, 1 Turtle, and 1 Lilypad (home WiFi base station and charging pad).

VTech Safe & Sound Digital Audio Baby Monitor with Extended Range, Rechargeable Batteries and Night Light - DM221

Product Description

Stay aware of your little one's needs with the VTech Safe&Sound DM221 DECT 6.0 Digital Audio Baby Monitor with Vibrating Sound Alert. This handy baby monitoring system features a belt clip that makes it easy to wear around the house. This two-piece set can also be plugged in or battery-operated for your convenience. Plus, this digital baby monitor uses DECT 6.0 technology to ensure your connection is protected against interference and eavesdropping. The VTech Safe&Sound DM221 DECT 6.0 Digital Audio Baby Monitor with Vibrating Sound Alert includes a night light that'll help you see your baby in the dark without waking them up.

Features

Talk-Back Intercom System - Remotely communicate to your baby from the parent unit to the baby unit. Soothe your baby from another room or even from outdoors.

Rechargeable Batteries - With up to 18 hours of monitoring time, have the freedom to carry the parent unit everywhere you go without the hassle of a power cord.

Extended Range - Up to 1,000 feet of range allows you to feel safe and connected to your child while you go about your day.

Night Light - The loop on the baby unit illuminates to be used as a night light.

VTech Safe&Sound Digital Audio Baby Monitor with 2 Parent Units - DM221-2

Product Description

Keep connected with your baby from anywhere in the house with the VTech Safe&Sound Digital Audio Monitor. Features include a 1,000-foot operating range, DECT Digital technology for interference-free audio, an encrypted connection, visual and vibrating alerts, and two units so each parent can stay in touch with their baby. It also includes a talk-back intercom and soft night-light to help comfort your infant during the night.

Features

Secure Transmission
Up to 1,000 feet of range
Talk back intercom system
Rechargeable batteries
Five level sound indicator

Dreambaby Chelsea 28 - 42.5 inch Extra Tall Auto Close Gate with Extensions

Product Description

Awards

- JPMA Certified

Dreambaby Extra-Tall auto close gate is extremely versatile. Keep your child safer by preventing access to areas of potential danger. The extra-tall height is especially good for use with stairs. With auto close feature and its double locking system, this attractive pressure mounted gate is easy to install. The Stay-Open feature is ideal for when you need your gate to remain completely opened; it's perfect for times when your hands are full, you're clearing the table or entertaining guests. With your Dreambaby gate you can feel peace of mind knowing your child is safer. Great for cordoning off spaces from door widths to wider spaces with the use of additional extensions. Versatile indeed, it will fit openings of 28 inch -32 inch on its own or with the included extensions (1 x 3.5 inch and 1 x 7 inch) it can be increased to fit up to 42.5 inch. Additional extensions sold separately for wider spaces. Two extensions may be used per side to each a maximum of 121 inch. This Dreambaby pressure-mounted gate is easily installed and for most situations there is no need to screw holes into woodwork or walls unless used at the top of stairs where the mounting cups must be screwed in to added security. Great for pets too!

Features

Fits openings from 28 inch - 42.5 inch using included extensions, extra tall height of 39 inch
Suitable for doorways, top and bottom of stairs and wide doorways
Pressure Mounted or Hardware Mounted
Door swings closed automatically
Smart Stay-Open feature can hold the gate door in an open position until you close it

KidCo 29-37 inch Auto Close Gateway Pressure Mount Gate

Product Description

The KidCo Auto-Close Gateway is a pressure mounted gate that utilizes our Magnet-Lock Technology to automatically draw the door closed and guarantee it locks each and every time. It also has a hold open feature for those times where the door needs to stay open until it is pushed closed. Perfect for heavily traveled doorways and/or room openings. No tools needed for installation. Optional extensions are available for wider openings to 47 1/2".

Features

Magnet Lock Technology draws door closed and locks securely
Hold open feature allows free traffic flow when needed. Installs quickly; no tools needed
Basic gate width: 29" - 37" (includes two optional extensions)
Optional Extension G4100 for openings up to 47.5"
Height: 29.5"

North States Quick Fit 29.5-50 inch Wire Mesh Gate

Product Description

The Quick-Fit Wire Mesh Gate is especially designed for those wide openings in today's homes. This gate pressure mounts easily and securely without the use of hardware or tools. The Quick-Fit mechanism brings innovation to a whole new level with a high-density ratchet system designed to take the

frustration out of installation. As the ratchet system engages, it 'clicks' the gate in place for a custom fit. This gate measures 29.5 to 50 inches wide and is an extra-tall 32 inches high. The core strength and stability of this gate makes it a must have to keep little ones ages 6 to 24 months of age safe.

Features

Adjusts to fit openings 29.5 to 50 inches wide and is 32 inches high
Ideal for extra-wide openings such as between rooms or the bottom of stairs
Quick-Fit ratchet system takes the frustration out of installation
Pressure mounts instantly and securely without hardware
Proudly made in the U.S.A.

North States 28-38.5 inch Extra Tall Easy Close Gate with 2 Extensions

Product Description

The Easy-Close Gate by North States shuts firmly yet easily with the Auto-Close feature, keeping your child safe and secure. Designed with safety in mind, this versatile gate is engineered to securely block doorways, hallways and other spaces. Busy parents will love that the gate swings open both ways and offers a double-locking system for peace of mind. To keep the gate open for multiple pass through, simply use the hold-open feature to prevent the gate from closing. The Easy-Close Gate is constructed of steel making this gate extremely strong and sturdy. The straight-line detail and bronze finish will complement any home decor. This gate fits openings from 28 to 38.5 inches wide with two extensions included using tension knobs for that perfect fit and is 36 inches high.

Features

Fits openings 28 Inch - 38.5 Inch wide. 36 Inch Tall for extra security
Gate closes automatically behind you and also has a hold-open feature for easy pass through.
Pressure mounts with optional hardware mount cups.
Double locking system prevents little ones from opening the gate.
Sturdy steel frame with top-of-the-line craftsmanship

Storkcraft 28.3-45.98 inch Easy Walk-Thru Metal Safety Gate

Product Description

Make your home a safe and secure environment for your active child with the Storkcraft Easy Walk-Thru Metal Safety Gate. This gate will help keep your child safe from wandering into spaces they shouldn't be. The Storkcraft Easy Walk-Thru Metal Safety Gate is easy to install and perfect for parents who have their hands full as it features a one-hand quick release lock and automatically locks when closed. The gate can swing open from either direction and has an optional one-way setting so you can easily move between rooms while keeping your child or pet out of trouble. Designed with versatility and stability in mind, this Storkcraft gate mounts directly into your walls and extends from 28.3 to 45.98 inches wide, making it ideal for the bottom of stairs and doorways. Please be aware that this gate cannot be used at the top of stairs. Available in durable, non-toxic finishes, this quality metal gate has an upscale look that will blend seamlessly with your home decor.

Features

Gate can expand from 28.3 inches to 45.98 inches to fit various doorway or stair widths. Do not install at the top of stairs

29 inch height is perfect for children and pets

One-hand quick release lock. Two-way opening for easy room transition, with optional one-way setting

Easily mounts directly into your wall and for maximum stability and security. Wall mount hardware included

Meets AS™ and EN Safety Standards

KidCo 84 inch Auto Close Configure Gate

Product Description

The Auto Close ConfigureGate™ provides maximum safety for use in any extra wide or odd shaped area. All joints rotate; setting individual sections to the ideal angle, and then easily lock in place for a secure attachment. The unique handle design on the extra wide door applies Magnet-Lock Technology, a dual magnet design that automatically draws the door closed and guarantees it locks each and every time! The ConfigureGate™ also has a hold open feature, that suspends the auto close function until the door is pushed closed. The original 3 piece ConfigureGate™ will fit an 84" opening. An unlimited number of additional 9" and 24" sections can be added to fit any desired length or to make a freestanding enclosure. The door section can be placed anywhere within the installation for a custom fit. Additional sections sold separately.

Features

Auto close technology draws door closed and automatically locks securely

Rotating hinges assure custom fit installation

Extra wide door opening; door section can be placed anywhere within the installation

Additional sections can be added to make a complete enclosure - making the perfect play den area for your little ones

Evenflo 24-60 inch Expansion Walk Thru Room Divider Gate

Product Description

The Expansion Swing™ Wide gate helps parents keep their children safe from household dangers This gate can be used in a variety of openings because it is extra-wide, but still has the ability to retract as its opens. Its four-point hardware mounting is easy to install and because the gate swings in either direction, it is convenient for high-traffic areas allowing for quick and easy pass through. The plastic telescoping safety rail also will keep fingers safe from pinching.

Features

Four Point Hardware Mounting: makes installation a cinch

Telescoping Safety Rail: prevents pinching

Gate Swings Open: in both directions and can be opened on either side

Gate Expands: in both directions and can be opened on either side

Gate Freely Retracts: allows for easy maneuverability in tight spaces

Munchkin 28-46.5 inch Extending Wood Safety Gate

Product Description

The Extending Wood Safety Gate from Munchkin is versatile and stylish. Made from natural hardwood, it is equipped with a unique tilting spring mechanism that reduces stress on walls every time the gate is used. The safety gate can also be removed and replaced quickly with the quick release fittings to easily suit your lifestyle needs. This handsome hardware mounted gate is safe for use anywhere in the home to keep your little one safe - especially at the top of stairs.

Features

Fits openings 28"- 46.5" wide, 30" tall, hardware mount
Natural hardwood with a walnut style finish
Unique tilting hinge mechanism puts less stress on walls
Quick-release, detachable gate is easily removed when you have company over
One way opening for use on top and bottom of stairs, two way opening for use in doorways

Evenflo 30-48 inch Walk Thru Top-of-Stairs Safety Gate

Product Description

The Top of Stair Extra Tall™ gate helps parents keep their children safe from common household dangers, especially around the stairs. The four point hardware mount combined with swing control provides a secure top of stair mounting that is easy to install with minimum tools required. For your convenience the gate will swing in one or both directions depending on how you set the swing control. A one-handed release handle will allow you to pass-through the gate quickly and easily but the two motions to unlock the gate will be too difficult for baby. If your space is limited don't worry because this gate will also retract as you open it.

Features

Four Point Mounting Hardware: makes installation a cinch
Gate Swing Open: one or both directions making it convenient for high traffic areas
Removable Swing Stop: prevents gate from swinging over stairs
One Hand Release: easy for parents, but two actions to unlock make it too difficult for children

KidCo 134 inch Auto Close Hearth Gate

Product Description

The Auto Close HearthGate provides maximum safety for use around fireplaces of any shape or size. As a hardware mounted gate, it's also ideal for use in any extra wide or odd shaped area. All joints rotate; setting individual sections to the ideal angle, and then easily lock in place for a secure attachment. The unique handle design on the extra wide door applies Magnet-Lock Technology, a dual magnet design that automatically draws the door closed and guarantees it locks each and every time! The HearthGate

has a hold open feature that suspends the auto close function until the door is pushed closed. The original 5 piece HearthGate will fit a 6 foot hearth. An unlimited number of 9 inch and 24 inch sections can be added to fit any desired length or shape - including a play yard. Additional extensions sold separately.

Features

Magnet Lock Technology ensures gate closes and locks

Design allows for unlimited number of option extensions to be added for a customer fit to any shape or size

Can be connected and used as a play yard - optional extensions required

For use around fireplaces and BBQ grills

NUK 6-18 Months 2 Pack Sport Classic Silicone Pacifier

Product Description

This new NUK Classic Silicone Sports Pacifier style features the original Orthodontic shape that has made NUK the #1 selling pacifier brand in America. This style features a mixed sport theme.

Features

The original Orthodontic shape

This NUK pacifier features the NUK® Air System that releases air and allows the nipple to remain soft and keep its shape.

The Orthodontic design gently exercises tongue, palate and jaw and encourages the correct development of your child's teeth.

This pacifier is BPA free and features a new Sports theme from NUK.

MAM BPA Free 6+ Months 2 Pack Air Pacifier - Duck/Butterfly and Elephant/Bunny (Colors/Styles May Vary)

Product Description

The BPA-free MAM Air Pacifier's award winning design features MAM's lightest shield.

Features

Innovative, award winning design.

Available with MAM Silk Teat™ - no other silicone feels softer.

Unique surface inside pacifier shield and air holes allow baby's skin to breathe.

Symmetrical nipple ideal for baby's jaw development.

Orthodontic, Symmetrical Nipple - All MAM pacifiers feature an orthodontically correct nipple design that allows little ones to safely satisfy their sucking reflex while maintaining proper jaw and tooth alignment.

Ideal for Healthy Oral Development - MAM offers a variety of pacifier sizes that suit a range of developmental stages to create a perfect fit for baby's oral cavity while providing the greatest amount of safety and comfort. Each nipple individually adapts to baby's mouth so it is always in the right position.

Gentle on Baby's Skin - MAM Air Pacifier's curved shield with extra-large award winning air holes allows skin to breathe, creating a comfortable fit that's gentle on baby's skin.

Easy to Clean - MAM Pacifiers are top-rack dishwasher safe and come in an easy to use sterilizing box that can also be used as a carry case. To use the box's self-sterilizing feature, simply place pacifiers and the indicated amount of water into a clean box and microwave as directed. Pacifiers are sterilized within 3 minutes.

BPA Free and Baby Safe - Like all MAM products, MAM pacifiers are BPA-free, PVC-free, lead-free and CPSIA-Compliant.

Dr. Brown's 6-12 Months Glow in the Dark Pacifier

Product Description

PreVent Orthodontic Pacifier designed by a pediatric dentist has a patented Suction-Free Air Channel that helps reduce suction and palatal pressure. The soft, suction-release bulb spreads wider as baby sucks for low pressure comfort. PreVent helps to lower the pressures that can create dental issues, such as crossbites. The thin-stem design is minimally intrusive on baby's mouth. Stage Two is for baby's 6-12 months. Glow in the Dark.

NUK 18+ Months 2 Pack Fashion Orthodontic Silicone Pacifier

Product Description

NUK Fashion Orthodontic Pacifier. NUK nurtures best. That is why over 55 years ago a doctor and a dentist invented the first NUK pacifier to mimic the natural shape of mom's nipple during breastfeeding. What they found was the baby's tongue compresses the nipple against the roof of the baby's mouth allowing the jaw to move naturally. Our asymmetrical shape is unique to most other pacifiers that don't have a top and bottom, because NUK believes this is the best shape that allows your child to gently exercise their tongue, palate and jaw, which encourages the proper development of your child's teeth. Our heart shape shield fits perfectly on baby's face allowing the nose to be unobstructed and good air circulation around the face while being used by your baby. Our designs were inspired by the top fashion designs.

Features

Natural shape mimics mom's nipple during breastfeeding and is optimally adapted to baby's oral cavity. A proven design of colorful geometrics makes a bold statement on shelf.

Coordinating eye-popping designs match bottles and cups.

Sili Orthodontic nipple promotes healthy oral development.

Helps soothe and comfort baby.

True orthodontic nipple naturally fits baby's mouth: Angled bottom maximizes tongue movement, curved top mirrors shape of baby's upper palate.

Heart-shaped shield fits under baby's nose for extra comfort.

#1 selling brand in the US, used by hundreds of US hospitals.

Available in four designs.

BPA free, Top-rack dishwasher safe.

Silicone; Sizes 0-6m, 6-18m.

Soothes baby's tender gums

Orajel Back Teeth Teether Toy

Product Description

Teething can be a real pain for baby but you can help eliminate some of that discomfort with a teething ring that's customized for the specific tooth coming in. The Orajel Back Teeth Teether Toy helps stimulate tender gums as back teeth begin breaking through sensitive gums. Made of safe, soft silicone, the textured toy is BPA- and PVC-free and encourages baby to chew. Perfectly sized for little hands and mouths, it includes five narrow teething arms sized to reach molars and gums in the back of baby's mouth. The soft, wavy pattern and micro-textured silicone massages gums and cleans baby's tongue simultaneously. When baby's gums are sore from teething, you can trust in the #1 teething brand recommended by pediatricians.

Features

Helps stimulate sore gums as back teeth begin breaking through
BPA and PVC free soft, textured silicone is gentle and encourages baby to chew
Includes 5 narrow teething arms perfectly sized to reach molars and gums in the back of the mouth
Ships in assorted colors.
BPA- and PVC-free

Example Humidifiers, Vaporizers & Air Purifiers

Crane SmartDrop Ultrasonic Cool Mist Humidifier

Product Description

Crane SmartDrop Ultrasonic Cool Mist Humidifier. Get relief from cold and Flu Symptoms and bring Wellness to your entire Family in style with a Crane Smart Drop Humidifier. Humidifiers are an ideal choice for relieving the discomforts of nasal congestion, dry itchy skin and hair, chapped lips, nose bleeds, and dry throats. Crane's FREE Mobile App gives you the ability to operate your Smart Drop from anywhere with your Smartphone. Straightforward, Whisper Quiet Operation with Clean Control Technology.

Features

Wi-Fi Connected Humidifier can be controlled from anywhere with free Crane Mobile App and App Store and Google Play.

Ultrasonic Cool Mist increases air moisture for easier breathing and a good night's sleep while using less energy than a light bulb.

Clean Control Antimicrobial Material in the Base is proven to help reduce mold and bacteria growth up to 99.96%.

Touch Sensor LCD Display with Humidistat. Humidity Control Settings, Variable Mist Output, Timer, and Auto Shut Off Sensor when tank is empty.

1.5 gallon tank runs whisper quiet up to 36 hours without requiring a filter.

Huey Nursery Evaporative Humidifier

Product Description

Huey Nursery Evaporative Humidifier

Huey allows parents to create a perfectly humidified environment for baby, without compromising safety or style. Gentle evaporative humidification softens baby's air using absorbent wicks. Unlike ultrasonic humidifiers, Huey introduces no white dust into baby's environment. While vaporizers heat water to scalding temperatures, Huey applies no heat and stores water at room temperature. Other humidifiers are a hassle to refill, Huey's water bottle is lightweight, fits in any sink, and refills easily. The drop-in style bottle installs simply, and when Huey needs water, it proactively "pings" busy parents. The tank begins to gently glow - many hours before the water runs out. With automatic humidity control, Huey's fan adjusts intelligently to maintain room humidity precisely. In case of accidental bumps, spill/splash guards are built in to keep water off the floor, and disassembles for easy cleaning. A removable grill assures cleaning of the fan is simple as well.

Features

Gentle evaporative humidification creates no white dust and requires no heated water

Humidifies all the air using Vornado's signature Vortex action to evenly distribute humidified air

12-16 hour run time; 1 gallon output per day; Easy to fill water bottle with 32oz. capacity

2 airflow settings; Lockable, backlit controls; Automatic humidity control

Removable grill for easy cleaning; Backed by a 5-year Happy Parent Guarantee

Crane Germ Defense Digital Display Cool & Warm Mist Ultrasonic Humidifier

Product Description

The Crane Germ Defense Digital Ultrasonic Warm and Cool Mist Humidifier adds moisture to the air, providing relief from sinus irritation, nasal congestion, dry cough, cold, and flu symptoms. Giving you the choice of warm or cool mist at the press of a button, this humidifier creates up to 2.5 gallons of moisture per day, runs up to 55 hours, and includes Antimicrobial Protection to fight mold and mildew in water tank and basin. Suitable for rooms up to 500 square feet. This humidifier does not require a filter to operate. For those who experience cold and cough symptoms, there are few things more soothing than breathing in moist air, especially during dry winter months or when cold symptoms are at their worst. The Crane ultrasonic humidifier runs for up to 24 hours and offers the choice of warm or cool mist, both of which are equally effective in humidifying the air. The added moisture also helps to relieve dry skin, chapped lips, and dry eyes. An auto shut-off feature engages when the water tank is empty to ensure safety, and the humidifier's nozzle rotates 360 degrees, allowing you to control the direction of the mist. This humidifier is energy-efficient, using less power than a standard light bulb to run. Antimicrobial Protection Prevents Mold and Mildew. Crane's Germ Defense humidifiers are embedded with small natural antimicrobial silver particles that help prevent bacteria, viruses, and mold from taking hold. This technology helps the humidifier to disperse a clean, germ-free mist. Straightforward, Whisper-Quiet Operation Not only are Crane humidifiers stylish, but they are also easy to use and include a built-in auto-shutoff feature that engages when the water tank is empty to ensure safety. The whisper-quiet operation helps provide for a good night sleep for everyone.

Features

- Germ Defense antimicrobial protection in water tank helps create a germ free mist
- Choose warm or cool mist for customizable comfort
- 360 nozzle for directional misting
- LCD display and timer for 1-12 hour operation
- 7.5L x 13.5H x 11.4W

Vicks Filter Free Cool Mist Humidifier

Baby Buddy Baby's 1st Silicone Chewing Toothbrush – Clear

Product Description

A Baby Buddy Best Seller! Also used as a teether, Baby's 1st Toothbrush allows infants and toddlers to clean their gums and teeth on their own. This easy-to-use, soft, silicone toothbrush helps to clean gums and baby teeth. While Stages 1, 2, 3, and 5 of the Baby Buddy Oral Care Program are controlled by the parent or caregiver, Baby's 1st Toothbrush (Stage 4) is designed for an infant or toddler to use with supervision. Children love the freedom to chew on their Baby's 1st Toothbrush! For teething times with tender gums, chill Baby's 1st Toothbrush for your precious child. Also, because Baby's 1st Toothbrush is made of soft, flexible silicone, if a crawler or toddler stumbles, they have a 'wet noodle' in their mouth -- this is a benefit over rigid handle toothbrushes.

Features

Unique, H-shaped toothbrush head designed to clean all sides of upper and lower teeth at once
100% Silicone
Dishwasher and sterilizer safe
Great for teething - chill to soothe tender gums

Firefly Ready Go Lightup Timer Toothbrush - Hello Kitty

Product Description

Encourage your children to keep their teeth clean with the Firefly Hello Kitty Ready Go Toothbrush. It is fun to use and helps create good oral care habits at an early age. The Firefly Hello Kitty toothbrush flashes for at least one minute, the dentist recommended time for proper cleaning of each row. To help them start, the green light comes on for 30 seconds, followed by the yellow for 30. Then the red one lasts for five. Then you know when to switch from bottom to top or vice versa. Batteries are included. When the light in this flashing toothbrush no longer works, it's time to change your brush (approximately three months). It comes with a less-mess suction cup and is made for ages 3 and up.

Features

Firefly Hello Kitty toothbrush has soft bristles
One-minute light-up fun for each row of teeth
Less-mess suction cup
Batteries included
Flashing toothbrush is made for ages 3 and up
Green light goes for 30 seconds, then the yellow for 30 seconds and the red for 5 seconds
After it goes red it is time to switch rows
Flashing light lasts about 3 months
Flashes for at least 60 seconds
Helps create good oral care habits
Fun to use

Example Sound & Light Soothers

LectroFan White Noise and Fan Sound Machine

Product Description

LectroFan is the most versatile fan-sound and white-noise machine for relaxation, study, and speech privacy as well as a better night's sleep and peaceful rest. In addition to sleep, LectroFan also works great for speech privacy, blocking out noisy neighbors, drowning out snoring, reducing tinnitus ringing or hissing, sound proofing rooms for studying or reading, sleeping during the day, limiting startling noises that causes pets anxiety, and to create a more relaxing environment for yoga or meditation. With two power options (the included AC adapter or a power USB source), you can also enjoy the LectroFan's on-the-go flexibility for great travel rest and sound masking! LectroFan is available in white or black and comes with a one year manufacturer warranty.

Features

White noise machine: the sound of rushing air (white noise) is produced in 10 unique variations. Excellent for noise-masking and creating a comfortable background sound in instances where it might be too quiet.

Compact and portable: this sound machine is compact and portable, making it the perfect white noise device to take with you on your next business trip, vacation, or family adventure.

Personalized sleep therapy: with 10 distinct fan sounds and 10 non-repeating white noise sounds, sound therapy has never been more relaxing. There is a fan noise, or sound for everyone.

Optimal sleep timer: the timer allows you to decide how long the white noise or fan sounds are played in the background. Set it for an hour if you plan to take a nap or set it for the whole night for an undisturbed, peaceful night's rest.

Use it anywhere: built as a sound therapy machine, this white noise machine is perfect for baby nurseries, day care centers, college dorms, apartments, hotel rooms, office spaces, or any environment where unwanted and disruptive noises are present.

Product Description

Keep baby calm even on the go with the VTech Safe&Sound Myla the Monkey Portable Sound Machine Baby Soother. This portable soother attaches almost anywhere and lets you choose from 5 gentle lullabies and 5 soothing sounds like white noise to relax your little one while on the road. The flexible tail on this monkey-shaped noise machine hooks onto things like doorknobs, stroller handles and even car seats. The VTech Safe&Sound Myla the Monkey Portable Sound Machine Baby Soother's chubby cheeks light up, doing double duty as a soft-glow night light to soothe your little one after dark. Plus, a rechargeable battery means no matter how many times you use the sound machine, you won't have to worry about replacing the batteries. Auto shut-off turns the soother off after 60 minutes, so you don't have to slink into the nursery as baby snoozes to hit stop, either.

Features

- 5 relaxing lullabies and 5 soothing sounds
- Dimmable soft-glow night light
- Attaches almost anywhere
- Includes a rechargeable battery for when you're on the move
- Auto-off timer

Munchkin Shhh™ Portable Sleep Machine

Product Description

Sometimes you just need a little help putting your little one to sleep when at home or on the go. The Shhh™ Portable Sleep Machine provides soft, rhythmic and continuous sounds - Shushing, White Noise and a Heart Beating - to soothe your child and send them into a deep slumber. With its simple design and compact size, you can take this sleep aide with you everywhere, instantly transforming any space into a relaxing, familiar environment. And if you would like to sneak out of the room and enjoy a little quiet time, set the timer and use Shhh™ as a nightlight to avoid tripping over misplaced toys. Shhh™ will automatically shut-off after 10, 20 or 30 minutes of continuous play. So shhh... it's time for your little one to go to sleep. Sweet dreams.

Features

- Quiets baby's crying and engages calming reflex
- 3 rhythmic sound settings: Shush, White Noise and Heartbeat
- Sleep machine acts as a glowing nightlight
- Timer feature allows for automatic shut-off after 10, 20 or 30 minutes of continuous play
- 2 AA batteries required (batteries included)

Cloud B 8 Soothing Sounds Plush Figure - Sleep Sheep

Product Description

You've heard of counting sheep to help you sleep, but how about listening to one? With the help of white noise, the sounds of nature, or even a mother's heartbeat, our award-winning Sleep Sheep makes the crib the mellowest place in the house.

Features

Cuddly and soothing.

VELCRO® brand closure ® tab for easy attachment to baby's crib.

Eight soothing sound options.

Two sleep-timer options: 23 and 45 minutes

Hushh Portable Sound Machine

Product Description

From Marpac, makers of the beloved Dohm for Baby white noise machine, comes Hushh, a portable sound machine designed to help baby fall asleep and stay asleep anywhere. The Hushh cradles your baby in soothing sound to create a comforting, consistent sound environment for sleep. Throughout nighttime or nap time, it masks disruptive noises to promote longer, more restful sleep cycles.

Features

Portable - simply fasten Hushh to a stroller or car seat using the included baby-safe clip or place it on any surface. The simple interface is easy to use and operate with one hand.

3 sound options: choose from bright white noise, deep white noise, or gentle surf.

Rechargeable - comes equipped with lithium ion battery and micro USB charging cord.

Child lock - offers the ability to lock Hushh at a desired setting and volume to prevent younger hands from altering the sound or turning the unit off.

Adjustable volume control - Hushh offers a wide range of volume settings.

Cloud B Sweet Dreamz on the Go - Grey Owl

Product Description

Sweet Dreamz On the Go is the all-in-one baby soother to calm fussy and tired babies: a must-have for every busy family. Each adorable soother comes equipped with a built in nightlight along with calming sounds and melodies. Choose from four gentle sounds, including a mother's heartbeat and a soothing "shhh" sound, as well as four additional tranquil lullabies. Three different modes allow you to select the perfect setting while calming baby and easing them to sleep, wherever bedtime may land.

Features

8 soothing sounds and melodies: Mother's Heartbeat, Ocean Sounds, Gentle Rain, Le La Lu, Claire de Lune, Satie, Lullaby Waltz, Popular Rhythmic 'shhh' Sound.

Three multipurpose modes: Light and music with no sound sensor, light and music with sound sensor, light only.

15 minute auto shut off timer for light; 45 minute auto shut off timer for sound.

Built in sound soother reactivates when baby wakes or makes noise.

Character face lights up with a soft, calming amber glow.

Munchkin Complete Edge and Corner Cushion Kit

Product Description

Has your curious crawler turned into a reckless toddler, seemingly overnight? No matter how carefully you watch your child or baby proof your house, a tumble is bound to happen sooner or later. But you can at least cushion the blow with Munchkin's Complete Edge and Corner Cushion Kit. This baby proofing kit helps avoid accidental bumps and bruises from sharp edges and corners on tables, desks, counters and more. With more than 6 feet of foam cushions and 4 foam corner cushions, this all-in-one cushion solution secures onto both straight and curved tables for convenience. These handy childproof cushions keep your baby's head and body protected from sharp corners and are great for use all over the home. Special tape connectors are included to ensure cushions are securely fastened. Installation is quick and simple, and the included adhesive removes easily without damaging furniture. Take the edge off with these child proofing cushions - because keeping baby safe is your number 1 job, and now you can do it in style.

Features

An all-in-one corner and edge cushion solution that secures both straight and curved tables

Kit includes more than 6 feet of foam cushions and 4 foam Corner Cushions

Special tape connectors included to ensure cushions are fastened securely

Customizable length will work almost anywhere - perfect for any room in the home

Easy to install and remove with provided adhesive - won't damage furniture

The secureSTICK adhesive mount lock by KidCo easily installs and protects little ones from getting into drawers and cabinets. The starter set contains two locks and one key. Simply put key up to locked cabinet and the strong magnet will disengage the lock - works through up to 1" width of cabinets. Locks feature a disengage button for those times when locked cabinets are not needed.

Features

Easy adhesive installation
Magnet lock works through 1" of wood
Locks contain disengage feature
Package contains two locks and one key

Safety 1st Outsmart Slide Lock

Product Description

Curious kids try to get into anything and everything, but the Safety 1st OutSmart Slide Lock helps you keep them out with the first ever decoy button. Your child will think that the decoy button opens the lock, but pushing it has no effect. You'll know that the flexible surface hides the actual secret to opening the lock. This cabinet lock prevents your little explorer from getting into side-by-side cabinets and can be used on cabinets with large knobs or handle pulls. It installs easily with no drilling required and you only need one hand to operate. The OutSmart Slide Lock is designed to work with hardware up to 4.5" apart.

Features

Prominent decoy button can be pushed by child, with no effect.
Flexible surface hides functional buttons in plain sight.

Easy installation with no drilling required.
Simple one-hand operation.
Fits on both cabinet knobs and handle pulls.
Adjusts to fit cabinets with up to 4.5" apart.

KidCo Anti-tip TV Strap - 2 Pack

Product Description

Awards

- What To Expect Moms-Love it Award (2014)

The KidCo Anti-Tip TV Strap can secure a TV to the wall or supporting furniture in a matter of minutes. It's a low cost way, to save lives! Each package contains 2 straps.

According to the CPSC, on average, one child dies every two weeks due to furniture tip overs. This often overlooked household hazard can be easily fixed by securing furniture and TVs to walls. With the growing popularity of flat screen TVs this danger is even more pronounced when combined with unstable furniture.

Features

Prevents a flat screen TV from tipping over

Safety 1st Furniture Wall Straps

Product Description

Safety 1st knows that ensuring complete protection for your child is your 1st priority. That night stand may look like an ordinary piece of furniture to us, but to a curious pint-sized toddler, night stands and bureaus, shelf units and vanities are unconquered mountains and unexplored territory. When your child decides to go exploring, these easy-to-install Furniture Wall Straps will keep your furniture in place. Each package comes with two adjustable nylon straps that are simply attached to the back of your furniture and to the wall, creating a hidden restraint.

Features

Durable woven nylon straps secure furniture to wall
Ideal for bureaus, book cases, shelf units, and armories
2 pack

Safety 1st Outlet Cover with Cord Shortener

Product Description

Help keep your curious baby from accessing outlets with an Outlet Cover with Cord Shortener by Safety 1st. It covers the entire outlet and features a built-in cord shortener to store excess cord safely inside. The dual press operation is child-resistant, but easy for an adult to use when plugs need to be changed out. This is a great option for standard-size phone charging cords. They can be fully wound away inside, and out of baby's sight, when not being used.

Features

Covers outlets in use and secures excess cord
Dual press and release design
Great option for standard-size phone charging cords

Windobully Adjustable Sliding Window and Door Lock - 2 Pack

Product Description

The Windobully adjustable lock universally fits any sliding window or glass door. Installs in seconds with no tools required, for added home security, child safety, pet entry, or just letting in the fresh air. With the Windobully you get piece of mind knowing windows and doors will remain secure. Multiple settings allow you to lock window or door from the closed position to up to 5 inch open. Comes with convenient holder to store lock when windows are all the way up. Track and lock system break-in force tested up to 300 pounds.

Features

Fits any sliding window or glass door
Easy installation

Safety 1st Whole Home Safety Set

Product Description

The Whole Home Safety Set by Safety 1st makes getting ready for baby's arrival easier with 70 essential safety items to help make the home a safer place. The set includes 40 Plug Protectors, 8 Grip 'n Twist Door Knob covers, 20 Spring-loaded Cabinet & Drawer Latches, and 2 SecureTech Cabinet Locks to help you secure multiple rooms in your home.

Some rooms need to be completely out of bounds to little explorers. Grip 'n Twist Door Knob Covers allow parents easy access to the door knob, but stop young children from entering the room. The sleek modern design of the door knob cover blends in with any home decor, and they also glow in the dark for nighttime use.

Cabinets contain cookies, snacks, and other food that children shouldn't have easy access to. Install Spring Loaded Latches on cabinets or drawers and use SecureTech Cabinet Locks on cabinets that are side by side. The Spring Loaded Cabinet and Drawer Latches have a wide easy grip surface for quick parent access and include an easy-to-use template to ensure proper alignment and secure installation. The SecureTech Cabinet Lock has an easy-to-understand indicator that lets you know when it is correctly locked. The adjustable sliding system ensures a proper fit on your cabinet handles or knobs and the one-hand opening action makes it very easy to release.

Features

40 outlet covers / 8 door knob covers

2 secure tech cabinet locks
20 spring loaded cabinet and drawer latches

Dreambaby 46-Piece Home Safety Essentials Kit

Product Description

Help keep your baby safe at home with this 46-piece Dream Baby® Safety Starter Kit that includes 30 outlet plug covers, 10 safety catches, 2 sliding cabinet locks, 2 multi-purpose latches and 2 doorknob covers.

Safety 1st Power Strip Cover

Product Description

Our new Power Strip Cover conveniently covers outlets in use by preventing children from pulling out the plugs. Plastic casing encloses the entire power strip, including the on/off switch, to give parents piece of mind. Helps prevent children from pulling out plugs in use. Can prevent children from putting sharp objects into the unused sockets of the power strip, helps prevent children from turning appliances on or off, great for home, office and computer areas, blends with any decor and key hole allows for wall mounting.

Cardinal Gates Door Guardian – Brass

Product Description

The Door Guardian effectively childproofs your exterior doors, providing peace of mind for you and your family. This lock resists forced entry and effectively secures, reinforces, and childproofs exterior doors. Use the Door Guardian on any exterior or basement door.

The Door Guardian helps prevent wandering in groups like sleepwalking children and seniors who require supervision. Recognized as "one of the best new child safety products" by the National Safe Kids Campaign in Washington, D.C., the Door Guardian works double duty as both a security device and as a childproofing lock. Durable and attractive, the heavy-duty Door Guardian features rugged metal construction which will complement any decor.

Features

Prevent unwanted exits from the home
Easy to install
Rugged metal construction
Resists forced entry
12x stronger than a deadbolt

KidCo Window Stop - 2 Pack

Product Description

Prevent window falls. The KidCo Window Stop allows window to be opened only 4"; large enough to promote air flow, but small enough so that a child cannot crawl through. The arm on the Window Stop must be manually pulled out and the window lifted at the same time in order for it to be opened more than 4", providing difficult for a toddler to perform this function. The arm automatically resets so you can install and forget it! Available in white, two per pack.

Features

Controls window opening
Versatile mounting for single or double hung or sliding windows
Prevents little ones from opening window
2 per package

Balboa Baby Car Seat Canopy

Product Description

The new Balboa Baby Car Seat Canopy not only protects your little one from the elements, but can also double as a colorful play mat or blanket. Soft and plush fabric and it is machine washable

Comfortable and adjustable straps for growing toddlers -swivel clip prevents tangles

Makes safety harness fun for kids to wear

Dreambaby Maternity Car Safety Bump Belt

Product Description

The Dreambaby Bump Belt helps pregnant women protect their unborn baby while riding in the car. The Bump Belt is designed to prevent the lap strap from riding up onto the abdomen. Whether as a driver or passenger, sudden braking or low speed impacts can propel an adult forward with great force. At such a time, the seat belt can exert extreme pressure against the abdomen, which in the case of a pregnant woman, the uterus and unborn baby can be harmed causing injury or even miscarriage. Tests conducted at the Qinetiq Centre for Human Sciences Impact Test Facility have demonstrated that the Bump Belt is effective in encouraging mothers-to-be to position and maintain the lap portion over the hips rather than the abdomen. They have also tested that it is effective without affecting the structural integrity of the seat belt.

KidKusion Retractable Driveway Guard - 25 Feet

Product Description

Stay out of the street! Use our RETRACTABLE Driveway Guard to establish boundaries for your children and neighborhood traffic. No more chasing balls into the street. This Orange, retractable net, is 36 high and is mounted into the ground on either side of the driveway using pvc ground sleeves. Creates a visual barrier for children and cars too. Best of all the weather proof net retracts back into its storage canister for easy storage. This product is a winner of the Parenting Magazine Seal of Approval.

Installation is easy. Just place one ground sleeve into the grass or dirt on each side of the driveway. The Driveway Guard has a pole on the bottom of the unit that slides into the first ground sleeve to stand up. Then simply hold the end pole of the net and walk it across the driveway. Drop the pole into the second ground sleeve and you are done.

Em's 4 Kids Hearing and Noise Protection Baby Earmuffs

Product Description

Em's 4 Kids Hearing and Noise Protection Earmuffs are made specifically for 6 months old and up. Weighing only 10.5 Ounce, Em's 4 Kids earmuffs are light but sturdy. They can be used in a wide variety of settings - from concerts and car races to sporting events and shopping centers. Use them to protect your child's hearing or to help settle them when disturbed by a noisy environment. Em's 4 Kids earmuffs meet ANSI and CE standards and are ISO:9001 approved. Average Decibel reduction is 25 Decibel (Class 4).

Features

Designed for toddlers and kids 6 months and up.

Weigh just 190 grams and are incredibly sturdy and durable.

Fold up to fit in the palm of your hand.

Certified by the American National Standards Institute for ear protection with a noise reduction rating of 25 Decibel.

Perfect for sporting events, concerts, car races and more.

Munchkin SLEEP™ Bedrail

Product Description

Transitioning to a big boy or big girl bed is an exciting milestone in a toddler's life. But let's face it, parents aren't exactly ready to roll with potential falls - or rails that look more at home on hospital beds. Enter Munchkin's Sleep Bed Rail, which combines the utmost in safety with fun, modern style. This innovative child safety rail features a durable aluminum frame and adds a pop of color to your child's bedroom décor. Available in grey, lime green, aqua blue, or pink, this mesh bed rail is 18" tall and extends to 36" wide. The safety straps eliminate gaps between the bed rail and mattress, providing excellent security, and a push-button folding hinge allows kids to climb in and out of bed easily. The Sleep Bedrail fits twin, full, and queen-sized mattresses. When safety and style meet, they open the door to worry-free sleep (for kids and parents alike).

Features

Hot pink safety rail measures 18"H x 36"W
Push-button hinge folds down for easy access
Strong safety straps eliminate gap between mattress and bed rail
Removable, machine-washable mesh fabric
Easy, 1-minute assembly

Baby Delight Snuggle Nest Surround XL Infant Sleeper

Product Description

Create a more protective, open area for your baby in your own bed with the Baby Delight Snuggle Nest Surround XL Infant Sleeper in the Silver Clouds style. Two rigid, vented wall units separate baby and your adult bedding while helping to prevent rollover. The sleeper's side panels are flexible, so it's simple to reach in and access you little one, and they feature structural mesh for air circulation. The removable incline wedge helps to keep baby slightly upright possibly helping to improve digestion and congestion. A Sound and Light unit offers a gentle night light and soothing sounds of the womb or Brahms Lullaby. The five-level volume control and automatic shut-off makes it easy to adjust your young one's sleeping environment. When it's time for travel, the sleeper folds easily and compactly.

Features

Use to create a more open and protective area for a baby sleeping in an adult bed.
Two rigid, vented wall units separate baby and adult bedding and help prevent rollover.
Sound & Light unit offers a soft light and soothing womb sounds and the relaxing melodies of Brahms Lullaby.
Enjoy easy access to your baby across the flexible side panels.
Folds compactly for easy travel with room for a few small items inside.
Also great as a travel bed or daytime napper.
