

Instructions

Suppliers submitting a proposal for Infant/Toddler/Child Products are to complete the required sections of Category 1, Category 2, Category 3, Category 4, and % Discount in this Workbook. The Example Products/Manufacturers/Descriptions listed under B for Categories 1, 2, 3, and 4 are examples of the types of products needed and the specifications for those products are located in Attachments B, C, D, and E. The Supplier's products should meet or exceed those referenced specifications.

Category 1 - Example Formula, Food, & Snack Products and Example Feeding Products

Suppliers are to list their company name and complete C, D, E, F, G, and H for each product. The Supplier's products should meet or exceed the example product's specifications. Suppliers should bid on as many items as possible. Supplier's products should be listed in the Supplier's catalogs(s). Please see E.2.4 concerning the Supplier's submission of their catalog(s).

Category 2 - Example Nursery Furniture, Example Toddler/Children's Furniture, and Example Bedding and Room Decor

Suppliers are to list their company name and complete C, D, E, F, G, and H for each product. The Supplier's products should meet or exceed the example product's specifications. Suppliers should bid on as many items as possible. Supplier's products should be listed in the Supplier's catalogs(s). Please see E.2.4 concerning the Supplier's submission of their catalog(s).

Category 3 - Example Infant/Toddler/Child Car Seats, Example Strollers - All Varieties, Example Baby Gear & Activities, and Example Baby & Toddler Toys

Suppliers are to list their company name and complete C, D, E, F, G, and H for each product. The Supplier's products should meet or exceed the example product's specifications. Suppliers should bid on as many items as possible. Supplier's products should be listed in the Supplier's catalogs(s). Please see E.2.4 concerning the Supplier's submission of their catalog(s).

Category 4 - Example Diapers & Potty Products, Example Infant/Toddler/Child Clothes & Shoes, Example Bath & Skincare Products, and Example health & Child Safety Products

Suppliers are to list their company name and complete C, D, E, F, G, and H for each product. The Supplier's products should meet or exceed the example product's specifications. Suppliers should bid on as many items as possible. Supplier's products should be listed in the Supplier's catalogs(s). Please see E.2.4 concerning the Supplier's submission of their catalog(s).

% Discount - Percentage Discount Off Manufacturer's List Price

Supplier's are to list their percentage discount off the manufacturer's list price for each category of products.

18,0-49,8 kg

**Chase® LX****Harnessed Booster Car Seat, Jasmine****Extended use from 22 to 110 pounds**

The Evenflo® Chase® LX Harnessed Booster features an innovative headrest design that allows the vehicle belt to self-adjust to your child's height while in booster mode. Enhanced side walls and head support provide comfort and safety for the child. Sporty style elements appeal to children, as will the integrated cup holders with flexible stripe design. The seat accommodates children ranging from 22-110 lbs. This combination booster provides an exceptional value for a seat with such a wide array of innovative features.

Protecting children is our core mission at Evenflo.

For almost a century we have been a leader in safety, innovation and education. Knowing that one in four automobile accidents are side impact collisions, we go beyond the current government standards when designing the next generation of Evenflo car seats, including the Chase LX.

Consumer Benefits

Extended Use - Converts from 5-point harness to vehicle seat belt use as child grows

110 lbs. Booster mode weight rating accommodates growing children longer

Removable head pillow maximizes child's comfort

Integrated cup holders for convenience

Simple adjustability with upfront harness fitting and 2 crotch buckle positions

Machine-washable car seat pad keeps the seat looking clean

Side Impact Tested! Meets or exceeds all applicable Federal Safety Standards AND Evenflo's Side Impact Test Standard

Designed and tested for structural integrity at energy levels approximately 2X the federal crash test standard

Energy absorbing foam liner provides added safety & comfort

Equipped for LATCH and tether systems

Safety Testing

Side Impact Tested! Meets or exceeds all applicable federal safety standards and Evenflo's side impact standards.

Designed and tested for structural integrity at energy levels approximately 2X the federal crash test standard.

FMVSS 213: Federal Motor Vehicle Safety Standards for Child Restraint Systems

FMVSS 302: Federal Motor Vehicle Safety Standards for Flammability of Interior Materials

Certified For Use In Aircraft: ONLY when used with the 5-point harness this restraint meets FAA Inversion requirements for airplane use.

Child Specifications**For 5-Point Harness Use**

Weight: 22 - 40 lbs (10 - 18,0 kg)

Height: 28 - 50 inches (71 - 127 cm)

AND the tops of their ears are below the top of the child restraint headrest.

Age: At least one year of age

For Booster Use

CHASE® LX Booster Car Seat, Jasmin

Use & Care

Carefully read all instructions and warnings on the product, product labels, and instruction manuals before use. Consult your vehicle owner's manual to determine proper placement of child restraint in your vehicle and familiarize yourself with your vehicle's components.

Cleaning Instructions

- Plastic and metal parts may be wiped clean with mild soap and water and dried with a soft cloth. Do not use abrasive cleaners or solvents.
- Take care not to damage any labels.
- The harness can be wiped clean with mild soap and water. Allow harness to air dry. DO NOT immerse buckle in water or lubricate buckle.
- Machine wash the seat pad separately in cold water, delicate cycle, and tumble dry 10 – 15 minutes on low heat.

Round Trip™ Travel System

LiteMax™ Infant Car Seat

Glenbarr Gray

Stroller
Up to 50 lbs
22.67 kg

Weight
4-35 lbs.
1.8kg - 15.8 kg

The Evenflo Round Trip™ Travel System featuring the LiteMax™ Infant Car Seat. The LiteMax infant car seat has been rollover and side impact tested to provide safety where your child needs it most. The base includes an integrated belt lock-off system which provides peace of mind that the base is securely and correctly installed. The LiteMax ICS has been designed and tested for structural integrity at energy levels approximately 2X the federal crash test standard AND tested to simulate a side impact event and rollover event.

The RoundTrip™ offers three modes in one versatile, compact Travel System. Use seat forward or parent-facing OR place Infant car seat directly in the frame for ultimate flexibility. The three modes allow mom to customize baby's seating; parent-facing for a closer connection with her, forward-facing when they're ready to explore the world and car seat connection for an easy transition for your newborn in the car. For added convenience, it is one of the lightest travel systems on the market at 25 lbs including the stroller and car seat, making it even easier to use and bring everywhere!

The LiteMax™ Infant Car Seat has a full canopy and comfortable infant head support. Parents can easily install the Infant Car Seat base with the belt-lock and 2-position recline which provides an easier and more secure seatbelt install. Ready, set, go – car seat moves from base to stroller with one secure click. The unique ergonomic handle is designed for maximum comfort.

Evenflo is dedicated to enriching children's lives- their safety, their care and their future. For nearly a century Evenflo has been a leader in safety, innovation and education. We've been by parents' side, earning their trust as they care for their newest and most precious family members.

Consumer Benefits

Stroller

3 Modes: Use seat forward or parent-facing OR place Infant car seat directly in the frame for ultimate flexibility

Lightweight stroller at 18 lbs

Easy Infant Car Seat transfer—car seat moves from base to stroller with one secure click

Easy fold Release foot pedal, then squeeze triggers

Self-standing when folded – no bending necessary

Oversized canopy with extended visor

Flex-hold parent cup holder offers a snug fit for drinks

5 point harness with covers

Generous storage basket with front and rear access

1-Hand, comfort tilt recline

Durable, easy to clean fabrics

Infant Car Seat

Accommodates children 4-35 lbs

Rollover-Tested: This seat has been designed and tested for structural integrity at energy levels approximately 2X the federal crash test standard AND tested to simulate a side impact event and rollover event

Lightest car seat on the market

Ergo Handle- uniquely designed for your maximum comfort as you carry your little one

Simple adjustability with upfront harness fitting and 2 crotch buckle positions

Easy-off, machine washable car seat pad

Stay-in-car base with 2-position up-front recline for child's comfort while asleep or awake and accurate install

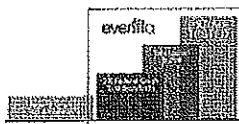

2 Step Belt-Lockoff for easy and accurate install with the seatbelt every time

Energy absorbing foam provides the added comfort and safety.

Plush infant head support for baby's comfort

Canopy- protect your baby from sun, wind and rain

Equipped with LATCH

Safety Testing

Side Impact Tested! Meets or exceeds all applicable federal safety standards and Evenflo's side impact standards. Designed and tested for structural integrity at energy levels approximately 2X the federal crash test standard.

ExerSaucer® Moovin & Groovin

Exercises Body and Mind™

The ExerSaucer® Moovin & Groovin™ offers parents a "safe alternative" to walkers. This activity center delivers all the bounce that baby loves and provides important activities to promote physical and mental development. With 10+ age-appropriate movements and toys, this activity center will encourage the child to move, play and learn.

The rock, spin and bounce motions provide your baby with plenty of exercise to strengthen legs, back and neck muscles. The removable, soft-fabric seat cover and detachable toys are easy to clean. With the easy, push button, height adjustment the activity center will grow with baby.

Protecting children is our core mission at Evenflo.

For almost a century we have been a leader in safety, innovation and education. Evenflo has developed a strong reputation as a leading manufacturer of high-quality products for babies and children. With this history comes the foundation of trust we have established with parents to provide reassurance they are making the best choice for their newest, most precious family members.

Consumer Benefits

Moovin & Groovin is not just for fun. This activity center has 10+ activities that promote **CHILD DEVELOPMENT**;

- The enhanced bounce and spin helps to *develop core leg muscles*
- Hanging toys *encourage reaching, stretching and sitting up*. This builds the child's spine and neck while having lots of fun
- The tray mirror *promotes self-awareness*
- Toys with manual sounds, teaches the child cause and effect learning
- Barrel and cow spinners promotes imagination with images and sounds

Motivate reaching and stretching

Hide & Seek toys encourages exploration

Fun, colorful barn animal theme!

Wide surrounding tray is landscaped to bring toys closer to baby, with 360 seat encouraging continual cause and effect learning

Easiest, push button, 3-Stage Height Adjust to grow with baby

Removable, machine washable pad

Toys are removable, easy to clean.

Removable and wipeable toys

Safety Testing

Meets or exceeds ASTM Standard for Activity Centers.

Secure Step™ Top-of-Stair Gate

The Secure Step™ gate helps parents keep their children safe from common household dangers, especially around the stairs. The four point hardware mount provides a secure and easy top-of-stair mounting for your home. Depending on how you set the swing control, the gate will swing in one or both directions to prevent swinging over the stairs. To use the child-resistant, one-handed Lever Loc mechanism, simply squeeze the buttons and push down to open. This will allow you to pass-through the gate quickly and easily, but the two motions to unlock the gate will be too difficult for baby. To close and lock the gate, just give the door a gentle push and watch the slam-latch feature take over. A quick glance at the red-green lock indicator will tell you if the gate is securely locked. The neutral styling blends well with any home décor.

Protecting children is our core mission at Evenflo.

For almost a century we have been a leader in safety, innovation and education. Evenflo has developed a strong reputation as a leading manufacturer of high-quality products for babies and children. With this history comes the foundation of trust we have established with parents to provide reassurance they are making the best choice for their newest, most precious family members.

Consumer Benefits

One-hand release handle: easy for parents, but too difficult for children

Four Point Mounting Hardware: makes installation a cinch

Removable Swing Stop: prevents gate from swinging out over stairs

Great for pets, too!

Gate Swings Open: one or both directions making it convenient for high traffic areas

Red/Green Lock Indicator: shows if gate is properly locked

Safety Testing

ASTM F1004: ASTM Int'l Standard Consumer Safety Specification for Expansion Gates and Expandable Enclosures
JPMA Certified

Use & Care

Usage Information

For use with children 6 to 24 months. Important: Never use with a child that is able to climb over, dislodge, or open the gate. Carefully read all instructions and warnings on the product, product labels, and instruction manuals before use.

Installation Method: Hardware Mount

Locations for Use: Standard doorways, hallways, top and bottom of stairs. Gate must always swing away from stairs.

Cleaning Instructions

Wash with mild soap and warm water

Dry thoroughly before using

Metal and plastic parts can be wiped clean with a soft, damp cloth and dried with a dry cloth

DO NOT use abrasive cleaners or solvents

Pet Use

Pets can force themselves into very small openings. Use this gate only with pets whose head or body will not fit into openings in the gate, between the gate and floor, or between the gate and wall.

Top of Stair Extra Tall™ Hardware Mount Gate

The Top of Stair Extra Tall™ gate helps parents keep their children safe from common household dangers, especially around the stairs. The four point hardware mount combined with swing control provides a secure top of stair mounting that is easy to install with minimum tools required. For your convenience, the gate will swing in one or both directions depending on how you set the swing control. A one-handed release handle will allow you to pass-through the gate quickly and easily, but the two motions to unlock the gate will be too difficult for baby. If your space is limited, don't worry, because this gate will also retract as you open it.

Protecting children is our core mission at Evenflo.

Portable BabySuite® Classic Playard

Silverado, Purple Orchid

Baby Playards for Sleep & Play

The Evenflo® Portable BabySuite Classic offers parents a convenient solution for sleep, care & play for their little ones. Assembly is easy; simply lock the side bars and push the floor down into position. The mesh sides provide ventilation and full view of baby. Pull up on side bars and pull the floor strap up to collapse the playard. With a durable compact frame and convenient carry bag, this playard is perfect for traveling.

Evenflo has over 90 years of experience.

For over 90 years, Evenflo has developed a reputation as a leading manufacturer of high quality products for babies and children. With this history comes the foundation of trust we have established with parents to provide reassurance they are making the best choice for their newest, most precious family members. We continue to strive toward achieving our mission to provide quality products for children and those who care for them.

Consumer Benefits

- Quick and easy set-up and take-down allowing you to move playard from room-to-room. No tools required.
- Lightweight – Convenient for travel
- Portable – Store & Go carry
- Carry bag makes traveling a breeze
- Fabric is wipeable clean

Charleston™ Jogging Stroller

The Evenflo® Charleston™ Jogger performs well, is sleek and stylish and offers a multitude of convenient features! The Charleston Jogger performs smoothly on every run, power-walk or casual stroll. The robust suspension and pneumatic tires allows for all-terrain surfaces. Front wheels have a swivel-lock for jogging mode. Parent handle has multi-positions for a perfect fit and a drink cup for convenience. The full coverage canopy shields from the elements and the parent window allows baby to be viewed for peace of mind. The large storage basket keeps all your baby essentials for the ride and the easy single touch brake makes stopping a breeze. Quick and easy, grab and lift, this fold is compact and allows the stroller to be perfectly portable!

Evenflo is dedicated to enriching children's lives- their safety, their care and their future. For nearly a century, Evenflo has been a leader in safety, innovation and education. We've been by parents' side, earning their trust as they care for their newest and most precious family members

Consumer Benefits

Stroller:

- Aluminum frame makes this jogger ultra lightweight -- under 25lbs!
- Extra large canopy with peek-a-boo window
- Easy rear access to large storage basket
- Multi-position recline for endless comfort
- Removable arm bar for easy in and out
- Padded handlebar can adjust to any parent's height
- Large pneumatic air-filled tires
- All-terrain suspension offers a superior ride
- Swivel-lock front wheel for increased stability while jogging
- Flex-hold parent cup holder offers a snug fit for drinks
- Handlebar-mounted, hand-operated rear wheel parking brakes
- Child weight capacity is 65lbs

Safety Testing

JPMMA Certified Meets or exceeds all applicable federal safety standards.
