**INTRODUCING THE NEW SDI "OPTIMUM XD" SPRAYERS  
for use with the High/Low Hydraulics on the Jacobsen XD Truckster**

Introducing our **NEW Optimum XD Sprayer** for easy pin mounting to the Jacobsen XD Truckster with the High/Low hydraulic system. These sprayers feature a commercial grade fiberglass spray tank with 6 outlet venturi-jet agitation system and either a three piston diaphragm pump or a stainless steel centrifugal pump. All the SDI accessories on the following pages are compatible with the new sprayers.

**Diaphragm pump models** have liquid flow of 29gpm and develop pressures up to 290psi—*requires High/Low hydraulic system to power the pump.*

Model #	Mounting	Tank Gal	Max. Pump Performance		Engine Power	Agitation	Wt.	List Price
			GPM	PSI				
<b>XD160</b>	Pin	160	29	290	Hydraulic	Jet		5828.75
<b>XD225</b>	Pin	225	29	290	Hydraulic	Jet		6099.00
<b>XD300</b>	Pin	300	29	290	Hydraulic	Jet		6975.25

**Stainless steel centrifugal pump models** have a liquid flow of up to 72gpm with a maximum pressure of 120psi—*requires High/Low hydraulic system to power the pump.*

<b>XD160C</b>	Pin	160	72	120	Hydraulic	Jet		5078.75
<b>XD225C</b>	Pin	225	72	120	Hydraulic	Jet		5349.00
<b>XD300C</b>	Pin	300	72	120	Hydraulic	Jet		6225.75

**For those customers who want higher flow rates, we have developed two new models.**

**The XD "CA" models** feature a stainless steel centrifugal pump that will produce flow up to 140 gallons per minute and pressures up to 120 psi—*requires High-Low hydraulic system to power pump.*

**Model XD300CA**

<b>XD160CA</b>	160 Gal	140 GPM	120 PSI	5350.00
<b>XD225CA</b>	225 Gal	140 GPM	120 PSI	5600.00
<b>XD300CA</b>	300 Gal	140 GPM	120 PSI	6480.00

**The XD "E" models** feature a 4 diaphragm pump that will produce up to 42 gallons per minute at pressures up to 290 psi—*requires High/Low hydraulic system to power pump.*

<b>XD160E</b>	160 Gal	42 GPM	290 PSI	7328.75
<b>XD225E</b>	225 Gal	42 GPM	290 PSI	7599.00
<b>XD300E</b>	300 Gal	42 GPM	290 PSI	8475.25

**Model XD225E**
