PARTS RETURN POLICY

Warren CAT has a liberal parts return policy that is designed to be fair to both the customer and Warren CAT. We ask for your help to insure that parts returns are kept to a minimum.

Warren CAT will provide the best product support in the industry and we appreciate our valued customers for their cooperation. It is important for our customers to realize that proper preparation before ordering parts will result in ordering the correct quantities and parts needed. Minimizing the return of unneeded parts will allow us to serve you more efficiently and more economically.

1. Non-returnable parts are identified on your packing slip as nonstock or if there is an "NR" in the NR column. These parts will be considered for credit providing they are returned to Warren CAT within 15 days of the purchase date. A minimum 25% restocking charge will be assessed if accepted for credit.
2. Returnable parts will be accepted for return providing they are returned in like new condition. Returnable parts returned within 15 days after the purchase date will receive a 15% restocking charge. Returnable parts returned more than 15 days after the purchase date will be accepted with a minimum 20% restocking charge subject to the discretion of the Parts Manager.
3. Any parts orders made in error due to the fault of a Warren CAT employee as determined by parts supervision will be accepted for return without penalty to the customer, provided the problem is reported and the parts are actually returned within 15 days of purchase. Credit will be given at the full purchase price.
4. Returns where material of questionable value due to poor condition or purchased from other dealers or parts which have been removed from original packages will be handled on a "flat rate" or quotation basis.

CATERPILLAR WARRANTY - PARTS AND EXCHANGE COMPONENTS

Caterpillar warrants new parts and Caterpillar exchange, components (other than those parts below) sold by it to be free from defects in material and workmanship subject to the following provisions. During the first six months after purchase by the user, Caterpillar will provide a new part or a repaired part, whichever Caterpillar elects, in place of any parts which are found upon inspection to be defective in material or workmanship. Such parts will be provided without charge to the user at a place of business of a Caterpillar dealer or other establishment authorized by Caterpillar. Except in the case of an engine powering an on-highway truck, this warranty does not cover labor for removal or installation of parts or exchange components. This warranty does not apply to Caterpillar-branded bias ply and beadless tires, ground engaging tools or Caterpillar-branded batteries, and Caterpillar Remanufactured Engines, to all of which different warranties apply.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Remedies under this warranty are expressly limited to the provision of parts as specified above and any claims for loss arising out of the failure of the parts or exchange components to perform for any period of time or other economic or moral loss, or direct, immediate, special, indirect or consequential damage are expressly excluded.

The term "Caterpillar" used herein means Caterpillar Inc. or one of its subsidiaries, whichever last sold the parts or components involved.

WARREN CAT EXCHANGE PARTS AND EXCHANGE COMPONENTS WARRANTY

Warren CAT will warrant all exchange components rebuilt by Warren CAT for a period of 6 months from the date of purchase.

The warranty applies following an inspection by Warren CAT and in its opinion, the exchange component is determined to have been defective in material or workmanship. If a failure is caused by improper installation by anyone other than Warren CAT, the warranty is null and void.

If the installation of the exchange component is performed by anyone other than Warren CAT, the warranty only covers repair or replacement of the exchange component. Any transportation costs, removal or installation expenses will be the responsibility of the customer.

If the installation of the exchange component is installed by Warren CAT, the warranty covers the repair or replacement of the exchange component, travel time, labor to remove and install the component and any associated parts required because of the defect in material or workmanship.

THIS WARRANTY IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Remedies under this warranty are limited to the provision of material or services, as specified above. Warren CAT is not responsible for incidental or consequential damages. There are no warranties or agreements which extend beyond the description of the face hereof.

Any and all disputes relating to parts, service or warranties are to be interpreted and construed under the laws of the State of Oklahoma.
