Price Template - Data Modeling Analysis Service

Service	Description	List Price	Percent off List	Oklahoma Price
RGB Image Processing	Generate orthomosaic, surface model, point cloud and contours	$70/HR		
Thermal IR Processing	Generate orthomosaic, radiometric analysis on still imagery	$70/HR		
LiDAR Processing	Point cloud classification, surface/terrain models, and contour	$95/HR		
Multispectral Image Processing	Generate orthomosaic, reflectance, vegetation indices	$70/HR		
GIS Analytics	Additional point cloud classification from imagery or LiDAR derived point clouds, compute change detection and volumetric calculations, web-map interface, any additional desirable deliverable item from remotely sensed data	$70/HR		
Web-hosting	Generate web-map interface to review, access and download processed data on Elevate hosted website available on any browser	$70/HR		
Data Storage	Secure, Redundant, and Accessible Data storage services	$145/TB/YR		

Price Template - Drones as a Service

Service	Description	List Price	Percent off List	Oklahoma Price
RGB Image/Video	Collect RGB imagery or vide	$250/HR	20% off additional hours after 4th hour	
Thermal IR Image/Video	Collect Thermal IR image or	$300/HR	20% off additional hours after 4th hour	
Multispectral Image	Collect Multispectral Image	$300/HR	20% off additional hours after 4th hour	
LiDAR	Collect UAS-LiDAR	$800/HR	20% off additional hours after 6th hour
