¹ Whichever comes first. A "Qualified Fleet User" is defined as, subject to below exclusions, any company: (a) which has purchased or leased five (5) or more new cars and/or trucks (any combination of vehicle manufacturers) principally for business use in its operation within the last 12 months; (b) that currently owns or leases five (5) or more medium duty trucks used in its company service; or (c) that currently owns or leases fifteen (15) or more cars and trucks used in its company service. ² Cargo and load capacity limited by weight and distribution. ³ Premium paint; additional cost. ⁴ Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information. ⁵ These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. ⁶ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁷ Go to my.chevrolet.com/learn to find out which Bluetooth phones are compatible with the vehicle. ⁸ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. ⁹ Front recovery hooks are for vehicle recovery only. To avoid the risk of injury, never use recovery hooks to tow a vehicle. ¹⁰ Service varies with conditions and location. Requires active service plan and paid AT&T data plan. See gmfleet.com/connectedservices for details and limitations. Availability subject to change.
