Terms, requirements and specifications may be stated or phrased differently than in a previous solicitation irrespective of past interpretations, practices or customs. Bid requirements are altered only by written Amendment and verbal communications from any source whatsoever are of no effect. In no event shall the Bidder's failure to read and understand a term, condition or requirement in any of the documents provided by the State constitute grounds for a claim after award of the Contract.

3 Communications and Questions

The Contracting Officer listed on the Bidder Instructions Cover Page is the only individual the Bidder should contact, or communicate with, regarding any questions or issues with the Acquisition. Failure to comply with this requirement may result in the Bid being considered non-responsive or not considered for further evaluation.

3.1 General Questions

B. Information Technology Bids

D. Section Four: Requested Exceptions to Terms

- i** Any requested exception or revision to terms or conditions provided by the State shall be inserted in this section using the table provided at the end of these Bidder Instructions. If no exceptions or revisions are requested, the Bid should reflect that by either submitting the table with no additions to it or by inserting a page to denote this section is not applicable. Each requested exception or revision shall identify (i) the document and section reference of the specific affected term and (ii) either that the term is inapplicable and should be intentionally omitted or offer alternative language if the Bidder is requesting revision of the term. Some examples are provided on the table for illustrative purposes only and, if not deleted in a submitted Bid, will be disregarded.
- ii** Use tracked changes to propose alternative language, added language or other revision. Requests not shown as tracked changes may be returned to the Bidder for compliance with this requirement and review will be delayed as a result.
- iii** Each entry on the exceptions table must reference only one subsection or section (if there are no subsections). Including multiple subsections in one entry may result in the table being returned to the Bidder for compliance with this requirement and review will be delayed as a result.
- iv** A clarification question is not an exception and any clarification included in this section will be disregarded.
- v** If the Bid contains a copy of **master** terms between the Bidder and the State that the Bidder believes are applicable to the Acquisition, the Bidder need not take exceptions to the General Terms; however, the remainder of terms and contents of a document provided by the State including, without limitation, all attachments, appendices and exhibits remain applicable and are not supplanted by such **master** terms. Therefore, any exception to terms in the Solicitation or any other document related to the Acquisition, other than General Terms, must be included in this section as an exception.
- vi** **THE STATE HAS NO RESPONSIBILITY TO INDEPENDENTLY REVIEW AN ENTIRE BID FOR EXCEPTIONS AND ANY EXCEPTION EMBODIED IN ANOTHER SECTION OF THE BID OR IN A FORMAT OTHER THAN THE PROVIDED TABLE WILL NOT BE CONSIDERED. LIKEWISE, AN EXCEPTION EXPRESSING ONLY GENERAL DISAGREEMENT WITH A TERM OR A GENERAL EXCEPTION TO ANY STATE TERMS OR CONDITIONS, WITHOUT SUGGESTED ALTERNATIVE WORDING OR IDENTIFYING THAT THE TERM SHOULD BE INTENTIONALLY OMITTED, WILL NOT BE CONSIDERED.**

E. Section Five: Additional Bidder Terms

Any additional terms that the Bidder requests be applicable to the Contract shall be inserted in this section and shall be provided in Word format. **THE STATE HAS NO RESPONSIBILITY TO INDEPENDENTLY REVIEW AN ENTIRE BID FOR ADDITIONAL TERMS AND ANY SUCH TERMS NOT SUBMITTED IN THIS SECTION OF THE BID SHALL NOT BE CONSIDERED.** Should a Bidder be awarded a Contract, neither the State nor a customer shall be required to execute additional documents not included in a Bid. For example, if a Bidder typically uses an ordering document in connection with an acquisition, the ordering document template shall be included in the Bid.

F. Section Six: Master Terms between Bidder and State

A copy of any master terms, mutually executed by the Bidder and the State, that the Bidder believes are applicable to the Acquisition shall be inserted in this section. Any master terms not submitted in this section of the Bid shall not be considered.

G. Section Seven: Executive Summary

The Bidder's executive summary shall be inserted in this section. Marketing information, general company information and other similar information should be included in the executive summary. Avoid duplication of such information in other sections of the Bid; it unnecessarily lengthens the Bid and hinders efficient evaluation.

H. Section Eight: Response to Specifications and Requirements

- i The portion of the Bid to be inserted in this section shows the ability of the Bidder to meet or exceed any Acquisition specifications and requirements.
- ii If an information technology VPAT is required, the URL link to the Bidder's VPAT shall be inserted in this section at a Bid Packet page referencing the VPAT.
- iii If an information technology Security Certification and Accreditation Assessment is required, the completed Assessment shall be inserted in this section at a Bid Packet page referencing the Security Accreditation Assessment. The Assessment is located online at https://omes.ok.gov/sites/g/files/gmc316/f/SecurityCertification-R_0.xlsx.
- iv If service level agreements are required, the proposed service level agreements shall be inserted in this section at a Bid Packet page referencing the proposed Service Level Agreements.
- v If a Statement of Work is required, the proposed draft shall be inserted in this section at a Bid Packet page referencing the proposed Statement of Work.

I. Section Nine: Pricing

Pricing associated with the Bid shall be inserted in this section and shall be in the required structure set forth above in Subsection 8.1, if any.

J. Section Ten: Offer of Value-Added Products and/or Services

If a Bid includes an offer of value-added products and/or services, such offer shall be inserted in this section and include associated pricing and any other information relevant

to such value-added offer. However, the State is not obligated to purchase value-added products or services.

If more than one Alternate Bid is submitted, the identification in the email subject line shall refer to Alternate Bid 1, Alternate Bid 2, etc.

13 Evaluation

- 13.1** A responsive Bid will proceed to the evaluation process. Unless the Solicitation specifies that “best value” criteria will be used to determine award, Bids shall be evaluated on “lowest and best” criteria.
- 13.2** Pursuant to OAC 260:115-7-32, Bidder past performance as a Supplier may be considered when evaluating a Bid.
- 13.3** Pursuant to 74 O.S. §85.44E, a Bid submitted by a service-disabled veteran business that does business in Oklahoma or maintains an Oklahoma office or place of business will be given a three-percentage point bonus preference in scoring the Bid.
- 13.4** The State reserves the right to require demonstrations, clarifications and additional documentation from any or all responding Bidders. Each Bidder should be prepared to participate in oral presentations and demonstrations to define the Bid, to introduce the Bidder’s team and to respond to questions regarding the Bid prior to award.

14 Competitive Negotiations of Offers

- 14.1** The State reserves the right to negotiate with none or one or more Bidders responding to the Solicitation and may negotiate any or all content of the Bid to obtain the best value for the State. Negotiations may be conducted in person, in writing or by electronic means and shall only be conducted with potentially acceptable Bids.
- 14.2** Negotiations could entail discussions on products, services, pricing, contract terminology or any other issue material to an award decision or that may mitigate the State’s risks. The State shall consider all issues arising from the Bid to be negotiable and will not be artificially constrained by Bidder internal corporate policies. Firms that contend a lack of flexibility because of corporate policy on a particular negotiation item shall face a significant disadvantage and may not be considered.
- 14.3** In the event of prolonged contract negotiations due to the number and/or significance of exceptions taken, lack of Bidder responsiveness or other failure to close contract negotiations, the State may, in its discretion, offer a successful Bidder a shorter contract term.
- 14.4** Terms, conditions, prices, methodology, or other features of the Bid may be subject to negotiations and subsequent revision. As part of the negotiations, the Bidder may be required to submit supporting financial, pricing, and other data in order to allow a detailed evaluation of the feasibility, reasonableness, and acceptability of the Bid.
- 14.5** Requirements and any terms marked as non-negotiable after the section title shall not be negotiable and shall remain unchanged unless the State determines that a change in such requirements or terms is in the best interest of the State.
- 14.6** The State may request a BAFO and shall determine the scope and subject of any BAFO request. However, the Bidder should not expect an opportunity to otherwise strengthen its Bid and should

submit its best Bid based on requirements herein. Any information offered outside the scope of the BAFO request will be disregarded.

15 Award of Contract

- 15.1** The State may award the contract to more than one Bidder by awarding the contract(s) by item or groups of items or may award the contract on an all or none basis, whichever is deemed to be in the best interest of the State.
- 15.2** In order to receive an award or payments from the State, a Bidder must be registered **as both a Bidder and as a Supplier** and must maintain the registration prior to any Contract renewal term. The registration process may be completed electronically at the following link: <https://omes.ok.gov/services/purchasing/vendor-registration>.
- 15.3** Pursuant to Oklahoma Attorney General Opinion No. 06-23, any Bidder that has assisted in preparing the Solicitation or developing the procurement terms, either directly or indirectly, is precluded from being awarded the Contract or from securing a sub-contractor that has provided such services.
- 15.4** Prior to award, the State may choose to request information from the Bidder to demonstrate its financial status and performance. If the Bidder is a subsidiary of another entity, the last three years audited financial statements of three years tax returns for the parent company may also be required. The State reserves the right, in its sole discretion, to determine a Bidder's financial status and to withhold award to a Bidder who is not deemed financially responsible.
- 15.5** A notice of award may be in the form of a purchase order or other payment mechanism or in the form of a mutually executed contract.
