

**Solicitation No. 0250000361 (Rebid)**

**Concrete Cable Mats**

**ADDENDUM – 1**

**Issued September 9, 2021**

**Questions / Answers**

**1.** I would like to ask for a set of plans to look the layout of the 4' x 8' panels. We believe our system can be installed in-situ as a complete mattress to perform better against erosion in this area. I have attached the specification for our system for review and approval. If one monolithic mattress is not acceptable we can fabricate the mattress panels to the specified 4' x 8' sections?

No deviations from specifications listed in the solicitation will be accepted.

**2.** Our company's ACB does not meet the exact specification for your project, and I was wondering if you would approve the variations?

No deviations from specifications listed in the solicitation will be accepted.
