| Line | Cat CD / Item # - Descr   | Qty. | UOM | Unit Cost | Ext. Cost |
|------|---|------|-----|-----------|-----------|
| 1    | 52161511 / Technisonic TDFM9300<br>Radio System --<br>Project 93660 | 1    | 8P  |           |           |

Purchase of Technisonic TDFM9300 and installation of Technisonic TDFM9300 at vendors facility.  
 Vendor will be required to have a ISO9000 Quality Assurance Program in place.  
 Vendor will be required to have at least 2 prior installations of the TDFM9300 in rotor wing aircraft

**Freight Terms:** FOB DEST**Ship Via:** COMMON

Lead Time: \_\_\_\_\_

**Supplier Remarks:**

COMMENTS:  
 Technisonic TDFM7300 radio system was installed and integrated in N370HP when the aircraft was built. It has become necessary to replace the now non-compliant system. Replacement with a Technisonic TDFM9300 will allow continuity of all functions, and avoid extensive re-configuration of the aircraft and all integration systems.

**This is NOT AN ORDER**

All returned quotes and related documents must be identified with our request for quote Number.
