**RETURN TO:** [OMESCPeBID@omes.ok.gov](mailto:OMESCPeBID@omes.ok.gov)

**Description of Amendment:**

a. This is to incorporate the following:

**Question and Answers:**

**Question 1.** Our Brine Production System will be different than those specified in Exhibit #1.

A. Should we provide our complete specifications and photo for our system and also outline how it is different than the Varitech Model Specified?

B. Does the State have the ability to accept our Brine Production System as long as we provide detailed specs, photo, and outline how it is different?

C. Do we provide our brand name, product # and price per each only on the attached form, or is there also another pricing spreadsheet where we provide the same information?

**Answer:** We are more than happy to review any alternate proposal and would request that the vendor submit their complete specifications similar to the format of the specifications in the RFP. Please provide pricing on spreadsheet posted with the solicitation.

**Question 2.** For exhibit No2 you are showing the blades sold as 3' & 4' blades. Please amend as these blades are sold as a kit

**Answer:** We can revise the spec sheet to remove the length listed in the dimensions, and the vendor can simply list their dimensions and part numbers.

**Question 3.** Will this contract extend throughout the entire state? What would be the estimated annual volume for the plow blades listed in the bid?

**Answer:** Yes, this contract is for statewide locations. County and City Government can also use this contract. Each location keeps some blades stocked, combined with future weather conditions, would determine how many are ordered. Past historical spend is approximately \$1.5 to \$2 Million annually.

b. All other terms and conditions remain unchanged.
