Description of Amendment:

a. This is to incorporate the following:

On behalf of the State of Oklahoma, the Office of Management and Enterprise Services (OMES) gives notice of the following questions concerning this solicitation, **RFP#0900000571** received during the Q&A period, which closed on 12/21/2022 at 3 PM.

Question 1:

we have an aggregate quarry in Atoka, OK. This will be our first year bidding the State of Oklahoma aggregate bid. I am hoping for a map possibly of all the delivery locations for each county. If there is any help you can give me on making sure I do this correctly I would appreciate it.

Answer:

Please see the Exhibit 1. Tab No#1 named Delivery pricing. There you can see on the first column named A: ODOT location.

Question 2:

I need to make sure I understand correctly. There are no specific locations? The delivery price we quote is delivered ANYWHERE in the county under ODOT location?

Answer:

yes, pricing should be good for any possible delivery location in the listed county, as we will have materials delivered to both our yards, as well as specific job sites. Please see the chart below: It does show the cities where our yards are located.

Oklahoma Salt Sheds

Revised 10/2016
