Description of Amendment:

a. This is to incorporate the following:

ATTACHMENT C: Agency Terms

1. Pesticide Licensing:
Contractor must be licensed to perform all required chemical application in accordance with state and local laws and provide current Pesticide Applicator’s License in Ornamental and Turf Category issued by the State of Oklahoma Department of Agriculture in the name of the bidder’s company prior to award of contract. **^ Contractor is required to provide current copy of Certified Pesticide Applicator License(s) and current certificate copy of Certified Applicator(s). Contractor will have no more than 2 calendar weeks to submit licenses and certifications from the date of email advising of “Notice of Intent to Award”. ^**

STATEMENT OF WORK (SOW)

2.6.1 Semi-Improved grounds: The remainder of the property (non-high profile areas of the property) as designated on the attached map. **^The number of acres of semi-improved grounds is approximately 4.7 acres.^**

4.2. Lawn Maintenance

4.2.5 The Contractor shall work with the OMD Contract Administrator and/or the Facility Manager to determine mowing height and frequency. The goal is to maintain the lawns in the Improved Grounds (9.43 acres) area(s) between 1.5” to 4” in height; however, depending on many factors, some areas may be mowed more or less frequently. **^ On Improved grounds areas; mowing will extend outside of exterior fences approximately 15 feet for security reasons. ^**

4.2.7 With each mowing, the Contractor shall maintain a clean cut lawn edge with a power edger or create a straight ad clean cut line between the turf edge and surface edges including but not limited to; curbs, sidewalks, asphalt, mow strips and bed edging, or around other paving. **^ When weed-eating or trimming the curb on the North side of the main exit/entry, use caution due to the gate operator low voltage wiring is very shallow next to the curb. Use weed-eater, no edgers in this area. ^**

4.6 Fertilization/Weed Control

4.6.1 The Contractor shall provide the services stipulated in section 4.6 FERTILIZATION to the plants and turf within the **^ IMPROVED GROUNDS area(s) ^** boundaries of the Oklahoma Military Department, Muskogee Armed Forces Reserve Center, located at 6800 S. Cherokee St. Muskogee, OK 74403.

4.7 Landscape Pest Control

4.7.6 The Contractor shall maintain turf **^ in the Improved Grounds area(s) only ^** reasonably free of weeds and pests. Pre-and post-emergent herbicide applications shall be made at labeled rates at the appropriate window of opportunity. Generally, turf shall be treated with post-emergent and pre-emergent herbicides with the first (1st) application at full rate in mid fall season while grasses are dormant, second (2nd) application at full rate in mid spring timeframe after grasses are growing. It shall be necessary to apply spot treatments to control weeds locally in turf; generally, spot treatments shall be completed when weeds prevail. Turf shall also be treated as necessary to prevent or control harmful pests including but not limited to fungi, mold, mildew, insects, worms, larvae, moles and gophers.

b. All other terms and conditions remain unchanged.
