To Whom it may concern

OMES

Good morning,

Due to the increasing cost of supplies from the shortages of microprocessors / chips and other parts, Peterbilt has had to dramatically increase the cost of the trucks. This has resulted in allocations of trucks to dealers nationwide, resulting in several price increases over the last 12 months. I have attached the new pricing for the different trucks that we have listed on the Oklahoma State Contract SW0035T.

Please let me know if there is any additional information that you need.

Sincerely,

A handwritten signature in black ink, appearing to read "Bill Duncan", with a long horizontal flourish extending to the right.
