

H. PRICE AND COST

H.1. Pricing Details

All elements of recurring and nonrecurring costs shall be identified. These costs should also include pre-implementation. List all pricing assumptions that could affect the cost

The following rates should include enhancements to meet federal/state reporting requirements.

If the offering has optional/additional modules for purchase, please create a new table for each product and list the per-student or other rate structure. If one of the services listed is not offered please indicate.

One-Time Upfront Charges (Implementation)

Additional lines may be added to identify any other costs associated with the implementation of a new system or the conversation from another system brand name.

Task	Rate
Initial Installation/Configuration	Customer elected - this varies depending upon elected package. (We highlight implementation package offerings throughout our initial response).
Data Conversion	This would be TBD based on scoping
