

STATE OF OKLAHOMA CONTRACT WITH CLINICAL SOLUTIONS, LLC

This State of Oklahoma Contract (“Contract”) is entered into between the State of Oklahoma by and through the Oklahoma Department of Corrections ("State") and Clinical Solutions, LLC (“Supplier”) and is effective as of the effective date set forth on a properly issued purchase order or, if no effective date is listed, the date of last signature to this Contract. The initial Contract term, which begins on the effective date of the Contract, is one year and there are four (4) one-year options to renew the Contract.

Purpose

The State is awarding this Contract for potential Suppliers to provide Medication Prescription filling services, as more particularly described in certain Contract Documents. This Contract memorializes the agreement of the parties with respect to negotiated terms of the Contract that is being awarded to Supplier.

Now, therefore, in consideration of the foregoing and the mutual promises set forth herein, the receipt and sufficiency of which are hereby acknowledged the parties agree as follows:

1. The parties agree that Supplier has not yet begun performance of work under this Contract. Issuance of a purchase order is required prior to payment to a Supplier.
2. The following Contract Documents are attached hereto and incorporated herein:
 - 2.1. Attachment A – Solicitation #EV00000600;
 - 2.2. Attachment A1 – Non-Negotiable General Terms;
 - 2.3. Exhibit 1 – Executive Summary;
 - 2.4. Exhibit 2 – Pricing Sheet;
 - 2.5. Exhibit 3 – Reference Worksheet;
 - 2.6. Exhibit 4 – Third Party Information;
 - 2.7. Attachment B – Negotiable General Terms;
 - 2.8. Attachment C - Agency Terms;
 - 2.9. Attachment D - State IT Terms;
 - 2.10. Attachment E1 - Pricing Sheet;
 - 2.11. Exhibit 1 - Response to Executive Summary Worksheet;
 - 2.12. Exhibit 2 – Response to Bidder Reference Worksheets – Clinical Solutions; and
 - 2.13. Exhibit 3 - Response to Bidder Requirements
3. The parties additionally agree:
 - 3.2. Except for Audited Financials and information deemed confidential by the State pursuant to applicable law, rule, regulation or policy, the parties agree Contract terms and information are not confidential and are disclosable without further approval of or notice to Supplier.
 - 3.3. To the extent any term or condition in any Contract Document, including via a hyperlink or uniform resource locator, conflicts with an applicable Oklahoma and/or United States

law or regulation, such term or condition is void and unenforceable. By executing any Contract Document which contains a conflicting term or condition, the State or Customer makes no representation or warranty regarding the enforceability of such term or condition and the State or Customer does not waive the applicable Oklahoma and/or United States law or regulation which conflicts with the term or condition.

4. The parties recognize that while the State of Oklahoma is executing this contract, payment obligations rest solely with the Oklahoma Department of Corrections and OMES shall not be responsible for such. Please send invoices and billing inquiries to:

Oklahoma Department of Corrections
Attn: Medical & Programs Accounting
4345 N Lincoln Blvd,
Oklahoma City, OK 73105
Invoice Email: trsaccounting@doc.ok.gov

Attachments referenced in this section are attached hereto and incorporated herein.

5. Supplier shall agree to an effective date of July 1, 2025, and the \$5 million cybersecurity policy and VPAT requirement are no longer required by the “State”.
6. Any reference to a Contract Document refers to such Contract Document as it may have been amended. If and to the extent any provision is in multiple documents and addresses the same or substantially the same subject matter but does not create an actual conflict, the more recent provision is deemed to supersede earlier versions.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

SIGNATURES

The undersigned represent and warrant that they are authorized, as representatives of the party on whose behalf they are signing, to sign this Contract and to bind their respective party thereto.

Attachment A

Solicitation No. EV00000600

This Solicitation is a Contract Document and is a request for proposal in connection with the Contract awarded on behalf of the Oklahoma Department of Corrections by and through the Office of Management and Enterprise Services as more particularly described below. Any defined term used herein but not defined herein shall have the meaning ascribed in the General Terms or other Contract document.

I. PURPOSE

The Office of Management and Enterprise Services (OMES), Central Purchasing Division, is seeking responses on behalf of the Oklahoma Department of Corrections (ODOC) from potential Suppliers to provide Medication Prescription filling services. A Contract resulting from this Solicitation may be designated for use as a Statewide Contract.¹

The Contract is awarded on behalf of ODOC for canteen services.

II. BACKGROUND

The Health Services unit of ODOC is responsible for providing adequate health care services to the inmates in its custody and control. ODOC has a shortage of qualified health care resources to provide necessary medical services, including pharmacy services to the inmate population within its institutions. The State of Oklahoma established a system to provide medical, dental, and mental health care services for all inmates sentenced to custody of ODOC. The current system directly provides or is responsible for the delivery of pharmaceutical health care services to approximately 19,000 inmates, none of which are currently federal, through twenty-three (23) Medical Service Units. The average number of prescriptions filled per month for all facilities is 40,803 for both stock and patient specific. The average pharmacy dollar amount spent monthly over the last 12 months is \$1,921,736.62.

The Medical Service Units located at the various correctional centers and community corrections centers are designated as “host Medical Service Units”. The Medical Service Units deliver health care to inmates assigned to their facility and the Judgment and Sentence populations located at their hosted additional ODOC locations and assigned county jails.

1. Contract Term and Renewal Options:

- 1.1. The initial Contract term, which begins on the effective date of the Contract, is one year and there are four (4) one-year options to renew the Contract.

¹ 74 O.S. 85.5(G)(3)

2. Solicitation Criterion:

2.1. The Bid will be evaluated using a best value criterion, based on the following:

- i. Price
- ii. Ability to meet specifications

2.2 Scope and Description:

- i. The Bid Response must reflect for each requirement on Exhibit 3 – Bidder Requirements.
- ii. A listing of all ODOC facilities, additional ODOC locations and county jails are on Exhibit 4 – Facility Locations.
- iii. Pricing shall be proposed using the Exhibit 5 – ODOC Historical Medications/Supplier’s Proposed Pricing.

2.3. Executive Summary and Company Information are on Exhibit 1 - Executive Summary and Company Information.

2.4. All Technical responses are on Exhibit 3 – Bidder Requirements.

2.5. Business References are to be on Exhibit 2 – Bidder Reference Worksheet.

**ATTACHMENT A1:
STATE OF OKLAHOMA
NON-NEGOTIABLE GENERAL TERMS**

In addition to other terms contained in an applicable Contract document, Supplier and State agree to the following General Terms:

1 Scope and Contract Renewal

- 1.1** Supplier may not add products or services to its offerings under the Contract without the State's prior written approval. Such request may require a competitive bid of the additional products or services. If the need arises for goods or services outside the scope of the Contract, Supplier shall contact the State.
- 1.2** At no time during the performance of the Contract shall the Supplier have the authority to obligate any Customer for payment for any products or services (a) when a corresponding encumbering document is not signed or (b) over and above an awarded Contract amount. Likewise, Supplier is not entitled to compensation for a product or service provided by or on behalf of Supplier that is neither requested nor accepted as satisfactory.
- 1.3** If applicable, prior to any Contract renewal, the State shall subjectively consider the value of the Contract to the State, the Supplier's performance under the Contract, and shall review certain other factors, including but not limited to the: a) terms and conditions of Contract documents to determine validity with current State and other applicable statutes and rules; b) current pricing and discounts offered by Supplier; and c) current products, services and support offered by Supplier. If the State determines changes to the Contract are required as a condition precedent to renewal, the State and Supplier will cooperate in good faith to evidence such required changes in an Amendment. Further, any request for a price increase in connection with a renewal or otherwise will be conditioned on the Supplier providing appropriate documentation supporting the request.
- 1.4** Upon mutual agreement, the Parties may extend the Contract for ninety (90) days beyond a final renewal term. The Parties may to the extent allowable by law, choose to exercise subsequent ninety (90) day extensions.

1.5 Supplier understands that supplier registration expires annually and, pursuant to OAC 260:115-3-3, Supplier shall maintain its supplier registration with the State as a precondition to a renewal of the Contract.

2 Contract Effectiveness

2.1 Unless specifically agreed in writing otherwise, the Contract is effective upon the date last signed by the parties. Supplier shall not commence work, commit funds, incur costs, or in any way act to obligate the State until a proper purchase order has been issued.

2.2 Any Contract document shall be legibly written in ink or typed. All Contract transactions, and any Contract document related thereto, may be conducted by electronic means pursuant to the Oklahoma Uniform Electronic Transactions Act.

3 Modification of Contract Terms and Contract documents

3.1 The Contract may only be modified, amended, or expanded by an Amendment. Any change to the Contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials made unilaterally by the Supplier, is a material breach of the Contract. Unless otherwise specified by applicable law or rules, such changes, including without limitation, any unauthorized written Contract modification, shall be void and without effect and the Supplier shall not be entitled to any claim under the Contract based on those changes. No oral statement of any person shall modify or otherwise affect the terms, conditions, or specifications stated in the Contract.

3.2 Any additional terms on an ordering document provided by Supplier are of no effect and are void unless mutually executed. OMES bears no liability for performance, payment or failure thereof by the Supplier or by a Customer other than OMES in connection with an Acquisition.

3.3 Except for information deemed confidential by the State pursuant to applicable law, rule, regulation, or policy, the parties agree Contract terms are not confidential and are disclosable without further approval of or notice to Supplier.

3.4 Unless mutually agreed to in writing by the State of Oklahoma by and through the Office of Management and Enterprise Services, no Contract

document or other terms and conditions or clauses, including via a hyperlink or uniform resource locator, shall supersede or conflict with the terms of this Contract or expand the State's or Customer's liability or reduce the rights of Customer or the State.

- 3.5** To the extent any term or condition in any Contract document, including via a hyperlink or uniform resource locator, conflicts with an applicable Oklahoma and/or United States law or regulation, such term or condition is void and unenforceable. By executing any Contract document which contains a conflicting term or condition, the State or Customer makes no representation or warranty regarding the enforceability of such term or condition and the State or Customer does not waive the applicable Oklahoma and/or United States law or regulation which conflicts with the term or condition.

4 Pricing

- 4.1** Pursuant to 68 O.S. §§ 1352, 1356, and 1404, State agencies are exempt from the assessment of State sales, use, and excise taxes. Further, State agencies and political subdivisions of the State are exempt from Federal Excise Taxes pursuant to Title 26 of the United States Code. Any taxes of any nature whatsoever payable by the Supplier shall not be reimbursed.
- 4.2** Pursuant to 74 O.S. §85.40, all travel expenses of Supplier must be included in the total Acquisition price.
- 4.3** The price of a product offered under the Contract shall include and Supplier shall prepay all shipping, packaging, delivery and handling fees. All product deliveries will be free on board Customer's Destination. No additional fees shall be charged by Supplier for standard shipping and handling. If Customer requests expedited or special delivery, Customer may be responsible for any charges for expedited or special delivery
- 4.4** Any product to be delivered pursuant to the Contract shall be subject to final inspection and acceptance by the Customer at Destination. The Customer assumes no responsibility for a product until accepted by the Customer. Title and risk of loss or damage to a product shall be the responsibility of the Supplier until accepted. The Supplier shall be responsible for filing, processing, and collecting any and all damage claims accruing prior to acceptance

4.5 Pursuant to OAC 260:115-9-1, payment for an Acquisition does not constitute final acceptance of the Acquisition. If subsequent inspection affirms that the Acquisition does not meet or exceed the specifications of the order or that the Acquisition has a latent defect, the Supplier shall be notified as soon as is reasonably practicable. The Supplier shall retrieve and replace the Acquisition at Supplier's expense or, if unable to replace, shall issue a refund to Customer. Refund under this section shall not be an exclusive remedy.

5 Invoices and Payments

5.1 Supplier shall be paid upon submission of a proper invoice(s) at the prices stipulated in the Contract in accordance with 74 O.S. §85.44B which requires that payment be made only after products have been provided and accepted or services rendered and accepted. This section shall not prohibit the payment of membership dues or payment for subscriptions to magazines, periodicals or books or for payment to vendors providing subscription services under 74 O.S. 85.44B.

The following terms additionally apply:

- A.** An invoice shall contain the purchase order number, description of products or services provided and the dates of such provision.
- B.** Failure to provide a timely and proper invoice may result in delay of processing the invoice for payment. Proper invoice is defined at OAC 260:10-1-2.
- C.** Payment of all fees under the Contract shall be due NET 30 days but shall not be deemed late until 45 days. Payment and interest on late payments are governed by 62 O.S. §34.72. Such interest is the sole and exclusive remedy for late payments by a State agency and no other late fees are authorized to be assessed pursuant to Oklahoma law.
- D.** The date from which an applicable early payment discount time is calculated shall be from the receipt date of a proper invoice. There is no obligation, however, to utilize an early payment discount.
- E.** If an overpayment or underpayment has been made to Supplier any subsequent payments to Supplier under the Contract may be adjusted to correct the account. A written explanation of the adjustment will be issued to Supplier.

- F. If the Supplier accepts payment by Purchase Card they shall do so according to Oklahoma law.

6 Oklahoma Open Records Act

Supplier acknowledges that all State agencies and certain other Customers are subject to the Oklahoma Open Records Act set forth at 51 O.S. §24A-1 et seq. Supplier also acknowledges that compliance with the Oklahoma Open Records Act and all opinions of the Oklahoma Attorney General concerning the Act is required. Customer may be provided access to Supplier Confidential Information. State agencies are subject to the Oklahoma Open Records Act and Supplier acknowledges information marked confidential information will be disclosed to the extent permitted under the Open Records Act and in accordance with this section. Nothing herein is intended to waive the State Purchasing Director's authority under OAC 260:115-3-9 in connection with Bid information requested to be held confidential by a Bidder. Notwithstanding the foregoing, Supplier Confidential Information shall not include information that: (i) is or becomes generally known or available by public disclosure, commercial use or otherwise and is not in contravention of this Contract; (ii) is known and has been reduced to tangible form by the receiving party before the time of disclosure for the first time under this Contract and without other obligations of confidentiality; (iii) is independently developed without the use of any of Supplier Confidential Information; (iv) is lawfully obtained from a third party (without any confidentiality obligation) who has the right to make such disclosure or (v) pricing provided to the State. In addition, the obligations in this section shall not apply to the extent that the applicable law or regulation requires disclosure of Supplier Confidential Information, provided that the Customer provides reasonable written notice, pursuant to Contract notice provisions, to the Supplier so that the Supplier may promptly seek a protective order or other appropriate remedy.

7 Conflict of Interest

In addition to any requirement of law or of a professional code of ethics or conduct, the Supplier, its employees are required to disclose any outside activity or interest that conflicts or may conflict with the best interest of the State. Prompt disclosure is required under this section if the activity or interest is related, directly or indirectly, to any person or entity currently under contract with or seeking to do business with the State, its employees or any other third-party individual or entity awarded a contract with the State. Further, as long as the Supplier has an obligation

under the Contract, any plan, preparation or engagement in any such activity or interest shall not occur without prior written approval of the State. Any conflict of interest shall, at the sole discretion of the State, be grounds for partial or whole termination of the Contract.

8 State Shall Not Indemnify

The State of Oklahoma cannot lawfully agree to indemnify a private contractor. The credit of the State shall not be given, pledged, or loaned to any individual, company, corporation, or association, municipality, or political subdivision of the State pursuant to Oklahoma Constitution article 10, Section 15, OAC 260:115-7-32(k)(3)(A) and Attorney General Opinion 2012-18.

9 Indemnification Coordination of Defense

9.1 In connection with indemnification obligations under the Contract, when a State agency is a named defendant in any filed or threatened lawsuit, the defense of the State agency shall be coordinated by the Attorney General of Oklahoma, or the Attorney General may authorize the Supplier to control the defense and any related settlement negotiations; provided, however, Supplier shall not agree to any settlement of claims against the State without obtaining advance written concurrence from the Attorney General. If the Attorney General does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall have authorization to equally participate in any proceeding related to the indemnity obligation under the Contract and shall remain responsible to indemnify the applicable Indemnified Parties.

10 Termination for Funding Insufficiency

10.1 Notwithstanding anything to the contrary in any Contract document, the State may terminate the Contract in whole or in part if funds sufficient to pay obligations under the Contract are not appropriated or received from an intended third-party funding source. In the event of such insufficiency, Supplier will be provided at least fifteen (15) calendar days' written notice of termination. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated. The determination by the State of insufficient funding shall be accepted by, and shall be final and binding on, the Supplier.

10.2 Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or

other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contractor certain obligations are terminated shall be refunded.

- 10.3** The State's exercise of its right to terminate the Contract under this section shall not be considered a default or breach under the Contract or relieve the Supplier of any liability for claims arising under the Contract.

11 Suspension of Supplier

- 11.1** Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.
- 11.2** Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.
- 11.3** Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This

subsection is not intended to operate as an affirmative statement that such resumption will occur.

12 Certification Regarding Debarment, Suspension, and Other Responsibility Matters

The certification made by Supplier with respect to Debarment, Suspension, certain indictments, convictions, civil judgments and terminated public contracts is a material representation of fact upon which reliance was placed when entering into the Contract. A determination that Supplier knowingly rendered an erroneous certification, in

addition to other available remedies, may result in whole or partial termination of the Contract for Supplier's default. Additionally, Supplier shall promptly provide written notice to the State Purchasing Director if the certification becomes erroneous due to changed circumstances.

13 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

14 Notices

All notices, approvals or requests allowed or required by the terms of any Contract shall be in writing, reference the Contract with specificity and deemed delivered upon receipt or upon refusal of the intended party to accept receipt of the notice. Notice information may be updated in writing to the other party as necessary.

In addition to other notice requirements in the Contract and the designated Supplier contact provided in a successful Bid, notices shall be sent to the State at the email address set forth below.

Notwithstanding any other provision of the Contract, confidentiality, breach and termination-related notices shall be delivered to the address below in addition to e-mail.

If sent to the State:

State Purchasing Director
2401 North Lincoln Blvd., Second Floor
Oklahoma City, Oklahoma 73105

With a copy, which shall not constitute notice, to:

Purchasing Division Deputy General Counsel
2401 North Lincoln Blvd., Second Floor
Oklahoma City, Oklahoma 73105

15 Miscellaneous

15.1 Choice of Law and Venue

Any claim, dispute, or litigation relating to the Contract documents, in the singular or in the aggregate, shall be governed by the laws of the State of Oklahoma without regard to application of choice of law principles. Pursuant to 74 O.S. §85.7(F), where Federal awards are involved, applicable federal laws, rules and regulations shall govern to the extent necessary to insure ensure compliance with the terms of the Federal award. Venue for any action, claim, dispute, or litigation relating in any way to the Contract documents, shall be in Oklahoma County, Oklahoma. The State expressly declines any terms that minimize its rights under Oklahoma Law, including but not limited to, Statutes of Limitations.

15.2 Employment Relationship

The Contract does not create an employment relationship. Individuals providing products or performing services pursuant to the Contract are not employees of the State or Customer and, accordingly are not eligible for any rights or benefits whatsoever accruing to such employees.

15.3 Failure to Enforce

Failure by the State or a Customer at any time to enforce a provision of, or exercise a right under, the Contract shall not be construed as a waiver of any such provision. Such failure to enforce or exercise shall not affect the validity of any Contract document, or any part thereof, or the right of the State or a Customer to enforce any provision of, or exercise any right under, the Contract at any time in accordance with its terms. Likewise, a waiver of a breach of any provision of a Contract document shall not affect or waive a subsequent breach of the same provision or a breach of any other provision in the Contract.

15.4 Invalid Term or Condition

To the extent any term or condition in the Contract conflicts with a compulsory applicable State or United States law or regulation, such Contract term or condition is void and unenforceable. By executing any Contract document which contains a conflicting term or condition, no representation or warranty is made regarding the enforceability of such term or condition. Likewise, any applicable State or federal law or regulation which conflicts with the Contract or any non-conflicting applicable State or federal law or regulation is not waived.

15.5 Severability

If any provision of a Contract document, or the application of any term or condition to any party or circumstances, is held invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable and the application of such provision to other parties or circumstances shall remain valid and in full force and effect. If a court finds that any provision of this contract is invalid or unenforceable, but that by limiting such provision it would become valid and enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.

15.6 Section Headings

The headings used in any Contract document are for convenience only and do not constitute terms of the Contract.

15.7 Sovereign Immunity

Notwithstanding any provision in the Contract, the Contract is entered into subject to the State's Constitution, statutes, common law, regulations, and the doctrine of sovereign immunity, none of which are waived by the State nor any other right or defense available to the State; provided, however, that the parties hereby agree that the doctrine of sovereign immunity does not apply to actions grounded in contract and therefore does not prohibit Supplier from pursuing claims arising under the Contract against the State and Customers.

15.8 Survival

As applicable, performance under all license, subscription, service agreements, statements of work, transition plans and other similar Contract documents entered into between the parties under the terms of the Contract

shall survive Contract expiration. Additionally, rights and obligations under the Contract which by their nature should survive including, without limitation, certain payment obligations invoiced prior to expiration or termination; confidentiality obligations; security incident and data breach obligations and indemnification obligations, remain in effect after expiration or termination of the Contract.

15.9 Gratuities

The Contract may be immediately terminated, in whole or in part, by written notice if it is determined that the Supplier, its authorized employee, agent, or another representative acting within the scope of their authority violated any federal, State or local law, rule or ordinance by offering or giving a gratuity to any State employee directly involved in the Contract. In addition, Suspension or Debarment of the Supplier may result from such a violation.

15.10 Import/Export Controls

Neither party will use, distribute, transfer or transmit any equipment, services, software or technical information provided under the Contract (even if incorporated into other products) except in compliance with all applicable import and export laws, conventions and regulations.

3	<p>Has the Offeror had any contracts terminated for poor/non-performance in the last 5 years? If yes, describe in detail the circumstances involved and provide any applicable documentation.</p>		
4	<p>Describe the Offeror's internal controls relating to HIPAA, DSCSA, USP Chapters 795, 797 and 800 that the Offeror maintains.</p>		
5	<p>Describe the Offeror's involvement in any trade organizations. Do you hold a certification or maintain compliance with any standards set by trade organizations (NCCHC, ACA, ASHP, etc)? If so, which?</p>		
6	<p>The offeror shall work with the covered entity as defined in Section 340B of the Federal Public Health Services Act, 42 USC 256b, that is selected by ODOC to provide certain drugs at reduced prices for use by inmate patients of the covered entity. Offeror shall, with ODOC's written approval, allow the selected covered entity to purchase pharmaceuticals through this contract for the use of inmate patients.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
<u>Contract Implementation</u>			
9	<p>Offeror shall be required to transfer current ODOC pharmacy supplier's patient drug database to their system within the 30 calendar days prior to the start of the contract.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		

10	<p>Offeror shall have a maximum of 30 calendar days from the date of award of contract to complete its implementation for a fully operational pharmacy system.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
11	<p>Offeror shall provide local representation during the implementation phase for purposes of on-site training, inventory valuation of medication stock in its facilities, and for advising ODOC management of related needs, progress, problems and solutions.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
<u>Contract Requirements</u>			
12	<p>Offeror shall provide medication to the ODOC inmate population and shall charge solely based on actual acquisition cost of the medication plus the dispensing fee. A. Actual acquisition cost of a medication charged to ODOC shall be the Offeror's actual acquisition cost of the medication on the filling/dispensing date of the medication/prescription in question.; B. Stock fills shall only be charged one filling/dispensing fee, C. Upon release, inmates are provided with approximately a 30-day supply of medication, in child-resistant packaging, to be sent to the facilities only. Offeror will be notified utilizing the ODOC Electronic Health Record (EHR), which is currently supplied by Medunison.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
13	<p>Offeror shall provide all necessary pharmacy/drug-related supplies, including those supplies reasonably requested by facilities at no cost to ODOC as listed on, but not limited to, Exhibit 3. ODOC reserves the right to add or remove items from Exhibit 3. ODOC is only requesting the items that would be necessary to safely store, prepare or administer the drugs. These items will be limited to standard pharmacy expense items (i.e., expense items that you would not normally charge a patient for separately), such as controlled substance logbooks, clear plastic bag/light protective bags, vials/lids, spoons/oral syringes for liquid administration, etc. These items will not include things that would normally charge a patient/insurer for separately, such as syringes/needles for injection, test strips, lancets, etc.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
14	<p>Offeror shall ensure that prescription drugs, including injectable, compounded intravenous solutions, over-the-counter medications, both formulary and non-formulary are obtainable by ODOC through this contract, in accordance with applicable ODOC policies and procedures pertaining to pharmacy services. Non-formulary review process is conducted by request to ODOC Chief Medical Officer (CMO), or designee, in ODOC's EHR.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		

15	<p>Offeror shall verify with the CMO or designee, and the facility staff the validity of specialty orders for refilled medications whose cost is greater than \$5,000.00. Offeror shall wait for confirmation before shipping the medication and billing ODOC.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
16	<p>Offeror shall verify the validity (not erroneously sent) of an early refill (i.e., a refilled medication if 21 or more days have not passed since the last fill). Offeror shall wait for confirmation of such an order before shipping the medication and billing ODOC.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
17	<p>Offeror shall fill prescriptions with generic medications of comparable bioavailability/bioequivalence/biosimilar to brand name products, unless the ODOC physician specifically requests brand name.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
18	<p>Offeror shall maintain records of any and all filling/dispensing errors of which it becomes aware. Offeror's records of filling/dispensing errors shall consist of a quality report containing the following information: A. Origin of the error, B. Description of error (nature and circumstances of the error), C. Type of error, D. Medical Services Unit affected, E. Date/Time of error, F. Person/process that identified the error, G. Identifiers (name, employee number, etc.) of person(s) involved in error, H. Date/Time Correctional Health Services Administrator was notified of the error If applicable provider was notified (and any instruction by/comments of provider), I. Medication name(s), J. Medication strength(s), K. Prescription number, L. Inmate name and ODOC number, M. Inmate date of birth, If applicable, likely cause and effect of error, N. Improvement plan to prevent similar future errors, O. Other relevant documentation (images of orders from the Medical Services Unit, prescription form(s) or other documentation corroborating the discrepancy)</p> <p>Offeror shall complete the quality report within one business day of discovering a filling/dispensing error.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
19	<p>Offeror shall inform the CMO or designee within two business days of discovery of a filling/dispensing error and shall provide the complete records of the error within the same time frame.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
20	<p>Offeror shall provide a means for ODOC to code medications returned to Offeror as "dispensing error".</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		

21	<p>All medications which are confirmed to be dispensing errors shall be issued full credit, including refunding of dispensing fees.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
22	<p>Prescriptions filled for a deceased or discharged inmate shall be treated as Offeror's dispensing error if information has been communicated to Offeror and shall be subject to these terms and credited in full. Medication error reports shall also be maintained for these incidents.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
23	<p>Offeror shall provide all hardware/software necessary for each ODOC facility listed on Exhibit 3, which includes a list of current medication carts at all facilities. The required amount of hardware/software at each facility will be determined by the ODOC Medical Services Manager or designee. Repairs and/or replacement of equipment shall be within 24-hours of notification of problem. If equipment requires repairs more than three times in a 12-month period, equipment shall be replaced at Offeror's expense.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
24	<p>Offeror shall allow for up to four separate accounts for each of the facilities listed on Exhibit 3. These accounts shall have the same shipping address as listed on Exhibit 3, but shall be packaged, shipped and invoiced separately from the other accounts. There are currently only two facilities that use separate accounts. The ship to address will remain the same for separate accounts at the same facility. The intention is for the medications for specific units to be packaged together. For example: Joseph Harp Correctional Center currently has four separate accounts for the same facility ship to address. Those units are the Main Medical, Mental Health Unit, G Unit, and J Unit. All medications for each of the units are packaged together so that they can be taken directly to the appropriate unit and opened there for storage and distribution.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
	<p><u>Ordering</u></p>		
25	<p>What ordering mechanisms will be made available to ODOC? These must include, but not limited to:</p> <p>Accessed through existing ODOC computer by each location's Medical Service Unit, Placing orders through ODOC's EHR system while interfacing with ODOC's Offender Management System (currently supplied by Marquis Software) and facsimile orders as a backup if EHR system is down.</p>		

26	Discuss ordering cut-off times and hours of operation for contacting your staff.		
27	Are there any different procedures for maintaining a controlled substance (schedules II-V)? If so, please describe.		
28	How are refills managed?		
29	How are orders transmitted after-hours?		
30	How are emergency orders handled?		

31	How are stock medications maintained?		
32	Describe how ODOC will be able to track orders placed.		
33	<p>Offeror shall make back-up provisions with local pharmacies within 30 miles of each ODOC location for filling emergent orders, including Saturdays and Sundays, holidays and after-hours. Emergent orders shall be processed and available for pick-up within 6 hours. Local pharmacies will act as sub-contractors and will be held to the same terms and conditions of this contract.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
	<p><u>Medication Management</u></p>		
34	<p>Offeror's staff shall be available for clinical discussion during normal business hours.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
35	Describe your process, if any, for collaborative management of a patient's health conditions.		

36	How are unnecessary medications discontinued?		
37	If a medication ordered is not available, what are your procedures for obtaining or substituting it?		
38	How are product expiration/beyond use dates handled?		
39	How are medication recalls handled when the medication has already left company's facility?		
40	Describe how clinical staff integrate into the medication filling process.		

41	Describe your formulary, any customizations available, and how that formulary is enforced. The Offeror will work with the ODOC Pharmacy and Therapeutics Committee for the formularies upon contract award.		
42	How are specialty pharmaceuticals defined? Are they managed separately in any way?		
43	How are patient consultation requirements met?		
44	How are discharge/release medications managed?		
	<u>Packaging</u>		

45	What types of packaging are available for stock medications?		
46	All prescription medications shall be filled by the Offeror utilizing a daily multi-dose automated tablet packaging system per patient with RFID tracking technology, both on the medication packets and medication shipments. Offeror has read, understands and shall comply with the requirement above. (Yes/No)		
47	All daily prescription medication packets shall be sealed and have the ability to be filled in one packet per dosing time (QD/AM/PM) with a minimum of 3 prescriptions to the same patient and a total of 10 pills. Offeror has read, understands and shall comply with the requirement above. (Yes/No)		
48	All prescription medication packets shall have a barcode scanning capability for accuracy and to be able to be dispensed automatically to the patient. Offeror has read, understands and shall comply with the requirement above. (Yes/No)		
49	All prescription medication packets with multiple prescriptions shall have barcodes for each prescription. Offeror has read, understands and shall comply with the requirement above. (Yes/No)		
50	All prescription medication packets barcodes shall interface with and be uploaded into the ODOC EHR system for real-time or near real-time synchronization with patient records. Offeror has read, understands and shall comply with the requirement above. (Yes/No)		

51	<p>All prescription medication packets shall be labelled in accordance with all State of Oklahoma, federal regulations and physician/provider instructions.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
52	<p>All medication shipments shall be sorted and clearly labelled on the outside of the packaging by housing unit/date and time (AM/PM) of distribution to patient.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
53	<p>Describe how medication errors are avoided, tracked and reported.</p>		
	<p><u>Delivery</u></p>		
54	<p>Describe your delivery process. If you use a third-party courier, disclose who they are.</p>		
55	<p>Once the contract is established, deliveries shall be made to ODOC facilities daily, during normal business hours and excluding state of Oklahoma recognized holidays.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
56	<p>New medication orders shall be delivered within one business day based on Offer's daily ordering cut-off time.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		

57	<p>Refills and stock medications shall be delivered no later than three business days based on Offeror's daily ordering cut-off time.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
58	<p>What steps are taken to ensure deliveries are on-time, complete and are done under appropriate temperature and humidity conditions?</p>		
Returns			
59	<p>How are product recalls and returns handled?</p>		
60	<p>How do you ensure that medication is not used after the beyond use or manufacturer's expiration date?</p>		
61	<p>Is credit offered for returns of any type? How will ODOC know whether they are credited?</p>		
Invoicing			

62	<p>Offeror shall submit monthly itemized invoices of medications delivered both to trsaccounting@doc.ok.gov and specific ordering Medical Services Unit correctional center email address listed in Exhibit 3, no later than the 5th of the following month.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
63	<p>The Offeror's invoice shall include a line item for each of the following prescription filled during the applicable month:</p> <p>A. Drug name (generic and name brand) B. Strength C. National Drug Code (N.D.C.) reference number D. Inmate's prescription provider name E. Prescription unit count F. Prescribing unit/facility G. Date medication dispensed H. Drug Class I. New or Refill order J. Fill fee costs</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
64	<p>Offeror shall submit a monthly cost summary invoice of each facility to trsaccounting@doc.ok.gov no later than the 5th of the following month, to include the following:</p> <p>A. Facility name B. Medical C. Mental health D. Dental E. HCV F. Shipping G. Fill fee H. Total rebate</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
65	<p>Any and all rebates and/or credits received for drugs shall be itemized as a separate line item in the invoice.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
66	<p>Fill fee shall be a separate line in the invoice.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		

67	<p>The invoice shall display a bottom-line total of all line items included.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
68	<p>Offeror's invoice heading shall include their name, remittance address, telephone number, and the contract purchase order number and FEI number exactly as it appears in the contract.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
<u>Reporting</u>			
69	<p>Offeror's company shall provide monthly reports in CSV and PDF formats that summarize monthly expense and usage for in and usage for individual drugs and for drug therapeutic categories, by individual Medical Service Unit and all Medical Service Units combined. ODOC requires Offeror to break down related reports as requested by ODOC, including by Medical Service Unit, by provider, by inmate, by medication type, by date of order and by therapeutic category.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
70	<p>Additional reports that shall be provided which are normally requested are but not limited to:</p> <p>A. Medication Administration Records; B. Medication Profiles (Active and Inactive); C. Billing Statements and Invoices; D. Stock Utilization Reports; E. Total Rx & Inmates on Meds (Mental Health & Non-Mental Health) per Facility; F. Total Doses (Mental Health & Non-Mental Health) per Facility; G. Medication Usage and Cost by Disease State (Psychiatric, HIV, Hep C, Diabetes, Cancer, Primary Hypertension) tracked and trended over a 12 month period.; H. Detailed Psychotropic Drug Usage and Cost by AHFS Classification tracked and trended over a 12 month period; I. Active Providers; J. Medication Not Given; K. Patients/Inmates Taking Meds with Increased Heat/Cold Risks; L. 80/20 Report of All Medications – sorted by Usage and Costs; M. 80/20 Report of Psychotropic Medications – sorted by Usage and Costs; N. Non-Formulary Drug Usage and Cost; O. Controlled Drug Usage and Cost; P. Medications Due to Expire within 10 days; Q. Medication Errors – tracked by NCCMERP Classification and Error Source; R. Potential Adverse Drug Reaction Reports – tracked by Severity; S. Medication Costs per Provider; T. Management Reports – to include: inmate population on meds, total number of medications, number of meds/inmates, total number and cost of new meds, total number and cost of med refills, total number and cost of keep on person (KOP) medications, total number and cost of Pill Line medications, total number and cost of non-formulary meds, total number and cost of formulary meds, total number and cost of over the counter (OTC) meds and total cost of all medications and credits.; U. Provider Prescription Profiles; V. Ad Hoc Reports; W. Quality Assurance Report; X. Performance Improvement Reports; Y. Facility Stock Utilization Report</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		
71	<p>Offer shall provide electronic copies of their acquisition costs quarterly, or upon request, to the ODOC CMO, or designee, on any list of pharmaceuticals.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>		

72	<p>Offeror shall submit a written report of their quality assurance review to each Medical Service Unit designee as well as to the CMO or designee identifying any areas of concern or recommendations for improving pharmacy service or staff performance relative to pharmacy services. The audit document used by Offeror shall be consistent with the accreditation requirements established by the American Correctional Association.</p> <p>Offeror has read, understands and shall comply with the requirement above. (Yes/No)</p>

ATTACHMENT B

STATE OF OKLAHOMA NEGOTIABLE GENERAL TERMS

This State of Oklahoma General Terms (“General Terms”) is a Contract document in connection with a Contract awarded by the Office of Management and Enterprise Services on behalf of the State of Oklahoma.

In addition to other terms contained in an applicable Contract document, Supplier and State agree to the following General Terms:

1 Contract Order of Priority

1.1 Contract documents shall be read to be consistent and complementary. Any conflict among the Contract documents shall be resolved by giving priority to Contract documents in the following order of precedence:

- A.** any Amendment;
- B.** terms contained in this Contract document.
- C.** any Contract-specific State terms contained in a Contract document including, without limitation, information technology terms and terms specific to a statewide Contract or a State agency Contract;
- D.** any applicable Solicitation;
- E.** any successful Bid as may be amended through negotiation and to the extent the Bid does not otherwise conflict with the Solicitation, Contract or applicable law;
- F.** any statement of work, work order, or other mutually agreed Contract documents.

1.2 If there is a conflict between the terms contained in this Contract document or in Contract-specific terms and an agreement provided by or on behalf of Supplier including but not limited to linked or supplemental documents which alter or diminish the rights of Customer or the State, the conflicting terms provided by Supplier shall not take priority over this Contract document or Acquisition-specific terms. In no event will any linked document alter or override such referenced terms except as specifically agreed in an Amendment.

2 Definitions

In addition to any defined terms set forth elsewhere in the Contract, the Oklahoma Central Purchasing Act and the Oklahoma Administrative Code, Title 260, the parties agree that, when used in the Contract, the following terms are defined as set forth below and may be used in the singular or plural form:

- 2.1 **Acquisition** means items, products, materials, supplies, services and equipment acquired by purchase, lease purchase, lease with option to purchase, value provided or rental under the Contract.
- 2.2 **Amendment** means any mutually executed, written modification to a Contract document or a written change, addition, correction or revision to a Solicitation.
- 2.3 **Bid** means an offer a Bidder submits in response to the Solicitation.
- 2.4 **Bidder** means an individual or business entity that submits a Bid in response to the Solicitation.
- 2.5 **Contract** means the written, mutually agreed and binding legal relationship resulting from the Contract documents and an appropriate encumbering document as may be amended from time to time, which evidences the final agreement between the parties with respect to the subject matter of the Contract.
- 2.6 **Customer** means the entity receiving goods or services contemplated by the Contract.
- 2.7 **Debarment** means action taken by a debarring official under federal or state law or regulations to exclude any business entity from inclusion on the Supplier list; bidding; offering to bid; providing a quote; receiving an award of contract with the State and may also result in cancellation of existing contracts with the State.
- 2.8 **Destination** means delivered to the receiving dock or other point specified in the applicable Contract document.
- 2.9 **Federal award** means the Federal financial assistance that a recipient receives directly from a Federal awarding agency or indirectly from a pass-through entity
- 2.10 **Governmental Entity** means any governmental entity specified as a political subdivision of the State pursuant to the Governmental Tort Claim Act including any associated institution, instrumentality, board, commission, committee, department, or other entity designated to act on behalf of the state.

- 2.11 Indemnified Parties** means the State and Customer and/or its officers, directors, agents, employees, representatives, contractors, assignees and designees thereof.
- 2.12 Inspection** means examining and testing an Acquisition (including, when appropriate, raw materials, components, and intermediate assemblies) to determine whether the Acquisition meets Contract requirements.
- 2.13 Moral Rights** means any and all rights of paternity or integrity of the Work Product and the right to object to any modification, translation or use of the Work Product and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.
- 2.14 OAC** means the Oklahoma Administrative Code.
- 2.15 OMES** means the Office of Management and Enterprise Services.
- 2.16 Solicitation** means the document inviting Bids for the Acquisition referenced in the Contract and any amendments thereto.
- 2.17 State** means the government of the state of Oklahoma, its employees and authorized representatives, including without limitation any department, agency, or other unit of the government of the state of Oklahoma.
- 2.18 Supplier** means the Bidder with whom the State enters into the Contract awarded pursuant to the Solicitation or the business entity or individual that is a party to the Contract with the State.
- 2.19 Suspension** means action taken by a suspending official under federal or state law or regulations to suspend a Supplier from inclusion on the Supplier list; be eligible to submit Bids to State agencies and be awarded a contract by a State agency subject to the Central Purchasing Act.
- 2.20 Supplier Confidential Information** means certain confidential and proprietary information of Supplier that is clearly marked as confidential and agreed by the State Purchasing Director or Customer, as applicable, but does not include information excluded from confidentiality in provisions of the Contract or the Oklahoma Open Records Act.
- 2.21 Work Product** means any and all deliverables produced by Supplier under a statement of work or similar Contract document issued pursuant to this Contract, including any and all tangible or intangible items or things that have been or will be prepared, created, developed, invented or conceived at any time following the Contract effective date including but not limited to any (i) works

of authorship (such as manuals, instructions, printed material, graphics, artwork, images, illustrations, photographs, computer programs, computer software, scripts, object code, source code or other programming code, HTML code, flow charts, notes, outlines, lists, compilations, manuscripts, writings, pictorial materials, schematics, formulae, processes, algorithms, data, information, multimedia files, text web pages or web sites, other written or machine readable expression of such works fixed in any tangible media, and all other copyrightable works), (ii) trademarks, service marks, trade dress, trade names, logos, or other indicia of source or origin, (iii) ideas, designs, concepts, personality rights, methods, processes, techniques, apparatuses, inventions, formulas, discoveries, or improvements, including any patents, trade secrets and know-how, (iv) domain names, (v) any copies, and similar or derivative works to any of the foregoing, (vi) all documentation and materials related to any of the foregoing, (vii) all other goods, services or deliverables to be provided by or on behalf of Supplier under the Contract and (viii) all Intellectual Property Rights in any of the foregoing, and which are or were created, prepared, developed, invented or conceived for the use of benefit of Customer in connection with this Contract or with funds appropriated by or for Customer or Customer's benefit (a) by any Supplier personnel or Customer personnel or (b) any Customer personnel who then became personnel to Supplier or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Supplier or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.

3 Additional Pricing

- 3.1** The price of a product offered under the Contract shall include and Supplier shall prepay all shipping, packaging, delivery and handling fees. All product deliveries will be free on board Customer's Destination. No additional fees shall be charged by Supplier for standard shipping and handling. If Customer requests expedited or special delivery, Customer may be responsible for any charges for expedited or special delivery.
- 3.2** Supplier shall have no right of setoff.
- 3.3** Because funds are typically dedicated to a particular fiscal year, an invoice will be paid only when timely submitted, which shall in no instance be later than six (6) months after the end of the fiscal year in which the goods are provided or services performed.

4 Ordering, Inspection, and Acceptance

- 4.1** Any product or service furnished under the Contract shall be ordered by issuance of a valid purchase order or other appropriate payment mechanism, including a pre-encumbrance, or by use of a valid Purchase Card. All orders and transactions are governed by the terms and conditions of the Contract. Any purchase order or other applicable payment mechanism dated prior to termination or expiration of the Contract shall be performed unless mutually agreed in writing otherwise.
- 4.2** Services will be performed in accordance with industry best practices and are subject to acceptance by the Customer. Notwithstanding any other provision in the Contract, deemed acceptance of a service or associated deliverable shall not apply automatically upon receipt of a deliverable or upon provision of a service.

Supplier warrants and represents that a product or deliverable furnished by or through the Supplier shall individually, and where specified by Supplier to perform as a system, be substantially uninterrupted and error-free in operation and guaranteed against faulty material and workmanship for a warranty period of the greater of ninety (90) days from the date of acceptance or the maximum allowed by the manufacturer. A defect in a product or deliverable furnished by or through the Supplier shall be repaired or replaced by Supplier at no additional cost or expense to the Customer if such defect occurs during the warranty period.

Any product to be delivered pursuant to the Contract shall be subject to final inspection and acceptance by the Customer at Destination. The Customer assumes no responsibility for a product until accepted by the Customer. Title and risk of loss or damage to a product shall be the responsibility of the Supplier until accepted. The Supplier shall be responsible for filing, processing, and collecting any and all damage claims accruing prior to acceptance.

Pursuant to OAC 260:115-9-1, payment for an Acquisition does not constitute final acceptance of the Acquisition. If subsequent inspection affirms that the Acquisition does not meet or exceed the specifications of the order or that the Acquisition has a latent defect, the Supplier shall be notified as soon as is reasonably practicable. The Supplier shall retrieve and replace the Acquisition at Supplier's expense or, if unable to replace, shall issue a refund to Customer. Refund under this section shall not be an exclusive remedy.

- 4.3** Supplier shall deliver products and services on or before the required date specified in a Contract document. Failure to deliver timely may result in liquidated damages as set forth in the applicable Contract document. Deviations, substitutions, or changes in a product or service, including changes of personnel directly providing services, shall not be made unless expressly authorized in writing by the Customer. Any substitution of personnel directly providing services shall be a person of comparable or greater skills, education and experience for performing the services as the person being replaced. Additionally, Supplier shall provide staff sufficiently experienced and able to perform with respect to any transitional services provided by Supplier in connection with termination or expiration of the Contract.
- 4.4** Product warranty and return policies and terms provided under any Contract document will not be more restrictive or more costly than warranty and return policies and terms for other similarly situated customers for a like product.

5 Maintenance of Insurance, Payment of Taxes, and Workers' Compensation

- 5.1** As a condition of this Contract, Supplier shall procure at its own expense, and provide proof of, insurance coverage with the applicable liability limits set forth below and any approved subcontractor of Supplier shall procure and provide proof of the same coverage. The required insurance shall be underwritten by an insurance carrier with an A.M. Best rating of A- or better.

Such proof of coverage shall additionally be provided to the Customer if services will be provided by any of Supplier's employees, agents or subcontractors at any Customer premises and/or employer vehicles will be used in connection with performance of Supplier's obligations under the Contract. Supplier may not commence performance hereunder until such proof has been provided. Additionally, Supplier shall ensure each insurance policy includes a notice of cancellation and includes the State and its agencies as certificate holder and shall promptly provide proof to the State of any renewals, additions, or changes to such insurance coverage. Supplier's obligation to maintain insurance coverage under the Contract is a continuing obligation until Supplier has no further obligation under the Contract. Any combination of primary and excess or umbrella insurance may be used to satisfy the limits of coverage for Commercial General Liability, Auto Liability and Employers' Liability. Unless agreed between the parties and approved by the State Purchasing Director, the minimum acceptable insurance limits of liability are as follows:

- A.** Workers' Compensation and Employer's Liability Insurance in accordance with and to the extent required by applicable law;

- B.** Commercial General Liability Insurance covering the risks of personal injury, bodily injury (including death) and property damage, including coverage for contractual liability, with a limit of liability of not less than \$2,000,000 per occurrence;
- C.** Automobile Liability Insurance with limits of liability of not less than \$2,000,000 combined single limit each accident;
- D.** If the Supplier will access, process, or store state data, then Security and Privacy Liability insurance, including coverage for failure to protect confidential information and failure of the security of Supplier's computer systems that results in unauthorized access to Customer data with limits \$5,000,000 per occurrence; and
- E.** Additional coverage required in writing in connection with a particular Acquisition.

5.2 Supplier shall be entirely responsible during the existence of the Contract for the liability and payment of taxes payable by or assessed to Supplier or its employees, agents and subcontractors of whatever kind, in connection with the Contract. Supplier further agrees to comply with all state and federal laws applicable to any such persons, including laws regarding wages, taxes, insurance, and Workers' Compensation. Neither Customer nor the State shall be liable to the Supplier, its employees, agents, or others for the payment of taxes or the provision of unemployment insurance and/or Workers' Compensation or any benefit available to a State or Customer employee.

5.3 Supplier agrees to indemnify Customer, the State, and its employees, agents, representatives, contractors, and assignees for any and all liability, actions, claims, demands, or suits, and all related costs and expenses (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) relating to tax liability, unemployment insurance and/or Workers' Compensation in connection with its performance under the Contract.

6 Compliance with Applicable Laws

6.1 As long as Supplier has an obligation under the terms of the Contract and in connection with performance of its obligations, the Supplier represents its present compliance, and shall have an ongoing obligation to comply, with all applicable federal, State, and local laws, rules, regulations, ordinances, and orders, as amended, including but not limited to the following:

- A.** Drug-Free Workplace Act of 1988 set forth at 41 U.S.C. §81.

- B.** Section 306 of the Clean Air Act, Section 508 of the Clean Water Act, Executive Order 11738, and Environmental Protection Agency Regulations which prohibit the use of facilities included on the EPA List of Violating Facilities under nonexempt federal contracts, grants or loans;
- C.** Prospective participant requirements set at 45 C.F.R. part 76 in connection with Debarment, Suspension and other responsibility matters;
- D.** 1964 Civil Rights Act, Title IX of the Education Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990, and Executive Orders 11246 and 11375;
- E.** Anti-Lobbying Law set forth at 31 U.S.C. §1325 and as implemented at 45 C.F.R. part 93;
- F.** Requirements of Internal Revenue Service Publication 1075 regarding use, access and disclosure of Federal Tax Information (as defined therein);
- G.** Obtaining certified independent audits conducted in accordance with Government Auditing Standards and Office of Management and Budget Uniform Guidance, 2 CFR 200 Subpart F §200.500 et seq. with approval and work paper examination rights of the applicable procuring entity;
- H.** Requirements of the Oklahoma Taxpayer and Citizen Protection Act of 2007, 25 O.S. §1312 and applicable federal immigration laws and regulations and be registered and participate in the Status Verification System. The Status Verification System is defined at 25 O.S. §1312, includes but is not limited to the free Employment Verification Program (E-Verify) through the Department of Homeland Security, and is available at [Home | E-Verify](#);
- I.** Requirements of the Health Insurance Portability and Accountability Act of 1996; Health Information Technology for Economic and Clinical Health Act; Payment Card Industry Security Standards; Criminal Justice Information System Security Policy and Security Addendum; and Family Educational Rights and Privacy Act; and
- J.** Be registered as a business entity licensed to do business in the State, have obtained a sales tax permit, and be current on franchise tax payments to the State, as applicable.

- 6.2** The Supplier's employees, agents and subcontractors shall adhere to applicable Customer policies including, but not limited to acceptable use of Internet and electronic mail, facility and data security, press releases, and public relations. As applicable, the Supplier shall adhere to the State Information Security Policy, Procedures, Guidelines set forth at [Information Security Policy, Procedures, Guidelines \(oklahoma.gov\)](#) Supplier is responsible for reviewing and relaying such policies covering the above to the Supplier's employees, agents and subcontractors.
- 6.3** At no additional cost to Customer, the Supplier shall maintain all applicable licenses and permits required in association with its obligations under the Contract.
- 6.4** In addition to compliance under subsection 6.1 above, Supplier shall have a continuing obligation to comply with applicable Customer-specific mandatory contract provisions required in connection with the receipt of federal funds or other funding source.
- 6.5** The Supplier is responsible to review and inform its employees, agents, and subcontractors who provide a product or perform a service under the Contract of the Supplier's obligations under the Contract and Supplier certifies that its employees and each such subcontractor shall comply with minimum requirements and applicable provisions of the Contract. At the request of the State, Supplier shall promptly provide adequate evidence that such persons are its employees, agents or approved subcontractors and have been informed of their obligations under the Contract.
- 6.6** As applicable, Supplier agrees to comply with the Governor's Executive Orders related to the use of any tobacco product, electronic cigarette or vaping device on any and all properties owned, leased, or contracted for use by the State, including but not limited to all buildings, land and vehicles owned, leased, or contracted for use by agencies or instrumentalities of the State.
- 6.7** The execution, delivery and performance of the Contract and any ancillary documents by Supplier will not, to the best of Supplier's knowledge, violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third party.
- 6.8** Supplier represents that it has the ability to pay its debts when due and it does not anticipate the filing of a voluntary or involuntary bankruptcy petition or appointment of a receiver, liquidator or trustee.

- 6.9** Supplier represents that, to the best of its knowledge, any litigation or claim or any threat thereof involving Supplier has been disclosed in writing to the State and Supplier is not aware of any other litigation, claim or threat thereof.
- 6.10** If services provided by Supplier include delivery of an electronic communication, Supplier shall ensure such communication and any associated support documents are compliant with Section 508 of the Federal Rehabilitation Act and with State standards regarding accessibility. Should any communication or associated support documents be non-compliant, Supplier shall correct and re-deliver such communication immediately upon discovery or notice, at no additional cost to the State. Additionally, as part of compliance with accessibility requirements where documents are only provided in non-electronic format, Supplier shall promptly provide such communication and any associated support documents in an alternate format usable by individuals with disabilities upon request and at no additional cost, which may originate from an intended recipient or from the State.

7 Audits and Records Clause

- 7.1** As used in this clause and pursuant to 67 O.S. §203, “record” includes a document, book, paper, photograph, microfilm, computer tape, disk, record, sound recording, film recording, video record, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form.
- 7.2** Supplier agrees any pertinent federal or State agency or governing entity of a Customer shall have the right to examine and audit, at no additional cost to a Customer, all records relevant to the execution and performance of the Contract except, unless otherwise agreed, costs of Supplier that comprise pricing under the Contract.
- 7.3** The Supplier is required to retain records relative to the Contract for the duration of the Contract and for a period of seven (7) years following completion or termination of an Acquisition unless otherwise indicated in the Contract terms. If a claim, audit, litigation or other action involving such records is started before the end of the seven-year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.
- 7.4** Pursuant to 74 O.S. §85.41, if professional services are provided hereunder, all items of the Supplier that relate to the professional services are subject to examination by the State agency, State Auditor and Inspector and the State Purchasing Director.

8 Confidentiality

- 8.1** The Supplier shall maintain strict security of all State and citizen data and records entrusted to it or to which the Supplier gains access, in accordance with and subject to applicable federal and State laws, rules, regulations, and policies and shall use any such data and records only as necessary for Supplier to perform its obligations under the Contract. The Supplier further agrees to evidence such confidentiality obligation in a separate writing if required under such applicable federal or State laws, rules and regulations. The Supplier warrants and represents that such information shall not be sold, assigned, conveyed, provided, released, disseminated or otherwise disclosed by Supplier, its employees, officers, directors, subsidiaries, affiliates, agents, representatives, assigns, subcontractors, independent contractors, successor or any other persons or entities without Customer's prior express written permission. Supplier shall instruct all such persons and entities that the confidential information shall not be disclosed or used without the Customer's prior express written approval except as necessary for Supplier to render services under the Contract. The Supplier further warrants that it has a tested and proven system in effect designed to protect all confidential information.
- 8.2** Supplier shall establish, maintain and enforce agreements with all such persons and entities that have access to State and citizen data and records to fulfill Supplier's duties and obligations under the Contract and to specifically prohibit any sale, assignment, conveyance, provision, release, dissemination or other disclosure of any State or citizen data or records except as required by law or allowed by written prior approval of the Customer.
- 8.3** Supplier shall immediately report to the Customer any and all unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State or citizen data or records of which it or its parent company, subsidiaries, affiliates, employees, officers, directors, assignees, agents, representatives, independent contractors, and subcontractors is aware or have knowledge or reasonable should have knowledge. The Supplier shall also promptly furnish to Customer full details of the unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination, or attempt thereof, and use its best efforts to assist the Customer in investigating or preventing the reoccurrence of such event in the future. The Supplier shall cooperate with the Customer in connection with any litigation and investigation deemed necessary by the Customer to protect any State or citizen data and records and shall bear all costs associated with the investigation, response and recovery in connection with any breach of State or citizen data or records including but not limited to credit monitoring services with a term of

at least three (3) years, all notice-related costs and toll free telephone call center services.

- 8.4** Supplier further agrees to promptly prevent a reoccurrence of any unauthorized use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of State or citizen data and records.
- 8.5** Supplier acknowledges that any improper use, appropriation, sale, assignment, conveyance, provision, release, access, acquisition, disclosure or other dissemination of any State data or records to others may cause immediate and irreparable harm to the Customer and certain beneficiaries and may violate state or federal laws and regulations. If the Supplier or its affiliates, parent company, subsidiaries, employees, officers, directors, assignees, agents, representatives, independent contractors, and subcontractors improperly use, appropriate, sell, assign, convey, provide, release, access, acquire, disclose or otherwise disseminate such confidential information to any person or entity in violation of the Contract, the Customer will immediately be entitled to injunctive relief and/or any other rights or remedies available under this Contract, at equity or pursuant to applicable statutory, regulatory, and common law without a cure period.
- 8.6** The Supplier shall immediately forward to the State Purchasing Director, and any other applicable person listed in the Notices section(s) of the Contract, any request by a third party for data or records in the possession of the Supplier or any subcontractor or to which the Supplier or subcontractor has access and Supplier shall fully cooperate with all efforts to protect the security and confidentiality of such data or records in response to a third party request.

9 Assignment and Permitted Subcontractors

- 9.1** Supplier's obligations under the Contract may not be assigned or transferred to any other person or entity without the prior written consent of the State which may be withheld at the State's sole discretion. Should Supplier assign its rights to payment, in whole or in part, under the Contract, Supplier shall provide the State and all affected Customers with written notice of the assignment. Such written notice shall be delivered timely and contain details sufficient for affected Customers to perform payment obligations without any delay caused by the assignment.
- 9.2** Notwithstanding the foregoing, the Contract may be assigned by Supplier to any corporation or other entity in connection with a merger, consolidation, sale of all equity interests of the Supplier, or a sale of all or substantially all of the assets of the Supplier to which the Contract relates. In any such case, said

corporation or other entity shall by operation of law or expressly in writing assume all obligations of the Supplier as fully as if it had been originally made a party to the Contract. Supplier shall give the State and all affected Customers prior written notice of said assignment. Any assignment or delegation in violation of this subsection shall be void.

- 9.3** If the Supplier is permitted to utilize subcontractors in support of the Contract, the Supplier shall remain solely responsible for its obligations under the terms of the Contract, for its actions and omissions and those of its agents, employees and subcontractors and for payments to such persons or entities. Prior to a subcontractor being utilized by the Supplier, the Supplier shall obtain written approval of the State of such subcontractor and each employee, as applicable to a particular Acquisition, of such subcontractor proposed for use by the Supplier. Such approval is within the sole discretion of the State. Any proposed subcontractor shall be identified by entity name, and by employee name, if required by the particular Acquisition, in the applicable proposal and shall include the nature of the services to be performed. As part of the approval request, the Supplier shall provide a copy of a written agreement executed by the Supplier and subcontractor setting forth that such subcontractor is bound by and agrees, as applicable, to perform the same covenants and be subject to the same conditions and make identical certifications to the same facts and criteria, as the Supplier under the terms of all applicable Contract documents. Supplier agrees that maintaining such agreement with any subcontractor and obtaining prior written approval by the State of any subcontractor and associated employees shall be a continuing obligation. The State further reserves the right to revoke approval of a subcontractor or an employee thereof in instances of poor performance, misconduct or for other similar reasons.
- 9.4** All payments under the Contract shall be made directly to the Supplier, except as provided in subsection A above regarding the Supplier's assignment of payment. No payment shall be made to the Supplier for performance by unapproved or disapproved employees of the Supplier or a subcontractor.
- 9.5** Rights and obligations of the State or a Customer under the terms of this Contract may be assigned or transferred, at no additional cost, to other Customer entities.

10 Background Checks and Criminal History Investigations

Prior to the commencement of any services, performance of background checks and criminal history investigations of the Supplier's employees and subcontractors who will be providing services may be required. If required, the Supplier agree to provide the State with a description of the background check process to include any vendor's

used to gather information. Supplier will further attest that each employee and subcontractor providing services has passed the back ground check. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide verification of results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

11 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by Supplier under the Contract infringes that party's patent, intellectual property, copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

12 Indemnification

12.1 Acts or Omissions

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

12.2 Infringement

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

12.3 Notice and Cooperation

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended and where applicable the Attorney General of Oklahoma, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

12.4 Limitation of Liability

- A.** With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

13 Termination for Cause

- 13.1** Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.
- 13.2** The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.
- 13.3** The State may terminate the Contract if the scope includes PR Vendor services and the Supplier, or Supplier's employee, violate the lobbying clause. PR Vendor services is defined to include a contract for public relations (PR), marketing or communication services. The State may immediately terminate the Contract with no more than 10-day notice under this section.
- 13.4** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

13.5 The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-1 is an example.

14 Termination for Convenience

14.1 The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.

14.2 Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

15 Suspension of Supplier

15.1 Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails

to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.

15.2 Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.

15.3 Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

16 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

17 Force Majeure

17.1 Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to

continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

17.2 Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

17.3 Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

18 Security of Property and Personnel

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

19 Miscellaneous

19.1 Transition Services

If transition services are needed at the time of Contract expiration or termination, Supplier shall provide such services on a month-to-month basis, at the contract rate or other mutually agreed rate. Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor

supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

19.2 Publicity

The existence of the Contract or any Acquisition is in no way an endorsement of Supplier, the products or services and shall not be so construed by Supplier in any advertising or publicity materials. Supplier agrees to submit to the State all advertising, sales, promotion, and other publicity matters relating to the Contract wherein the name of the State or any Customer is mentioned or language used from which, in the State's judgment, an endorsement may be inferred or implied. Supplier further agrees not to publish or use such advertising, sales promotion, or publicity matter or release any informational pamphlets, notices, press releases, research reports, or similar public notices concerning the Contract or any Acquisition hereunder without obtaining the prior written approval of the State.

19.3 Mutual Responsibilities

- A.** No party to the Contract grants the other the right to use any trademarks, trade names, other designations in any promotion or publication without the express written consent by the other party.
- B.** The Contract is a non-exclusive contract and each party is free to enter into similar agreements with others.
- C.** The Customer and Supplier each grant the other only the licenses and rights specified in the Contract and all other rights and interests are expressly reserved.
- D.** The Customer and Supplier shall reasonably cooperate with each other and any Supplier to which the provision of a product and/or service under the Contract may be transitioned after termination or expiration of the Contract.
- E.** Except as otherwise set forth herein, where approval, acceptance, consent, or similar action by a party is required under the Contract, such action shall not be unreasonably delayed or withheld.

19.4 Entire Agreement

The Contract documents taken together as a whole constitute the entire agreement between the parties. The Contract documents include this Contract, any Amendments to this Contract, applicable Solicitation, and any successful bid as may be amended or limited through negotiation. No statement, promise,

condition, understanding, inducement or representation, oral or written, expressed or implied, which is not contained in a Contract document shall be binding or valid. The Supplier's certifications, including any completed electronically, are incorporated by reference into the Contract.

ATTACHMENT C
AGENCY TERMS
SOLICITATION NO. EV00000600

1 Security

- 1.1** Security: Contractor employees, agents, and representatives shall comply with all security and identification procedures at ODOC facilities. ODOC is responsible for alerting Contractor to these requirements prior to the commencement of work.
- 1.2** Security requirements may include, but are not limited to:
- A.** Identification: All employees, agents, and representatives of the Contractor, while working on State property, shall carry or display acceptable identification.
 - B.** Vehicle/Tool/Equipment Security: Drivers must turn off vehicle motors and lock cab doors whenever their vehicle is unattended. Tools and equipment must be secured. Vehicles shall be searched prior to entry and exit, causing up to a thirty (30) minute delay each way.
 - C.** Offender Contact: Contractor's employees, agents, and representatives shall minimize interaction with offenders or patients, and shall report any verbal contact to ODOC facility security staff before leaving the site.
 - D.** Subject to Search: All persons, vehicles, packages and equipment entering a ODOC facility are subject to search. Persons are typically pat searched and required to clear metal detection devices. Packages, briefcases, purses, etc., will be searched with x-ray equipment. A drug K-9 may also be used to search persons, vehicles, packages, and equipment.
 - E.** Contraband: Contractor employees, agents, and representatives shall not have any weapons including, but not limited to, guns, knives of any type or length, mace, stun-guns, or box cutters, cell phones, pagers, wireless PDAs, drugs, tobacco or tobacco-like products, alcohol (to include near-beer), cash (amount to be determined on a facility-by-facility basis) or any item deemed by facility to be potential contraband. Correctional officers can hold these items for delivery drivers at the delivery sally port and return

them as the driver exits the grounds. Any illegal items shall not be returned and shall be reported to local law enforcement. Prescription drugs are allowed only in a one-day supply and must be in the original prescription container; Security staff shall be notified if prescription drugs are brought onto facility grounds.

- F.** Security Clearance: Contractor employees, agents, and representatives who enter secure facilities shall have prior approval to enter from facility security staff, generally involving a background check. The Contractor shall submit background check requests a minimum of two weeks prior to arriving at the facility. At facility discretion, Contractor shall comply with any requests to reassign a Contractor employee, agent, or representative, whether or not the individual has passed the background check if it is determined by facility that there is a security concern.
- G.** Tobacco Use Prohibited. The use of tobacco or tobacco-like products is prohibited throughout all indoor and outdoor areas of property owned, leased, loaned or under the control of ODOC, including parking lots owned or under the control of ODOC.

2 Prison Rape Elimination Act (28 C.F.R. § 115.17 and § 115.77)

2.1 Any sexual assault or sexual misconduct or attempted sexual assault or sexual misconduct between the Supplier, its employees, agents or representative and an offender is expressly forbidden. In addition, by accepting a contract with ODOC, Supplier attests that no employee, agent or representative of the Supplier who may have direct contact with ODOC offenders while performing the requirements of this contract has:

- A.** Engaged in sexual abuse in a prison, jail, lockup, community confinement facility, juvenile facility or other institution (as defined in 42 U.S.C. 1997);
- B.** Been convicted of engaging or attempting to engage in sexual activity in the community facilitated by force, overt or implied threats of force, or coercion, or if the victim did not consent or was unable to consent or refuse; or
- C.** Been civilly or administratively adjudicated to have engaged in the activity described above. Any supplier who engages in sexual abuse will be prohibited from contact with offenders and will be reported to law enforcement agencies and to relevant licensing bodies.

2.2 Any violation of this provision will be reported to law enforcement agencies and to relevant licensing bodies and will result in the filing of criminal

charges as warranted. ODOC may also terminate the contract immediately when violations are found.

ATTACHMENT D

STATE OF OKLAHOMA INFORMATION TECHNOLOGY TERMS

The parties further agree to the following terms (“Information Technology Terms”), as applicable, for any Acquisition of products or services with an information technology or telecommunication component. Pursuant to the Oklahoma Information Technology Consolidation and Coordination Act (“The Act” or “Act”), OMES- Information Services (“OMES-IS”) is designated to purchase information technology and telecommunication products and services on behalf of the State. The Act directs OMES-IS to acquire necessary hardware, software and services and to authorize the use by other State agencies. OMES, as the owner of information technology and telecommunication assets and contracts on behalf of the State, allows other State agencies to use the assets while retaining ownership and the right to reassign the assets, at no additional cost, upon written notification to Supplier. OMES-IS is the data custodian for State agency data; however, such data is owned by the respective State agency.

1 DEFINITIONS

- 1.1 **Customer Data** means all data supplied by or on behalf of a Customer in connection with the Contract, excluding any confidential information of Supplier. Customer Data includes both Non-Public Data and Personal Data.
- 1.2 **Data Breach** means the unauthorized access or the reasonable suspicion of unauthorized access, by an unauthorized person that results in the use, destruction, loss, alteration, disclosure, or theft of Customer Data.
- 1.3 **Host** includes the terms Hosted or Hosting and means the accessing, processing or storing of Customer Data.
- 1.4 **Intellectual Property Rights** means the worldwide legal rights or interests evidenced by or embodied in any idea, design, concept, personality right, method, process, technique, apparatus, invention, discovery or improvement including any patents, trade secrets and know-how; any work of authorship including any copyrights, Moral Rights or neighboring rights; any trademark, service mark, trade dress, trade name or other indicia of source or origin; domain name registrations; and any other proprietary or similar rights. Intellectual Property Rights of a party also includes all worldwide legal rights or interests that the party may have acquired by assignment or license with the right to grant sublicenses.
- 1.5 **Non-Public Data** means Customer Data, other than Personal Data, that is not subject to distribution to the public as public information. It is deemed to be sensitive and confidential by Customer because it contains information that is exempt by statute, ordinance or administrative rule from access by the general public as public information. Non-Public Data includes any data deemed confidential pursuant to the Contract, otherwise identified by Customer as Non-Public Data, or that a reasonable person would deem confidential.
- 1.6 **Personal Data** means Customer Data that contains 1) any combination of an individual’s name, social security numbers, driver’s license, state/federal identification number,

account number, credit or debit card number and/or 2) data subject to protection under a federal, state or local law, rule, regulation or ordinance.

- 1.7 Security Incident** means the attempted or successful unauthorized access, use, disclosure, modification, loss, theft, or destruction of information or interference with the Hosted environment used to perform the services.
- 1.8 Supplier** means the Bidder with whom the State enters into the Contract awarded pursuant to the Solicitation or the business entity or individual that is a party to the Contract with the State. A Supplier with whom the State enters into an awarded Contract shall also be known as a Contractor.
- 1.9 Supplier Intellectual Property** means all tangible or intangible items or things, including the Intellectual Property Rights therein, created or developed by Supplier and identified in writing as such (a) prior to providing any services or Work Product to Customer and prior to receiving any documents, materials, information or funding from or on behalf of a Customer relating to the services or Work Product, or (b) after the effective date of the Contract if such tangible or intangible items or things were independently developed by Supplier outside Supplier's provision of services or Work Product for Customer under the Contract and were not created, prepared, developed, invented or conceived by any Customer personnel who then became personnel to Supplier or any of its affiliates or subcontractors, where, although creation or reduction-to-practice is completed while the person is affiliated with Supplier or its personnel, any portion of same was created, invented or conceived by such person while affiliated with Customer.
- 1.10 Third Party Intellectual Property** means the Intellectual Property Rights of any third party that is not a party to the Contract, and that is not directly or indirectly providing any goods or services to a Customer under the Contract.

2 TERMINATION OF MAINTENANCE AND SUPPORT SERVICES

Customer may terminate maintenance or support services without an adjustment charge, provided any of the following circumstances occur:

- 2.1** Customer removes the product for which the services are provided, from productive use; or,
- 2.2** The location at which the services are provided is no longer controlled by Customer (for example, because of statutory or regulatory changes or the sale or closing of a facility).
- 2.3** If Customer chooses to renew maintenance or support after maintenance has lapsed, Customer may choose to pay the additional fee, if any, associated with renewing a license after such maintenance or support has lapsed, or to purchase a new license. Any amount paid to Supplier in the form of prepaid fees that are unused when services under the Contract or purchase order are terminated shall be refunded to Customer.

3 COMPLIANCE AND ELECTRONIC AND INFORMATION TECHNOLOGY ACCESSIBILITY

- 3.1** State procurement of information technology is subject to certain federal and State laws, rules and regulations related to information technology accessibility, including but not limited to Oklahoma Information Technology Accessibility Standards (“Standards”) set forth at [Information and Communication Technology Accessibility Standards \(oklahoma.gov\)](http://Information_and_Communication_Technology_Accessibility_Standards(oklahoma.gov)). Supplier shall provide a Voluntary Product Accessibility Template (“VPAT”) describing accessibility compliance via a URL linking to the VPAT and shall update the VPAT as necessary in order to allow a Customer to obtain current VPAT information as required by State law. If products require development or customization, additional requirements and documentation may be required and compliance shall be necessary by Supplier. Such requirements may be stated in appropriate documents including but not limited to a statement of work, riders, agreement, purchase order or Addendum.

All representations contained in the VPAT provided will be relied upon by the State or a Customer, as applicable, for accessibility compliance purposes.

4 MEDIA OWNERSHIP (Disk Drive and/or Memory Chip Ownership)

- 4.1** Any disk drives and memory cards purchased with or included for use in leased or purchased products under the Contract remain the sole and exclusive property of the Customer.
- 4.2** Personal information may be retained within electronic media devices and components; therefore, electronic media shall not be released either between Customers or for the resale, of refurbished equipment that has been in use by a Customer, by the Supplier to the general public or other entities. This provision applies to replacement devices and components, whether purchased or leased, supplied by Supplier, its agents or subcontractors during the downtime (repair) of products purchased or leased through the Contract. If a device is removed from a location for repairs, the Customer shall have sole discretion, prior to removal, to determine and implement sufficient safeguards (such as a record of hard drive serial numbers) to protect personal information that may be stored within the hard drive or memory of the device.

5 OFFSHORE SERVICES

No offshore services are provided for under the Contract. State data shall not be used or accessed internationally for troubleshooting or any other use not specifically provided for herein without the prior written permission, which may be withheld in the State’s sole discretion, from the appropriate authorized representative of the State. Notwithstanding the above, back office administrative functions of the Supplier may be located offshore and the follow-the-sun support model may be used by the Supplier to the extent allowed by law applicable to any Customer data being accessed or used.

6 COMPLIANCE WITH TECHNOLOGY POLICIES

- 6.1** The Supplier agrees to adhere to the State of Oklahoma “Information Security Policy, Procedures, and Guidelines” available at <https://oklahoma.gov/content/dam/ok/en/omes/documents/InfoSecPPG.pdf>.

Supplier’s employees and subcontractors shall adhere to the applicable State IT

Standards, policies, procedures and architectures as set forth at <https://oklahoma.gov/omes/services/information-services.html> or as otherwise provided by the State.

- 6.2** Supplier shall comply with applicable Federal Information Processing Standards including, without limitation, FIPS 200, FIPS 140-2 or successor standards and all recommendations from the National Institute of Standards and Technology. The confidentiality of Customer Data shall be protected and maintained in accordance with these standards as well as other applicable Customer standards.

7 EMERGING TECHNOLOGIES

The State reserves the right to enter into an Addendum to the Contract at any time to allow for emerging technologies not identified elsewhere in the Contract Documents if there are repeated requests for such emerging technology or the State determines it is warranted to add such technology.

8 EXTENSION RIGHT

In addition to extension rights of the State set forth in the Contract, the State Chief Information Officer reserves the right to extend any Contract at his or her sole option if the State Chief Information Officer determine such extension to be in the best interest of the State.

9 SOURCE CODE ESCROW

Pursuant to 62 O.S. § 34.31, if customized computer software is developed or modified exclusively for a State agency, the Supplier has a continuing obligation to comply with such law and place the source code for such software and any modifications thereto into escrow with an independent third-party escrow agent. Supplier shall pay all fees charged by the escrow agent and enter into an escrow agreement, the terms of which are subject to the prior written approval of the State, including terms that provide the State receives ownership of all escrowed source code upon the occurrence of any of the following:

- 9.1** A bona fide material default of the obligations of the Supplier under the agreement with the applicable Customer;
- 9.2** An assignment by the Supplier for the benefit of its creditors;
- 9.3** A failure by the Supplier to pay, or an admission by the Supplier of its inability to pay, its debts as they mature;
- 9.4** The filing of a petition in bankruptcy by or against the Supplier when such petition is not dismissed within sixty (60) days of the filing date;
- 9.5** The appointment of a receiver, liquidator or trustee appointed for any substantial part of the Supplier's property;
- 9.6** The inability or unwillingness of the Supplier to provide the maintenance and support services in accordance with the agreement with the agency;
- 9.7** Supplier's ceasing of maintenance and support of the software; or

9.8 Such other condition as may be statutorily imposed by the future amendment or enactment of applicable Oklahoma law.

10 COMMERCIAL OFF THE SHELF SOFTWARE OR SUPPLIER TERMS

If Supplier specifies terms and conditions or clauses in an electronic license, subscription, maintenance, support or similar agreement, including via a hyperlink or uniform resource locator address to a site on the internet, that conflict with the terms of this Contract, the additional terms and conditions or conflicting clauses shall not be binding on the State and the provisions of this Contract shall prevail. Further, no such terms and conditions or clauses shall expand the State's or Customer's liability or reduce the rights of Customer or the State.

11 OWNERSHIP RIGHTS

Any software developed, modified, or customized by the Supplier in accordance with a mutually negotiated statement of work pursuant to this Contract is for the sole and exclusive use of the State including but not limited to the right to use, reproduce, re-use, alter, modify, edit, or change the software as it sees fit and for any purpose. The parties mutually agree the State as a licensee of the Supplier does not make a claim of ownership to the existing Intellectual Property of Supplier. Moreover, except with regard to any deliverable based on Supplier Intellectual Property, the State shall be deemed the sole and exclusive owner of all right, title, and interest therein, including but not limited to all source data, information and materials furnished to the State, together with all plans, system analysis, and design specifications and drawings, completed programs and documentation thereof, reports and listing, all data and test procedures and all other items pertaining to the work and services to be performed pursuant to this Contract including all copyright and proprietary rights relating thereto. With respect to Supplier Intellectual Property, the Supplier grants the State, for no additional consideration, a perpetual, irrevocable, royalty-free license, solely for the internal business use of the State, to use, copy, modify, display, perform, transmit and prepare derivative works of Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Except for any Supplier Intellectual Property, all work performed by the Supplier of developing, modifying or customizing software and any related supporting documentation shall be considered as Work for Hire (as defined under the U.S. copyright laws) and, as such, shall be owned by and for the benefit of State.

In the event that it should be determined that any portion of such software or related supporting documentation does not qualify as "Work for Hire", Supplier hereby irrevocably grants to the State, for no additional consideration, a non-exclusive, irrevocable, royalty-free license to use, copy, modify, display, perform, transmit and prepare derivative works of any such software and any Supplier Intellectual Property embodied in or delivered to the State in conjunction with the products.

Supplier shall assist the State and its agents, upon request, in preparing U.S. and foreign copyright, trademark, and/or patent applications covering software developed, modified or customized for the State when made in accordance with a mutually negotiated statement of work pursuant to this Contract. Supplier shall sign any such applications, upon request, and deliver them to the State. The State shall bear all expenses that incurred in connection with such copyright, trademark, and/or patent applications.

If any Acquisition pursuant to this Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation owned by the State may be shared with other publicly funded agencies at the discretion of the State without permission from or additional compensation to the Supplier.

12 INTELLECTUAL PROPERTY OWNERSHIP TO WORK PRODUCT

The following terms apply to ownership and rights related to Intellectual Property:

- 12.1** As to the Intellectual Property Rights to Work Product between Supplier and Customer, Customer shall be the exclusive owner and not Supplier. Supplier specifically agrees that the Work Product shall be considered “works made for hire” and that the Work Product shall, upon creation, be owned exclusively by Customer. To the extent that the Work Product, under applicable law, may not be considered works made for hire, Supplier agrees that all right, title and interest in and to all ownership rights and all Intellectual Property Rights in the Work Product is effectively transferred, granted, conveyed, assigned, and relinquished exclusively to Customer, without the necessity of any further consideration, and Customer shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Work Product. Supplier acknowledges that Supplier and Customer do not intend Supplier to be a joint author of the Work Product within the meaning of the Copyright Act of 1976. Customer shall have access, during normal business hours (Monday through Friday, 8:00 a.m. to 5:00 p.m.) and upon reasonable prior notice to Supplier, to all Supplier materials, premises and computer files containing the Work Product. Supplier and Customer, as appropriate, will cooperate with one another and execute such other documents as may be reasonably appropriate to achieve the objectives herein. No license or other right is granted under the Contract to any Third-Party Intellectual Property, except as may be incorporated in the Work Product by Supplier.
- 12.2** Supplier, upon request and without further consideration, shall perform any acts that may be deemed reasonably necessary or desirable by Customer to evidence more fully the transfer of ownership and/or registration of all Intellectual Property Rights in all Work Product to Customer to the fullest extent possible including, but not limited to, the execution, acknowledgement and delivery of such further documents in a form determined by Customer. In the event Customer shall be unable to obtain Supplier’s signature due to the dissolution of Supplier or Supplier’s failure to respond to Customer’s repeated requests for such signature on any document reasonably necessary for any purpose set forth in the foregoing sentence, Supplier hereby irrevocably designates and appoints Customer and its duly authorized officers and agents as Supplier’s agent and Supplier’s attorney-in-fact to act for and in Supplier’s behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by Supplier, provided however that no such grant of right to Customer is applicable if Supplier fails to execute any document due to a good faith dispute by Supplier with respect to such document. It is understood that such power is coupled with an interest and is therefore irrevocable. Customer shall have the full and sole power to prosecute such applications and to take all other action concerning the Work Product, and Supplier shall cooperate, at Customer’s sole expense, in the preparation and prosecution of all such applications and in any legal actions and proceedings concerning the Work Product.

- 12.3** Supplier hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Work Product which Supplier may now have or which may accrue to Supplier's benefit under U.S. or foreign copyright or other laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. Supplier acknowledges the receipt of equitable compensation for its assignment and waiver of such Moral Rights.
- 12.4** All documents, information and materials forwarded to Supplier by Customer for use in and preparation of the Work Product shall be deemed the confidential information of Customer, subject to the license granted by Customer to Supplier hereunder. Supplier shall not otherwise use, disclose, or permit any third party to use or obtain the Work Product, or any portion thereof, in any manner without the prior written approval of Customer.
- 12.5** These provisions are intended to protect Customer's proprietary rights pertaining to the Work Product and the Intellectual Property Rights therein and any misuse of such rights would cause substantial and irreparable harm to Customer's business. Therefore, Supplier acknowledges and stipulates that a court of competent jurisdiction may immediately enjoin a material breach of the Supplier's obligations with respect to confidentiality provisions of the Contract and the Work Product and a Customer's Intellectual Property Rights, upon a request by Customer, without requiring proof of irreparable injury, as same is presumed.
- 12.6** Upon the request of Customer, but in any event upon termination or expiration of this Contract or a statement of work, Supplier shall surrender to Customer all documents and things pertaining to the Work Product, generated or developed by Supplier or furnished by Customer to Supplier, including all materials embodying the Work Product, any Customer confidential information and Intellectual Property Rights in such Work Product, regardless of whether complete or incomplete. This section is intended to apply to all Work Product as well as to all documents and things furnished to Supplier by Customer or by anyone else that pertains to the Work Product.
- 12.7** Customer hereby grants to Supplier a non-transferable, non-exclusive, royalty-free, fully paid license to use any Work Product solely as necessary to provide services to Customer. Except as provided in this section, neither Supplier nor any subcontractor shall have the right to use the Work Product in connection with the provision of services to its other customers without the prior written consent of Customer, which consent may be withheld in Customer's sole discretion.
- 12.8** To the extent that any Third Party Intellectual Property is embodied or reflected in the Work Product or is necessary to provide services, Supplier shall obtain from the applicable third party for the Customer's benefit, an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for Customer's internal business purposes; likewise, with respect to any Supplier Intellectual Property embodied or reflected in the Work Product or necessary to provide services, Supplier grants to Customer an irrevocable, perpetual, non-exclusive, worldwide, royalty-free license, solely for the Customer's internal business purposes. Each such license shall allow the applicable Customer to (i) use, copy, modify, display, perform (by any means), transmit and prepare derivative works of any Third Party Intellectual Property or Supplier Intellectual Property embodied in or delivered to Customer in conjunction with the Work

Product and (ii) authorize others to do any or all of the foregoing. Supplier agrees to notify Customer on delivery of the Work Product or services if such materials include any Third Party Intellectual Property. The foregoing license includes the right to sublicense third parties, solely for the purpose of engaging such third parties to assist or carry out Customer's internal business use of the Work Product. Except for the preceding license, all rights in Supplier Intellectual Property remain in Supplier. On request, Supplier shall provide Customer with documentation indicating a third party's written approval for Supplier to use any Third Party Intellectual Property that may be embodied or reflected in the Work Product.

12.9 Supplier agrees that it shall have written agreement(s) that are consistent with the provisions hereof related to Work Product and Intellectual Property Rights with any employees, agents, consultants, contractors or subcontractors providing services or Work Product pursuant to the Contract, prior to the provision of such services or Work Product and that it shall maintain such written agreements at all times during performance of this Contract which are sufficient to support all performance and grants of rights by Supplier. Copies of such agreements shall be provided to the Customer promptly upon request.

12.10 To the extent not inconsistent with Customer's rights in the Work Product or other provisions, nothing in this Contract shall preclude Supplier from developing for itself, or for others, materials which are competitive with those produced as a result of the services provided under the Contract, provided that no Work Product is utilized, and no Intellectual Property Rights of Customer therein are infringed by such competitive materials. To the extent that Supplier wishes to use the Work Product or acquire licensed rights in certain Intellectual Property Rights of Customer therein in order to offer competitive goods or services to third parties, Supplier and Customer agree to negotiate in good faith regarding an appropriate license and royalty agreement to allow for such.

12.11 If any Acquisition pursuant to the Contract is funded wholly or in part with federal funds, the source code and all associated software and related documentation and materials owned by a Customer may be shared with other publicly funded agencies at the discretion of such Customer without permission from or additional compensation to the Supplier.

13 HOSTING SERVICES

A Supplier shall be responsible for the obligations set forth in in this Contract, including those obligations related to breach reporting and associated costs when a Supplier Hosting Customer Data or providing products or services pursuant to an Acquisition, contributes to, or directly causes a Data Breach or a Security Incident. Likewise, Supplier shall be responsible for the obligations set forth in in this Contract, including those obligations related to breach reporting and associated costs when a Supplier's affiliate or subcontractor contributes to, or directly causes a Data Breach or a Security Incident.

14 CHANGE MANAGEMENT

When a scheduled change is made to products or services provided to a Customer that impacts the Customer's system related to such product or service, Supplier shall provide two (2) weeks' prior written notice of such change. When the change is an emergency change, Supplier shall provide twenty-four (24) hours' prior written notice of the change. Repeated failure to provide such notice may be an evaluation factor (as indicative of Supplier's past performance) upon

renewal or if future bids submitted by Supplier are evaluated by the State.

15 SERVICE LEVEL DEFICIENCY

In addition to other terms of the Contract, in instances of the Supplier's repeated failure to provide an acceptable level of service or meet service level agreement metrics, service credits shall be provided by Supplier and may be used as an offset to payment due.

16 OWNERSHIP OF IT AND TELECOMMUNICATION ASSETS

Notwithstanding any other provision in the Contract and pursuant to the Oklahoma Information Technology Consolidation and Coordination Act, all information technology and telecommunication assets and contracts on behalf of appropriated agencies of the State belong to OMES-IS. OMES-IS allows other State agencies to use the assets while retaining ownership and the right to reassign the assets, at no additional cost, upon written notification to Supplier.

17 CUSTOMER DATA

17.1 The parties agree to the following provisions in connection with any Customer Data accessed, processed transmitted, or stored by or on behalf of the Supplier and the obligations, representations and warranties set forth below shall continue as long as the Supplier has an obligation under the Contract.

17.2 Customer will be responsible for the accuracy and completeness of all Customer Data provided to Supplier by Customer. Customer shall retain exclusive ownership of rights, title, and interest in Customer Data. Non-Public Data and Personal Data shall be deemed to be Customer's confidential information. Supplier shall restrict access to Customer Data to their employees with a need to know (and advise such employees of the confidentiality and non-disclosure obligations assumed herein).

17.3 Supplier shall promptly notify the Customer upon receipt of any requests from unauthorized third parties which in any way might reasonably require access to Customer Data or Customer's use of the Hosted environment. Supplier shall notify the Customer by the fastest means available and also in writing pursuant to Contract notice provisions and the notice provision herein. Except to the extent required by law, Supplier shall not respond to subpoenas, service or process, Freedom of Information Act or other open records requests, and other legal request related to Customer without first notifying the Customer and obtaining the Customer's prior approval, which shall not be unreasonably withheld, of Supplier's proposed responses. Supplier agrees to provide its completed responses to the Customer with adequate time for Customer review, revision and approval.

17.4 Supplier will use commercially reasonable efforts to prevent the loss of or damage to Customer Data in its possession and will maintain commercially reasonable back-up procedures and copies to facilitate the reconstruction of any Customer Data that may be lost or damaged by Supplier. Supplier will promptly notify Customer of any loss, damage to, or unauthorized access of Customer Data. Supplier will use commercially reasonable efforts to reconstruct any Customer Data that has been lost or damaged by Supplier as a result of its negligence or willful misconduct. If Customer Data is lost or damaged for reasons other than as a result of Supplier's negligence or willful misconduct, Supplier, at

the Customer's expense, will, at the request of the State, use commercially reasonable efforts to reconstruct any Customer Data lost or damaged.

18 DATA SECURITY

- 18.1** Supplier will use commercially reasonable efforts, consistent with industry standards, to provide security for the Hosted environment and Customer Data and to protect against both unauthorized access to the Hosting environment, and unauthorized communications between the Hosting environment and the Customer's browser. Supplier shall implement and maintain appropriate administrative, technical and organizational security measures to safeguard against unauthorized access, disclosure or theft of Personal Data and Non-Public Data. Such security measures shall be in accordance with recognized industry practice and not less stringent than the measures the service provider applies to its own personal data and non-public data of similar kind.
- 18.2** All Personal Data and Non-public Data shall be encrypted at rest and in transit with controlled access. Unless otherwise stipulated, the service provider is responsible for encryption of Personal Data. All Personal Data and Non-Public Data shall be subject to controlled access. Any stipulation of responsibilities shall be included in a Statement of Work and will identify specific roles and responsibilities.
- 18.3** Supplier represents and warrants to the Customer that the Hosting equipment and environment will be routinely checked with a commercially available, industry standard software application with up-to-date virus definitions. Supplier will regularly update the virus definitions to ensure that the definitions are as up-to-date as is commercially reasonable. Supplier will promptly purge all viruses discovered during virus checks. If there is a reasonable basis to believe that a virus may have been transmitted to Customer by Supplier, Supplier will promptly notify Customer of such possibility in a writing that states the nature of the virus, the date on which transmission may have occurred, and the means Supplier has used to remediate the virus. Should the virus propagate to Customer's IT infrastructure, Supplier is responsible for costs incurred by Customer for Customer to remediate the virus.
- 18.4** At no time shall any Customer Data or processes – that either belong to or are intended for the use of the State - be copied, disclosed, or retained by Supplier or any party related to Supplier for subsequent use in any transaction that does not include the State unless otherwise agreed to by the State.
- 18.5** Supplier shall provide its services to Customer and its users solely from data centers in the U.S. Storage of Customer Data at rest shall be located solely in data centers in the U.S. Supplier shall not allow its personnel or contractors to store Customer Data on portable devices, including personal computers, except for devices that are used and kept only at its U.S. data centers. Supplier shall permit its personnel and contractors to access Customer Data remotely only as required to fulfill Supplier's obligations under the Contract.
- 18.6** Supplier shall allow the Customer to audit conformance to the Contract terms. The Customer may perform this audit or contract with a third party at its discretion and at Customer's expense.

- 18.7** Supplier shall perform an independent audit of its data centers at least annually at its expense and provide a redacted version of the audit report upon request. Supplier may remove its proprietary information from the redacted version. A Service Organization Control (SOC) 2 audit report or approved equivalent sets the minimum level of a third-party audit.
- 18.8** Any remedies provided are not exclusive and are in addition to other rights and remedies available under the terms of the Contract, at law or in equity.

19 SECURITY ASSESSMENT

- 19.1** The State requires any entity or third-party Supplier Hosting Oklahoma Customer Data to submit to a State Certification and Accreditation Review process to assess initial security risk. Supplier submitted to the review and met the State's minimum security standards at time the Contract was executed. Failure to maintain the State's minimum security standards during the term of the contract, including renewals, constitutes a material breach. Upon request, the Supplier shall provide updated data security information in connection with a potential renewal. If information provided in the security risk assessment changes, Supplier shall promptly notify the State and include in such notification the updated information; provided, however, Supplier shall make no change that results in lessened data protection or increased data security risk. Failure to provide the notice required by this section or maintain the level of security required in the Contract constitutes a material breach by Supplier and may result in a whole or partial termination of the Contract.
- 19.2** Any Hosting entity change must be approved in writing prior to such change. To the extent Supplier requests a different sub-contractor than the third-party Hosting Supplier already approved by the State, the different sub-contractor is subject to the State's approval. Supplier agrees not to migrate State's data or otherwise utilize the different third-party Hosting Supplier in connection with key business functions that are Supplier's obligations under the contract until the State approves the third-party Hosting Supplier's State Certification and Accreditation Review, which approval shall not be unreasonably withheld or delayed. In the event the third-party Hosting Supplier does not meet the State's requirements under the State Certification and Accreditation Review, Supplier acknowledges and agrees it will not utilize the third-party Supplier in connection with key business functions that are Supplier's obligations under the contract, until such third party meets such requirements.

20 SECURITY INCIDENT OR DATA BREACH NOTIFICATION

- 20.1** Supplier shall inform Customer of any Security Incident or Data Breach.
- 20.2** Supplier may need to communicate with outside parties regarding a Security Incident, which may include contacting law enforcement, fielding media inquiries and seeking external expertise as mutually agreed upon, defined by law or contained in the Contract. If a Security Incident involves Customer Data, Supplier will coordinate with Customer prior to any such communication.
- 20.3** Supplier shall report a Security Incident to the Customer identified contact set forth herein within five (5) days of discovery of the Security Incident or within a shorter notice

period required by applicable law or regulation (i.e., HIPAA requires notice to be provided within 24 hours).

- 20.4** Supplier shall maintain processes and procedures to identify, respond to and analyze Security Incidents; (ii) make summary information regarding such procedures available to Customer at Customer's request, (iii) mitigate, to the extent practicable, harmful effects of Security Incidents that are known to Vendor; and (iv) documents all Security Incidents and their outcomes.
- 20.5** If Supplier has reasonable belief or actual knowledge of a Data Breach, Supplier shall (1) promptly notify the appropriate Customer identified contact set forth herein within 24 hours or sooner, unless shorter time is required by applicable law, and (2) take commercially reasonable measures to address the Data Breach in a timely manner.

21 DATA BREACH NOTIFICATION AND RESPONSIBILITIES

This section only applies when a Data Breach occurs with respect to Personal Data or Non-Public Data within the possession or control of Supplier.

- 21.1** Supplier shall (1) cooperate with Customer as reasonably requested by Customer to investigate and resolve the Data Breach, (2) promptly implement necessary remedial measures, if necessary, and (3) document responsive actions taken related to the Data Breach, including any post-incident review of events and actions taken to make changes in business practices in providing the services, if necessary.
- 21.2** Unless otherwise stipulated, if a Data Breach is a direct result of Supplier's breach of its obligation to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall bear the costs associated with (1) the investigation and resolution of the Data Breach; (2) notifications to individuals, regulators or others required by state law; (3) credit monitoring services required by state or federal law; (4) a website or toll-free numbers and call center for affected individuals required by state law – all not to exceed the agency per record per person cost calculated for data breaches in the United States on the most recent Cost of Data breach Study: Global Analysis published by the Ponemon Institute at the time of the data breach; and (5) complete all corrective actions as reasonably determined by Supplier based on root cause.
- 21.3** If a Data Breach is a direct result of Supplier's breach of its obligations to encrypt Personal Data and Non-Public Data or otherwise prevent its release, Supplier shall indemnify and hold harmless the Customer against all penalties assessed to Indemnified Parties by governmental authorities in connection with the Data Breach.

22 SUPPLIER REPRESENTATIONS AND WARRANTIES

Supplier represents and warrants the following:

- 22.1** The product and services provided in connection with Hosting services do not infringe a third party's patent or copyright or other intellectual property rights.
- 22.2** Supplier will protect Customer's Non-Public Data and Personal Data from unauthorized dissemination and use with the same degree of care that each such party uses to protect

its own confidential information and, in any event, will use no less than a reasonable degree of care in protecting such confidential information.

22.3 The execution, delivery and performance of the Contract and any ancillary documents and the consummation of the transactions contemplated by the Contract or any ancillary documents by Supplier will not violate, conflict with, or result in a breach of any provision of, or constitute a default (or an event which, with notice or lapse of time or both, would constitute a default) under, or result in the termination of, any written contract or other instrument between Supplier and any third parties retained or utilized by Supplier to provide goods or services for the benefit of the Customer.

22.4 Supplier shall not knowingly upload, store, post, e-mail or otherwise transmit, distribute, publish or disseminate to or through the Hosting environment any material that contains software viruses, malware or other surreptitious code designed to interrupt, destroy or limit the functionality of any computer software or hardware or telecommunications equipment or circumvent any “copy-protected” devices, or any other harmful or disruptive program.

23 INDEMNITY

Supplier agrees to defend, indemnify and hold the State, its officers, directors, employees, and agents harmless from all liabilities, claims, damages, losses, costs, expenses, demands, suits and actions (including without limitation reasonable attorneys’ fees and costs required to establish the right to indemnification), excluding damages that are the sole fault of Customer, arising from or in connection with Supplier’s breach of its express representations and warranties in these Information Technology Terms and the Contract. If a third party claims that any portion of the products or services provided by Supplier under the terms of another Contract Document or these Information Technology Terms infringes that party’s patent or copyright, Supplier shall defend, indemnify and hold harmless the State and Customer against the claim at Supplier’s expense and pay all related costs, damages, and attorney’s fees incurred by or assessed to, the State and/or Customer. The State and/or Customer shall promptly notify Supplier of any third-party claims and to the extent authorized by the Attorney General of the State, allow Supplier to control the defense and any related settlement negotiations. If the Attorney General of the State does not authorize sole control of the defense and settlement negotiations to Supplier, Supplier shall be granted authorization to equally participate in any proceeding related to this section, but Supplier shall remain responsible to indemnify Customer and the State for all associated costs, damages and fees incurred by or assessed to the State and/or Customer. Should the software become, or in Supplier’s opinion, be likely to become the subject of a claim or an injunction preventing its use as contemplated in connection with Hosting services, Supplier may, at its option (i) procure for the State the right to continue using the software or (ii) replace or modify the software with a like or similar product so that it becomes non-infringing.

24 TERMINATION, EXPIRATION AND SUSPENSION OF SERVICE

24.1 During any period of service suspension, Supplier shall not take any action to intentionally disclose, alter or erase any Customer Data.

24.2 In the event of a termination or expiration of the Contract, the parties further agree:

Supplier shall implement an orderly return of Customer Data in a format specified by the Customer and, as determined by the Customer:

- a. return the Customer Data to Customer at no additional cost, at a time agreed to by the parties and the subsequent secure disposal of State Data;
- b. transitioned to a different Supplier at a mutually agreed cost and in accordance with a mutually agreed data transition plan and the subsequent secure disposal of State Data or
- c. a combination of the two immediately preceding options.

24.3 Supplier shall not take any action to intentionally erase any Customer Data for a period of:

- a. 10 days after the effective date of termination, if the termination is in accordance with the contract period;
- b. 30 days after the effective date of termination, if the termination is for convenience; or
- c. 60 days after the effective date of termination if the termination is for cause.

After such period, Supplier shall, unless legally prohibited or otherwise stipulated, delete all Customer Data in its systems or otherwise in its possession or under its control.

24.4 The State shall be entitled to any post termination or expiration assistance generally made available with respect to the services.

24.5 Disposal by Supplier of Customer Data in all of its forms, such as disk, CD/DVD, backup tape and paper, when requested by the Customer, shall be performed in a secure manner. Data shall be permanently deleted and shall not be recoverable, according to National Institute of Standards and Technology (NIST)-approved methods. Certificates of destruction shall be provided to Customer within thirty (30) calendar day of its request for disposal of data.

25 GENERAL INFORMATION SECURITY REQUIREMENTS

25.1 No employee of Contractor or its subcontractors will be granted access to State of Oklahoma agency information systems without the prior completion and approval of applicable logon authorization and acceptable use requests.

25.2 Contractor or its subcontractors will notify applicable State of Oklahoma agencies when employees who have access to agency information systems are terminated.

25.3 Contractor or its subcontractors will disclose to Client any suspected breach of the security of the information system or the data contained therein in the most expedient time possible and without unreasonable delay and will cooperate with Client during the investigation of any such incident.

- 25.4 Contractor or its subcontractors agree to adhere to the State of Oklahoma “Information Security Policy, Procedures, and Guidelines” available at: <https://oklahoma.gov/content/dam/ok/en/omes/documents/InfoSecPPG.pdf>

26 HIPAA REQUIREMENTS

26.1 Contractor shall agree to use and disclose Protected Health Information in its possession or control in compliance with the Standards for Privacy of Individually Identifiable Health Information (Privacy Rule) (45 C.F.R. Parts 160 and 164) under the Health Insurance Portability and Accountability Act (HIPAA) of 1996. The definitions set forth in the Privacy Rule are incorporated by reference into this Contract (45 C.F.R. §§ 160.103 and 164.501).

26.2 If applicable, Contractor will sign and adhere to a Business Associate Agreement (BAA). The Business Associate Agreement provides for satisfactory assurances that Contractor will use the information only for the purposes for which it was engaged. Contractor agrees it will safeguard the information from misuse and will comply with HIPAA as it pertains to the duties stated within the contract. Failure to comply with the requirements of this standard may result in funding being withheld from Contractor, and/or full audit and inspection of Contractor’s security compliance as it pertains to this contract.

26.3 Business Associate Terms Definitions:

- a. Unless otherwise defined in this BAA, all capitalized terms used in this BAA have the meanings ascribed in the HIPAA Regulations, provided; however, that “PHI” and “ePHI” shall mean Protected Health Information and Electronic Protected Health Information, respectively, as defined in 45 C.F.R. § 160.103, limited to the information Business Associate received from or created or received on behalf of the applicable State of Oklahoma agency as a Business Associate. “Administrative Safeguards” shall have the same meaning as the term “administrative safeguards in 45 C.F.R. § 164.304, with the exception that it shall apply to the management of the conduct of Business Associate’s workforce, not the State of Oklahoma agency workforce, in relation to the protection of that information.
- b. Business Associate. “Business Associate” shall generally have the same meaning as the term “Business Associate” at 45 C.F.R. 160.103, and in reference to the party to this agreement, shall mean the entity whose name appears below.
- c. Covered Entity. “Covered Entity” shall generally have the same meaning as the term “Covered Entity” at 45 C.F.R. 160.103.
- d. HIPAA Rules. “HIPAA Rules” shall mean the Privacy, Security, Breach Notification, and Enforcement Rules at 45 C.F.R. Part 160 and Part 164, all as may be amended.
- e. The following terms used in this Agreement shall have the same meaning as those terms in the HIPAA Rules: Breach, Data Aggregation, Designated Record Set, Disclosure, Health Care Operations, Individual, Minimum Necessary, Notice of

Privacy Practices, Protected Health Information, required by law, Secretary, Security Incident, Sub-Contractor, Unsecured PHI, and Use.

26.4 Obligations of Business Associate: Business Associate may use Electronic PHI and PHI (collectively, “PHI”) solely to perform its duties and responsibilities under this Agreement and only as provided in this Agreement. Business Associate acknowledges and agrees that PHI is confidential and shall not be used or disclosed, in whole or in part, except as provided in this Agreement or as required by law. Specifically, Business Associate agrees it will, as applicable:

- a. use or further disclose PHI only as permitted in this Agreement or as Required by Law, including, but not limited to the Privacy and Security Rule;
- b. use appropriate safeguards, and comply with Subpart C of 45 C.F.R. Part 164 with respect to Electronic PHI, to prevent use or disclosure of PHI other than as provided for by this Agreement;
- c. implement and document appropriate administrative, physical, and technical safeguards to protect the confidentiality, integrity, and availability of PHI that it creates, receives, maintains, or transmits for or on behalf of Covered Entity in accordance with 45 C.F.R. 164;
- d. implement and document administrative safeguards to prevent, detect, contain, and correct security violations in accordance with 45 C.F.R. 164;
- e. make its applicable policies and procedures required by the Security Rule available to Covered Entity solely for purposes of verifying BA’s compliance and the Secretary of the Department of Health and Human Services (HHS);
- f. not receive remuneration from a third party in exchange for disclosing PHI received from or on behalf of Covered Entity;
- g. in accordance with 45 C.F.R. 164.502(e)(1) and 164.308(b), if applicable, require that any Sub-Contractors that create, receive, maintain or transmit PHI on behalf of the Business Associate agree to the same restrictions, conditions, and requirements that apply to the Business Associate with respect to such information; this shall be in the form of a written HIPAA Business Associate Contract and a fully executed copy will be provided to the Contract Monitor;
- h. report to Covered Entity in writing any use or disclosure of PHI that is not permitted under this Agreement as soon as reasonably practicable but in no event later than five calendar days from becoming aware of it and mitigate, to the extent practicable and in cooperation with Covered Entity, any harmful effects known to it of a use or disclosure made in violation of this Agreement;
- i. promptly report to Covered Entity in writing and without unreasonable delay and in no case later than five calendar days any successful Security Incident, as defined in the Security Rule, with respect to Electronic PHI;
- j. with the exception of law enforcement delays that satisfy the requirements of 45 C.F.R. 164.412, notify Covered Entity promptly, in writing and without

unreasonable delay and in no case later than five calendar days, upon the discovery of a breach of Unsecured PHI. Such notice shall include, to the extent possible, the name of each individual whose Unsecured PHI has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such Breach. Business Associate shall also, to the extent possible, furnish Covered Entity with any other available information that Covered Entity is required to include in its notification to Individuals under 45 C.F.R. § 164.404(c) at the time of Business Associate's notification to Covered Entity or promptly thereafter as such information becomes available. As used in this Section, "breach" shall have the meaning given such term at 45 C.F.R. 164.402;

- k. to the extent allowed by law, indemnify and hold Covered Entity harmless from all claims, liabilities costs, and damages arising out of or in any manner related to the unauthorized disclosure by Business Associate of any PHI resulting from the negligent acts or omissions of Business Associate or to the breach by Business Associate of any applicable obligation related to PHI;
- l. provide access to PHI it maintains in a Designated Record Set to Covered Entity, or if directed by Covered Entity to an Individual in order to meet the requirements of 45 C.F.R. 164.524. In the event that any Individual requests access to PHI directly from Business Associate, Business Associate shall forward such request to Covered Entity within five working days of receiving a request. This shall be in the form of a written HIPAA Business Associate Contract and a fully executed copy will be provided to the Contract Monitor. Any denials of access to the PHI requested shall be the responsibility of Covered Entity;
- m. make PHI it maintains in a Designated Record Set available to Covered Entity for amendment and incorporate any amendments to PHI in accordance with 45 C.F.R. 164.526;
- n. document disclosure of PHI it maintains in a Designated Record Set and information related to such disclosure as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI, in accordance with 45 C.F.R. 164.528, and within five working days of receiving a request from Covered Entity, make such disclosure documentation and information available to Covered Entity. In the event the request for an accounting is delivered directly to Business Associate, Business Associate shall forward within five working days of receiving a request such request to Covered Entity;
- o. make its internal practices, books, and records related to the use and disclosure of PHI received from or created or received by Business Associate on behalf of Covered Entity available to the Secretary of the Department of HHS, authorized governmental officials, and Covered entity for the purpose of determining Business Associate's compliance with the Privacy Rule. Business Associate shall give Covered Entity advance written notice of requests from HHS or government officials and provide Covered Entity with a copy of all documents made available; and

- p. require that all of its Sub-Contractors, vendors, and agents to whom it provides PHI or who create, receive, use, disclose, maintain, or have access to Covered Entity's PHI shall agree in writing to requirements, restrictions, and conditions at least as stringent as those that apply to Business Associate under this Agreement, including but not limited to implementing reasonable and appropriate safeguards to protect PHI, and shall require that its Sub-Contractors, vendors, and agents agree to indemnify and hold harmless Covered Entity for their failure to comply with each of the provisions of this Agreement.

26.5 Permitted Uses and Disclosures of PHI by Business Associate: Except as otherwise provided in this Agreement, Business Associate may use or disclose PHI on behalf of or to provide services to Covered Entity for the purposes specified in this Agreement, if such use or disclosure of PHI would not violate the Privacy Rule if done by Covered Entity. Unless otherwise limited herein, Business Associate may:

- a. use PHI for its proper management and administration or to fulfill any present or future legal responsibilities of Business Associate;
- b. disclose PHI for its proper management and administration or to fulfill any present or future legal responsibilities of Business Associate, provided that; (i) the disclosures required by law; or (ii) Business Associate obtains reasonable assurances from any person to whom the PHI is disclosed that such PHI will be kept confidential and will be used or further disclosed only as Required by Law or for the purpose(s) for which it was disclosed to the person, and the person commits to notifying Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been breached;
- c. disclose PHI to report violations of law to appropriate federal and state authorities; or
- d. aggregate the PHI with other data in its possession for purposes of Covered Entity's Health Care Operations;
- e. make uses and disclosures and requests for protected health information consistent with Covered Entity's minimum necessary policies and procedures;
- f. de-identify any and all PHI obtained by Business Associate under this BAA, and use such de-identified data, all in accordance with the de-identification requirements of the Privacy Rule [45 C.F.R. § 164.502(d)].

26.6 Obligations of Covered Entity

- a. Covered Entity shall notify Business Associate of any changes in, or revocation of, the permission by an individual to use or disclose his or her PHI, to the extent that such changes may affect Business Associate's use or disclosure of PHI.
- b. Covered Entity shall notify Business Associate of any restriction on the use or disclosure of PHI that Covered Entity has agreed to or is required to abide by under 45 C.F.R. 164.522, to the extent that such restriction may affect Business Associate's use or disclosure of protected health information.

- c. Covered Entity shall not request Business Associate use or disclose PHI in any manner that would violate the Privacy Rule if done by Covered Entity.
- d. Covered Entity agrees to timely notify Business Associate, in writing, of any arrangements between Covered Entity and the Individual that is the subject of PHI that may impact in any manner the use and/or disclosure of the PHI by Business Associate under this BAA.
- e. Covered Entity shall provide the minimum necessary PHI to Business Associate.

26.7 Term and Termination:

- a. **Obligations of Business Associate upon Termination.** Upon termination of this Agreement for any reason, Business Associate, with respect to PHI received from Covered Entity, or created, maintained, or received by Business Associate on behalf of Covered Entity, shall as applicable:
 - i. retain only that PHI that is necessary for Business Associate to continue its proper management and administration or to carry out its legal responsibilities;
 - ii. return to Covered Entity (or, if agreed to by Covered Entity, destroy) the remaining PHI that the Business Associate still maintains in any form;
 - iii. continue to use appropriate safeguards and comply with Subpart C of 45 C.F.R. Part 164 with respect to PHI to prevent use or disclosure of the PHI, other than as provided for in this Section, for as long as Business Associate retains the PHI;
 - iv. not use or disclose the PHI retained by Business Associate other than for the purposes for which such PHI was retained and subject to the same conditions set out at above under “Permitted Uses and Disclosures By Business Associate” that applied prior to termination; and
 - v. return to Covered Entity (or, if agreed to by Covered Entity, destroy) the PHI retained by Business Associate when it is no longer needed by Business Associate for its proper management and administration or to carry out its legal responsibilities.
- b. All other applicable obligations of Business Associate under this Agreement shall survive termination.
- c. Should the applicable State of Oklahoma agency become aware of a pattern of activity or practice that constitutes a material breach of a material term of this BAA by Business Associate, the agency shall provide Business Associate with written notice of such a breach in sufficient detail to enable Contractor to understand the specific nature of the breach. The Client shall be entitled to terminate the Underlying Contract associated with such breach if, after the applicable State of Oklahoma agency provides the notice to Business Associate, Business Associate fails to cure the breach within a reasonable time period not less than thirty (30) days specified in such notice; provided, however, that such

time period specified shall be based on the nature of the breach involved per 45 C.F.R. §§ 164.504(e)(1)(ii)-(iii) & 164.314 (a)(2)(i)(C).

26.8 Miscellaneous Provisions:

- a. No Third-Party Beneficiaries: Nothing in this Agreement shall confer upon any person other than the parties and their respective successors or assigns, any rights, remedies, obligations, or liabilities whatsoever.
- b. Business Associate recognizes that any material breach of this Business Associate Terms section or breach of confidentiality or misuse of PHI may result in the termination of this Agreement and/or legal action. Said termination may be immediate and need not comply with any termination provision in the parties' underlying agreement, if any.
- c. The parties agree to amend this Agreement from time to time as is necessary for Covered Entity or Business Associate to comply with the requirements of the Privacy Rule and related laws and regulations.
- d. The applicable State of Oklahoma agency shall make available its Notice of Privacy Practices.
- e. Any ambiguity in this Agreement shall be resolved in a manner that causes this Agreement to comply with HIPAA.
- f. If Business Associate maintains a designated record set in an electronic format on behalf of Covered Entity, then Business Associate agrees that within 30 calendar days of expiration or termination of the parties' agreement, Business Associate shall provide to Covered Entity a complete report of all disclosures of and access to the designated record set covering the three years immediately preceding the termination or expiration. The report shall include patient name, date and time of disclosures/access, description of what was disclosed/accessed, purpose of disclosure/access, name of individual who received or accessed the information, and, if available, what action was taken within the designated record set.
- g. Amendment: To the extent that any relevant provision of the HIPAA Regulations is materially amended in a manner that changes the obligations of Business Associates or Covered Entities, the Parties agree to negotiate in good faith appropriate amendment(s) to this Agreement to give effect to these revised obligations. The parties agree to amend this Agreement from time to time as is necessary for Covered Entity or to comply with the requirements of the Privacy Rule and related laws and regulations.

27 42 C.F.R. PART 2 RELATED PROVISIONS

- 27.1 Confidentiality of Information.** Contractor's employees and agents shall have access to private data to the extent necessary to carry out the responsibilities, limited by the terms of this Agreement. Contractor accepts the responsibilities for providing adequate administrative supervision and training to their employees and agents to ensure

compliance with relevant confidentiality, privacy laws, regulations and contractual provisions. No private or confidential data collected, maintained, or used shall be disseminated except as authorized by statute and by terms of this Agreement, whether during the period of the Agreement or thereafter. Furthermore, Contractor:

- 27.2** Acknowledges that in receiving, transmitting, transporting, storing, processing, or otherwise dealing with any information received pursuant to this agreement that identifies or otherwise relates to the individuals under the care of or in the custody of a State of Oklahoma agency, it is fully bound by the provisions of the federal regulations governing the confidentiality of Alcohol and Drug Abuse Patient Records, 42 C.F.R. Part 2 and the HIPAA, 45 C.F.R. 45 Parts 142, 160, and 164, Title 43 A § 1-109 of Oklahoma Statutes, and may not use or disclose the information except as permitted or required by this Agreement or by law;
- 27.3** Acknowledges that pursuant to 43A O.S. §1-109, all mental health and drug or alcohol treatment information and all communications between physician or psychotherapist and patient are both privileged and confidential and that such information is available only to persons actively engaged in treatment of the client or consumer or in related administrative work. Contractor agrees that such protected information shall not be available or accessible to staff in general and shall not be used for punishment or prosecution of any kind;
- 27.4** Agrees to resist any efforts in judicial proceedings to obtain access to the protected information except as expressly provided for in the regulations governing the Confidentiality of Alcohol and Drug Abuse Patient Records, 42 C.F.R. Part 2;
- 27.5** Agrees to, when applicable and to the extent within Contractor's control, use appropriate administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic protected health information that it creates, receives, maintains, or transmits on behalf of the State of Oklahoma agency and to use appropriate safeguards to prevent the unauthorized use or disclosure of the protected health information, and agrees that protected information will not be placed in the Child Protective Services (CPS) record of any individual involved with the Oklahoma Department of Human Services (DHS).
- 27.6** Agrees to report to the State of Oklahoma agency any use or disclosure or any security incident involving protected information not provided for by this Agreement. Such a report shall be made immediately when an employee becomes aware of such a disclosure, use, or security incident.
- 27.7** Agrees to provide access to the protected information at the request of the State of Oklahoma agency or to an authorized individual as directed by the State of Oklahoma agency, in order to meet the requirement of 45 C.F.R. §164.524 which provides clients with the right to access and copy their own protected information;
- 27.8** Agrees to make any amendments to the protected information as directed or agreed to by the State of Oklahoma agency, pursuant to 45 C.F.R. §164.526;
- 27.9** Agrees to make available its internal practices, books, and records, including policies and procedures, relating to the use and disclosure of protected information received from the

State of Oklahoma agency or created or received by the Contractor on behalf of the State of Oklahoma agency, to the State of Oklahoma agency and to the Secretary of the Department of Health and Human Services for purpose of the Secretary determining the giving party's compliance with HIPAA;

- 27.10** Agrees to provide the State of Oklahoma agency, or an authorized individual, information to permit the State of Oklahoma agency to respond to a request by an individual for an accounting of disclosures in accordance with 45 C.F.R. §164.528.

28 DATA SECURITY

The Contractor agrees to, when applicable and to the extent within Contractor's control, maintain the data in a secure manner compatible with the content and use. The Contractor will, when applicable to the extent within Contractor's control, control access to the data in Contractor's possession or control compliance with the terms of this Agreement. Only the Contractor's personnel whose duties require the use of such information, will have regular access to the data. The Contractor's employees will be allowed access to the data only for the purpose set forth in this Agreement.

- 28.1** Data Destruction. Contractor agrees to, when applicable and to the extent within Contractor's control, follow State of Oklahoma agency policies regarding secure data destruction.

- 28.2** Use of Information. Contractor agrees that the information received or accessed through this Agreement shall not be used to the detriment of any individual nor for any purpose other than those stated in this Agreement.

- 28.3** Redisclosure of Data. The Contractor agrees not to redisclose any information to a third party not covered by the Agreement unless written permission by the State of Oklahoma agency is received and redisclosure is permitted under applicable law.

29 FEDERAL TAX INFORMATION REQUIREMENTS IRS PUBLICATION 1075

- 29.1** PERFORMANCE: If Contractor takes possession or control of Federal Tax Information in performance of this contract, the Contractor agrees to, when applicable and to the extent within Contractor's control, comply with and assume responsibility for compliance by officers or employees with the following requirements:

- 29.2** All work will be performed under the supervision of the State of Oklahoma.

- 29.3** The contractor and contractor's officers or employees to be authorized access to FTI must meet background check requirements defined in IRS Publication 1075. The contractor will maintain a list of officers or employees authorized access to FTI. Such list will be provided to the agency and, upon request, to the IRS.

- 29.4** FTI in hardcopy or electronic format shall be used only for the purpose of carrying out the provisions of this contract. FTI in any format shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection or disclosure of FTI to anyone other than the contractor or the contractor's officers or employees authorized is prohibited.

- 29.5** FTI will be accounted for upon receipt and properly stored before, during, and after processing. In addition, any related output and products require the same level of protection as required for the source material.
- 29.6** The contractor will certify that FTI processed during the performance of this contract will be completely purged from all physical and electronic data storage with no output to be retained by the contractor at the time the work is completed. If immediate purging of physical and electronic data storage is not possible, the contractor will certify that any FTI in physical or electronic storage will remain safeguarded to prevent unauthorized disclosures.
- 29.7** Any spoilage or any intermediate hard copy printout that may result during the processing of FTI will be given to the agency. When this is not possible, the contractor will be responsible for the destruction of the spoilage or any intermediate hard copy printouts and will provide the agency with a statement containing the date of destruction, description of material destroyed, and the destruction method.
- 29.8** All Contractor computer systems receiving, processing, storing, or transmitting FTI must meet the requirements in IRS Publication 1075. To meet functional and assurance requirements, the security features of the environment must provide for the managerial, operational, and technical controls. All security features must be available and activated to protect against unauthorized use of and access to FTI.
- 29.9** No work involving FTI furnished under this contract will be subcontracted without the prior written approval of the IRS.
- 29.10** Contractor will ensure that the terms of FTI safeguards described herein are included, without modification, in any approved subcontract for work involving FTI.
- 29.11** To the extent the terms, provisions, duties, requirements, and obligations of this contract apply to performing services with FTI, the contractor shall assume toward the subcontractor all obligations, duties and responsibilities that the agency under this contract assumes toward the contractor, and the subcontractor shall assume toward the contractor all the same obligations, duties and responsibilities which the contractor assumes toward the agency under this contract.
- 29.12** In addition to the subcontractor's obligations and duties under an approved subcontract, the terms and conditions of this contract apply to the subcontractor, and the subcontractor is bound and obligated to the contractor hereunder by the same terms and conditions by which the contractor is bound and obligated to the agency under this contract.
- 29.13** For purposes of this contract, the term "contractor" includes any officer or employee of the contractor with access to or who uses FTI, and the term "subcontractor" includes any officer or employee of the subcontractor with access to or who uses FTI.
- 29.14** The agency will have the right to void the contract if the contractor fails to meet the terms of FTI safeguards described herein.

30 CRIMINAL/CIVIL SANCTIONS

- 30.1** Each officer or employee of a contractor to whom FTI is or may be disclosed shall be notified in writing that FTI disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any FTI for a purpose not authorized herein constitutes a felony punishable upon conviction by a fine of as much as \$5,000 or imprisonment for as long as 5 years, or both, together with the costs of prosecution.
- 30.2** Each officer or employee of a contractor to whom FTI is or may be accessible shall be notified in writing that FTI accessible to such officer or employee may be accessed only for a purpose and to the extent authorized herein, and that access/inspection of FTI without an official need-to-know for a purpose not authorized herein constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as \$1,000 or imprisonment for as long as 1 year, or both, together with the costs of prosecution.
- 30.3** Each officer or employee of a contractor to whom FTI is or may be disclosed shall be notified in writing that any such unauthorized access, inspection or disclosure of FTI may also result in an award of civil damages against the officer or employee in an amount equal to the sum of the greater of \$1,000 for each unauthorized access, inspection, or disclosure, or the sum of actual damages sustained as a result of such unauthorized access, inspection, or disclosure, plus in the case of a willful unauthorized access, inspection, or disclosure or an unauthorized access/inspection or disclosure which is the result of gross negligence, punitive damages, plus the cost of the action. These penalties are prescribed by IRC sections 7213, 7213A and 7431 and set forth at 26 CFR 301.6103(n)-1.
- 30.4** Additionally, it is incumbent upon the contractor to inform its officers and employees of the penalties for improper disclosure imposed by the Privacy Act of 1974, 5 U.S.C. 552a. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000.
- 30.5** Granting a contractor access to FTI must be preceded by certifying that each officer or employee understands the agency's security policy and procedures for safeguarding FTI. A contractor and each officer or employee must maintain their authorization to access FTI through annual recertification of their understanding of the agency's security policy and procedures for safeguarding FTI. The initial certification and recertifications must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, a contractor and each officer or employee must be advised of the provisions of IRC sections 7213, 7213A, and 7431 (see IRS Publication 1075, Exhibit 4, Sanctions for Unauthorized Disclosure, and IRS Publication 1075, Exhibit 5, Civil Damages for Unauthorized Disclosure). The training on the agency's security policy and procedures provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. For the initial certification and the annual recertifications, the contractor and each officer or employee must sign, either with ink or

electronic signature, a confidentiality statement certifying their understanding of the security requirements.

31 INSPECTION

The IRS and the Agency, with 24-hour notice, shall have the right to send its inspectors into the offices and plants of the contractor to inspect facilities and operations performing any work with FTI under this contract for compliance with requirements defined in IRS Publication 1075. The IRS' right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. Based on the inspection, corrective actions may be required in cases where the contractor is found to be noncompliant with FTI safeguard requirements.

32 SSA REQUIREMENTS

- 32.1** PERFORMANCE: If Contractor takes possession or control of in SSA provided information in the performance of this contract, the contractor agrees to, where applicable and to the extent within Contractor's control comply with and assume responsibility for compliance by his or her employees with the following requirements:
- 32.2** All work will be done under the supervision of the State of Oklahoma.
- 32.3** Any SSA provided information made available shall be used only for carrying out the provisions of this Agreement. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of this contract. Inspection by or disclosure to anyone other than an officer or employee of the Contractor is prohibited.
- 32.4** All SSA provided information shall be accounted for upon receipt and properly stored before, during, and after processing. In addition, all related output and products will be given the same level of protection as required for the source material.
- 32.5** No work involving SSA provided information furnished under this contract shall be subcontracted without prior written approval by the applicable State of Oklahoma agency and the SSA.
- 32.6** The Contractor shall maintain a list of employees authorized access. Such list shall be provided upon request to the applicable State of Oklahoma agency or the SSA.
- 32.7** Contractor or agents may not legally process, transmit, or store SSA-provided information in a cloud environment without explicit permission from SSA's Chief Information Officer. Proof of this authorization shall be provided to the Contractor by the applicable State of Oklahoma agency prior to accessing SSA provided information.
- 32.8** Contractor shall provide security awareness training to all employees, contractors, and agents who access SSA-provided information. The training should be annual, mandatory, and certified by the personnel who receive the training. Contractor is also required to certify that each employee, contractor, and agent who views SSA-provided information certify that they understand the potential criminal, civil, and administrative sanctions or penalties for unlawful assess and/or disclosure.

- 32.9** Contractor shall require employees, contractors, and agents to sign a non-disclosure agreement, attest to their receipt of Security Awareness Training, and acknowledge the rules of behavior concerning proper use and security in systems that process SSA-provided information. Contractor shall retain non-disclosure attestations for at least five (5) to seven (7) years for each employee who processes, views, or encounters SSA-provided information as part of their duties.
- 32.10** The applicable State of Oklahoma agency shall provide the Contractor a copy of the SSA exchange agreement and all related attachments before initial disclosure of SSA data. Contractor is required to follow the terms of the applicable State of Oklahoma agency's data exchange agreement with the SSA. Prior to signing this Agreement, and thereafter at SSA's request, the applicable State of Oklahoma agency shall obtain from the Contractor a current list of the employees of such Contractor with access to SSA data and provide such list to the SSA.
- 32.11** Where the Contractor processes, handles, or transmits information provided to the applicable State of Oklahoma agency by SSA or has authority to perform on the agency's behalf, the applicable State of Oklahoma agency shall clearly state the specific roles and functions of the Contractor within the Agreement.
- 32.12** SSA requires all parties subject to this Agreement to exercise due diligence to avoid hindering legal actions, warrants, subpoenas, court actions, court judgments, state or Federal investigations, and SSA special inquiries for matters pertaining to SSA-provided information.
- 32.13** SSA requires all parties subject to this Agreement to agree that any Client-owned or subcontracted facility involved in the receipt, processing, storage, or disposal of SSA-provided information operate as a "de facto" extension of the Client and is subject to onsite inspection and review by the Client or SSA with prior notice.
- 32.14** If the Contractor must send a Contractor computer, hard drive, or other computing or storage device offsite for repair, the Contractor must have a non-disclosure clause in their contract with the vendor. If the Contractor used the item in a business process that involved SSA-provided information and the vendor will retrieve or may view SSA-provided information during servicing, SSA reserves the right to inspect the Contractor's vendor contract. The Contractor must remove SSA-provided information from electronic devices before sending it to an external vendor for service. SSA expects the Contractor to render SSA-provided information unrecoverable or destroy the electronic device if they do not need to recover the information. The same applies to excessed, donated, or sold equipment placed into the custody of another organization.
- 32.15** In the event of a suspected or verified data breach involving SSA provided information, the Contractor shall notify the Client immediately.
- 32.16** The Client shall have the right to void the contract if the contractor fails to provide the safeguards described above.

33 CRIMINAL/CIVIL SANCTIONS

The Act specifically provides civil remedies, 5 U.S.C. Sec. 552a(g), including damages, and criminal penalties, 5 U.S.C. Sec. 552a(i), for violations of the Act. The civil action provisions are premised violations of the Act committed by parties subject to this Agreement or regulations promulgated thereunder. An individual claiming such a violation by parties subject to this Agreement may bring civil action in a federal district court. If the individual substantially prevails, the court may assess reasonable attorney fees and other litigation costs. In addition, the court may direct the parties subject to this Agreement to grant the plaintiff access to his/her records, and when appropriate direct an amendment or correction of records subject to the Act. Actual damages may be awarded to the plaintiff for intentional or willful refusal by parties subject to this Agreement to comply with the Act.

33.1 Civil Remedies

- a. In any suit brought under the provisions of 5 U.S.C. § 552a(g)(1)(C) or (D) in which the court determines that the parties subject to this Agreement acted in a manner which was intentional or willful, shall be liable in an amount equal to the sum of
- b. actual damages sustained by the individual because of the refusal or failure, but in no case, shall a person entitled to recovery receive less than the sum of \$1,000; and
- c. the costs of the action together with reasonable attorney fees as determined by the court.
- d. An action to enforce any liability created under 5 U.S.C. § 552a may be brought in the district court of the United States in the district in which the complainant resides, or has his principal place of business, or in which the records are situated, or in the District of Columbia, without regard to the amount in controversy, within two years from the date on which the cause of action arises, except that where parties subject to this Agreement have materially and willfully misrepresented any information required under this section to be disclosed to an individual and the information so misrepresented is material to establishment of the liability of the agency to the individual under 5 U.S.C. § 552a, the action may be brought at any time within two years after discovery by the individual of the misrepresentation. Nothing in this section shall be construed to authorize any civil action because of any injury sustained as the result of a disclosure of a record prior to September 27, 1975.

33.2 Criminal Penalties

- a. Any officer or employee of an agency, who by virtue of his employment or official position, has possession of, or access to, agency records which contain individually identifiable information the disclosure of which is prohibited by this section or by rules or regulations established thereunder, and who knowing that disclosure of the specific material is so prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than \$5,000. See 5 U.S.C. § 552a(i)(1).

- b. Any officer or employee of any agency who willfully maintains a system of records without meeting the notice requirements of subsection (e)(4) of this section shall be guilty of a misdemeanor and fined not more than \$5,000. See 5 U.S.C. § 552a(i)(2).
- c. Any person who knowingly and willfully requests or obtains any record concerning an individual from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than \$5,000. See 5 U.S.C. § 552a(i)(3).

34 CHILD SUPPORT FPLS REQUIREMENTS

- 34.1** Contractor, when applicable and to the extent within Contractor's control, and the applicable State of Oklahoma agency must comply with the security requirements established by the Social Security Act, the Privacy Act of 1974, the Federal Information Security Management Act of 2002 (FISMA), 42 United States Code (USC) 654(26), 42 UCS 654a(d)(1)-(5), the U.S. Department of Health and Human Services (HHS), the U.S. Department of Health and Human Services Administration of Children and Families Office of Child Support Enforcement Security Agreement and the Automated Systems for Child Support Enforcement: A Guide for States Section H Security and Privacy. Contractor and applicable State of Oklahoma agency also agree to use Federal Parent Locator Service (FPLS) information and Child Support (CS) program information solely for the authorized purposes in accordance with the terms in this agreement. The information exchanged between state Child Support agencies and all other state program information must be used for authorized purposes and protected against unauthorized access to reduce fraudulent activities and protect the privacy rights of individuals against unauthorized disclosure of confidential information.
- 34.2** This is applicable to the personnel, facilities, documentation, data, electronic and physical records and other machine-readable information systems of the applicable State of Oklahoma agency and Contractor, including, but not limited to, state employees and contractors working with FPLS information and CS program information and state CS agency data centers, statewide centralized data centers, contractor data centers, state Health and Human Services' data centers, comprehensive tribal agencies, data centers serving comprehensive tribes, and any other individual or entity collecting, storing, transmitting or processing FPLS information and CS program information. This is applicable to all FPLS information, which consists of the National Directory of New Hires (NDNH), Debtor File, and the Federal Case Registry (FCR). The NDNH, Debtor File and FCR are components of an automated national information system.
- 34.3** This is also applicable to all CS program information, which includes the state CS program information, other state and tribal program information, and confidential information. Confidential information means any information relating to a specified individual or an individual who can be identified by reference to one or more factors specific to him or her, including but not limited to the individual's Social Security number, residential and mailing addresses, employment information, and financial information. Ref. 45 Code of Federal Regulations (CFR) 303.21(a).

35 FERPA REQUIREMENTS

35.1 If Contractor takes possession or control of Information covered by FERPA in performance of this Agreement, Contractor agrees to, when applicable and to the extent within Contractor's control comply with and assume responsibility for compliance by its employees with the Family Educational Rights and Privacy Act; (20 U.S.C. § 1232g; 34 CFR Part 99) ("FERPA") and the Oklahoma Student Data Accessibility, Transparency, and Accountability Act of 2013; (70 O.S. § 3-168), where personally identifiable student education data is exchanged.

36 CJIS REQUIREMENTS

36.1 INTRODUCTION - This section shall be applicable to the extent that Contractor takes possession or control of CJIS data. The use and maintenance of all items of software or equipment offered for purchase herein must be in compliance with the most current version of the U.S. Department of Justice, Federal Bureau of Investigation ("FBI"), Criminal Justice Information Services (CJIS) Division's CJIS Security Policy ("CJIS Security Policy" or "Security Policy" herein).

36.2 The Entity or Affiliate acquiring the data or system is hereby ultimately responsible for compliance with the CJIS Security Policy and will be subject to an audit by the State of Oklahoma CJIS Systems Officer ("CSO") and the FBI CJIS Division's Audit Staff.

36.3 CJIS SECURITY POLICY REQUIREMENTS GENERALLY - The CJIS Security Policy outlines a number of administrative, procedural, and technical controls agencies must have in place to protect Criminal Justice Information ("CJI"). Our experience is that agencies will generally have many of the administrative and procedural controls in place but will need to implement additional technical safeguards in order to be in complete compliance with the mandate. A Criminal Justice Agency ("CJA") and certain other governmental agencies procuring technology equipment and services that could be used in hosting or connecting or transmitting or receiving CJI data may need to use the check list herein to make sure that the software, equipment, location, security, and persons having the ability to access CJI will meet the CJIS requirements per the then current CJIS Security Policy. A completed Appendix H to said Security Policy will need to be signed by Vendor or a 3rd party if it has access to CJI, such as incident to the maintenance or support of the purchased hardware or software within which resides CJI. Per Appendix "A" to said Security Policy, "access to CJI is the physical or logical (electronic) ability, right or privilege to view, modify or make use of CJI."

36.4 DIRECTIVE CONCERNING ACCESS TO CRIMINAL JUSTICE INFORMATION AND TO HARDWARE OR SOFTWARE WHICH INTERACTS WITH CJI AND CERTIFICATION- The FBI CJIS Division provides state-of-the-art identification and information services to the local, state, tribal, federal, and international criminal justice communities for criminal justice purposes, as well as the noncriminal justice communities for noncriminal justice purposes.

36.5 This Directive primarily concerns access to CJI and access to hardware and software in the use, retention, transmission, reception, and hosting of CJI for criminal justice purposes and not for noncriminal justice purposes. In that regard, this Directive is not only applicable to such data, but also to the hardware and software interacting with such data, their location(s), and persons having the ability to access such data. The CJIS data applicable to the Security Policy is the data described as such in said Policy plus all data

transmitted over the Oklahoma Law Enforcement Telecommunications System (“OLETS”) which is operated by DPS.

36.6 In order to have access to CJI or to the aforesaid hardware or software, the vendor must be familiar with the FBI CJIS Security Policy, including but not limited to the following portions of said Security Policy:

- a. the Definitions and Acronyms in §3 & Appendices “A” & “B”;
- b. the general policies in §4;
- c. the Policies in §5;
- d. the appropriate forms in Appendices “D”, “E”, “F” & “H”; and
- e. the Supplemental Guidance in Appendices “J”.

36.7 This FBI Security Policy is located and may be downloaded at:

- a. https://le.fbi.gov/file-repository/cjis_security_policy_v5-9-2_20221207-5.pdf
- b. By executing the Contract to which this Directive is attached, the vendor hereby CERTIFIES that the foregoing directive has and will be followed, including but not limited to full compliance with the FBI CJIS Security Policy, as amended and as applicable.

37 NOTICES

37.1 In addition to notice requirements under the terms of the Contract otherwise, the following individuals shall also be provided the request, approval or notice, as applicable:

Chief Information Officer
3115 N. Lincoln Blvd
Oklahoma City, OK 73105

With a copy, which shall not constitute notice, to:

OMES Deputy General Counsel
3115 North Lincoln Blvd
Oklahoma City, Oklahoma 73105

ODOC Historical Medications - Supplier's Proposed ADDITIONAL Pricing**

Automated Tablet Packaging Pricing Model-Monthly Management Fee vs. Dispensing Fee

Clinical Solutions prices its ATP Models using a Monthly Management Fee vs. the typical 30-day blister card Dispensing Fee. This method is much simpler since each ATP “baggie” can hold up to 10 pills and 4 prescriptions dispensed each day, to each inmate vs. the typical 30-day blister card, dispensed once a month as a single prescription. Clinical Solutions has developed over the years of doing ATP Models a conversion factor that takes those hundreds of thousands of pills in each baggie, for each inmate, each day and each month and calculates the monthly management fee instead of billing a fraction of a cent per pill, per day, per month which would result in lengthy and convoluted invoice.

The Management Fee assumes an average inmate census of 19,000 A 2.5% increase or decrease in census will provide for a recalculation of the Monthly Management Fee. Census will be evaluated quarterly to determine if an adjustment in the Monthly Management Fee is warranted.

OK DOC ATP Options		
	<u>Daily Model</u>	<u>2nd Day Model</u>

Executive Summary and Company Information

Offeror must provide complete and succinct responses to each item below. **Insert your responses into this worksheet directly into the yellow boxes** If your response does not fit into the boxes below a clearly labeled response (Example: 7.2.etc). will be considered. Offeror should provide all information necessary to demonstrate Offeror's ability to meet the requirements of this RFP and the RFP's Scope of Work. Responses to the below questions in this Attachment are mandatory and will be evaluated. Failure to respond to any question may result in your proposal being deemed nonresponsive.

Any bidder responses left blank to any of the below requirements will not proceed further in the evaluation phase.

Section Two: Executive Summary and Company Information

Bidders Instructions	Record Responses Below
7.2	<p>Bidder marketing information, general company information and other similar resources the Bidder wishes to provide</p> <ul style="list-style-type: none"> - 100% Woman-Owned Company (National WBE) fulfilling minority requirements as requested for our clients - FDA Repackager and Wholesale Distributor - DEA Manufacturer and DEA Distributor - NABP Accredited Drug Distributor - Exclusively Servicing Correctional Facilities - The only Correctional Pharmacy to operate multiple Satellite Pharmacies in multiple states (Tennessee (2); Kansas & Idaho) - The only Correctional Pharmacy to offer Pharmacy Management Services - Supplier of medications for three (3) of the largest MAT (Medication Assisted Treatment) Programs in the United States (pill, film, and long acting injectables) for Philadelphia Department of Prisons; California Department of Corrections & Rehabilitation (CDCR); and Los Angeles County, California - The only National Correctional Pharmacy to offer multiple packaging types for ease of administration - Doubled our prescription volume each year for the past three (3) years - Converted 130,000 patient lives over the past three (3) years from our competitors while retaining all of our current clients - Intensive on-site transitional training program for new clients - On-site staffing contracts providing intricate knowledge of site-level correctional medication delivery - Provide mail order pharmacy services to the largest Juvenile Facility in the United States: Alameda Juvenile ADC - Collaborative pharmacist agreement with Tennessee DOC for Hep C medications - Drug Information Center as a part of our Pharmacy Preceptor Program hosting students from four (4) different pharmacy schools - Multiple Clinical Pharmacists on staff with advanced certifications: Dr. Marcus Brown, PharmD, Vice President of Clinical Pharmacy: HIV Pharmacist™ (AAHIVP) certification; Dr. Charles Kim, Clinical Pharmacist: Board Certified Ambulatory Care Pharmacist (BCACP); Dr. Carrie Kreps, Geriatric Consultant Pharmacist: Board Certified Geriatric Pharmacist (BCGP); Dr. Jennifer Clements, Board Certified in Primary Care - Proprietary rollover of legacy prescription numbers to new prescriptions to ensure refill prescriptions do not have to be entered as new orders, saving hundreds of hours for nursing staff during a transition of pharmacy services - Hands-free prescription labeling technology through proprietary and customized machinery and software - Invested millions of dollars in partnership with nationally renowned cyber security firm, Mandiant, to completely revamp and modernize our cyber security to ensure that your jail's patients health information never fall into the wrong hands.
7.2.a	<p>Provide the length of time the Bidder has been in business</p> <p>Clinical Solutions was formed February 11, 2004.</p>
7.2.b	<p>Insert a brief description of the company</p> <p>Clinical Solutions currently provides service to over 450 Correctional Facilities in 26 states. We are the pharmacy provider to clients and facilities ranging in average daily population from 50 to 44,000. Clinical Solutions operates in a newly remodeled 46,000 square foot office space with state-of-the-art automation for medication packaging. Our office space provides large workstations and efficient workflow, providing a productive and enjoyable work environment for our employees. This facility, with its build-out and packing/shipping automation, has the capacity to fill over 75,000 prescriptions daily. This new space has enabled our pharmacy to scale up rapidly as we bring on new clients.</p> <p>Our company is the only correctional pharmacy well positioned to provide pharmacy services to ODOC out of our satellite pharmacy located in Wichita, KS. This proximity will allow a successful transition to multi-dose packages being delivered either as a "2nd Day Model" with delivery by UPS Gold with RFID tracking or a true "Daily Model" with courier delivery service.</p> <p>No other pharmacy services provider is as uniquely qualified to provide pharmaceutical services to ODOC Facilities. Clinical Solutions values the opportunity to apply our methods and processes to ODOC Facilities, which have been shown to increase efficiency and reduce costs by as much as 70%. We have saved our clients millions of dollars with our Discern process. The combination of our experience and truly proactive formulary management allows us to work together with your facility to achieve your pharmaceutical goals. Clinical Solutions is well-equipped and willing to provide all services and deliverables as required, described, and detailed in the RFP in order to provide all pharmaceutical services for ODOC Facilities.</p>
7.2.c	<p>Indicate Company size and organization structure (an Organizational chart is recommended)</p> <p>Clinical Solutions employs 200 employees. An Organization Chart is attached for review in PDF file OK DOC EV00000600 Pharmaceutical Services, Section 2.c. Page 18.</p>

7.2.d	The number of years the Bidder has been providing products and/or services of the type requested, (must be at least 36months)	Clinical Solutions has been providing pharmacy services to correctional facilities for over 20 years. Clinical Solutions has over 13 years of experience successfully deploying the use of ATP (Automated Tablet Packaging) equipment to help over 200 correctional facilities (jails and prisons) gain efficiency and cost savings in the use of nursing personnel to reduce medication preparation and pass time and greatly minimizing medication waste.
7.2.e	Describe the core competency of the company	<p>Clinical Solutions specializes in pharmaceutical solutions that are completely unique to the needs of each facility. Clinical Solutions has earned a strong reputation in pharmacy management, consulting, dispensary services, and pharmacy automation by offering the most effective and efficient solutions for the pharmaceutical needs of correctional facilities of all sizes. Clinical Solutions is actively involved in helping your facilities make sound decisions at every point in the integration of pharmacy and health care delivery.</p> <p>As drug costs continue to escalate, we recognize it is imperative that correctional facilities make every effort to manage the costs of inmate pharmaceuticals. With over twenty (20) years of direct experience in developing and maintaining formularies specifically designed for both County and State Correctional Facilities, Clinical Solutions recognizes the unique aspects of the corrections environment.</p> <p>Clinical Solutions has implemented many additional services to increase cost savings, cost containment, and cost avoidance strategies for other correctional facility clients. The strategies include but are not limited to Discern, specialty medications, establishment of OTP and MAT programs, proactive medication opportunity buys, and routine poly-pharmacy reviews.</p> <p>Clinical Solutions' first client was a small county jail in Georgia. We are proud to say that now, 20 years later, they are still our client. Keeping your very first client for the entire duration of your business is a remarkable achievement, as it signifies a strong, long-term relationship built on trust, consistent performance, and mutual growth. We believe this success stems from several factors:</p> <ol style="list-style-type: none"> 1. Our high quality service ensuring client satisfaction and loyalty. 2. Understanding our clients' needs by being attentive to each facility's evolving needs and adapting our pharmacy services accordingly. 3. Our open, transparent, and frequent communication which helps in addressing any concerns promptly and effectively. 4. Meeting deadlines which proves dependability and builds trust and reliability. 5. Providing additional value beyond the core pharmacy services such as insights into the pharmaceutical market, innovations and personalized touches tailored to the needs of each individual facility. <p>This enduring relationship not only highlights our business's reliability but also serves as a testament to our dedication and capability, often attracting new clients through positive referrals and testimonials. This can also be showcased through our relationship with one of our Healthcare Provider Partners who has grown their business with us from 5 jails to over 140 jails serviced.</p>
7.2.f	Estimated Number of clients	Clinical Solutions currently provides service to over 450 Correctional Facilities in 26 states.
7.2.g	Average client size (i.e., employee count)	We are the pharmacy provider to clients and facilities ranging in average daily population from 50 to 44,000.
7.2	Describe any licenses that your operation currently holds and the importance of maintaining them to provide the services proposed	<p>Clinical Solutions currently holds the following licenses in the State of Oklahoma: Clinical Solutions, LLC - Non-Resident Pharmacy License #99-8302 Clinical Solutions, LLC - Controlled Substance Registration #4303020 Clinical Solutions Wholesale, LLC - Controlled Substance Registration #4303328 Clinical Solutions Wholesale, LLC - Repackager License #88-P-6311 Clinical Solutions Wholesale, LLC - Wholesale Distributor License #88-W6313</p> <p>Clinical Solutions, LLC is a Tennessee licensed institutional pharmacy as well as a Licensed Drug Wholesaler. Clinical Solutions holds Non-Resident Pharmacy Registrations in 49 states. By holding an FDA repackaging license as well as a Wholesale/Distributor Permit, Clinical Solutions fully complies with all Drug Quality Security Act (DQSA) regulations related to wholesaling and FDA repackaging for stock distribution. Clinical Solutions Wholesale has a DEA registration as a DEA Manufacturer and DEA Distributor which allows for the legal distribution and repackaging of controlled substance stock blister card medications. This affords us the expertise to understand all aspects of regulations as they relate to stock medications, and be able to accommodate all the needs of the ODOC.</p>
7.2.a	Disclose any open or closed investigations, lawsuits, assessed fines or judgments that have been initiated by a government entity against your company related to the services or products it is offering in this solicitation within the last 5 years	Clinical Solutions has never been a party to litigation or asserted claims.

7.2.b	Has your company had any contracts terminated for poor/non-performance in the last 5 years? If yes, describe in detail the circumstances	We have never lost a contract for poor/non-performance. Our ability to adapt to our customer's needs demonstrates a keen understanding of the correctional pharmacy dynamics and our customer-centric focus. We encourage all of our clients to provide us with regular customer feedback in order to ensure that our services continue to meet their evolving needs. Clinical Solutions takes pride in the fact that we are a small enough company that we are able to be flexible in both our products and services in response to our customers demands. This helps us to stay competitive and retain clients long term. Our focus on proactive problem solving helps to anticipate potential issues and address them before they escalate.
7.2.c	Indicate Company size and organization structure (an Organizational chart is recommended)	Clinical Solutions employs 200 employees. An Organization Chart is attached for review in PDF file OK DOC EV00000600 Pharmaceutical Services, Section 2.c., Page 18.
7.2.d	The number of years the Bidder has been providing products and/or services of the type requested, (must be at least 36months)	Clinical Solutions has been providing pharmacy services to correctional facilities for over 21 years.
7.2.e	Describe the core competency of the company	<p>Clinical Solutions specializes in pharmaceutical solutions that are completely unique to the needs of each facility. Clinical Solutions has earned a strong reputation in pharmacy management, consulting, dispensary services, and pharmacy automation by offering the most effective and efficient solutions for the pharmaceutical needs of correctional facilities of all sizes. Clinical Solutions is actively involved in helping your facilities make sound decisions at every point in the integration of pharmacy and health care delivery.</p> <p>As drug costs continue to escalate, we recognize it is imperative that correctional facilities make every effort to manage the costs of inmate pharmaceuticals. With over twenty (20) years of direct experience in developing and maintaining formularies specifically designed for both County and State Correctional Facilities, Clinical Solutions recognizes the unique aspects of the corrections environment.</p> <p>Clinical Solutions has implemented many additional services to increase cost savings, cost containment, and cost avoidance strategies for other correctional facility clients. The strategies include but are not limited to Discern, specialty medications, establishment of OTP and MAT programs, proactive medication opportunity buys, and routine poly-pharmacy reviews.</p> <p>Clinical Solutions' first client was a small county jail in Georgia. We are proud to say that now, 20 years later, they are still our client. Keeping your very first client for the entire duration of your business is a remarkable achievement, as it signifies a strong, long-term relationship built on trust, consistent performance, and mutual growth. We believe this success stems from several factors:</p> <ol style="list-style-type: none"> 1. Our high quality service ensuring client satisfaction and loyalty. 2. Understanding our clients' needs by being attentive to each facility's evolving needs and adapting our pharmacy services accordingly. 3. Our open, transparent, and frequent communication which helps in addressing any concerns promptly and effectively. 4. Meeting deadlines which proves dependability and builds trust and reliability. 5. Providing additional value beyond the core pharmacy services such as insights into the pharmaceutical market, innovations and personalized touches tailored to the needs of each individual facility. <p>This enduring relationship not only highlights our business's reliability but also serves as a testament to our dedication and capability, often attracting new clients through positive referrals and testimonials. This can also be showcased through our relationship with one of our Healthcare Provider Partners who has grown their business with us from 5 jails to over 140 jails serviced.</p>
7.2.f	Estimated Number of clients	Clinical Solutions currently provides service to over 450 Correctional Facilities in 26 states.
7.2.g	Average client size (i.e., employee count)	We are the pharmacy provider to clients and facilities ranging in average daily population from 50 to 44,000.

Supplier Name: Clinical Solutions Pharmacy (CSP)
Reference Organization Name: Kansas DOC
Reference Contact Name: Gerald Jorgenson
Reference Phone Number: 785-207-1481
Reference Email: Gerald.Jorgenson@ks.gov

1. Please describe the organizational structure of your agency (i.e. Private Company, State Government, Federal Government, etc)
State Government--Department of Corrections
2. Please describe the work that the supplier did for you, including the size and scope of the project and the type and number of population being served.
CSP began providing pharmacy services to Kansas in 2020 as a subcontractor with Centurion. They have helped us modernize our medication pass processes by introducing a daily model where DOT medications are especially and delivered for our nurse to administer with ease. It has reduced nursing prep work enough to eliminated 12 FTEs.
3. When did the contract take place and what was its duration? Is it still in effect?
From 07/20 through 10/31/24 CSP was a subcontractor via Centurion. Effective 11/1/24 CSP is a direct contractor to KDOC
4. Did supplier successfully deliver the contract requirements/responsibilities?
 Yes No

**Response to Specifications and Requirements Bidder
Requirements**

Offeror must provide complete and succinct responses to each item below. **Insert your responses into this worksheet directly into the green boxes.** Offeror should provide all information necessary to demonstrate Offeror's ability to meet the requirements of this RFP and the RFP's Scope of Work. Responses to the below questions in this Attachment are mandatory and will be evaluated. Failure to respond to any question may result in your proposal being deemed nonresponsive. Offeror should include any additional documentation (education brochures, specific information about system) for any applicable questions.

For any questions that require a yes or no response, only respond yes or no in the applicable column. No additional information is requested. Should the offeror respond no to any, ODOC will not evaluate response and proposal will be deemed nonresponsive.

Any bidder responses left blank to any of the below requirements will not proceed further in the evaluation phase.

Section Seven: Response to Specifications and Requirements

		Yes/No	Record Responses Below
	<u>Company Information</u>		
1	Describe any licenses that the Offeror currently holds and the importance of maintaining them to provide the services proposed.		<p>Clinical Solutions currently holds the following licenses in the State of Oklahoma: Clinical Solutions, LLC - Non-Resident Pharmacy License #99-8302 Clinical Solutions, LLC - Controlled Substance Registration #4303020 Clinical Solutions Wholesale, LLC - Controlled Substance Registration #4303328 Clinical Solutions Wholesale, LLC - Repackager License #88-P-6311 Clinical Solutions Wholesale, LLC - Wholesale Distributor License #88-W6313</p> <p>Clinical Solutions, LLC is a Tennessee licensed institutional pharmacy as well as a Licensed Drug Wholesaler. Clinical Solutions holds Non-Resident Pharmacy Registrations in 49 states. By holding an FDA repackaging license as well as a Wholesale/Distributor Permit, Clinical Solutions fully complies with all Drug Quality Security Act (DQSA) regulations related to wholesaling and FDA repackaging for stock distribution. Clinical Solutions Wholesale has a DEA registration as a DEA manufacturer and DEA Distributor which allows for the legal distribution and repackaging of controlled substance stock blister card medications. This affords us the expertise to understand all aspects of regulations as they relate to stock medications, and be able to accommodate all the needs of the ODOC.</p>
2	Disclose any open or closed investigations, lawsuits, assessed fines or judgments that have been initiated by a government entity against the Offeror related to the services or products it is offering in this solicitation within the last 5 years.		Clinical Solutions has never been a party to litigation or asserted claims.
3	Has the Offeror had any contracts terminated for poor/non-performance in the last 5 years? If yes, describe in detail the circumstances involved and provide any applicable documentation.		We have never lost a contract for poor/non-performance. Our ability to adapt to our customer's needs demonstrates a keen understanding of the correctional pharmacy dynamics and our customer-centric focus. We encourage all of our clients to provide us with regular customer feedback in order to ensure that our services continue to meet their evolving needs. Clinical Solutions takes pride in the fact that we are a small enough company that we are able to be flexible in both our products and services in response to our customers demands. This helps us to stay competitive and retain clients long term. Our focus on proactive problem solving helps to anticipate potential issues and address them before they escalate.

<p>4 Describe the Offeror's internal controls relating to HIPAA, DSCSA, USP Chapters 795, 797 and 800 that the Offeror maintains.</p>		<p>Regarding HIPAA, Clinical Solutions conducts training upon hire and retrain annually.</p> <p>Clinical Solutions keeps a central repository through our DSCSA software of all incoming products that are verified against the corresponding EPCIS file. The repository electronically exchanges transaction information with trading partners, which includes serial numbers and lot numbers. Having serial numbers allows us to verify products at the package level instead of just the lot level. This gives the ability to trace drugs throughout the supply chain. We have the capability to electronically verify a product recall or a suspect/illegitimate product. The product is quarantined until the investigation process is complete. All licensing and registrations of all trading partners are verified. All transaction data is maintained for at least 6 years.</p> <p>Regarding USP Chapters 795 and 800 guidelines, Clinical Solutions trains upon hire and retrain as needed. Hazardous drugs and instruments for nonsterile compounding are segregated from other drugs/products. Gloves are used when handling hazardous drugs and compounding nonsterile pharmaceutical preparations. Clinical Solutions does not compound sterile pharmaceuticals under USP Chapter 797.</p>
<p>5 Describe the Offeror's involvement in any trade organizations. Do you hold a certification or maintain compliance with any standards set by trade organizations (NCCHC, ACA, ASHP, etc)? If so, which?</p>		<p>Audit documents are consistent with accreditation requirements established by NCCHC and ACA. We are proud of our 100% pass rate for all pharmacy NCCHC and ACA audits completed at our clients' facilities. Additionally, our owner and CEO, Christi Throneberry Henry holds the CCHP designation awarded by NCCHC. Christi Throneberry also completed her ASHP-Accredited Pharmacy Practice Residency at St. Thomas Health System in Nashville, Tennessee.</p>
<p>6 The offeror will work with the covered entity as defined in Section 340B of the Federal Public Health Services Act, 42 USC 256b, that is selected by ODOC to provide certain drugs at reduced prices for use by inmate patients of the covered entity. Offeror will, with ODOC's written approval, allow the selected covered entity to purchase pharmaceuticals through this contract for the use of inmate patients.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions has extensive knowledge and expertise in coordinating and participating in 340B arrangements on behalf of their clients. Clinical Solutions is an integral partner for four (4) Departments of Correction and their 340B programs: our home state of Tennessee via the Department of Health, the Kansas DOC via the Department of Health, as well as two other State DOCs: Missouri and Indiana by partnering with Charleston Area Medical Center (CAMC).</p> <p>Clinical Solutions will work with the covered entity as defined in Section 340B of the Federal Public Health Services Act, 42 USC 256b, that is selected by ODOC to provide certain drugs at reduced prices for use by inmate patients of the covered entity. Clinical Solutions' is currently a registered 340B contracted pharmacy through a Tennessee based Disproportionate Share Covered Entity (Region One Health, Memphis, TN). We are fully compliant with all 340B program requirements and can handle a separate 340B inventory for your facilities. Clinical Solutions will be your registered 340B contracted pharmacy under your contract with your Disproportionate Share Covered Entity.</p>
<u>Contract Implementation</u>		
<p>9 Offeror will be required to transfer current ODOC pharmacy supplier's patient drug database to their system within the 30 calendar days prior to the start of the contract.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will receive an active order file transfer from your current EHR Medunison or from your current pharmacy vendor. This allows Clinical Solutions to have access to your patient drug database and all active patient profiles.</p>
<p>10 Offeror will have a maximum of 30 calendar days from the date of award of contract to complete its implementation for a fully operational pharmacy system.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Yes, Clinical Solutions can comply, however our ability to complete the implementation is subject to vendors to the State that are beyond our control. For example, DocSynergy is a vendor to the State that needs to interface with Clinical Solutions for accurate patient information and active prescriptions. Clinical Solutions experience implementing 100+ facilities over 13 years with automated tablet packaging systems, including three DOC's, is that a recommendation of 60-90 days implementation is preferable to 30 days.</p>
<p>11 Offeror will provide local representation during the implementation phase for purposes of on-site training, inventory valuation of medication stock in its facilities, and for advising ODOC management of related needs, progress, problems and solutions.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will provide local representation during the implementation phase for purposes of on-site training, inventory valuation of medication stock in its facilities, and for advising ODOC management of related needs, progress, problems and solutions. Furthermore, Clinical Solutions understands that all staff/shifts require start-up training and that shifts vary by facility.</p> <p>A team of experienced professionals will be assigned to cover all aspects of the project, including transition and implementation to ensure the best in continuous customer service. This team of individuals will be on-site at each facility during the transition phase to complete pre-visits and fill out facility questionnaires as well as on-site during Go Live week.</p> <p>These team members will ensure that your facilities will receive thorough on-site training of all appropriate staff regarding ordering procedures, pharmaceutical storage, accounting procedures, distribution of pharmaceuticals, management and inventory, pharmaceutical troubleshooting, and online services in accordance with the agreed upon Policies and Procedures Manual. Each member of our Client Services team has multiple years of experience in Correctional Pharmacy transitions.</p> <p>Additionally, Clinical Solutions will conduct all necessary on-site and/or web-based user training on both access to and use of the AMI (Automated Medication Interface) program. We encourage a "train the trainer" model for day to day operations. Each facility will select a "super user" that will be equipped to handle routine "how to" questions as well as the ability to add or revoke users. Ongoing training for upgrades and/or process changes is provided using webinars.</p>
<u>Contract Requirements</u>		

<p>12 Offeror will provide medication to the ODOC inmate population and will charge solely based on actual acquisition cost of the medication plus the dispensing fee. A. Actual acquisition cost of a medication charged to ODOC will be the Offeror's actual acquisition cost of the medication on the filling/dispensing date of the medication/prescription in question.; B. Stock fills will only be charged one filling/dispensing fee, C. Upon release, inmates are provided with approximately a 30-day supply of medication, in child-resistant packaging, to be sent to the facilities only. Offeror will be notified utilizing the ODOC Electronic Health Record (EHR), which is currently supplied by Medunison.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>A. Clinical Solutions will provide medications to ODOC solely on the basis of Actual Acquisition Cost of the medication plus the monthly management fee. Please refer to Exhibit 5 pricing attachment Excel sheet for full details of the monthly management fee.</p> <p>B. Stock dispensing fees will be included in the monthly management fee. Stock medications (oral dose solids) will be provided in 30-count FDA Repackaged blister cards. With regard to stock medication repackaged blister cards, Clinical Solutions, LLC is a Tennessee licensed institutional pharmacy as well as a Licensed Drug Wholesaler. By holding an FDA repackaging license as well as a Wholesale license, Clinical Solutions fully complies with all Drug Quality Security Act (DQSA) regulations related to wholesaling and FDA repackaging for stock distribution.</p> <p>C. Clinical Solutions will supply discharge medications in the specific quantity requested. All discharge medications will be dispensed in childproof containers unless otherwise agreed upon. These medications will be labeled appropriately with all directions and auxiliary warning labels as required and in complete compliance with all applicable State and Federal regulations.</p>
<p>13 Offeror will provide all necessary pharmacy/drug-related supplies, including those supplies reasonably requested by facilities at no cost to ODOC as listed on, but not limited to, Exhibit 3. ODOC reserves the right to add or remove items from Exhibit 3. ODOC is only requesting the items that would be necessary to safely store, prepare or administer the drugs. These items will be limited to standard pharmacy expense items (i.e., expense items that you would not normally charge a patient for separately), such as controlled substance logbooks, clear plastic bag/light protective bags, vials/lids, spoons/oral syringes for liquid administration, etc. These items will not include things that would normally charge a patient/insurer for separately, such as syringes/needles for injection, test strips, lancets, etc.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will provide all necessary pharmacy/drug-related supplies as reasonably requested by ODOC facilities. These items include those items necessary to safely store, prepare, or administer the medications.</p> <p>Clinical Solutions will supply to each facility a Controlled Substance Log Book used for documentation of perpetual inventory and accountability.</p>
<p>14 Offeror will ensure that prescription drugs, including injectable, compounded intravenous solutions, over-the-counter medications, both formulary and non-formulary are obtainable by ODOC through this contract, in accordance with applicable ODOC policies and procedures pertaining to pharmacy services. Non-formulary review process is conducted by request to ODOC Chief Medical Officer (CMO), or designee, in ODOC's EHR.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will fill prescriptions with generic medications of comparable bioavailability/bioequivalence to brand name products, unless the ODOC physician specifically requests brand name including injectable, compounded intravenous solutions, over-the-counter medications, both formulary and non-formulary.</p> <p>Clinical Solutions will dispense all medications generically unless there is no generic substitute. All generic medications will be A or AB rated by the FDA. Clinical Solutions will notify ODOC when it discovers large increases in commonly utilized generic medications and offer alternatives.</p> <p>Clinical Solutions will provide medications in compliance with the ODOC-approved Drug Formulary and will suggest a formulary will be made up of primarily generic medications when deemed clinically appropriate, which are the most cost-effective and therapeutically relevant and will be in full compliance with all relevant standards.</p> <p>Clinical Solutions offers a full line of medical/surgical supplies and we are serious about cost containment and helping you manage your budget. We've invested thousands of hours of research, obtaining the highest-quality and most cost-effective products in the market so you don't have to. Our price guide/formulary, purchasing power, and large inventories ensure that our products are available when you need them. Additionally, we offer a full line of cost-effective non-formulary products.</p> <p>Clinical Solutions will have already loaded your facility's formulary into AMI. If your provider orders a medication that is outside of the formulary, it will be reviewed by our clinical team to determine if there is a clinically equivalent substitute that is on the existing formulary. When a non-formulary order is received, ODOC's Medical Director will be notified electronically and alternative medications will be discussed. The medication will not be filled until non-formulary approval has been given.</p>

<p>15</p> <p>Offeror will verify with the CMO or designee, and the facility staff the validity of specialty orders for refilled medications whose cost is greater than \$5,000.00. Offeror will wait for confirmation before shipping the medication and billing ODOC.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will verify with the CMO or designee and the facility staff the validity of any specialty orders or refilled medications whose cost is greater than \$5,000.00. Those items will not be shipped or billed to ODOC until confirmation and approval is received.</p> <p>With regard to specialty medications, Clinical Solutions is your expert partner in specialty medication procurement. Clinical Solutions is dedicated to simplifying the entire procurement journey for you and your patients. We specialize in obtaining specialty medications, whether they're readily available or part of exclusive LDD networks. Here's how we can help:</p> <ul style="list-style-type: none"> -Efficient Patient Intake: We streamline patient intake processes at our specialty pharmacy, ensuring a smooth transition for your patients. -Seamless Communication: CSP acts as a liaison between your facility and our specialty pharmacy partners. CSP will notify you where to send prescriptions and coordinating delivery efficiently. -Billing Support: Our team sets up billing information for patients, ensuring smooth claims processing and minimal administrative hassle for your facility. -REMS Compliance Expertise: We understand the importance of REMS compliance. Our trained pharmacy team assists in gathering all necessary information to meet REMS program requirements for medications like Revlimid, Pomalyst, Ambrisentan, Brixadi, and Sublocade. -Tailored Medication Forms: CSP has developed medication-specific forms, including preliminary patient intake, prescription request, and notification forms for delivery coordination, ensuring accurate and timely processing. -Dedicated Support: Have questions or need updates? Our dedicated email account, specialtypharmacy@cspmeds.com, is at your service, providing prompt assistance whenever you need it. -Proactive Refill Management: We keep a comprehensive record of all patients on specialty medications, ensuring timely refills and proactive outreach to facilities for new prescriptions or additional information required for smooth processing. <p>With Clinical Solutions as your partner, you can trust that every step of the specialty medication procurement process is handled with expertise and care. Let us take the complexity out of specialty medication procurement so you can focus on providing the best care for your patients.</p>
<p>16</p> <p>Offeror will verify the validity (not erroneously sent) of an early refill (i.e., a refilled medication if 21 or more days have not passed since the last fill). Offeror will wait for confirmation of such an order before shipping the medication and billing ODOC.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>DOT medications will be placed on a daily fill cycle where patient's medications are automatically refilled and shipped together daily. As long as there are refills remaining on a DOT prescription, your staff does not have to reorder the medication in time to receive the refill before the medication runs out. Rather, Clinical Solutions automatically refills all active prescriptions and ships them to your facility before inmates run out of medication.</p> <p>KOP medications will be evaluated for validity of refills based on if 21 or more days have passed since the last fill. If the validity of the refill must be verified, Clinical Solutions will check with facility staff and wait for confirmation that the order should indeed be shipped and billed to ODOC.</p>
<p>17</p> <p>Offeror will fill prescriptions with generic medications of comparable bioavailability/bioequivalence/biosimilar to brand name products, unless the ODOC physician specifically requests brand name.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will fill prescriptions with generic medications of comparable bioavailability/bioequivalence to brand name products, unless the ODOC physician specifically requests brand name.</p> <p>Clinical Solutions will dispense all medications generically unless there is no generic substitute. All generic medications will be A or AB rated by the FDA. Clinical Solutions will notify ODOC when it discovers large increases in commonly utilized generic medications and offer alternatives.</p> <p>Clinical Solutions will provide medications in compliance with the ODOC-approved Drug Formulary and will suggest a formulary will be made up of primarily generic medications when deemed clinically appropriate, which are the most cost-effective and therapeutically relevant and will be in full compliance with all relevant standards.</p>
<p>18</p> <p>Offeror will maintain records of any and all filling/dispensing errors of which it becomes aware. Offeror's records of filling/dispensing errors will consist of a quality report containing the following information: A. Origin of the error, B. Description of error (nature and circumstances of the error), C.Type of error, D. Medical Services Unit affected, E. Date/Time of error, F. Person/process that identified the error, G. Identifiers (name, employee number, etc.) of person(s) involved in error, H. Date/Time Correctional Health Services Administrator was notified of the error If applicable provider was notified (and any instruction by/comments of provider), I. Medication name(s), J. Medication strength(s), K.Prescription number, L. Inmate name and ODOC number, M. Inmate date of birth, If applicable, likely cause and effect of error, N. Improvement plan to prevent similar future errors, O. Other relevant documentation (images of orders from the Medical Services Unit, prescription form(s) or other documentation corroborating the discrepancy)</p> <p>Offeror will complete the quality report within one business day of discovering a filling/dispensing error.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions' Policies and Procedures regarding the prevention of prescribing and dispensing errors are evaluated monthly by our internal CQI committee. This committee is made up of pharmacists, technicians, regulatory specialist, and members of the management team who review all discrepancies from a systems perspective in order to determine operational controls that may be indicated to ensure the highest level of quality for our clients. This committee examines all med errors from previous month, and implements a plan of corrective action for each error that may result in counseling logs, training optimization, or a change in company policy to prevent future errors.</p> <p>The records of filling/dispensing errors will consist of a quality report containing the following information: origin of the error; description of error (nature and circumstances of the error); type of error; medical services unit affected; date/time of error; person/process that identified the error; identifiers (name, employee number, etc.) of the person(s) involved in error; date/time correctional health services administrator was notified of the error; if applicable provider was notified (and any instruction by/comments of provider); medication name(s); medication strength(s); prescription number; inmate name and number; inmate date of birth; if applicable, likely cause and effect of error; improvement plan to prevent similar future errors; other relevant documentation (images of orders from the medical services unit, prescription form(s) or other documentation corroborating the discrepancy). A quality report containing all above-listed information will be supplied to ODOC outlining filling errors as they occur. These quality reports will be completed within 24 hours of discovering a filling/dispensing error. Clinical Solutions will also prepare a quarterly executive summary of the findings and accompanying recommendations from the inspections to be reviewed at the ODOC quarterly meeting.</p>

<p>19 Offeror will inform the CMO or designee within two business days of discovery of a filling/dispensing error and will provide the complete records of the error within the same time frame. Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>The ODOC CMO or designee will be informed of any filling/dispensing error within 24 hours of discovery and the quality report will be completed within 24 hours of discovering a filling/dispensing error.</p>
<p>20 Offeror will provide a means for ODOC to code medications returned to Offeror as "dispensing error". Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>When logging a medication for return for credit into AMI, there will be a special reason code of "dispensing error" to identify those medications affected by the filling/dispensing error.</p>
<p>21 All medications which are confirmed to be dispensing errors will be issued full credit, including refunding of dispensing fees. Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions is proud of our extremely low prescription error rate of 0.0003% at both our headquarters location and our pharmacy management contract with the Tennessee Department of Correction. Should a dispensing error occur, a full credit including dispensing fee will be issued.</p>
<p>22 Prescriptions filled for a deceased or discharged inmate will be treated as Offeror's dispensing error if information has been communicated to Offeror and will be subject to these terms and credited in full. Medication error reports will also be maintained for these incidents. Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions agrees that any prescription filled for a deceased or discharged inmate will be treated as a dispensing error, provided the correct information has been communicated to Clinical Solutions. Should this type of dispensing error occur, a full credit including dispensing fee will be issued.</p>
<p>23 Offeror will provide all hardware/software necessary for each ODOC facility listed on Exhibit 3, which includes a list of current medication carts at all facilities. The required amount of hardware/software at each facility will be determined by the ODOC Medical Services Manager or designee. Repairs and/or replacement of equipment will be within 24-hours of notification of problem. If equipment requires repairs more than three times in a 12-month period, equipment will be replaced at Offeror's expense. Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will provide all hardware/software necessary for each ODOC facility determined by the ODOC Medical Services Manager. Based upon facility average daily population, Clinical Solutions will provide each facility with the appropriate number of heavy duty locking medication and treatment cart(s) with dividers and subdividers to accommodate blister cards or multi-dose strip packaging to ODOC facilities at no charge. The med cart(s) provided will be durable, lightweight, and narrow for ease in transportation throughout correctional facilities. The locked portion of the narcotics box for all med carts will meet all State and Federal regulations pertaining to the provisions of a double-locked storage area. The size, style, and options may vary for individual clients, based upon availability at the beginning and throughout the life of the contract term. Clinical Solutions will maintain and service all med carts throughout the term of the contract(s). Repairs and/or replacement of equipment will be within 24-hours of notification of problem. If equipment requires repairs more than three times in a 12-month period, equipment will be replaced under the annual allotment as agreed upon by both parties for med carts.</p>
<p>24 Offeror will allow for up to four separate accounts for each of the facilities listed on Exhibit 3. These accounts will have the same shipping address as listed on Exhibit 3, but will be packaged, shipped and invoiced separately from the other accounts. There are currently only two facilities that use separate accounts. The ship to address will remain the same for separate accounts at the same facility. The intention is for the medications for specific units to be packaged together. For example: Joseph Harp Correctional Center currently has four separate accounts for the same facility ship to address. Those units are the Main Medical, Mental Health Unit, G Unit, and J Unit. All medications for each of the units are packaged together so that they can be taken directly to the appropriate unit and opened there for storage and distribution. Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will package medications in white boxes separated by unit accounts as requested for ease of storage and distribution.</p>
<p style="text-align: center;">Ordering</p>		

<p>25 What ordering mechanisms will be made available to ODOC? These must include, but not limited to: Accessed through existing ODOC computer by each location's Medical Service Unit, Placing orders through ODOC's EHR system while interfacing with ODOC's Offender Management System (currently supplied by Marquis Software) and facsimile orders as a backup if EHR system is down.</p>	<p>New orders and refills will be submitted via ODOC's computers through an interface with your EHR system. Clinical Solutions will then utilize our own proprietary Automated Medication Interface (AMI) which is a Correctional specific pharmacy software system that has the capability to interface with the ODOC EHR and Offender Management System. AMI offers access to patient profiles and bar-code scanning capabilities for delivery reconciling and refilling medications (if submitting refills is not available through your EHR). Facilities are able to refill prescriptions by simply scanning the refill bar-codes on the prescription label and then submitting after all refill requests have been scanned into the refill queue.</p> <p>Your facility will connect to AMI using a URL website with Multi-factor authentication. There is no software to be installed and allows for different levels of role-based security. Multi-factor authentication is required for login.</p> <p>If ODOC is having technical difficulty with the system, Clinical Solutions utilizes a state-of-the-art document management system called DocuTrack by Integra. This allows for faxed documents to be imaged and easily retrieved for auditing and immediate fax verification to our clients. All faxed documents are electronically archived into our order tracking system, preventing the possibility of a misplaced or misrouted fax. These fax digital images are much clearer than printed faxes, thus reducing the chance of medication errors. Additionally, DocuTrack automatically sends a fax received confirmation, complete with number of pages received, back to the sending facility by fax or email. For emergent orders, nurses may call in verbal orders for expedited service. Clinical Solutions will also receive prescription notifications submitted by telephone at 1-877-826-5488, by fax at 1-866-920-1597. A pharmacist is available 24/7/365.</p>
<p>26 Discuss ordering cut-off times and hours of operation for contacting your staff.</p>	<p>Clinical Solutions works with specific cut-off times for medications daily. DOT orders in multi-dose packages received by your negotiated cut-off time (e.g. 12:00 Noon CST weekdays, negotiable), will be delivered either the same day between 6:00pm and Midnight or the next day between Midnight and 4:00am to the address specified on the purchase order. KOP blister card, bulk items, and stock medication orders received by your negotiated cut-off time (e.g. 2 pm CST weekdays, negotiable), will be delivered the next day by UPS overnight delivery.</p> <p>Clinical Solutions will provide a registered pharmacist available for consultation 24 hours/day, 7 days/week for routine and emergency needs. This pharmacist may be reached by telephone at 1-877-826-5488, by fax at 1-866-920-1597 or by email at askapharmacist@cspmeds.com.</p>
<p>27 Are there any different procedures for maintaining a controlled substance (schedules II-V)? If so, please describe.</p>	<p>Schedule II -- Inmate Specific: 1) All orders must be written by a DEA licensed prescriber. 2) If the State requires e-prescribing for schedule II controlled substances, a DEA compliant EPCS software must be used to enter orders electronically to be sent to the pharmacy. 3) If note-prescribing, the order should be written on a physician's order form or prescription pad. It should include the prescriber's signature and DEA number. The exact quantity should be specified. 4) No refills are allowed on Schedule II drugs.</p> <p>Schedule III – IV – A. Stock: 1) All orders should be written on the Clinical Solutions Pharmacy Controlled Stock Medication Order Form. This should include the prescriber, DEA number, and Expiration Date of DEA. 2) Clinical Solutions Pharmacy Staff will call to obtain verification of all controlled stock orders prior to processing. 3) A new order is required each time. B. Inmate Specific: 1) All orders must contain the prescriber's name and DEA number. 2) If the State requires e-prescribing for schedule III-V controlled substances, a DEA compliant EPCS software must be used to enter orders electronically to be sent to the pharmacy. 3) The orders must be entered into eOMIS. In case of an emergency, the Clinical Solutions Inmate New Order Form can be used and sent to the pharmacy via fax. 4) Clinical Solutions Pharmacy Staff will call to obtain verification of all written inmate specific controlled medication orders prior to processing. 5) Length of order cannot exceed 6 months or 5 refills per DEA regulations.</p> <p>Schedule II – A. Stock (Unit-Dose Boxes Only) 1) Ordering a. The facility must have a site-specific DEA registration in the facilities name or a DEA registered prescriber. b. All stock schedule II drugs must be ordered on DEA form number 222. b. All 222 forms must be emailed or faxed to the wholesale department for approval prior to mailing. d. Once approved, the 222 form can be mailed to Clinical Solutions Pharmacy. 2) Receiving A. All quantities received should be circled on the packing list. B. The employee that receives the medication should sign and date, along with a witness. C. The signed packing list must be faxed back to Clinical Solutions Pharmacy to the fax number on the packing list.</p> <p>Schedule III – IV A. Stock (30 Count Blister Cards, Unit-Dose Boxes) 1) Ordering a. All orders should be written on the Clinical Solutions Controlled Stock Medication Order Form. This should include the prescriber, the prescriber's DEA number, and Expiration Date of DEA. b. A new order is required each time. 2) Receiving a. Follow same directions as Schedule II Receiving.</p>

<p>28 How are refills managed?</p>		<p>If multi-dose packages are chosen as a packaging type, patient's medications are automatically refilled and shipped together daily. As long as there are refills remaining on a prescription, your staff does not have to reorder the medication in time to receive the refill before the medication runs out. Rather, Clinical Solutions automatically refills all active prescriptions and ships them to your facility before inmates run out of medication. The multi dose strip packaging dispensing model for Direct Observation Therapy (DOT) medications is well positioned to meet the unique challenges of correctional facilities, including rising drug costs, tight budgets, and a growing nursing shortage. Outdated processes, such as the highly manual process of med pass preparation required with Blister Cards, continue to drain nurses of their valuable time. Automation technologies such as the BD/Parata Automated Tablet Packager, can streamline these processes and free up valuable time for nursing staff to conduct the multitude of tasks required in the corrections environment.</p> <p>If Blister Card packaging is chosen as an option, refills will be submitted through an interface with your EHR system or through AMI if submitting refills is not available through your EHR.</p>
<p>29 How are orders transmitted after-hours?</p>		<p>Through the interface with your EHR system, orders will be transmitted in real time via HL7 interface standard 24/7/365. As long as the order is received before your negotiated cut-off time, it will be filled the same day and shipped to facilities for next-day delivery.</p>
<p>30 How are emergency orders handled?</p>		<p>In the event an emergent medication is not able to be filled through a facility's e-kit or stock medication supply, Clinical Solutions partners with Statim Rx for after-hours emergency medication from local back-up pharmacies located within 30 miles of each facility, D69as well as the delivery of all after-hours medication delivery. Emergency medication will be delivered within two (2) hours of the order being placed, 24/7/365. These medications will be billed at pass-through costs on the next monthly billing statement. This back-up pharmacy solution is our guarantee of continuous, uninterrupted access for the provision of emergency medications.</p> <p>Additionally, Clinical Solutions will provide a registered pharmacist available for consultation 24 hours/day, 7 days/week for routine and emergency needs. This pharmacist may be reached by telephone at 1-877-826-5488, by fax at 1-866-920-1597, or by email at askapharmacist@cspmeds.com.</p>
<p>31 How are stock medications maintained?</p>		<p>Clinical Solutions' Data Analytics team will work with the Pharmacy and Therapeutics Committee, ODOC's Medical Director, and other designated personnel to perform a thorough evaluation of stock levels at each facility to create par levels for each stock medication based on the previous three (3) to six (6) months utilization provided.</p> <p>Clinical Solutions will recommend initial stock medication inventory levels for each facility as well as create par levels for ongoing stock medication maintenance and procedures for re-ordering stock as par levels are reached. Clinical Solutions will also provide a mechanism for perpetual inventory for all STAT stock medications to ensure accountability.</p>
<p>32 Describe how ODOC will be able to track orders placed.</p>		<p>Once the order has been placed (new or refill orders), medical personnel may follow the prescription through our Automated Medication Interface, AMI to check the progress of the prescription in "real time". Orders are color coded on a patient profile to show whether it is "waiting for verification", "active and refillable", meaning it has been processed and the date it was filled, or an "inactive or voided" status showing the order may have some issue that did not allow it to be processed. Once prescriptions have been filled, ODOC facilities may access a detailed packing slip listing all items in the order and sorted alphabetically by patient are available through our Automated Medication Interface, AMI.</p>
<p>33 Offeror will make back-up provisions with local pharmacies within 30 miles of each ODOC location for filling emergent orders, including Saturdays and Sundays, holidays and after-hours. Emergent orders will be processed and available for pick-up within 6 hours. Local pharmacies will act as sub-contractors and will be held to the same terms and conditions of this contract.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>In the event an emergent medication is not able to be filled through a facility's e-kit or stock medication supply, Clinical Solutions partners with Statim Rx for after-hours emergency medication from local back-up pharmacies located within 30 miles of each facility, as well as the delivery of all after-hours medication delivery. Emergency medication will be delivered within two (2) hours of the order being placed, 24/7/365. These medications will be billed at pass-through costs on the next monthly billing statement. This back-up pharmacy solution is our guarantee of continuous, uninterrupted access for the provision of emergency medications.</p>
<p><u>Medication Management</u></p>		

<p>34 Offeror's staff will be available for clinical discussion during normal business hours.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will provide a registered pharmacist available for consultation 24 hours/day, 7 days/week for routine and emergency needs. This pharmacist may be reached by telephone at 1-877-826-5488, by fax at 1-866-920-1597, or by email at askapharmacist@cspmeds.com. In addition, ODOC will have a dedicated pharmacist for clinical questions during normal business hours.</p>
<p>35 Describe your process, if any, for collaborative management of a patient's health conditions.</p>		<p>Clinical Solutions has over twenty-one (21) years of Clinical Pharmacy experience. We understand that offender and public health populations are comprised of individuals with special healthcare needs requiring individualized treatment care plans to be developed by the respective medical and mental health providers. Under the terms of this contract, Clinical Solutions will provide clinical pharmacists who are experienced in correctional medicine, public health medicine, and mental health services who will offer valuable consultative services with these populations, adding to the quality of care provided and facilitating the achievement of positive outcomes. Our clinical pharmacists understand the dynamics and the acuity level of these populations are more complex as compared to the community. Through the provision of pharmacoeconomic evaluations, treatment recommendations, chart reviews, patient education, proactive collaborative consultation, and the analysis of prescribing trends, our clinical team will prove a valuable resource to the multidisciplinary healthcare team.</p> <p>Clinical Solutions' highly trained team of pharmacists and technicians will work with ODOC physicians, physician assistants, nurse practitioners, and other medical staff to ensure their inmate patients receive quality care while the department maintains a solid bottom line on pharmaceutical costs. Much of the medication and disease state monitoring will be housed within a software platform such as our proprietary clinical surveillance software to help ensure the plans are solidified and monitored moving forward.</p> <p>Whether the patient is being seen as part of a chronic care program or an acute illness, the Clinical Solutions team will be happy to work collaboratively to maximize both quality of care and cost-effective care. Our clinical pharmacy team will be asked to address issues of drug interactions and polypharmacy. The providers may seek clinical pharmacist input in selecting cost-effective treatments and providing alternatives for recommendations that are made when inmates are sent to outside providers. Providers may also make requests for chart reviews on complicated cases.</p> <p>Clinical Solutions will run disease state specific analysis for the facility to make guideline-based recommendations. Our Clinical Pharmacists will also be available to provide inmates with education on new diagnosis and medications. When our Clinical Pharmacist meets with the inmate patients, they will address compliance issues and side effects. Assessments and recommendations will be documented directly in the patient's charts.</p> <p>Reference and educational materials will be provided upon request to ODOC's providers, nurses, individual patients, and correctional officers regarding medication therapies, side effects, and proper administration. These educational resources provide information on drug information, disease state information, and medical procedures information. They are intended for use by educators, health care professionals, and consumers. Samples of educational resources include brochures, news articles, printed public service announcements, online resource tools, and slide show presentations. These resources are easy to read and include illustrations when applicable. Educational resources are available in English and 18 other languages for both drug information and disease state information and can be accessed online.</p> <p>Clinical Solutions provides patient education regarding disease state and therapy with the following specialty disease states: HIV, Hepatitis C, transplant, oncology, and rheumatoid arthritis as well as assisting patients in enrolling in manufacturer co-pay assistance programs and financial assistance programs.</p> <p>Our team of clinical pharmacists will perform patient chart reviews and work with the medical staff to manage various disease states with an aim to enhance quality of care and manage costs.</p> <p>Many members of our team have individual accreditations or certifications which provide evidence of their expertise: Marcus Brown, PharmD, AAHIVP - Director of Clinical Pharmacy and our HIV Pharmaceutical Care Pharmacist; Charles Kim, PharmD, BCACP - Ambulatory Care Pharmacist; and Carrie Kreps, PharmD, CGP, FASCP - Geriatric Consultant Pharmacist. Additionally, our owner and CEO, Christi Throneberry Henry holds the CCHP designation from NCCHC.</p>
<p>36 How are unnecessary medications discontinued?</p>		<p>Poly-Pharmacy is a nationally recognized healthcare problem. Poly-Pharmacy can become problematic when patients are prescribed too many medications by multiple healthcare providers working independently of each other. Also, drug interactions can occur if no single healthcare provider knows the patient's complete medication picture. Concerns about poly-pharmacy include increased adverse drug reactions, drug interactions, prescribing cascade, medication non-adherence, reduced functional capacity, cognitive impairment, and higher costs.</p> <p>Patients on twelve (12) or more medications including psychiatric medications often require additional scrutiny to treat the underlying illness and/or its effects. This review provides an opportunity to detect duplicate prescriptions; to prevent prescription of inappropriate medication; and to adjust doses as necessary for patients. Clinical Solutions' routine poly-pharmacy review is designed to improve patient outcomes while simultaneously reducing overall costs by eliminating the administration of unnecessary and/or harmful medications.</p> <p>When Clinical Solutions' poly-pharmacy review program was implemented at the Tennessee Department of Corrections, the results were significant. Prescriptions for these patients were reduced by 10 percent, thus reducing costs by \$20,000/month.</p> <p>Medication orders may be discontinued through your EHR.</p>
<p>37 If a medication ordered is not available, what are your procedures for obtaining or substituting it?</p>		<p>Clinical Solutions will make every effort to provide at least a partial amount of the medication, if available, to our client(s) to prevent any delay in therapy. In addition, Clinical Solutions will work with our dedicated inventory personnel and network of wholesale distributors to identify the length of a manufacturer backorder and work to secure an appropriate supply of the medication in the most efficient manner possible acting within the best interests of our client(s). A backorder notation will be made in the appropriate location on the daily delivery manifest to communicate the backorder to the facility and the medication will be shipped the day after the medication becomes available.</p> <p>In the event of a manufacturer allocation, Clinical Solutions will work with the manufacturer to understand the allocation process and limitations placed on distribution of the medication to identify the most efficient route to secure medication for our client. Clinical Solutions' dedicated inventory managers utilize multiple wholesalers to obtain backordered products in the best interest of our clients.</p> <p>If for some reason there is a shortage of a particular medication, Clinical Solutions will communicate this information to the appropriate members of the ODOC healthcare team and all affected Medical and Mental Health providers. The communication will be complete with an explanation for the shortage along with a plan of action to manage the orders while working through the drug shortage. Clinical Solutions will keep all stakeholders informed regarding the target dates for medication availability.</p> <p>If there is an anticipated extended delay in the shipping of medication due to a manufacturer backorder, discontinuation of product, or an allocation process, Clinical Solutions will call the facility/prescribing provider to explain the reason for the delay and suggest a alternative.</p>

<p>38 How are product expiration/beyond use dates handled?</p>	<p>Every state Board of Pharmacy differs in destruction laws as it relates to regulations regarding medication destruction. Our dedicated regulatory specialist tracks State, Federal & EPA laws with regard to medication destruction.</p> <p>In accordance with all State and Federal laws, Clinical Solutions will provide protocols for the return of viable pharmaceutical products for destruction. Items in a blister pack or labeled bottles with NDC numbers are considered viable pharmaceutical products, including hazardous pharmaceuticals. Once all returns are evaluated and determined to be a non-creditable item for ODOC facilities, it becomes waste and we dispose of it accordingly using a 3rd party.</p> <p>Clinical Solutions cannot accept hazardous pharmaceuticals which are out of their package (i.e. loose pills). Non-hazardous loose pills may be stored in a provided Rx Destroyer. For non-hazardous loose medications, Clinical Solutions will supply your facility with an Rx Destroyer eco-friendly pharmaceutical "disposal in a bottle". The Rx Destroyer bottle contains a ready-to-use chemical digestion solution. Simply load unused or unwanted loose pills into the bottle. Invert bottle mix and wash digestion solution over the medications. Drugs start to dissolve permitting the active medication ingredients to be adsorbed and neutralized by the active charcoal ingredients. The active medication ingredients permanently bond to the activated charcoal and the process is irreversible.</p> <p>ODOC facilities may store and keep using the bottle until it becomes full. Once full, facilities may discard the bottle, containing contents, into common trash.</p>
<p>39 How are medication recalls handled when the medication has already left company's facility?</p>	<p>Clinical Solutions receives medication notices via wholesaler communications and/or wholesaler web portals.</p> <p>a. A pharmacy level recall will result in the removal of the product from inventory and be placed in quarantine until sent back to the manufacturer.</p> <p>b. A patient level medication recall will result in identification of the facilities potentially affected. CSP then will send communications to the facilities educating the facility of the medication recall. The medication name/patient name, strength and lot number(s) of the affected product will be provided. Facilities will be asked to quarantine the affected medication until instructions are received from the manufacturer on how to dispose of the affected medication. Finally, a replacement fill of the affected medication will be sent to ensure the patient compliance.</p> <p>Facilities have the option to either dispose of the medications themselves using an Rx Destroyer they can procure from us or return it to us for destruction.</p>
<p>40 Describe how clinical staff integrate into the medication filling process.</p>	<p>Clinical pharmacists provide decision support for every medication order which includes a review of drug/drug interactions, drug/disease interactions, min/max dosing, etc. This intense decision support allows for only appropriate medications to be administered. Each order review captures the electronic signature of the pharmacist who examined the order. Clinical Solutions offers a sophisticated and thorough verification of all prescriptions by a registered Pharmacist. Pharmacist review of all patient orders prior to filling and dispensing medication. Specifically, screening all orders for accuracy, completeness, and formulary compliance prior to dispensing.</p>
<p>41 Describe your formulary, any customizations available, and how that formulary is enforced. The Offeror will work with the ODOC Pharmacy and Therapeutics Committee for the formularies upon contract award.</p>	<p>Clinical Solutions is redefining formulary management by proactively monitoring every prescription to ensure the most cost-effective medication is being dispensed. The Discern philosophy of formulary management means that Clinical Solutions' highly trained team of pharmacists and technicians will work with ODOC's doctors and medical staffs to ensure their inmate patients receive quality care while the department maintains a solid bottom line on pharmaceutical costs. As a part of Clinical Solutions' commitment to superior customer service, much of the Discern process is automated. This allows Clinical Solutions to proactively analyze pricing and practices to assist ODOC with managing their bottom line.</p> <p>Discern is a real-time review process that provides your facilities with the most cost-effective and medically accurate medications every single time. By contrast, other correctional pharmacy companies employ a method of formulary management that is passive, retrospective, and inconsistent, leading to unpredictable pharmaceutical spending. As Owner and CEO Christi Throneberry states, "Discern is proactive, proper drug selection."</p> <p>Clinical Solutions values the opportunity to apply our methods and processes to your facilities, which have been shown to increase efficiency and reduce costs by as much as 70%. We have saved our clients millions of dollars with our Discern process. The combination of our experience and truly proactive formulary management allows us to work together to achieve your pharmaceutical goals.</p>

<p>42 How are specialty pharmaceuticals defined? Are they managed separately in any way?</p>	<p>Specialty medications are defined as any medication costing more than \$5,000/month.</p> <p>Clinical Solutions will provide patient education regarding disease state and therapy with the following specialty disease states: HIV, Hepatitis C, transplant, oncology, and rheumatoid arthritis as well as assisting patients in enrolling in manufacturer co-pay assistance programs and financial assistance programs.</p> <p>Our team of clinical pharmacists will perform patient chart reviews and work with the medical staff to manage various disease states with an aim to enhance quality of care and manage costs.</p> <p>Clinical Solutions is your expert partner in specialty medication procurement. Clinical Solutions is dedicated to simplifying the entire procurement journey for you and your patients. We specialize in obtaining specialty medications, whether they're readily available or part of exclusive LDD networks. Here's how we can help:</p> <ul style="list-style-type: none"> -Efficient Patient Intake: We streamline patient intake processes at our specialty pharmacy, ensuring a smooth transition for your patients. -Seamless Communication: CSP acts as a liaison between your facility and our specialty pharmacy partners. CSP will notify you where to send prescriptions and coordinating delivery efficiently. -Billing Support: Our team sets up billing information for patients, ensuring smooth claims processing and minimal administrative hassle for your facility. -REMS Compliance Expertise: We understand the importance of REMS compliance. Our trained pharmacy team assists in gathering all necessary information to meet REMS program requirements for medications like Revlimid, Pomalyst, Ambrisentan, Brixadi, and Sublocade. -Tailored Medication Forms: CSP has developed medication-specific forms, including preliminary patient intake, prescription request, and notification forms for delivery coordination, ensuring accurate and timely processing. -Dedicated Support: Have questions or need updates? Our dedicated email account, specialtypharmacy@cspmeds.com, is at your service, providing prompt assistance whenever you need it. -Proactive Refill Management: We keep a comprehensive record of all patients on specialty medications, ensuring timely refills and proactive outreach to facilities for new prescriptions or additional information required for smooth processing. <p>With Clinical Solutions as your partner, you can trust that every step of the specialty medication procurement process is handled with expertise and care. Let us take the complexity out of specialty medication procurement so you can focus on providing the best care for your patients.</p>
<p>43 How are patient consultation requirements met?</p>	<p>Clinical Solutions has the experience and technology available to offer clinical consultations for complex and high acuity patients via telephone conference or video Teams conferencing with both healthcare staff and/or patients. Patient consult requests may be generated for complex cases involving multiple medication regimens. Telepharmacy services include drug therapy monitoring and patient counseling.</p>
<p>44 How are discharge/release medications managed?</p>	<p>Clinical Solutions will supply discharge medications in the specific quantity requested. All discharge medications will be dispensed in childproof containers unless otherwise agreed upon. These medications will be labeled appropriately with all directions and auxiliary warning labels as required and in complete compliance with all applicable State and Federal regulations.</p>
<p><u>Packaging</u></p>	
<p>45 What types of packaging are available for stock medications?</p>	<p>Clinical Solutions is a licensed FDA Repackager and fully complies with all Drug Quality Security Act (DQSA) regulations related to FDA repackaging for stock distribution.</p> <p>In addition to stock medication blister cards, some items will be supplied in original manufacturer's containers. Liquid medications will be supplied in original manufacturer's unit-of-use containers as written on the prescription. All products will be packaged in a manner that will afford reasonable protection against moisture and contamination at all times, in addition to normal wear and tear during delivery.</p> <p>Creams and ointments will be supplied in original manufacturer's containers or in plastic jars if requested and permitted by the Federal Drug Administration. All products will be packaged in a manner that will afford reasonable protection against moisture and contamination at all times, in addition to normal wear and tear during delivery.</p> <p>IV mixtures will be supplied compounded, labeled, and ready to administer or supplied in Mini-Bag Plus packaging for easy self-mixing on-site. All products will be packaged in a manner that will afford reasonable protection against moisture and contamination at all times, in addition to normal wear and tear during delivery.</p>

<p>46 All prescription medications will be filled by the Offeror utilizing a daily multi-dose automated tablet packaging system per patient with RFID tracking technology, both on the medication packets and medication shipments.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions has over 10 years of experience successfully deploying the use of Automated Tablet Packaging (ATP) equipment to help over 200 correctional facilities, jails and prisons gain efficiency and cost savings in the use of nursing personnel to reduce medication preparation and medication pass time.</p> <p>DOT medications dispensed from the ATP come to the facility with the inmate's name, medication, and exact day and time to administer the medication printed on each individual pill pack. Clinical Solutions has developed and perfected what we call the "Daily Model" for correctional facilities within a certain geographic range of one of our pharmacies. Under the Daily Model we receive, prepare, dispense, and courier medications in ATP packs every day to our client's facilities. Under the 2nd Day Model we receive, prepare, dispense, and send medications in ATP packs to our client's facilities for administration to the patient within two (2) days via UPS Premier Gold with RFID tracking.</p> <p>Our company is the only correctional pharmacy well positioned to provide pharmacy services to ODOC out of our satellite pharmacy located in Wichita, KS. This proximity will allow a successful transition to multi-dose packages being delivered either as a "2nd Day Model" with delivery by UPS Gold with RFID tracking or a true "Daily Model" with courier delivery service.</p>
<p>47 All daily prescription medication packets will be sealed and have the ability to be filled in one packet per dosing time (QD/AM/PM) with a minimum of 3 prescriptions to the same patient and a total of 10 pills.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>This system can fill multi-dose packages with bar-coded pouches, enhancing safety and enabling verification at the point of care. Each package will be sealed and labeled according to physician prescription instructions. Prescriptions will be labeled according to the specifications of your facility and in accordance with State and Federal requirements. BD/Parata equipment can fill up to four (4) prescriptions and a total of ten (10) pills in one (1) ATP pack every two (2) seconds.</p>
<p>48 All prescription medication packets will have a barcode scanning capability for accuracy and to be able to be dispensed automatically to the patient.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>DOT medications will be filled daily as patient specific in multi-dose packages, organized by date and time of administration. These packages are pre-sorted by daily dose units attached together in sequential time/date order. The BD/Parata ATP is designed to optimize the medication management process and enable improved patient care, increased cost savings, and compliance. This system can fill multi-dose packages with bar-coded pouches, enhancing safety and enabling verification at the point of care. Each package will be sealed and labeled according to physician prescription instructions. Prescriptions will be labeled according to the specifications of your facility and in accordance with State and Federal requirements.</p>
<p>49 All prescription medication packets with multiple prescriptions will have barcodes for each prescription.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>This system can fill multi-dose packages with bar-coded pouches, enhancing safety and enabling verification at the point of care. Each medication is identified with their own unique bar code that may be scanned into your EHR for documentation of administration. Each package will be sealed and labeled according to physician prescription instructions. Prescriptions will be labeled according to the specifications of your facility and in accordance with State and Federal requirements.</p>
<p>50 All prescription medication packets barcodes will interface with and be uploaded into the ODOC EHR system for real-time or near real-time synchronization with patient records.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>All prescription medication packets' barcodes will interface with and be uploaded into the ODOC EHR system for real-time or near real-time synchronization with patient records. Scanning the barcodes for each medication into the EHR will provide for real-time documentation of administration and synchronization of patient records.</p>
<p>51 All prescription medication packets will be labelled in accordance with all State of Oklahoma, federal regulations and physician/provider instructions.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions pharmaceutical services will be provided and labeled in accordance with NCCHC and ACA jail standards, AJA, JCAHO, NABP, The State of Oklahoma, Title 21 United States Code (USC) Controlled Substances Act, and applicable DEA, FDA, and EPA laws, rules and regulations.</p>
<p>52 All medication shipments will be sorted and clearly labelled on the outside of the packaging by housing unit/date and time (AM/PM) of distribution to patient.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>DOT medications will be filled daily as patient specific in multi-dose packages, organized by date and time of administration (separate box for AM and PM). The medication packets are organized by morning and evening med passes, in alphabetical order and separated by pod or wing of the correctional facility. Pill packs are dispensed, separated and placed in rectangular white boxes. These "white boxes" are then delivered to the correctional facility every day Tuesday through Saturday.</p>

<p>53 Describe how medication errors are avoided, tracked and reported.</p>		<p>Grievances and complaints regarding pharmacy services, adverse drug reactions, and medication errors is a serious matter and Clinical Solutions will thoroughly investigate all instances of such and provide recommendations for correction if needed. All recommendations will be provided to the ODOC Medical Director within seventy-two (72) hours after the incident or sooner if possible.</p> <p>Prescribing errors are pro-actively minimized and used to educate healthcare staff in real-time in order to avoid further errors. The following practices are performed when a prescribing error is identified: Electronic Orders: Recognized prescribing errors are documented in the "Notes" section of the patient profile or medication profile so the prescriber has real time access and can correct immediately. Faxed Orders: Recognized prescribing errors are transmitted through our state-of-the-art document management system, DocuTrack, back to the facility in real time with an image of the actual order with correction notes so facilities can document their error and learn from it.</p> <p>Clinical Solutions' Policies and Procedures regarding the prevention of prescribing and dispensing errors are evaluated monthly by our internal CQI committee. This committee is made up of pharmacists, technicians, regulatory specialist, and members of the management team who review all discrepancies from a systems perspective in order to determine operational controls that may be indicated to ensure the highest level of safety for our clients. This committee examines all med errors from the previous month, and implements a plan of corrective action for each error that may result in counseling logs, training optimization, or a change in company policy to prevent future errors.</p> <p>Other policies Clinical Solutions has in place in order to prevent prescribing errors are mandatory pre-built fields in our remote order entry pharmacy software to prevent any potential prescribing errors related to directions or route of administration. Another policy related to the prevention of prescribing errors is a mandatory diagnosis with every electronic order so that pharmacists can assure the correct medication was chosen by the prescriber.</p> <p>Clinical Solutions is proud of our extremely low prescription error rate of 0.0003% at our headquarters location, our Wichita location servicing the Kansas DOC, and our pharmacy management contract with the Tennessee Department of Correction.</p> <p>Clinical pharmacists provide decision support for every medication order which includes a review of drug/drug interactions, drug/disease interactions, min/max dosing, etc. This intense decision support allows for only appropriate medications to be administered. Each order review captures the electronic signature of the pharmacist who examined the order. Clinical Solutions offers a sophisticated and thorough verification of all prescriptions by a registered Pharmacist. Pharmacist review of all patient orders prior to filling and dispensing medication. Specifically, screening all orders for accuracy, completeness, and formulary compliance prior to dispensing.</p> <p>Clinical Solutions will utilize AMI which is our proprietary Correctional specific pharmacy software system that has the capability to interface with your OMS and/or EHR.</p> <p>Our pharmacy software provides an interface to Medi-Span to alert clinical pharmacists to any drug to allergy interactions, drug to drug interactions, contraindications, and min/max dosing. This database is the most current, authoritative, and comprehensive drug reference tool for drug interaction and drug allergy screening. When such an alert occurs, Clinical Solutions' Clinical Pharmacist will review the order and immediately communicate with the provider regarding the order if necessary.</p>
		<p style="text-align: center;"><u>Delivery</u></p>
<p>54 Describe your delivery process. If you use a third-party courier, disclose who they are.</p>		<p>ODOC facilities will receive daily UPS delivery service of medications (new orders and refills) from Clinical Solutions, five (5) days per week, Monday through Friday, with guaranteed next day delivery occurring as published by UPS, facilitating swift medical care that will improve the patient's well-being. The refill process is able to be automated through our pharmacy information software, AMI. Clinical Solutions works with specific cut-off times for medications daily. DOT orders in multi-dose packages received by your negotiated cut-off time (e.g. 12:00 Noon CST weekdays, negotiable), will be delivered either the same day between 6:00pm and Midnight or the next day between Midnight and 4:00am to the address specified on the purchase order. KOP blister card, bulk items, and stock medication orders received by your negotiated cut-off time (e.g. 2 pm CST weekdays, negotiable), will be delivered the next day by UPS overnight delivery. Tracking numbers for shipments will be transmitted to your facility each day before the shipment goes out. All orders will be shipped with an electronic delivery sheet (packing slip) identifying the contents of the delivery for verification. Through our correctional-specific software AMI, your facility will be able to scan in orders received with your daily shipment. All items shipped will be packaged so as to prevent damage during transport.</p> <p>Clinical Solutions will make necessary arrangements with ODOC facilities in the event of national and/or state holiday delivery conflict.</p> <p>Courier delivery service is available to most ODOC facilities if the daily model for multi-dose packages is chosen as an option. Clinical Solutions partners with Metro Couriers, based in Wichita, KS for all regularly scheduled courier deliveries as well as "Hot Shot" deliveries as needed.</p>
<p>55 Once the contract is established, deliveries will be made to ODOC facilities daily, during normal business hours and excluding state of Oklahoma recognized holidays.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions works with specific cut-off times for medications daily. DOT orders in multi-dose packages received by your negotiated cut-off time (e.g. 12:00 Noon CST weekdays, negotiable), will be delivered either the same day between 6:00pm and Midnight or the next day between Midnight and 4:00am to the address specified on the purchase order. KOP blister card, bulk items, and stock medication orders received by your negotiated cut-off time (e.g. 2 pm CST weekdays, negotiable), will be delivered the next day by UPS overnight delivery.</p> <p>If these times listed above do not coincide with your facility's normal business hours, packages will be send via UPS overnight with RFID tracking to be delivered between 8 am and Noon daily.</p>
<p>56 New medication orders will be delivered within one business day based on Offer's daily ordering cut-off time.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions works with specific cut-off times for medications daily. DOT orders in multi-dose packages received by your negotiated cut-off time (e.g. 12:00 Noon CST weekdays, negotiable), will be delivered either the same day between 6:00pm and Midnight or the next day between Midnight and 4:00am to the address specified on the purchase order. KOP blister card, bulk items, and stock medication orders received by your negotiated cut-off time (e.g. 2 pm CST weekdays, negotiable), will be delivered the next day by UPS overnight delivery.</p> <p>If these times listed above do not coincide with your facility's normal business hours, packages will be send via UPS overnight with RFID tracking to be delivered between 8 am and Noon daily.</p>

<p>57 Refills and stock medications will be delivered no later than three business days based on Offeror's daily ordering cut-off time.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>DOT medication refills will be automatically refilled every day and delivered in the multi-dose packages. KOP medication refills will be processed daily with a cut-off of midnight. All refills will be processed the next day and delivered to each facility via the chosen delivery method.</p> <p>Stock medications ordered by your cut-off time (e.g. 2 pm CST weekdays, negotiable) will be processed the next day and delivered to each facility via the chosen delivery method.</p>
<p>58 What steps are taken to ensure deliveries are on-time, complete and are done under appropriate temperature and humidity conditions?</p>		<p>ODOC facilities will receive daily UPS delivery service of medications (new orders and refills) from Clinical Solutions, five (5) days per week, Monday through Friday, with guaranteed next day delivery occurring as published by UPS, facilitating swift medical care that will improve the patient's well-being. Clinical Solutions works with specific cut-off times for medications daily. DOT orders in multi-dose packages received by your negotiated cut-off time (e.g. 12:00 Noon CST weekdays, negotiable), will be delivered either the same day between 6:00pm and Midnight or the next day between Midnight and 4:00am to the address specified on the purchase order. KOP blister card, bulk items, and stock medication orders received by your negotiated cut-off time (e.g. 2 pm CST weekdays, negotiable), will be delivered the next day by UPS overnight delivery. UPS delivery service will come at no charge to ODOC facilities.</p> <p>Tracking numbers for shipments will be transmitted to your facility each day before the shipment goes out. All orders will be shipped with an electronic delivery sheet (packing slip) identifying the contents of the delivery for verification. Clinical Solutions assures that all items shipped will be packaged so as to prevent damage during transport. Medications requiring refrigeration will be packed in coolers with ice packs. All liquids, lotions, and ointments will be sealed in plastic bags in order to remain separate from other medications in case a leak would occur. Additionally, Clinical Solutions packs all light-sensitive medications in an amber blister card to assure the integrity of the medication (many of our competitors do not use amber blister cards for light-sensitive medications).</p> <p>Clinical Solutions will make necessary arrangements with ODOC facilities in the event of national and/or state holiday delivery conflict.</p> <p>Clinical Solutions will receive, prepare, dispense, and send medications in ATP multi-dose packages to our client's facilities for administration to the patient for the daily model via Courier or 2nd-Day Models via UPS Premier Gold with RFID tracking.</p>
<p>Returns</p>		
<p>59 How are product recalls and returns handled?</p>		<p>Clinical Solutions will include all shipping costs for medications which are outdated or unused products which have been partially dispensed by ODOC. These products will be returned to Clinical Solutions by utilizing the pre-paid, pre-addressed UPS Package Returns Program labels supplied by Clinical Solutions. Each facility will have a supply of these return labels and simply needs to affix them to a returns box when full and send with their normal express delivery personnel at their normal pickup/delivery time to each facility.</p> <p>Please refer to our previous response to #39 for information on recalls.</p>
<p>60 How do you ensure that medication is not used after the beyond use or manufacturer's expiration date?</p>		<p>Clinical Solutions ensures that medication is not used after the beyond use date or manufacturer's expiration date by generating a "license plate label" for each repackaged medication which outlines all pertinent information about the medication including the manufacturer's lot number and expiration date. This information is the only way to ensure a patient/facility is not receiving expired medications.</p>

<p>61 Is credit offered for returns of any type? How will ODOC know whether they are credited?</p>		<p>Clinical Solutions, in accordance with all State and Federal laws, will provide protocols for the return and credit of medication from ODOC facilities. Clinical Solutions will comply with the Tennessee Board of Pharmacy regulations and the Oklahoma State Board of Pharmacy regulations for returning medications for credit. Credit for unused, returned medications will be given for medications returned by ODOC facilities when the following criteria have been met:</p> <ul style="list-style-type: none"> -The Rx medication did not leave the control of the nursing staff responsible for administration and security of the prescription drug. -The prescription was dispensed in unit dose blister cards or in original manufacturer's unit dose packaging. -The prescription medication is not: a controlled substance, within ninety (90) days of expiration, damaged or deteriorated, contaminated or compromised by the outside environment, or has been improperly stored. -The prescription medication has not been billed to a private insurance or Medicaid. -The medication was not packaged with multiple units per bubble in a blister card or in multi-dose strip packaging. <p>Credit will be given on a monthly basis for all medications returned meeting the above listed criteria. Credits given will not expire and will be deducted from the payment of the oldest outstanding invoice. Only medications that comply with all State and Federal regulations will be credited. Credit will be given for all full and partial blister cards of non-controlled medications valued at \$4.99 for the acquisition cost of the medication. According to DEA regulations, controlled substances are not eligible to be returned to the pharmacy provider. All controlled substances will be destroyed in accordance with respective states and Tennessee state regulations.</p> <p>For multi-dose packages, high dollar medications will be credited providing the package was unopened. The medications returned that are eligible for credit will have asterisks (****) by the drug name to bring attention to the medication. The high dollar medications will be packaged in a packet alone and not packaged with other medications.</p> <p>Controlled medication and open partial stock medication cannot be credited as per Federal regulations. Specialty drugs, biologicals, and medications for which efficacy requires un-breached original manufacturer's packaging upon opening will not be eligible for credit.</p>
Invoicing		
<p>62 Offeror will submit monthly itemized invoices of medications delivered both to trsaccounting@doc.ok.gov and specific ordering Medical Services Unit correctional center email address listed in Exhibit 3, no later than the 5th of the following month.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	Yes	<p>Clinical Solutions will submit detailed monthly invoices to ODOC for medication purchases including approved fees no later than the 5th of the following month. ODOC may designate multiple recipients for each facility's invoices.</p>
<p>63 The Offeror's invoice will include a line item for each of the following prescription filled during the applicable month:</p> <ul style="list-style-type: none"> A. Drug name (generic and name brand) B. Strength C. National Drug Code (N.D.C.) reference number D. Inmate's prescription provider name E. Prescription unit count F. Prescribing unit/facility G. Date medication dispensed H. Drug Class I. New or Refill order J. Fill fee costs <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	Yes	<p>Clinical Solutions has the ability to separate all invoices by the total cost of prescribed medications by drug class. All invoices are available in both Excel and PDF format. Invoices and reports may be customized for each client at no additional charge.</p>
<p>64 Offeror will submit a monthly cost summary invoice of each facility to trsaccounting@doc.ok.gov no later than the 5th of the following month, to include the following:</p> <ul style="list-style-type: none"> A. Facility name B. Medical C. Mental health D. Dental E. HCV F. Shipping G. Fill fee H. Total rebate <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	Yes	<p>Clinical Solutions has the ability to separate all invoices by the total cost of prescribed medications by different providers and drug classes. Invoices and reports may be customized for each client at no additional charge.</p>

<p>65</p> <p>Any and all rebates and/or credits received for drugs will be itemized as a separate line item in the invoice.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will itemize credits as a separate line item on monthly invoices. All drug rebates are front-loaded as a discount to the cost of the medication. Cost for each medication will be presented in an itemized list in a sortable Excel format.</p>
<p>66</p> <p>Fill fee will be a separate line in the invoice.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will list the monthly management fee as a separate line item on monthly invoices.</p>
<p>67</p> <p>The invoice will display a bottom-line total of all line items included.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will display a bottom-line total of all itemized items on monthly invoices.</p>
<p>68</p> <p>Offeror's invoice heading will include their name, remittance address, telephone number, and the contract purchase order number and FEI number exactly as it appears in the contract.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions' invoices contain a header with remittance information, invoice number, contract purchase order number and FEI number.</p>
<p><u>Reporting</u></p>		
<p>69</p> <p>Offeror's company will provide monthly reports in CSV and PDF formats that summarize monthly expense and usage for in and usage for individual drugs and for drug therapeutic categories, by individual Medical Service Unit and all Medical Service Units combined. ODOC requires Offeror to break down related reports as requested by ODOC, including by Medical Service Unit, by provider, by inmate, by medication type, by date of order and by therapeutic category.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions has extensive experience in Correctional Pharmacy Data Analytics and well-designed statistical custom based reporting. Our extensive experience with other State Departments of Correction, jails, and Adult Detention Centers (ADCs) and creating their enhanced reporting options will benefit each department with useful data which can be used to pro-actively prepare for future budgets, and analyze trending medication utilization, provider prescribing patterns, and compliance. Performance indicators are then utilized in a standardized reporting format that may be used for clinical, management, and administrative purposes. Year to date statistical and utilization data can be sorted by month and facility. Facility-specific operational and financial reports will be submitted to ODOC, as well as an aggregate report for the entire medical department. A comprehensive disease state expenditure analysis is prepared to inform the health care team which clinical areas are the most costly. This knowledge then allows the facilities to target the appropriate higher cost prescription patterns and work closely with our clinical pharmacists to effectively reduce costs. All data is expressed in easily understood terms and ratios specifically designed for the correctional healthcare industry.</p> <p>Clinical Solutions will provide ad hoc reports and invoices as requested by all medical and ODOC staff in a timely manner (time frame to be mutually agreed upon by both client and pharmacy). Clinical Solutions' Data Analytics/Advanced Reporting Specialist will be available to work on ad hoc advanced reporting options as needed by ODOC.</p> <p>Many of our clients request ad hoc reports on a monthly basis, and Clinical Solutions guarantees no more than a five (5) business day turnaround. Most of these reports can be delivered to the client within two (2) business days. There is no additional charge for advanced reporting or custom reports.</p> <p>Additionally, Clinical Solutions will compile a comprehensive annual report of all statistical data along with a narrative summary delineating the specific achievements of the pharmacy program during the contract or fiscal year. After such customized reports have been created and approved, a web-based portal will be created for specific users to log in and have access to all reports monthly. Required monthly reports will be posted on our secure, web-based portal with access to a proprietary, customized Power BI interactive dashboard no later than the fifth (5th) business day of the following month and will also be available by email if requested.</p> <p>Our goal is to provide ODOC with the most relevant data in the most user-friendly format. All reports are available in both hard copy and electronically in a spreadsheet, CSV, and PDF formats that summarize monthly expense and usage for individual drugs and for drug therapeutic categories.</p>

<p>70</p> <p>Additional reports that will be provided which are normally requested are but not limited to:</p> <p>A. Medication Administration Records; B. Medication Profiles (Active and Inactive); C. Billing Statements and Invoices; D. Stock Utilization Reports; E. Total Rx & Inmates on Meds (Mental Health & Non-Mental Health) per Facility; F. Total Doses (Mental Health & Non-Mental Health) per Facility; G. Medication Usage and Cost by Disease State (Psychiatric, HIV, Hep C, Diabetes, Cancer, Primary Hypertension) tracked and trended over a 12 month period.; H. Detailed Psychotropic Drug Usage and Cost by AHFS Classification tracked and trended over a 12 month period; I. Active Providers; J. Medication Not Given; K. Patients/Inmates Taking Meds with Increased Heat/Cold Risks; L. 80/20 Report of All Medications – sorted by Usage and Costs; M. 80/20 Report of Psychotropic Medications – sorted by Usage and Costs; N. Non-Formulary Drug Usage and Cost; O. Controlled Drug Usage and Cost; P. Medications Due to Expire within 10 days; Q. Medication Errors – tracked by NCCMERP Classification and Error Source; R. Potential Adverse Drug Reaction Reports – tracked by Severity; S. Medication Costs per Provider; T. Management Reports – to include: inmate population on meds, total number of medications, number of meds/inmates, total number and cost of new meds, total number and cost of med refills, total number and cost of keep on person (KOP) medications, total number and cost of Pill Line medications, total number and cost of non-formulary meds, total number and cost of formulary meds, total number and cost of over the counter (OTC) meds and total cost of all medications and credits.; U. Provider Prescription Profiles; V. Ad Hoc Reports; W. Quality Assurance Report; X. Performance Improvement Reports; Y. Facility Stock Utilization Report</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions has read, understands and will comply with item 70. Please see Item 69 above for reporting information.</p>
<p>71</p> <p>Offer will provide electronic copies of their acquisition costs quarterly, or upon request, to the ODOC CMO, or designee, on any list of pharmaceuticals.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions will submit documentation for all invoicing quarterly or upon request for auditing purposes.</p>
<p>72</p> <p>Offeror will submit a written report of their quality assurance review to each Medical Service Unit designee as well as to the CMO or designee identifying any areas of concern or recommendations for improving pharmacy service or staff performance relative to pharmacy services. The audit document used by Offeror will be consistent with the accreditation requirements established by the American Correctional Association.</p> <p>Offeror has read, understands and will comply with the requirement above. (Yes/No)</p>	<p>Yes</p>	<p>Clinical Solutions understands the importance of Continuous Quality Improvement (CQI) regarding services and care. Clinical Solutions not only collects critical utilization information, but provides the reporting tools needed to supply QA/CQI initiatives with the meaningful information necessary to drive improvement efforts. The development and implementation of CQI efforts are among Clinical Solutions' highest priorities. Clinical Solutions will provide PharmD Clinical Pharmacists to conduct quarterly on-site audits/inspections of each area where medications are maintained at each facility in addition to performing quality assurance measurements, conducting studies, compiling reports, and monitoring compliance with the CQI program and the contract with ODOC. Clinical Solutions will then submit a report of each quality assurance review to ODOC Facilities. The audit document will be consistent with accreditation requirements established by the NCCCHC and ACA. The report will outline areas of concern or recommendations for improving pharmacy service or staff performance relative to pharmacy services.</p> <p>We are proud of our 100% pass rate for all pharmacy NCCCHC and ACA audits completed at our clients' facilities.</p> <p>The purpose of any well designed Quality Assurance Program is to analyze all discrepancies from a systems approach. The attitude is not punitive but educational in order to implement a corrective action that improves the process to eliminate future occurrences.</p> <p>Healthcare industry standards provide the model for creating goal statements, performance standards, outcome measures, expected practices, protocols and process indicators. Clinical Solutions ensures all goals are clearly defined and driven by input from multiple internal and external sources. The outcomes will be based upon service delivery, customer satisfaction, and must be derived from scientific data. Clinical Solutions will assure that the outcomes are communicated effectively and utilized by ODOC Facilities in future goal setting.</p> <p>An effective Corrective/Preventative Action policy is essential to an effective Continuous Quality Improvement Program. The key components of this portion of our CQI program include: Identification of the issue; Evaluation; Investigation; Analysis; Corrective action plan; Implementation; Follow up; Drug Information Services; Dispensing Temperature Sensitive Products; and Pharmacy Appearance.</p> <p>A copy of our inspection report is available upon request.</p>
