Such written notice shall be delivered timely and contain details sufficient for affected Customers to perform payment obligations without any delay caused by the assignment.
- 9.2** Notwithstanding the foregoing, the Contract may be assigned by Supplier to any corporation or other entity in connection with a merger, consolidation, sale of all equity interests of the Supplier, or a sale of all or substantially all of the assets of the Supplier to which the Contract relates. In any such case, said

corporation or other entity shall by operation of law or expressly in writing assume all obligations of the Supplier as fully as if it had been originally made a party to the Contract. Supplier shall give the State and all affected Customers prior written notice of said assignment. Any assignment or delegation in violation of this subsection shall be void.

- 9.3** If the Supplier is permitted to utilize subcontractors in support of the Contract, the Supplier shall remain solely responsible for its obligations under the terms of the Contract, for its actions and omissions and those of its agents, employees and subcontractors and for payments to such persons or entities. Prior to a subcontractor being utilized by the Supplier, the Supplier shall obtain written approval of the State of such subcontractor and each employee, as applicable to a particular Acquisition, of such subcontractor proposed for use by the Supplier. If required, the Supplier agree to provide the State with a description of the background check process to include any vendor's

used to gather information. Supplier will further attest that each employee and subcontractor providing services has passed the back ground check. Supplier's access to facilities, data and information may be withheld prior to completion of background verification acceptable to the State. The costs of additional background checks beyond Supplier's normal hiring practices shall be the responsibility of the Customer unless such additional background checks are required solely because Supplier will not provide verification of results of its otherwise acceptable normal background checks; in such an instance, Supplier shall pay for the additional background checks. Supplier will coordinate with the State and its employees to complete the necessary background checks and criminal history investigations. Should any employee or subcontractor of the Supplier who will be providing services under the Contract not be acceptable as a result of the background check or criminal history investigation, the Customer may require replacement of the employee or subcontractor in question and, if no suitable replacement is made within a reasonable time, terminate the purchase order or other payment mechanism associated with the project or services.

11 Patents and Copyrights

Without exception, a product or deliverable price shall include all royalties or costs owed by the Supplier to any third party arising from the use of a patent, intellectual property, copyright or other property right held by such third party. Should any third party threaten or make a claim that any portion of a product or service provided by Supplier under the Contract infringes that party's patent, intellectual property, copyright or other property right, Supplier shall enable each affected Customer to legally continue to use, or modify for use, the portion of the product or service at issue or replace such potentially infringing product, or re-perform or redeliver in the case of a service, with at least a functional non-infringing equivalent. Supplier's duty under this section shall extend to include any other product or service rendered materially unusable as intended due to replacement or modification of the product or service at issue. If the Supplier determines that none of these alternatives are reasonably available, the State shall return such portion of the product or deliverable at issue to the Supplier, upon written request, in exchange for a refund of the price paid for such returned goods as well as a refund or reimbursement, if applicable, of the cost of any other product or deliverable rendered materially unusable as intended due to removal of the portion of product or deliverable at issue. Any remedy provided under this section is not an exclusive remedy and is not intended to operate as a waiver of legal or equitable remedies because of acceptance of relief provided by Supplier.

12 Indemnification

12.1 Acts or Omissions

- A.** Supplier shall defend and indemnify the Indemnified Parties, as applicable, for any and all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising out of, or resulting from any action or claim for bodily injury, death, or property damage brought against any of the Indemnified parties to the extent arising from any negligent act or omission or willful misconduct of the Supplier or its agents, employees, or subcontractors in the execution or performance of the Contract.
- B.** To the extent Supplier is found liable for loss, damage, or destruction of any property of Customer due to negligence, misconduct, wrongful act, or omission on the part of the Supplier, its employees, agents, representatives, or subcontractors, the Supplier and Customer shall use best efforts to mutually negotiate an equitable settlement amount to repair or replace the property unless such loss, damage or destruction is of such a magnitude that repair or replacement is not a reasonable option. Such amount shall be invoiced to, and is payable by, Supplier sixty (60) calendar days after the date of Supplier's receipt of an invoice for the negotiated settlement amount.

12.2 Infringement

Supplier shall indemnify the Indemnified Parties, as applicable, for all liability, claims, damages, losses, costs, expenses, demands, suits and actions of third parties (including without limitation reasonable attorneys' fees and costs required to establish the right to indemnification) arising from or in connection with Supplier's breach of its representations and warranties in the Contract or alleged infringement of any patent, intellectual property, copyright or other property right in connection with a product or service provided under the Contract. Supplier's duty under this section is reduced to the extent a claimed infringement results from: (a) a Customer's or user's content; (b) modifications by Customer or third party to a product delivered under the Contract or combinations of the product with any non-Supplier-provided services or products unless Supplier recommended or participated in such modification or combination; (c) use of a product or service by Customer in violation of the Contract unless done so at the direction of Supplier, or (d) a non-Supplier product that has not been provided to the State by, through or on behalf of Supplier as opposed to its combination with products Supplier provides to or develops for the State or a Customer as a system.

12.3 Notice and Cooperation

In connection with indemnification obligations under the Contract, the parties agree to furnish prompt written notice to each other of any third-party claim. Any Customer affected by the claim will reasonably cooperate with Supplier and defense of the claim to the extent its interests are aligned with Supplier. Supplier shall use counsel reasonably experienced in the subject matter at issue and will not settle a claim without the written consent of the party being defended and where applicable the Attorney General of Oklahoma, which consent will not be unreasonably withheld or delayed, except that no consent will be required to settle a claim against Indemnified Parties that are not a State agency, where relief against the Indemnified Parties is limited to monetary damages that are paid by the defending party under indemnification provisions of the Contract.

12.4 Limitation of Liability

- A.** With respect to any claim or cause of action arising under or related to the Contract, neither the State nor any Customer shall be liable to Supplier for lost profits, lost sales or business expenditures, investments, or commitments in connection with any business, loss of any goodwill, or for any other indirect, incidental, punitive, special or consequential damages, even if advised of the possibility of such damages.
- B.** Notwithstanding anything to the contrary in the Contract, no provision shall limit damages, expenses, costs, actions, claims, and liabilities arising from or related to property damage, bodily injury or death caused by Supplier or its employees, agents or subcontractors; indemnity, security or confidentiality obligations under the Contract; the bad faith, negligence, intentional misconduct or other acts for which applicable law does not allow exemption from liability of Supplier or its employees, agents or subcontractors.
- C.** The limitation of liability and disclaimers set forth in the Contract will apply regardless of whether Customer has accepted a product or service. The parties agree that Supplier has set its fees and entered into the Contract in reliance on the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties and form an essential basis of the bargain between the parties. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

13 Termination for Cause

- 13.1** Supplier may terminate the Contract if (i) it has provided the State with written notice of material breach and (ii) the State fails to cure such material breach within thirty (30) days of receipt of written notice. If there is more than one Customer, material breach by a Customer does not give rise to a claim of material breach as grounds for termination by Supplier of the Contract as a whole. The State may terminate the Contract in whole or in part if (i) it has provided Supplier with written notice of material breach, and (ii) Supplier fails to cure such material breach within thirty (30) days of receipt of written notice. Any partial termination of the Contract under this section shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that are not terminated.
- 13.2** The State may terminate the Contract in whole or in part immediately without a thirty (30) day written notice to Supplier if (i) Supplier fails to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract; (ii) Supplier's material breach is reasonably determined to be an impediment to the function of the State and detrimental to the State or to cause a condition precluding the thirty (30) day notice or (iii) when the State determines that an administrative error in connection with award of the Contract occurred prior to Contract performance.
- 13.3** The State may terminate the Contract if the scope includes PR Vendor services and the Supplier, or Supplier's employee, violate the lobbying clause. PR Vendor services is defined to include a contract for public relations (PR), marketing or communication services. The State may immediately terminate the Contract with no more than 10-day notice under this section.
- 13.4** Upon receipt of notice of a termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination is not an exclusive remedy but is in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

13.5 The Supplier's repeated failure to provide an acceptable product or service; Supplier's unilateral revision of linked or supplemental terms that have a materially adverse impact on a Customer's rights or obligations under the Contract (except as required by a governmental authority); actual or anticipated failure of Supplier to perform its obligations under the Contract; Supplier's inability to pay its debts when due; assignment for the benefit of Supplier's creditors; or voluntary or involuntary appointment of a receiver or filing of bankruptcy of Supplier shall constitute a material breach of the Supplier's obligations, which may result in partial or whole termination of the Contract. This subsection is not intended as an exhaustive list of material breach conditions. Termination may also result from other instances of failure to adhere to the Contract provisions and for other reasons provided for by applicable law, rules or regulations; without limitation, OAC 260:115-9-1 is an example.

14 Termination for Convenience

14.1 The State may terminate the Contract, in whole or in part, for convenience if it is determined that termination is in the State's best interest. In the event of a termination for convenience, Supplier will be provided at least thirty (30) days' written notice of termination. Any partial termination of the Contract shall not be construed as a waiver of, and shall not affect, the rights and obligations of any party regarding portions of the Contract that remain in effect.

14.2 Upon receipt of notice of such termination, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to the effective date of termination, the termination does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract or for any damages or other amounts caused by or associated with such termination. Such termination shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees that are unused when the Contract or certain obligations are terminated shall be refunded. Termination of the Contract under this section, in whole or in part, shall not relieve the Supplier of liability for claims arising under the Contract.

15 Suspension of Supplier

15.1 Supplier may be subject to Suspension without advance notice and may additionally be suspended from activities under the Contract if Supplier fails

to comply with confidentiality, privacy, security, environmental or safety requirements applicable to Supplier's performance or obligations under the Contract.

15.2 Upon receipt of a notice pursuant to this section, Supplier shall immediately comply with the notice terms and take all necessary steps to minimize the incurrence of costs allocable to the work affected by the notice. If a purchase order or other payment mechanism has been issued and a product or service has been accepted as satisfactory prior to receipt of notice by Supplier, the Suspension does not relieve an obligation to pay for the product or service but there shall not be any liability for further payments ordinarily due under the Contract during a period of Suspension or suspended activity or for any damages or other amounts caused by or associated with such Suspension or suspended activity. A right exercised under this section shall not be an exclusive remedy but shall be in addition to any other rights and remedies provided for by law. Any amount paid to Supplier in the form of prepaid fees attributable to a period of Suspension or suspended activity shall be refunded.

15.3 Such Suspension may be removed, or suspended activity may resume, at the earlier of such time as a formal notice is issued that authorizes the resumption of performance under the Contract or at such time as a purchase order or other appropriate encumbrance document is issued. This subsection is not intended to operate as an affirmative statement that such resumption will occur.

16 Certification Regarding State Employees Prohibition From Fulfilling Services

Pursuant to 74 O.S. § 85.42, the Supplier certifies that no person involved in any manner in development of the Contract employed by the State shall be employed to fulfill any services provided under the Contract.

17 Force Majeure

17.1 Either party shall be temporarily excused from performance to the extent delayed as a result of unforeseen causes beyond its reasonable control including fire or other similar casualty, act of God, strike or labor dispute, war or other violence, or any law, order or requirement of any governmental agency or authority provided the party experiencing the force majeure event has prudently and promptly acted to take any and all steps within the party's control to ensure continued performance and to shorten duration of the event. If a party's performance of its obligations is materially hindered as a result of a force majeure event, such party shall promptly notify the other party of its best reasonable assessment of the nature and duration of the force majeure event and steps it is taking, and plans to take, to mitigate the effects of the force majeure event. The party shall use commercially reasonable best efforts to

continue performance to the extent possible during such event and resume full performance as soon as reasonably practicable.

17.2 Subject to the conditions set forth above, non-performance as a result of a force majeure event shall not be deemed a default. However, a purchase order or other payment mechanism may be terminated if Supplier cannot cause delivery of a product or service in a timely manner to meet the business needs of Customer. Supplier is not entitled to payment for products or services not received and, therefore, amounts payable to Supplier during the force majeure event shall be equitably adjusted downward.

17.3 Notwithstanding the foregoing or any other provision in the Contract, (i) the following are not a force majeure event under the Contract: (a) shutdowns, disruptions or malfunctions in Supplier's system or any of Supplier's telecommunication or internet services other than as a result of general and widespread internet or telecommunications failures that are not limited to Supplier's systems or (b) the delay or failure of Supplier or subcontractor personnel to perform any obligation of Supplier hereunder unless such delay or failure to perform is itself by reason of a force majeure event and (ii) no force majeure event modifies or excuses Supplier's obligations related to confidentiality, indemnification, data security or breach notification obligations set forth herein.

18 Security of Property and Personnel

In connection with Supplier's performance under the Contract, Supplier may have access to Customer personnel, premises, data, records, equipment and other property. Supplier shall use commercially reasonable best efforts to preserve the safety and security of such personnel, premises, data, records, equipment, and other property of Customer. Supplier shall be responsible for damage to such property to the extent such damage is caused by its employees or subcontractors and shall be responsible for loss of Customer property in its possession, regardless of cause. If Supplier fails to comply with Customer's security requirements, Supplier is subject to immediate suspension of work as well as termination of the associated purchase order or other payment mechanism.

If transition services are needed at the time of Contract expiration or termination, Supplier shall provide such services on a month-to-month basis, at the contract rate or other mutually agreed rate. Supplier shall provide a proposed transition plan, upon request, and cooperate with any successor

supplier and with establishing a mutually agreeable transition plan. Failure to cooperate may be documented as poor performance of Supplier.

Technical Response

Instructions

Bidder must provide complete and succinct responses to each item below. Insert your responses into this template word document. Bidder should provide all information necessary to demonstrate Bidder's ability to meet the requirements of this RFP and the RFP's Scope of Work. Responses to the below questions in the Exhibit are Mandatory and will be evaluated. Failure to respond to any question may result in your proposal being deemed unresponsive.

01) Length of Time in Business?

Please provide the length of time the Bidder has been in business and how long your business has been providing products and/or services of the type requested (Must be at least 12 Months).

Provide Answer Below:

KTL has 13 Years of industry experience.

02) How Do You Vet and Ensure the Quality of Your Interpreters?

Please provide your method of ensuring the quality of your interpreters. Do you conduct language proficiency assessments or background checks?

Provide Answer Below:

KTL implements a rigorous and multi-step vetting process to ensure that all interpreters meet the highest standards of language proficiency, professionalism, and ethical conduct. Our process begins with a thorough qualification review, where we verify that each interpreter possesses a minimum of a bachelor's degree in linguistics, translation studies, or a related field. Additionally, we require three to five years of professional experience in interpretation or translation services, ensuring that all interpreters have a strong foundation in real-world language application.

Following the qualification review, candidates must undergo a comprehensive language proficiency assessment to verify their fluency in both the source and target languages. This assessment includes reading, writing, speaking, and listening evaluations to ensure accurate and effective communication. For specialized fields such as medical, legal, or technical interpretation, candidates must also demonstrate familiarity with industry-specific terminology and protocols.

For some contracts, in addition to language proficiency testing, KTL conducts thorough background checks on all interpreters to ensure they meet ethical and professional standards. We verify prior work experience, check professional references, and ensure compliance with any regulatory or legal requirements related to interpretation services. Interpreters working in sensitive environments, such as healthcare or legal proceedings, must also pass criminal background screenings to safeguard client confidentiality and security. We also ask our interpreters to complete HIPAA related training.

To ensure quality, KTL requires all interpreters to hold recognized industry certifications when applicable. Certifications from organizations such as the American Translators Association (ATA), Certification Commission for Healthcare Interpreters (CCHI), National Board of Certification for Medical Interpreters (NBCMI), or Registry of Interpreters for the Deaf (RID), American Council on Teaching of Foreign Languages, USA State Department Language Proficiency Test or other related qualifications are highly preferred. These certifications validate an interpreter's expertise, ethical knowledge, and commitment to professional development.

Once interpreters are onboarded, KTL provides ongoing training and performance evaluations to maintain excellence in service delivery. Our professional development programs include periodic online trainings on evolving industry standards, one-on-one meetings and webinars. Additionally, client feedback is regularly collected and reviewed to identify areas for improvement and ensure continuous quality control. Our online portal also evaluates our teams performance for on time delivery, professionalism and responsiveness.

03) How Do You Ensure Interpreters Adhere to Professional Standards?

Please provide your method of ensuring that your interpreters adhere to professional standards and ethics, including confidentiality and impartiality.

Provide Answer Below:

KTL is committed to maintaining the highest professional standards for our interpreters by implementing a structured approach that emphasizes ethical conduct, confidentiality, and ongoing professional development. Our policies and procedures ensure that every interpreter adheres to industry best practices, including neutrality, accuracy, and client privacy.

To establish a strong foundation for professionalism, all interpreters are required to sign confidentiality agreements before they begin working with KTL. These agreements legally bind them to uphold strict confidentiality regarding any information they encounter during interpretation or translation assignments. This policy is especially critical for sensitive fields such as healthcare, legal proceedings, and government contracts, where the protection of private information is paramount.

KTL also mandates that interpreters adhere to a comprehensive Code of Conduct, which outlines essential ethical principles such as impartiality, accuracy, and cultural competence. Interpreters are strictly prohibited from inserting personal opinions, altering the meaning of messages, or engaging in conflicts of interest. They are also required to remain neutral and professional in all interactions, ensuring that their work accurately reflects the speaker's intended message without distortion.

Additionally, KTL has a performance monitoring and feedback system in place to ensure continued adherence to professional standards. We actively collect client feedback after assignments and conduct periodic evaluations of interpreter performance. If any concerns arise regarding ethical compliance or professionalism, we take immediate corrective action, which may include additional training, mentoring, or reassignment. In cases of serious violations, interpreters may be subject to suspension or termination. Our commitment to these principles guarantees that clients receive high-quality, ethical, and reliable interpretation services.

05) How Do You Handle Urgent or Last-Minute Requests?

Please provide your process for handling last-minute requests and how you communicate with the requesting entity under such conditions.

To handle urgent requests, KTL maintains a dedicated on-call team that manages emergency assignments. This team is available around the clock and is responsible for identifying and dispatching interpreters based on language requirements, specialization, and proximity to the client's location. We leverage an extensive database of pre-vetted, highly skilled interpreters who are available for short-notice assignments. As of now, we have 1400 translators, interpreters, editors and designers in our team. For remote interpretation, we also provide on-demand phone and video interpretation services, ensuring clients can connect with an interpreter within minutes.

Effective communication is critical in urgent situations. As soon as a last-minute request is received, KTL's coordination team immediately confirms availability with the nearest qualified interpreter and provides the client with real-time updates on interpreter assignment and estimated arrival times. For virtual interpretation services, a secure conference line or video link is promptly shared with the client, ensuring seamless connection and service delivery.

06) How Do You Ensure Privacy of Information?

Please detail below how do you ensure the confidentiality and privacy of sensitive information handled during translation services, or with interpretation sessions?

Provide Answer Below:

As explained above, KTL takes steps to ensure complete privacy of our client's data.

Confidentiality Agreements: All interpreters sign NDAs to protect sensitive information.

Secure Platforms: Encrypted communication channels and secure file transfers ensure data protection.

Compliance with Regulations: We adhere to HIPAA, GDPR, and other industry-specific privacy standards.

07) What is Your Policy for Resolving Interpretation Quality Disputes?

Please describe your policy for resolving issues or disputes related to interpretation quality during translation services and / or interpretation services.

Provide Answer Below:

At KTL, we recognize that maintaining the highest quality of interpretation services is crucial to client satisfaction. While we take extensive measures to ensure the accuracy and professionalism of our interpreters, we understand that disputes regarding interpretation quality may occasionally arise. To address these concerns, we have established a clear, structured dispute resolution policy that ensures fair and efficient resolution while upholding service excellence.

The dispute resolution process begins with immediate documentation and assessment of the complaint. When a client raises a concern about an interpreter's performance, the issue is logged in our system, and our quality assurance team conducts a thorough review. Clients are encouraged to provide specific details regarding the dispute, such as inaccuracies, misinterpretations, or unprofessional behavior, so that we can assess the validity and severity of the complaint.

Once a dispute is reported, our quality assurance team conducts an internal review of the interpreter's performance. This may involve examining recordings of remote interpretation sessions (where permitted), reviewing written transcripts, or obtaining feedback from multiple parties involved in the interpretation session. In cases where technical or linguistic expertise is required, we may consult senior interpreters or industry specialists to evaluate the accuracy of the interpretation.

If the review confirms that the interpreter's performance did not meet KTL's quality standards, we take corrective action based on the nature of the issue. Depending on the severity of the concern, corrective actions may include additional training, performance coaching, re-evaluation of certification requirements, reassignment to different roles, or, in extreme cases, suspension or termination. If the issue is determined to be a misunderstanding rather than an actual interpretation error, our team works closely with the client to clarify the situation and ensure transparency.

To prevent future disputes, we emphasize continuous quality improvement and client feedback integration. KTL encourages clients to provide regular feedback after interpretation sessions, which helps us identify potential issues before they escalate into formal disputes. We also conduct periodic quality assurance audits, refresher training, and peer reviews to maintain consistency in service delivery.

08) How Do You Match Interpreters with Assignments?

Please indicate below how you match interpreters with assignments from clients. Do you match them by language? Expertise? Certification? Or another criterion?

Provide Answer Below:

To ensure the highest quality of service, we have developed a structured interpreter matching process that carefully assigns interpreters based on a range of criteria, including language proficiency, subject-matter expertise, certification requirements, and client preferences. Our project management system already has these information mapped and we can easily search our interpreters by filtering the data based on client requirements. Here is how we do it step-by-step:

The matching process begins with a comprehensive assessment of the assignment details. When a client requests an interpreter, we gather key information such as the language pair required, the nature of the assignment (e.g., legal, medical, business, government), the mode of interpretation (simultaneous, consecutive, or sight translation), and any specific client preferences. This ensures that we can accurately identify the most suitable interpreter for the job.

Next, our system filters through our extensive database of pre-vetted interpreters, selecting candidates based on their qualifications and relevant experience. Language proficiency is the first criterion—we ensure that the assigned interpreter is a native or near-native speaker in both the source and target languages. In addition, we match interpreters based on their industry expertise. For example, legal assignments require interpreters familiar with court terminology and legal proceedings, while medical assignments require professionals who understand healthcare terminology and HIPAA regulations.

Certification is another critical factor in interpreter selection (for languages where certification is available). Many industries, such as legal and medical, require interpreters to hold specific credentials. For example, legal interpreters must often be court-certified, while medical interpreters may need to be CCHI or NBCMI certified. KTL ensures that only interpreters who meet these certification requirements are assigned to clients who need specialized services, particularly when federal or state compliance is required.

In addition to professional qualifications, we also consider client preferences and cultural factors. Some clients may request an interpreter with experience in a particular regional dialect, cultural background, or previous familiarity with their organization. We accommodate these requests whenever possible to enhance communication and comfort for all parties involved.

09) How Do You Ensure Certification Requirements?

Please describe below how do you ensure that interpreters meet local or international certification requirements for clients that are needing certification to use federal grants.

Provide Answer Below:

KTL ensures certification compliance through:

Verification Process: Interpreters' credentials are checked against state and federal requirements. Interpreters and translators are asked to provide copies of their certification and references.

Continued Education: We encourage ongoing certification renewal and professional development.

Compliance Monitoring: Certification status is regularly updated in our interpreter database.

10) How Do You Ensure Industry-Specific Compliance and Regulations?

Please indicate how do you ensure continuous compliance with industry-specific regulations and regulations.

Provide Answer Below:

We recognize that different industries have unique compliance requirements, regulatory standards, and ethical considerations that must be strictly followed in interpretation and translation services. To maintain the highest levels of professionalism and ensure continuous compliance, we have developed a comprehensive compliance management system that includes linguists training, adherence to legal and ethical guidelines, and ongoing regulatory updates.

One of the key ways we ensure compliance is by requiring our interpreters to undergo industry-specific training before being assigned to specialized roles. For example, medical interpreters must be trained in Health Insurance Portability and Accountability Act (HIPAA) regulations, ensuring the protection of patient confidentiality and privacy. Similarly, legal interpreters must be familiar with court procedures, legal terminology, and rules of professional conduct to meet the requirements of court systems and legal proceedings.

Additionally, KTL enforces strict confidentiality and data protection protocols in all our interpretation and translation services. We require all interpreters to sign confidentiality agreements and adhere to non-disclosure policies. For

digital communication, we use secure, encrypted platforms to protect sensitive information and prevent unauthorized access.
