

April 10, 2025

Effective April 10, 2025, a 5% tariff surcharge was applied to all EnviroSight systems, components, and parts in response to the tariff on goods originating from the EU. The price list attached reflects the 5% tariff. This surcharge will remain in effect until the EU tariffs are lifted at which time the previous price list will go back into effect.

We appreciate your understanding and continued partnership as we navigate these challenges together.

Respectfully,

Katie Westfall

Katie Westfall
Director of Sales
