**RE: Formal Notice of Price Adjustment – Effective September 3, 2025**

Due to sustained increases in commodity costs over the past three years, Krueger International, Inc. (KI) will implement a price adjustment across its product portfolio, effective September 3, 2025. This adjustment will vary by product, resulting in an average increase of approximately 5.5%.

This price adjustment applies to all orders under current contracts and agreed-upon terms between KI and State of Oklahoma PA OKSW0070 (Equalis Group). The decision is driven by rising costs of key materials such as steel, aluminum, copper, packaging, and select imported components.

Please consider this as KI's formal written notice of the upcoming price increase. We kindly request your prompt review and acknowledgment of this change, as required by our contract.

The 2025 commercial electronic price lists will be updated and available at [www.ki.com](http://www.ki.com) on or before September 2, 2025.

**Quote and Order Validity:**

- Quotes remain valid for 30 days.
- KI will honor quoted prices for 60 days following receipt of the corresponding purchase order.
- Quotes older than 30 days or orders scheduled for delivery more than 60 days after PO receipt on old pricing will be subject to pricing updates based on the then-current rates.

We appreciate your understanding and continued partnership. Should you have any questions or require further clarification, please don't hesitate to reach out.

Sincerely,

**Jennifer Williams**
