

October 10, 2017

Mr. Randy Ward
State of Oklahoma, DEQ
707 N. Robinson
Oklahoma City, OK 73101-1677

Dear Mr. Ward:

Eastern Research Group, Inc. (ERG) is the contractor for the EPA's National Monitoring Programs (EPA contract # EP-D-14-030), and has an EPA approved Quality Assurance Project Plan (QAPP). The QAPP is updated and signed by EPA annually. All work provided to the State of Oklahoma is also provided in this contract.

EPA audits the ERG laboratory bi-annually and the State of Oklahoma receives the benefit of a fully qualified analytical laboratory. On both the EPA and Oklahoma contracts, ERG provides the following support:

- Analysis and sampler certification and support for VOCs (Compendium Method TO-15)
- Analysis and sampler certification and support for Carbonyls (Compendium Method TO-11A)
- Analysis for Metals (Compendium Method IO-3.5)

Please let me know if you have any questions.

Sincerely yours,

Julie L. Swift
Vice President/Program Manager
