Ceremonial Honor Guard

The Oklahoma Department of Corrections (ODOC) authorizes the establishment of a ceremonial Honor Guard which provides for the development of professional skills, the enhancement of morale among employees, and promotes the public image of the agency.

I. Authorization

The ODOC Honor Guard will render honors and courtesies at ODOC ceremonies, funerals of current and retired employees as requested by family members, and other occasions as authorized by the director.

II. Composition

A. The Honor Guard will be composed of employees approved by the immediate supervisor, facility head/district supervisor, and the appropriate division manager.

B. Facilities, community corrections centers, and probation and parole districts may be represented in the Honor Guard. Honor Guard members will have the following qualifications:

1. Be a volunteer;

2. Have completed at least one year of service with ODOC, unless waived by the facility/district head and approved by the appropriate division manager;

3. Have body weight in proportion to body height; “Body weight /height proportion” will be based on a variation of the “U.S. Army
Height/Weight Chart” amended to reflect an additional 5% of each individuals’ maximum weight allowance (Attachment B, attached). All members of the team will be measured and weighed at least once a year to ensure compliance with the standard based on their individual maximum weight for their corresponding gender, age, and height.

For individuals failing to meet the weight/height proportion standard due to musculosity, a secondary means of assessing body composition will be conducted to measure the percentage of body fat. The procedure for measuring body fat will be based on AR 600-9 (The Army Body Composition Program) and will be measured consistently for both male and female team members and assessed with consideration given to gender and age. The maximum allowable percentage body fat will be based of AR 600-9 Table B-2 Maximum Allowable Percentage Body Fat Standards amended to reflect an additional 5% of each individual’s maximum allowable percent body fat. Two additional team members will be required when the funeral ceremony requires the playing of Taps at grave side for individuals who served in any branch of the United States Military. However, the composition of this detail will be dictated by the type of activity, space for maneuvering, and staff availability.
2. Every effort will be made to draw the membership for all Honor Guard formations from the facilities or districts closest to the location where the Honor Guard is to attend.

B. Upon learning of the death of an ODOC employee or former employee, the facility/district/unit head will ask the family if they desire the ODOC Honor Guard to render honors. If requested by the family, the facility/district/unit head will then submit a request to the division manager of Field Services.

1. Such services may include acting as pallbearers, posting at the funeral service, folding of the flag at the gravesite, and the playing of Taps and/or Amazing Grace.

2. For employees who are killed in the line of duty or for special circumstances as approved by the director, the additional services of posting at the funeral home will be provided.

3. Posting at the funeral home will occur on the evening preceding and the morning of the funeral. Members of the “Memory Guard” may participate in posting at the funeral home.

   a. The “Memory Guard” will be composed of correctional officers designated by the division manager of Field Services, and may not necessarily be Honor Guard members.

   b. The family may request certain officers who were friends of the deceased to participate in the “Memory Guard.” If a member who is assigned to an event is unable to attend, he/she must immediately contact the division Honor Guard commander and the Office of Field Services.

V. Authorization

The division manager of Field Services, or designee, will coordinate Honor Guard ceremonies, which involve participation within the agency or performance involving the Governor’s Office, state capitol, or others as deemed appropriate by the director. The division manager of Field Services or designee will also be responsible for monitoring the integrity of the Honor Guard as it relates to selection, training and professional image.

VI. Interview and Selection

All applicants for Honor Guard will submit a written request as to why they desire to serve on the Honor Guard. The request will be submitted through the chain of command as follows:
A. Upon approval by the appropriate division manager and facility/district/unit head, the request will be submitted to the Office of Field Services.

B. The Office of Field Services designee will contact the team commander who will establish a three member team panel to interview the applicant(s).

C. The commander will advise the Office of Field Services of the outcome.

D. Due to the competitive nature of the interviews and the intense individualized focus received by new recruits, no more than four applicants will be selected to proceed to initial training during any one selection process without a written request for an exception by the Honor Guard Commander. The request must justify the exception and be submitted to the associate director of Field Operations by the division manager of Field Services for authorization.

E. The division manager of Field Services will be the final decision maker.

F. The division manager of Field Services may choose to interview the applicant prior to the appointment.

G. The facility/district/unit head will be advised by the affected division manager’s office of the results.

H. Each newly selected member must have successfully completed the first initial training prior to being permanently placed on the Honor Guard.

VII. Removal

Any removal or disciplinary matters will be coordinated by the division manager of Field Services and Honor Guard commander, in consultation with the affected facility head/district supervisor and appropriate division manager.

VIII. Training

A. Training will be conducted at least semi-annually with statewide participation. The training agenda will be developed and approved in advance by the Office of Field Services.
