OSR INFORMATION

Tracy McCollum
Warden

Opened: 1909
Location: Granite
Security: Minimum/Medium
Gender: Male

The legislature created Oklahoma State Reformatory (OSR) in 1909. The construction of OSR was accomplished with prisoner labor. The construction material was primarily granite rock from the Reformatory's own mountain, "Wildcat Mountain." There are no original buildings on the ten-acre walled compound. The oldest structure on the yard is the first floor of the school building (Lakeside High School) built in 1921, with an upper floor added in 1949. All other buildings were built since 1957.

OSR's first female Warden, Clara Waters, was the first female warden in the United States to head a state prison, and the first female to head an all-male prison. Mrs. Waters served as Warden at the Reformatory for nine years after being appointed by Gov. Henry S. Johnston in 1927, when she was 37. She brought five years of experience with her (gained from helping her husband, Dr. George Waters, previously warden). She required all offenders, hard-boiled and errant youngsters alike, to attend Sunday church services. She organized Bible classes, literary societies, set up a recreation program and an educa-

tion program to teach each offender a trade. This program eventually evolved into Lakeside School, the first fully accredited “behind-the-walls” high school in the United States.

As additional history, famous aviator and Oklahoman, Wiley Post once served time at OSR. In 1921, he was convicted and sentenced to ten years for stealing a car, but was paroled after one year.

OFFENDER PROGRAMS

Thinking For A Change - This is a program that uses cognitive restructuring concepts to systematically alter thinking, feeling, beliefs, attitudes, and values to improve critical social skills.

Faith & Character Community Program

The mission of the Faith & Character Community Program (FCCP) is to develop pro-social character qualities in offenders with long-term sentences through modeling by staff and the integration of the offender’s personal spirituality or life philosophy through a regimented curriculum. The FCCP is approximately 12-15 months in length. The participants receive 30 achievement credits for graduating the program.

Barbering - This program targets individual students who already hold confirmed high school diplomas or GED certificate and who wish to learn basic barbering skills.

CIMC Life Skills is a nine-component program which provides offenders information for developing and/or enhancing basic life skills intended to help offenders function better upon re-entry into society.

Citadel Systems - This program employs 45 offenders housed in the general population units. These offenders are trained on basic communi-

cation skills allowing to productively sell a long distance telephone service to small businesses across the United States for a private company contracted with the Department of Corrections (DOC).

Welding - This program offers minimum-security offenders the opportunity to learn basic welding. An offender must be within six months of discharge, have a high school diploma or GED, and have clear conduct for the past six months to qualify for participation. Job placement assistance is available for certified graduates of the program.

Victim’s Impact - This program has 13 sessions and assists offenders in realizing the impact their crime has had on the lives of the victims. It points out that their crime has a ripple effect on many people such as their family and not just the direct victim. It also gives them an opportunity to make amends for what they have done.

EDUCATION

Literacy - This program targets individual offenders whose reading skill level is below 6.0 as measured by the Test of Adult Basic Education (TABE) at the time of entry into the education program.

GED Preparation - This program targets individual offenders whose total battery performance level is above 8.9.

Adult Basic Education (ABE) - This program targets individual offenders whose total battery performance level is below 8.9 and their reading level is too high to qualify for the Literacy program.

High School Instruction - This program targets individuals who lack one or two units of

OPERATIONS

Medical Services provides medical, dental, vision and psychiatric services to all OSR offenders, five Southwest Oklahoma Work Centers, and two contracted county jails.

Religious Programs

The Chapel provides the facility with an exclusive area for the faith and religious needs of the offender population seven days a week.

Law Library

The Law Library provides an avenue for offenders to obtain legal assistance from trained offender research assistants. Offenders are provided this service to assist them in cases related to conditions of confinement and post conviction relief.

credit completing their standard high school diploma and who are expected to remain in the population long enough to complete the necessary course requirements.

College Program - This program targets individual offenders who have a confirmed high school diploma or GED certificate and have demonstrated the “ability to benefit” from college (Associate Degree) program by passing the entrance exam of Western Oklahoma State College.

Reentry - Trainees nearing the completion of this phase of the program begin attending reentry programming designed to focus their attention to the demands of re-entering society. Before a program completion is awarded, the trainee must complete an exit interview and have an approved discharge summary/reentry plan.
