## Voter Registration Address Confirmation Notice

This is a **Voter Registration Address Confirmation Notice** from the Oklahoma State Election Board. Federal and State laws [52 USC §20507 and 26 OS §4-120.2] require us to confirm the voter registration residence addresses of selected voters every two years.

**Please keep your voter registration active by confirming your registration address in one of these ways:**

### Confirm Online:

- Go to <https://www.ok.gov/elections>, look for Quick Links and click **Online Voter Tool**.
- Select Confirm Your Voter Registration, and follow the instructions on screen to log in.
- When your information appears, look for the **Voter Confirmation** box at the top of the window.
- Enter the 8 digits (#####-##) printed **above your name** on the other side of this card. Follow the instructions on screen. **Do not mail the Return Card.**

### Confirm by Mail:

- Fill out, sign and date the **Return Card**.
- Fold the card so that the State Election Board's address is on the outside.
- Tape the notice closed and mail it. **No postage is required.**

## Frequently Asked Questions

**Why did I receive this notice?** You may have been selected for one or more of these reasons: your name, birth date, driver license number, or the last four digits of your Social Security number appear to match another voter in Oklahoma or a person who surrendered an Oklahoma driver license in another state; a first-class mailing from your County Election Board was returned by the post office marked "undeliverable as addressed;" or you have not voted or updated your registration since November 1, 2016.

**What if I live at the address on this card, but I am not the person named?** The notice is intended for someone who lived at your address before you. **Do not return the card.**

**What if the person named on the card is deceased?** If you are a member of the deceased voter's family, contact your local County Election Board office or visit the State Election Board's website for more information. **Do not return this card.** It cannot be used to cancel the registration of a deceased voter.

**Why do I need to confirm my address? You mailed this card to my current address.** We may have received your current address by comparing the list of voters selected for the notice to change of address information from the post office. A postal change of address does **not** update voter registration in Oklahoma. We cannot change your voter registration address based only on postal data.

**What happens if I do not return this card?** If you do not respond to this notice by mail or online, your voter registration will become inactive. If you do not vote in any election or do not update your voter registration by November 8, 2022, your voter registration will be cancelled. No additional notice will be provided.
