OK.GOV WEBSITE TEMPLATES

The OK.gov **Standard Agency Template** was created by the state portal to produce a more cohesive look and navigation style for Oklahoma's state agencies. By using a similar layout and graphics, the end user will always know that they are visiting an Oklahoma government Web site. Although the navigational links location and layout are essentially the same, some agencies prefer to have some graphical elements and colors altered to help differentiate them in order to achieve their own distinctive look.

Agencies can either select from a wide variety of free color schemes to utilize or opt to have us design a unique custom color scheme to use, which is available for an additional fee.

The primary purpose of this document is to provide clients with the template options that are available for use with the Standard Agency Template.

Left Pop-Out

The screenshot shows the Oklahoma Motor Vehicle Commission website. On the left side, a vertical menu is expanded, showing options like 'Home', 'Our Staff', 'Consumer Info', 'Forms', 'Laws and Rules', 'FAQs', 'Other Agencies', 'Newsletters', and 'Contact Us'. The 'Newsletters' option is highlighted, and a sub-menu is visible with 'Weekly Newsletters', 'Monthly Newsletters', and 'Yearly Newsletters'. The main content area includes a welcome message, contact information, a mission statement, and a list of commission functions.

Left Static

The screenshot shows the Oklahoma State Board of Licensed Social Workers website. On the left side, a vertical menu is static, listing various sections such as 'Agendas, Minutes and Archived Newsletters', 'Board Members', 'CE Providers', 'Complaints', 'Forms & Applications', 'Licenses Search', 'Newsletters', and 'Rules and Regulations'. The 'Board Members' option is highlighted. The main content area features a large logo, quick links, and a list of frequently asked questions.

OK.gov has created several **Custom Templates** for clients who fall outside of the “state agency” umbrella but are still a government entity. Examples of these types of exceptions include; Municipalities, Programs, Commissions, Boards, Campaigns, Elected Officials, etc. All custom templates are subject to approval by the Office of State Finance (OSF).

For more information about custom templates, contact the CMS Web Management Team.
