Dear Ms. Garfield:

I am requesting a physical and economic injury disaster declaration for Murray County. I make this request under the provisions of 13 Code of Federal Regulations, 123.3 (a) (3) (i) for the United States Small Business Administration (SBA).

I am requesting this declaration as a result of tornadoes, severe storms, flooding and straight-line winds beginning May 9, 2016 to May 13, 2016. This storm caused damage to homes, businesses and infrastructure in Murray County and the surrounding counties in southern Oklahoma.

Beginning May 18, 2016, state and local officials, along with Federal Emergency Management Agency and SBA representatives, conducted an assessment of damages in the affected area to include Murray County. Damage information relative to the situation is summarized below and in the attachment.

Presently damaged homes and businesses in Murray County sufficiently meet SBA criteria for a declaration. Due to the magnitude of the incident, meeting the many short and long term needs of victims of this disaster is beyond the local and state capability. It is vitally important the government at the local, state and federal level work together to provide the resources necessary for the victims to recover from this storm. I have determined there are at least 142 businesses and homes affected by this storm and as a result, I am requesting that SBA consider a Physical and Economic Injury Disaster Declaration for Murray County.

Sincerely,

Mary Fallin
