This annual report is compiled and published in accordance with Oklahoma Statute, Title 63, §1-2511. The Commissioner of Health, through the Emergency Medical Services Division (EMS), maintains a comprehensive registry of ambulance services and certified emergency response agencies in the State of Oklahoma, and publishes this report annually.

The information published in this directory was reported to the EMS Division for the period of January 1, 2010 through December 31, 2010. Information requested by the EMS Division includes, but is not limited to, licensure status, level of care, condition and type of vehicles, number of licensed and certified emergency medical personnel at each of the several levels, number of emergency (Code 3) and non-emergency (Code 1) transport calls, dispatching and radio communication capabilities, response times, hospitals utilized and the geographic area normally served.

This directory is provided for the utilization of organizations, facilities and others interested in emergency medical services and out of hospital care. The data is self-reported by the surveyed agencies and may contain errors the Department is unaware of.

The Oklahoma State Department of Health, Protective Health Services, Medical Facilities, Emergency Medical Services Division gratefully acknowledges and appreciates the assistance and cooperation of the licensed ambulance operators, certified emergency medical response agencies and other agencies involved in providing this information for the Oklahoma Emergency Medical Services Registry.

List of Terms and Definitions

LICENSE:

The license number is issued by the Oklahoma State Department of Health and represents providers who have met the minimum standards as required by the Oklahoma Emergency Response Systems Development Act and the Oklahoma Administrative Code Chapter 641 Emergency Medical Services. Licensing began January 1, 1982, and since that time over 400 ambulance service licenses have been issued. The first three digits are EMS followed by the last three digits are the license number, which indicate the sequence of last issuance, beginning with '001'. Ambulance service licenses are issued for a two-year period, except for the initial period. All ambulance licenses expire on June 30 of their respective year of issuance.
