INITIAL RULE IMPACT STATEMENT
(This document may be revised based on comment received during the public comment period.)

TITLE 310. OKLAHOMA STATE DEPARTMENT OF HEALTH
CHAPTER 528. CHILDREN FIRST ELIGIBILITY REQUIREMENTS

1. DESCRIPTION:
   310: 528-1-3. Services: the Program requests to add bullet (g) which will state: “Services will be prioritized to Children First Mothers whose household income is no greater than 185% of the federal poverty level. No more than 15% of a nurse home visitor’s caseload should be above 185% of the federal poverty level.”

   310: 528-1-4. Eligibility Requirements: the Program requests to strike “have a household income no greater that 185% above the Federal Poverty Level” in the introduction and add “be within the prioritized services as set forth in 310: 528-1-3, and”

2. DESCRIPTION OF PERSONS AFFECTED AND COST IMPACT RESPONSE:
   Persons affected by from the proposed change include first time mothers who meet program eligibility requirements and whose income is above 185% of the federal poverty level (310: 528-1-3). According to T.R. Miller (2015), “state and federal cost savings due to NFP will average $26,636 per family served or 3.4 times the cost of the program.”

3. DESCRIPTION OF PERSONS BENEFITING, VALUE OF BENEFIT AND EXPECTED HEALTH OUTCOMES:
   Persons benefiting from the proposed change include first time mothers who meet program eligibility requirements and whose income is above 185% of the federal poverty level. This change would allow persons who may be at risk for child abuse due to circumstances such as poverty, transportation, teen pregnancy, lack of social network, etc. to access services. The expected health outcome from this change would decrease risk factors for child abuse and neglect and increase protective factors for the family. Other health outcomes documented by the Nurse Family Partnership® (NFP) model developers include decrease in smoking during pregnancy, pregnancy-induced hypertension, emergency department use for childhood injuries, language delay, pre-term births and infant mortality (Nurse Family Partnership®, 2017)

4. ECONOMIC IMPACT, COST OF COMPLIANCE AND FEE CHANGES:
   No additional cost accrued for compliance or fee changes. Economic Impact see #2.
5. **COST AND BENEFITS OF IMPLEMENTATION AND ENFORCEMENT TO THE AGENCY:**
   There are no costs associated with implementation.

6. **IMPACT ON POLITICAL SUBDIVISIONS:**
   There will be no impact on political subdivisions and it will not require their cooperation in implementing or enforcing the proposed amendment.

7. **ADVERSE EFFECT ON SMALL BUSINESS:**
   There is no known adverse economic effect on small business as provided by the Oklahoma Small Business Regulatory Flexibility Act.

8. **EFFORTS TO MINIMIZE COSTS OF RULE:**
   There are no less costly means currently identified.

9. **EFFECT ON PUBLIC HEALTH AND SAFETY:**
   The NFP model as implemented by Oklahoma’s Children First Program demonstrates the following public health outcomes for Oklahoma:

10. **DETRIMENTAL EFFECTS ON PUBLIC HEALTH AND SAFETY WITHOUT ADOPTION:**
   
   The consequences of not approving the proposed rule change would result in fewer Oklahoma families benefiting from home-based parent education programming.

11. **PREPARATION AND MODIFICATION DATES:**
    This rule impact statement was prepared on Friday, November 22, 2019.
310:528-1-3. Services [AMENDED]
(a) Services will be provided by a public health nurse in the home of the Children First Mother unless the
Children First Mother requests that the services be provided in a different location.
(b) Services include limited maternal and child health assessments; child development assessments;
parenting education; health, safety and nutrition education; appropriate referrals to services such as
primary health care, family planning, mental health services, job training, literacy services, employment
opportunities, housing, and substance abuse treatment.
(c) Services will be made available without requirement for legal residence, age, sex, race, religion,
nationality, marital status or pregnancy history.
(d) Acceptance of services must be voluntary, and individuals must not be subjected to any coercion to
receive services.
(e) Acceptance of services shall not be a prerequisite to eligibility for, or receipt of, any other services
provided by the Oklahoma State Department of Health (OSDH).
(f) All information obtained as to personal facts and circumstances of individuals will be held
confidential, and shall not be divulged without the individual's written consent, court order, or by request
of staff from a District Attorney's Office, a law enforcement official, or the Department of Human
Services when conducting a child abuse investigation.
(g) Services will be prioritized to Children First Mothers whose household income is no greater than
185% of the federal poverty level. No more than 15% of a nurse home visitor’s caseload should be above
185% of the federal poverty level.

310:528-1-4. Eligibility requirements [AMENDED]
The Children First Mother must be at or less than 28 weeks gestation when the initial Children First
visit occurs, have a household income no greater than 185% above the Federal Poverty Level be within the
prioritized services as set forth in 310:528-1-3(g), and
