DESCRIPTION AND OPERATION OF THE PROGRAM

- A. Department's equal opportunity policies applicable.** The Department's Dental Health Service will administer the Oklahoma Dental Loan Repayment Program in accordance with the Department's policies governing equal opportunity and access to programs, services and activities.
- B. General operation of the Program.** The Program will provide educational loan repayment assistance for up to twenty-five (25) Oklahoma licensed full time (or full time equivalent, or as designated by Advisory Committee or Department) dentists for a 2 to 5 year period per dentist, depending on available funding. Dentists entering the Program agree to teach at the University of Oklahoma College of Dentistry if applicable faculty positions are available, or provide dental care and services to Medicaid recipients in a designated dental health professional shortage area or exempted practice or facility according to state law.
- C. Determining individual awards.** The amount of award, not to exceed \$50,000 per year for each participating full time equivalent dentist, shall be determined by the Department annually based upon the amount of funds appropriated to the Department. If the participating dentist's eligible loans are less than the cumulative repayment assistance total available over 5 years, that participating dentist shall be in the Program no longer than required to pay off the total eligible loans and shall not receive more funding assistance than the total eligible indebtedness. Loan repayment funds may be treated as taxable income.
- D. Distributing the awards.** Each award shall be distributed to the participating dentist by two-party drafts made payable to the dentist and the appropriate lending institution in equal monthly disbursements throughout the service obligation in accordance with state law.
- E. Default.** If the participating dentist does not fulfill the terms of the service obligation, the Department may at its option collect from the participant all or part of the loan repayment assistance extended to the participant under the Program.
