Preparing
for a
Lifetime
It's Everyone's Responsibility

If you are currently pregnant or have a baby under the age of one and are...

- Feeling numb, hopeless, or guilty
- Less interested in the baby, family, or friends
- Unusually angry or irritable
- Having difficulty focusing
- Not interested in things you usually enjoy
- Having trouble connecting with the baby
- Always worried about the baby's safety
- Sad and/or cry for no reason
- Eating too much or too little
- Sleeping too much
- Not sleeping enough (even when the baby sleeps)
- Having scary "what if..." thoughts
- Thinking of hurting yourself or the baby
- Feeling muscle tension, frequent upset stomach, increased heart rate, tightness in the chest

Funding was made possible by the Title V MCH Block Grant Federal Perinatal Funds, grant number is , provided for Maternal & Child Health Services, Oklahoma State Department of Health (OSDH). This publication was issued by OSDH, an equal opportunity employer and provider. 3500 copies were printed by at a cost of \$. YOU MAY HAVE POSTPARTUM DEPRESSION OR ANXIETY

If you know someone with these symptoms:

- Reassure her it is not her fault
- Tell her she is not alone
- Offer to help her find resources
- Offer to go to the doctor with her
