

Beaver's Health Awareness Partnership (BHAP)

Beaver County

2010

Coalition Priorities:

1. Physical Activity and Healthy Lifestyles
2. Children's Health
3. Substance Abuse

About Us...

Beaver's Health Awareness Partnership (BHAP) completed a community assessment earlier this year. The partnership used the results to create a work plan to begin addressing the above priorities. We recently received notification that we will be one of the new Systems of Care sites linking with Harper County to provide services. This will be an excellent resource for youth and their families.

Walk this Weigh was once again a success with 123 people participating and over 20 businesses donating. These wonderful donations allowed us to provide great incentives for the participants.

Partners:

	Local citizens
Area Agency on Aging	OSU Extension
