Long-Term Care

Present

**A Stakeholder's Forum
To Improve Care**

February 19, 2016

QIES Help Desk

Oklahoma State
Department of Health

Target Audience

Administrators, MDS Coordinators, DONs, RNs, LPNs, CNAs, and Interdisciplinary Team Members.

Objective

A dynamic open forum for stakeholders to share their perspective on Significant Change in Status Assessment (SCSA) and Care Plan issues. This is your opportunity to learn what the RAI Manual and surveyors say about SCSA, Care Area Triggers (CATS), Care Area Assessments (CAAs), and Care Plans. Come prepared to share your experiences and take away tips, steps, and samples on when to consider completing an SCSA and how to create resident-specific care plans.

Sponsors

This program is being offered at no charge to participants by the Oklahoma State Department of Health, Quality Improvement and Evaluation Service (QIES) Help Desk and the Long Term Care Survey Training Department.

This publication, printed by Docutech, is issued by the Oklahoma State Department of Health, as authorized by Terry Cline, Ph.D., Commissioner of Health, Secretary of Health and Human Services. 420 copies have been prepared and distributed at a cost of \$1. Copies are also available for download from the Oklahoma State Department of Health website at www.health.ok.gov.

Speakers

Karen Gray, MS, RD/LD: Karen is currently the Administrative Program Manager for OSDH Long Term Care Division. She has provided 23 years of service at OSDH as a LTC Surveyor and Trainer. Karen has obtained certification as a Registered Quality Indicator Surveyor and Certified Quality Indicator Survey Instructor. Karen coordinates, develops, and provides ongoing training programs for surveyors and administrative staff for both long term care and medical facilities. In addition, she provides training for provider organizations and professional groups according to state and federal regulations

Diane Henry, RN: Diane is currently the Director of MDS-OASIS and the RAI Coordinator for the State Department of Health (OSDH). She has over 20 years nursing experience and her passion is helping to improve the care of the geriatric population. Diane provides on-going training for long-term care providers and surveyors on regulatory requirements related to the MDS, coding accuracy, and quality improvement efforts.

Wanda Roberts, RN: Wanda is an RN Consultant with the Oklahoma State Department of Health (OSDH) and has over 20 years experience in nursing. Wanda enjoys assisting nursing homes with the RAI regulatory requirements and accurate coding of the MDS 3.0 item set to help improve resident outcomes.

If you have not received an e-mail confirmation of workshop registration by February 1, 2016, or if you have questions, please contact the QIES Help Desk at (405) 271-5278.

Would your staff benefit from reviewing key strategies for detecting change in a resident's condition?

Are you losing valuable information through inconsistencies that could improve the quality of care for your residents?

Event Agenda:

- * **QIES Staff, Surveyors and Providers Perspectives on SCSA**
- * **CATs and CAAs**
- * **Clinical Guidance on specific care plan interventions**

- ✓ **CEU's are not available for this workshop**
