The Wagoner Family Service Council Health Committee will host a public meeting Thursday, Jan. 26 to discuss Wagoner County's strength regarding health related issues.

The meeting will also assess the county's current health status.

The meeting will be held from 3-5 p.m. at the Wagoner Civic Center in Wagoner.

"Input is needed from agencies, organizations and individuals across Wagoner County to ensure the needs and views of all are considered as a Health Improvement Plan is created," said WFSC Spokesperson Dedra Sweeney.

The Wagoner Family Service Council is utilizing the Mobilization for Action through Planning and Partnership (MAPP) process. This calls for communication, partnership and data sharing among organizations, agencies, groups and individuals who contribute to the overall health status of the county.
