

Love County Turning Point Coalition

The hospital/clinic is a charter member of the Love County Turning Point Coalition for improving the public's health. The coalition meets at a monthly luncheon the first Monday of every month (except holidays) from noon-1 p.m. at the Love County Library on Highway 77 south in Marietta. The coalition, in conjunction with the Love County Health Department, operates a Farmer's Market at 318 W. Main, Marietta, during summer weekends. Fresh fruit and vegetables are supplied by area growers. There is no charge to growers to set up a booth. The Health Department at 276-2531 makes arrangements.

To obtain a registration form for a Marietta Fitness Co. class, Redwine recommended emailing to redwine.stacy@hotmail.com.

Redwine has joined the Health and Fitness Committee of the Love County Community Coalition. Mercy Health/Love County is also a member.

The committee is applying for a multi-year grant to create healthy food and fitness opportunities in schools, communities and businesses.
