Telligen Nursing Home Training / Thursday June 25th, 4pm ET

Topic: Personal Protective Equipment (PPE) Strategies for COVID Care

Date: Thursday, June 25, 2020

Time: 4:00 – 5:00 PM ET

Advance Registration Required: [Register here.](#)

Note: Once you register, you will receive an email with your individual link to join the webcast. The link you receive will only work for one user. Please forward this email to other team members if you would like them to attend so they can register.

The webcast audio will stream through your computer speakers. For the best experience, be sure to have headphones or your volume turned up. We recommend closing any other applications that may be open, especially those that use up bandwidth.

Audience:

Open to nursing home leaders, clinical and administrative staff members and others interested in nursing home infection prevention in the era of COVID-19.

Series Description:

The National Nursing Home Training Series is brought to you by the Centers for Medicare & Medicaid Services (CMS) and the QIO Program, a national network of Quality Innovation Network-Quality Improvement Organizations (QIN-QIOs) serving every state and territory.

Invitations are distributed weekly for each training in the series. [Sign up here for updates.](#)

Personal Protective Equipment (PPE) Strategies for COVID Care

Following this call, participants will understand why using personal protective equipment (PPE) is necessary for infection prevention and will be able to describe how to properly use it. Additionally, participants will learn how to use an audit tool for tracking compliance in proper use of PPE. An auditing tool will be shared with participants. Lastly, we will share promising practices and strategies for PPE supply and proper use.
