Revised Facility Reopening Guidance

July 20, 2020

Revised Guidance for Phased Reopening in Long-Term Care Facilities

On June 24th the Model Reporting Package for reopening long-term care facilities was distributed. The task force continually monitors information and has provided updates within the guidance. A summary of the changes, along with the [Revised Phased Reopening Guidance in Long-Term Care Facilities](#), is included and applies to all long-term care facility types.
