CMS Revised Survey and Enforcement Guidance, CDC Influenza Vaccination Recommendations Call

August 19, 2020

Revised Survey and Enforcement Guidance

On August 17, 2020, CMS announced revised guidance on survey activities and resolution of enforcement cases.

States are now to resume routine inspections of all Medicare and Medicaid certified providers. These routine inspections will include onsite revisit surveys, nonimmediate jeopardy complaint surveys, and annual recertification surveys. Each state may determine when these onsite visits are restarted.

CMS also provided guidance on resolving enforcement cases that were previously on-hold due to survey resources being allocated to the pandemic. There are various enforcement cycles and criteria CMS will follow to determine how to process and resolve each case.

For full details refer to [QSO-20-35-ALL](#).

CDC COCA Call Tomorrow: 2020-2021 Influenza Vaccination Recommendations and Clinical Guidance during the COVID-19 Pandemic

During this Clinician Outreach and Communication Activity (COCA) Call, presenters will discuss recommendations for the 2020-2021 influenza vaccination season. Topics will include the Standards for Adult Immunization Practice, flu vaccination planning, general vaccination guidance during the COVID-19 pandemic, and guidance for large vaccination clinics held in satellite, temporary, or off-site locations.

Advanced registration is not required.

Date: Thursday, August 20, 2020

Time: 2:00pm-3:00pm (ET)
