

PACKAGING/SHIPPING – Non-Category A
COURIER CHECKLIST

Primary

- Sealed and leak-proof
- Wrapped in cushioning material

Secondary

- Absorbent material between the primary and secondary packaging
- Leak-proof (and pressure tested if primary is not and is being shipped by air)
- Test requisition in outer pocket
- Mark “Refrigerate”, “Freeze” or “Room Temperature”

Outer

- Does the courier have a transport container?

Other

- Is courier vehicle dedicated?
- Can courier maintain proper temperature for specimens?
