### **APPLICATION SUBMISSION AND REVIEW**

Applications may be submitted at any time during the year, but application review cut-off dates for eligibility and selection consideration will be quarterly, as needed. All applications must have original signatures.

Quarterly application review cut-off dates are close of business (5:00 pm Central Time) on:

- January 1
- April 1
- July 1
- October 1

If one of the above dates is on a holiday or weekend, the application review cut-off date will be at the close of business on the first working day following the holiday or weekend.

### **FUNDING**

Funding is contingent upon legislative appropriation to the Oklahoma Dental Loan Repayment Program each state fiscal year (July 1 - June 30). Applications will be reviewed quarterly until the maximum number of dentists have been selected for the funding cycle. If all dentists are selected in the first quarter and remain in the ODLRP throughout the service obligation period, no other reviews/selections will take place for that funding cycle.

### **UPCOMING APPLICATION REVIEW CUT-OFF DATES**

Application reviews for state fiscal year 2013 (July 1, 2012 - June 30, 2013) will begin on or after January 1, 2012, however funding, if appropriated by the Legislature, will not be available until July 1, 2012.

### **APPLICATION EFFECTIVE PERIOD**

Applications may remain on file with Dental Health Service of the Oklahoma State Department of Health for up to one year. The Department reserves the right to request updated information.
