## Statutory and Regulatory Requirements for Certified and Licensed Personnel

November 2, 2016

To: Oklahoma Certified Emergency Medical Responders  
Oklahoma Licensed Personnel (all levels)

From: Dale Adkerson, Administrative Program Manager- EMS Division  
OSDH-Emergency Systems

Re: **New regulations relating to medical director authority and license requirements**

On September 11, 2016, new regulations went into effect that impact all EMS related certificates and license types issued by the Department. This includes the personnel that are certified or licensed by the Department. This memo is an effort to provide individuals with a summary of the requirements for certified and licensed personnel. The summary will include both "old" and "new" language that has been included in the current statutes and regulations.

Many changes occurred when comparing the 2009 regulations to the 2016 regulations. However, many of these changes related to formatting, organization, and clarifications. You are encouraged to be familiar with the language for not only your individual license, but also the regulatory language that apply to the agencies you are employed with.

The regulatory document can be found on our website. The link to the document is: <https://www.ok.gov/health2/documents/EMS%20Regulations%209-11-2016.pdf>

A broad outline of the content that applies to individuals is:

- the statute that with personnel definitions and requirements are found on pages 3-13;
- the regulatory definitions for personnel are on pages 29 to 32; and
- the subchapter of the regulations for personnel is Subchapter 5, found on pages 54 to 63.

Each of these sections will contain specific definitions or language that applies throughout the document.

Currently, the most significant requirements relating to personnel are:

1. All emergency medical responders that had been trained prior to January 1, 2000 and had maintained their certification through refresher courses are required to obtain a certification through the Department. This is to be completed by September 30, 2017.
2. The scope of practice for all certified and licensed personnel requires physician authority. If an individual is asked to provide care when they are not under a physician's authorization (such as when an individual is not on duty or requested as part of your agency), the only interventions authorized is first aid, CPR, and the use of an AED.
3. The Department can now license and renew advanced emergency medical technicians.
4. The renewal requirements for personnel licensed by the Department, but have not maintained their NREMT certification has been clarified. (Personnel licensed after April 1, 2010 are required to maintain NREMT certification.)
5. Agencies and services are required to maintain a credential file for personnel that define the specific scope of practice that has been authorized by an agencies medical director.

6. The regulations have specific reasons to take licensure action on individuals. This list is extensive, and details inappropriate, unethical, criminal, and other negative actions that an individual may do that can result in licensure action.

The current language that relates to personnel can be found on these pages in the regulatory document:

Certified emergency medical responder	page 3 and page 30	Intermediate	page 31
Critical care paramedic or CCP	page 4 and page 30	Paramedic	page 31
Licensed emergency medical personnel	page 4 and page 30	Tax hold	page 31
Medical control	page 5 and page 31	Requirement for certification or license	page 54
Medical director	page 5 and page 31	Requirement for ID	page 54
Regional medical director	page 5	Qualifications	page 54
Hospital or healthcare facilities	page 6	Issuing and renewals	pages 56-57
Licensed personnel levels	page 6	Expired certifications or licenses	page 57
Performance of medical procedures	page 7	Scope of practice	page 58
Advanced emergency medical technician	page 29	Medical direction	page 60
Emergency medical technician	page 30	Enforcement	page 60

In addition to the changes to the individual certifications and licenses, please be aware of a new certification type that may be required for individuals. This new agency certification is known as the Standby Emergency Medical Response Agency (Standby EMRA). This new agency is the result of an issue that the Department has been working to address for some time. This issue was certified and licensed personnel working without a medical director at private and corporate events.

EMR's and EMT's are often hired to provide medical support for private events such as races, rodeos, skating events, movie sets, and concerts. The producers, sponsors, and owners of these events hire personnel to provide on-site medical support.

When personnel accept these jobs, assumptions are made about their ability to provide care at these events. The intention of this certification type is not to restrict employment opportunities, but to provide the profession and the public a method of ensuring minimum standards.

The requirements for this type of agency are in Subchapter 15 of the regulation document. The central requirement for this type of certification is based on the care being provided at the event or location. If the care being provided is limited to first aid, CPR, and the use of an AED, then there is not a requirement to become a certified standby emergency medical response agency. If, however, the intent is to provide care above first aid, CPR, and the use of an AED, then certification is required.

The application requirements for the Standby EMRA are detailed in Section 15-3 on page 105. The requirements vary depending on the environment, but generally require

- documents showing coordination with the local ambulance service;
- medical direction and protocols;
- specific policies or procedures;
- agency records; and
- credential files.

This is a new agency type that some certified and licensed individuals may choose to obtain because they have been providing medical support at these events or locations.

The Department staff will provide to agencies, individuals, venues, or organizers of events any support we can to transition to the new certification.

**INSTRUCTIONS FOR USE OF THE AFFIDAVIT OF LAWFUL PRESENCE BY  
PERSON MAKING APPLICATION FOR A LICENSE, PERMIT OR CERTIFICATE**

**The person signing this form must read these instructions carefully.**

1. If the person signing this form is receiving services and not making an application for a license, permit or certificate, this form should **not** be used but rather, either the form titled, "*Affidavit of Lawful Presence by Parent or Guardian of Person Receiving Services*" or the form titled "*Affidavit of Lawful Presence by Person Receiving Services*" should be used.
2. If the person signing this form is a citizen of the United States then that person should check the box to the left of the statement, "*I am a citizen of the United States.*" If the person signing this form is not a citizen of the United States but is an approved alien under the federal Immigration and Nationality Act and is lawfully present in the United States then that person should check the box to the left of the statement, "*I am an approved alien under the federal Immigration and Nationality Act and am approved to be present in the United States.*"
3. Write the identification number in the space provided after "*Admission/Registration #*" and write the name of the authorizing document in the space provided after *Authorizing Document*. For example, INS Form I-551 or INS Form I-94.
4. The person signing this form should write today's date in the space provided; write the city and state where they are located when they sign this form; sign their name in the space provided for signature; and print their name in the space provided. If applying for a renewal, write the license, permit, or certificate number in the space provided.
5. Within this form, the term "penalty of perjury" means the willful assertion of the fact of either United States citizenship or lawful presence in the United States as a qualified alien, and made upon one's oath or affirmation and knowing such assertion to be false. Making such a willful assertion on this form knowing it to be false is a crime in Oklahoma and may be punishable by a term of incarceration of not more than five (5) years in prison. Additionally, one who procures another to commit perjury is guilty of the crime of subornation of perjury and may be punished in the same manner, as he would be if personally guilty of the perjury so procured.
