

**OSDH/EMS
EMT Basic Refresher Course
Minimum Hour Requirements
Per Module/Lesson**

This outline is based on the National Highway Traffic Safety Administrations (NHTSA) 1996 National Standard Curriculum.

The EMT-Basic Refresher Course was designed to be competency based. EMTs who successfully complete this course must demonstrate competency over the knowledge and skills outlined in this refresher program. The hours may be divided among the 6 modules in such that all areas are covered and the total equals 24 hours. This allows for service or area specific education. The areas already listed are mandatory requirements by OSDH/EMS.
