

About Us...

Established in 2005 through the merge of two separate groups: Get Fit Grady County and Grady County Interagency Council, The Interagency and Community Coalition of Grady County (ICC) became an official Turning Point Partner in 2006.

The efforts of the group center on the promotion of healthy lifestyle choices for all residents of Grady County. Recently energized by grant awards from the Tobacco Settlement Endowment Trust and Red Rock Behavioral Ser-

vices, the coalition has been able to greatly increase its impact in this regard.

ICC currently supports three active subcommittees: Underage Drinking Prevention, Systems of Care and Tobacco Free Grady County. Each extension has successfully worked to make the coalition more visible and influential in the community.

The coalition offers several events that the county has come to anticipate.

The Annual Resource Fair and Family Game Night both draw hundreds of participants annually and Kick Butts day has quickly become another crowd pleaser.

Membership in the Interagency and Community Coalition of Grady County is open to the public. The group meets monthly at 10 am at the Canadian Valley Technology Center located at 1401 Michigan Avenue in Chickasha.
