

About Us...

Established in 2005 by the merging of *Get Fit Grady County* and *Grady County Interagency Council*, the Interagency and Community Coalition of Grady County (ICC) became an official Turning Point Partner in 2006.

The efforts of ICC centers around promoting healthy lifestyle choices for all residents. Energized recently by grant funding from the Tobacco Settlement Endowment Trust and Red Rock Behavioral Services, ICC has been able to greatly increase its im-

part in and around the county.

ICC currently supports three dynamic subcommittees: Underage Drinking Prevention, Systems of Care, and Tobacco Free Grady County. The dedicated members have successfully worked to make ICC more visible and influential in the community.

ICC provides several “crowd pleasing” events people have come to expect: Family Game Night and Kick Butts Day. Both events draw 100s of partici-

pants each year.

Membership in Interagency and Community Coalition of Grady County is **open to the public**.

Meetings are held monthly, the 3rd Wednesday, 10 AM at the Canadian Valley Technology Center, 1401 Michigan Ave., Chickasha, OK
